外资音乐会在波士顿足球队比赛前举行。

除了音乐之外，还有一场来自普林斯顿的足球队比赛。在比赛之前，场地已经被装饰得非常漂亮，孩子们非常感兴趣地观看比赛。在比赛过程中，孩子们也非常投入，观看比赛并为球队加油。

比赛一开始，孩子们就非常兴奋，他们看着比赛，不断欢呼。比赛结束后，孩子们都兴奋地跑下场地，继续在场地周围玩耍。

虽然比赛结束，但孩子们的兴致并没有减退，他们仍然在场地周围转来转去，享受着足球比赛的乐趣。
THE TECH
Entered as second-class matter, Sept. 25, 1912, under the act of Congress of March 3, 1879. Acceptance for mailing at special rate of postage provided for in section 1103, act of October 3, 1919, authorized on March 12, 1914.

C. E. SOCIETY TO GO THROUGH NEW TUNNEL
Trip Will Be Made Next Saturday Under Guidance of Conductor and Engineers.

On Saturday, December 7, a trip through the new Boylston Street tunnel will be made under the auspices of the Civil Engineering Society. It is hoped that students desirous of taking advantage of the opportunity to inspect the subways on various stages of completion will not be too late on hand. The tunnel is being constructed for the purpose of relieving the traffic on Boylston street, and runs from the present Tremont Street subway on the Riverside and under the Freeway, coming out in Commonwealth Avenue. The contractor and his engineers feel that the existing facilities, although inadequate, will meet the demands of the traffic. It is not the intention of the authorities to limit the personnel of the party to members of the society and consequently all are invited.

GOLD DEPOSITS.
The "Gold Lodge of the Carrolle County, Trinity County, California," is the subject of a brief report by J. P. Macdonald, of the United States Geological Survey, just issued as Bulletin 30-3. In 1903 Mr. Macdonald visited the Carrolle district, Trinity County, California, and made a detailed reconnaissance of the mining district. Mr. Macdonald states, "The region was very extensive and the results are now published. The growing economic importance of this mining district, Mr. Macdonald states, merits notice and the expression of the hope that the reports will attract attention to the end that mining in general may be benefited.

Last Chance to Order Pipes
The committee has obtained a large reduction on these pipes.

MR. G. W. Coleman Will Speak
On "Keeping Your Equilibrium"—at 8 P. M. in Union.

"Keeping Your Equilibrium" is the subject for the next T. C. A. talk on Thursday, at 8:30 o'clock, in the Union. It is a subject of vital interest to every Tech man, and it is hoped that there will be a large attendance. The speaker, Mr. Geo. W. Coleman, is a man of wide experience both in business and political work.

Mr. Coleman is advertising manager of the McElwain Co., a boot and shoe manufacturing company located on Congress street. He is president of the Confederns Advertising Club of America, a national organization which promotes methods of advertising throughout the country. At the recent Pennsylvania Convention, Mr. Coleman was one of the eight delegates-at-large from Massachusetts. He was pledged to support Roosevelt, and at the turning of the new party was engaged in most active work for the Progressive

The Ford Hall meetings, which have met with great success in Boston, are the result of Mr. Coleman's earnest effort. These meetings consist of a series of talks on topics pertaining to religious, social and scientific life. They are open to the public and reach a large class. Mr. Coleman's idea of extending this series of lectures to other cities has accomplished much.

CATHOLIC CLUB HOLDS MEETING WEDNESDAY

Large Attendance Expected to Be Present—Mr. Mullen Will Speak.

The M. I. T. Catholic Club will meet in the Union on Wednesday evening to hold its third meeting of the current year. Dinner will be served at 6 o'clock, and all surrounding clubs are expected to be there at that hour. The chief speaker of the evening will be Mr. Thos. A. Mullen, a gentleman who is well-known for his ability for making after dinner speeches. Although the opening of Mr. Mullen is to be the chief entertainment of the evening, the business which will follow his address will be of special interest. At this time plans for a dance will be made, to take place in the near future. The meeting is expected to be a great success, and at least an attendance of seventy-five is looked for by the officers of the society.

ARCHITECTURAL SOCIETY TO HOLD TRYOUTS SOON

Plates Will Be Given Out to All Students Who Are in Competition.

The tryouts for membership of the Architectural Society will be held in the near future. The test consists in making a tracing of some plate, usually taken from the Architectural Library. About two weeks are given for the men to complete this work. The tracings are turned in to the Tracings Committee of the society. They examine the work and report the names of those whose efforts were up to the standard. They are then voted upon by the society, and if successful, are declared members.

Usually the tryouts are entirely conducted by Tech men, but this semester the society was unable to conduct them any earlier. The date on which the tryouts will be announced will be given later in this TCH.

ADDITIONS TO GENERAL LIBRARY IN ROGERS

Sixty-seven Volumes Purchased From Fund Left by Lt. Colonel Coolidge.

An addition to the General Library in Rogers of sixty-seven volumes has just arrived, and will be immediately placed on the shelves. The books were purchased from a fund left by the late John Hume Cod for the purpose of adding to the present collection a number of strictly non-technical books. Professors Bates and Noyes are the trustees of this fund and are in charge of the purchasing of additional literature. This is the first set of books that they have bought, and more additions are expected to follow.

The amount of money will not be spent for several years, and a considerable number of books will be added to the library by this time. The purpose of specifying that the books shall be non-technical is to enrich the library in literature of this sort, to give a man an opportunity of obtaining reading of a greater scope and variety. There will not be limited to strictly professional subjects.

The Electrical Engineering Laboratory has been reclassified according to the decision of the department to facilitate the use of the books by the students.

COLLEGE NOTES

The total registration of the University of Pennsylvania is 5,501. This is a decrease of 51 from the enrollment of last year. The number of freshman, however, is 32 more than the first-year class of a year ago, numbering 1,315 men. The Wharton School shows a big gain over the enrollment of any previous year.

An investigation of Yellow Helmet and mocknastics, two social organizations of the University of Wisconsin, will be begun by the Student Conferences at Wisconin to determine whether the societies have any purpose beneficial to the university.

The University of Michigan now has a greater registration of foreign than any other American university, the foreign students numbering 200. Delta Psi Delta, a national honorary fraternity in fine arts, has been founded at the University of Kansas.

The subject for the annual discussion between the various departments at Yale for this year is the same as the question debated by Brown, Dartmouth and Williams last year. It deals with the control of industrial corporations.

Harvard has received a gift of $10,000 for the erection of a chemical laboratory from T. Jefferson Coolidge, late member of the Harvard Department of Chemistry. The Coolidge Memorial Laboratory will be used chiefly for research work.

In the fall regatta at Princeton the Seniors won the one and four-oared events, and the two oar crew won the eighth-oared event. The Freshmen, Sophomores and Juniors finished second, third and fourth, respectively.

A gift of $100,000 to Harvard College is one of several public benefactions made in the will of Dr. Arthur Cabot of Canton, Mass., recently. Half of the income of this fund is to be used in connection with the books for the fine arts department of the Library, and half for the general purposes of the medical school.

itters mile boat race for eight-oared crews. The Juniors, Sophomores and Freshmen finished second, third and fourth respectively.

THE ADVANTAGES WE OFFER

PROGRESSIVE: Methods, Resources in Excess of $17,600,000, and two conveniently located, thoroughly modern bank buildings, combine to make the Old Colony Trust Company the most desirable depository in New England for both working and savings accounts.

Interest-bearing accounts subject to check may be opened either at Court Street or Temple Place, and the two offices used interchangeably for the transaction of your banking business.
