NAVAL ARCHITECTURAL SOCIETY DINNER

Professor Peabody Speaks of Pratt Fund—May Come to Technology.

The Naval Architectural Society held in the Union last night a "dinner with a difference." About thirty-five guests were present, and class enthusiasm ran high. Prof. Peabody, head of the Department of Naval Architecture, was introduced by Mr. W. A. Adams, who spoke on "Naval Architecture.

Yesterday afternoon the Civil Engineer Society held its third meeting of the year, with an attendance of about forty members. The speaker was Mr. W. A. Adams, who presented a paper on "Naval Architecture and its Practice in recent years." The paper was well received, and the discussion that followed was of great interest.

MORE MONEY NEEDED FOR NEW BUILDINGS

A large number of candidates are vying for the wrestling team, which was formed last year for the first time. The team consists of about fifteen members, and the captain is Mr. W. A. Adams, who has been a member of the team for three years. The team meets every Wednesday afternoon, and the members are expected to practice every day during the season. The team is under the control of Mr. W. A. Adams, who is the coach.

FOUNDER'S DAY DINNER IS ALL-UNDERGRADUATE.

To Be Held in Union December 7—All Students to Meet in Annual Joy-Beats.

The All-Technology or Founder's Day dinner will be held in the Union Saturday evening, December 7, at 8 P.M. It comes on the anniversary of the birth of the founder of the Institute, President Rogers, and goes forward in line with his co-operative desire for a general unification of the student body in all its activities, thereby tending to a more efficient working knowledge of the professional and social organization. Many extensive preparations have been made for the dinner, and Mr. Pinker, '15, who is the chairman of the trustees in charge of this dinner, claims that all that is possible is being done to make this one of the most successful of dinners. Deviating from the professional dinner, some of the features will speak: it will be strictly of, by, and for the undergraduates.

All the managers of all the organizations or activities in the Institute will be given tickets of the various departments, their work, and their prospects for the coming year. The Tech Show, the publications, the Student Society and The Technique, and the spring athletics will be among the subjects discussed. The committee has arranged for an orchestra to assist in the jubilation. The only purpose of the dinner is to unite the various activities together in good fellowship, to give the undergraduates an understanding of the work of the various activities, and also for a general good time, where undergraduates and good fellowship can coexist and hold the unification. The tickets will be out today and may be obtained at the Union or from the treasurer. The price of the ticket is seventy-five cents.

Write Ideas for Moving Picture Plays!

We Will Show You How!

If you have ideas—if you think—we will show you the key of this fascinating new profession. Positively no experience or literary excellence necessary. No "Rowdy language" is wanted.

The demand for photoplays is practically unlimited. The big film manufacturers are "moving heaven and earth" in their attempts to get enough good plots to supply the ever increasing demand. They are offering $100, and more, for single scenarios, or written ideas.

We have received many letters from film manufacturers, such as VITAGRAPH, EDISON, KODAKAN, LUXEY, SOLEX, IMP, KEN-BELL, KENTON, COMET, MARKER, ETC., urging us to send photoplays to them. We want more writers and we gladly teach you the secrets of success.

We are selling photoplays written by people who "never before wrote a line for publication."

YOU CAN WRITE PHOTO PLAYS AND EARN $25. OR MORE WEEKLY.

FREE SEND YOUR NAME AND ADDRESS AT ONCE FOR FREE COPY OF OUR ILLUSTRATED BOOK, "MOVING PICTURE PLAYWRITING!

Don't delay. Don't argue. Write now and learn what this new profession may mean for you and your future.
