CATHOLIC CLUB MEETS IN UNION TONIGHT

Mr. T. A. Mullen Is Speaker—Important Business On Hand

This evening, at 6 o'clock, the M. T. Catholic Club holds its third meeting of the year in the Union. The meeting will be called promptly, and the officers urge every member to be at the Union at that hour. The first part of the meeting will consist, as usual, of a dinner. The entertainment committee has secured as chief speaker of the evening Mr. Thomas A. Mullen, a gentleman who has an enviable reputation as an after-dinner speaker. The subject of Mr. Mullen's talk will be followed by the regular business meeting. This meeting is to be a little more important than the ordinary business meeting, for plans are to be completed for the dance which is scheduled to take place some time in the near future. Committees are to be appointed and all preliminary steps will be taken to make the dance a prominent feature. The president of the club expects at least seventy-five members to be present and urges all who are interested to be at the Union at 6 o'clock sharp.

1914 FROM RESULTS.

Hurburt, Fox, Morse, Crowell and Hiller Elected.

The results of the Junior Prom announced by Frederick L. Hurlbutt, Charles E. Fox, John C. Morse, Donald G. Crowell and Abbott H. Hiller on the committee. A feature of the election was its closeness, in spite of the fact that over one hundred ballots were cast and votes were well scattered among the twenty men on the list. The election is of great interest for it is one of the important committees appointed to run one of the Junior events. All who have attended a Junior Prom know what an important social event it is, and a well chosen committee insures a successful affair. The five men who were elected are prominent in the affairs of their class. Hurlbutt was voted on the hockey team last year, and is the manager of this year's team. Fox has been prominent generally in athletics and especially in track meets. Morse and Crowell have both taken part in class affairs and are popular among their classmates. Hiller carried a principal part in last year's Tech Show. The total votes cast for each man are as follows: F. H. Barnes, 20; G. W. Blakely, 25; W. H. Brotherton, 25; H. N. Calver, 15; D. G. Crowell, 25; B. C. Daniker, 25; R. H. Duff, 10; T. M. French, 20; J. Duffield, 20; C. E. Fox, 50; D. Gould, 12; A. D. Hiller, 25; T. H. Huff, 25; J. L. Hurlbutt, 57; F. F. Maclan, 24; W. E. Mason, 25; H. P. Merritt, 15; J. C. Morse, 25; E. M. Newlin, 15; F. A. Russell, 11; W. A. Snow, 25; J. H. Stone, 16; A. V. Swift, 11.

FRESHMAN BALLOTS.

The time limit for the Freshman Class ballots has been extended one day, so that the ballots are due on Tuesday, December 3rd. The ballots of the election will be announced in the Friday morning issue of THE TECH.

THE WEATHER.

Forecast for Boston and vicinity: Today probably fair; moderate variable winds.

THE CALENDAR.

Wednesday, December 12, 1912. 4:15—Mandolin Club—Union, 6:30—Vocal Quartet—Gym. 8:00—Catholic Club Meeting—Union. 11:00—Hockey v. Pilgrim A.—Arenda. 1919 Elections. Tuesday, December 12, 1912. 4:15—Wireless Society—Eng. B. 5:00—Plashe—Catholic Club—Union.
LYRIC COMPETITION NEARING THE CLOSE

Many Lyrics Handied in For Show—Inducements Offered For More.

The lyric competition for the Tech Show is still open and there are still many chances for good lyrics. Several lyrics have been handed in which have shown merit. The management, however, would like to have more submitted. This year's Show allows for a much greater variety of lyrics than any of the previous ones, which makes them easier to write.

The inducements for the successful lyric and song writers are free tickets to the Show. Manager Flanke of the Ruge Department will be in the Tech Show office every afternoon to give the necessary instruction to anyone who wishes to enter this competition. The authors of the Show, J. A. Marrs, and E. Henderson, are willing to give any information the writers may need in regard to the book and to assist them in writing the lyrics.

The music competition will begin now and the Show officials hope that an even greater interest will be shown than were entered last year will try this year. Further particulars regarding this competition will appear in THE TECH in a few days.

Dean Burton told the members of the Class of 1914 at the dinner last evening of the great help that the undergraduates can be, especially the upper classmen, to the various committees that are considering the best methods of arrangement for the social life of students in the new Library, as to what must be decided: every good idea may be obtained from the present students; others to solve for solutions and urged every man to give the matter his serious thought, adding them at the same time to bring any ideas which they

THE OLIVER TYPEWRITER CO.
WIRELESS SOCIETY OF NEW ENGLAND

To Meet at Tufts College Saturday—Prominent Speaker Will Be Present.

A meeting of the New England Wireless Society will be held next Saturday, January 7, at 3 P.M., in Robinson Hall, Tufts College. This meeting is in conjunction with the wireless societies of Harvard, Tufts and the Institute. It is, however, primarily a gathering of college men, and in its membership are included many of the prominent scientists in the field of wireless telegraphy, and operators.

The society considers itself very fortunate in the fact that such an authority as Mr. Greenleaf W. Pickard, one of the organizers of the famous wireless societies of Harvard, Tufts and the Institute. Many colleges have wireless societies but none that have general assembly—In many cases it is known as the Wireless Day. This year it is proposed to inaugurate a day at the Institute with the wireless society on next Saturday.

The Institute Committee has been working on the preparation of this event for some time, and the success should be assured. Although the Senior President will preside, it is still undecided as to the place of honor in the main entrance hall of the Institute. Many colleges have wireless societies but none that have general assembly—In many cases it is known as the Wireless Day. This year it is proposed to inaugurate a day at the Institute with the wireless society on next Saturday.

HYGIENE EXHIBIT.

The Hygiene exhibit which took a special diploma of merit at the Fifteenth International Congress on Hygiene and Demography at Washington, and at a similar exhibit in the Boston Public Library, is now in New Bedford, and occupies the place of honor in the main entrance hall of the public library there.

LECTURES ON CHINA.

J. O. P. Hinds, in his lecture yesterday before the Lowell Institute, "Conception and World Politics in China," reiterated his former statement that China is unsuited for popular government. Their rule is corrupt and above a great lack in financial knowledge. They offer larger returns than necessary for what they borrow, as was shown in the so-called Belgian loan when they paid 2 per cent more than necessary. America and England would supply the money but demand supervision of its disposal. The Cantonese party does not want this supervision, however, because it would do away with all corruption.

WRESTLING TEAM IN EXCELLENT CONDITION

Test Matches Show Improvement—Opening For Freshmen in Matches.

The wrestling team is fast rounding into championship form, so that things are beginning to look promising, with the first meet only two weeks off. The team is being coached by Kelley, 1933, who has had considerable experience on the mat and is looking forward to doing well. Captain Treat expects to take all but one man in each class, possibly two in a few cases. The trip is to the east end of the country, and the opening meet with Clapp Memorial is scheduled to take place.

Among the heavyweights it looks as though it is between "Pop" Coyle and Wilson to represent the Institute. In the 125 pound class, Snythe Martin, Alexander, or Walker will take the trip, while Kelley and Hindsgift will fight it out in the 135 pound class. Means and Sayre seem to have it all their way in the 125 and 115-pound classes, respectively.

The freshmen are showing up well under the coaching of Mr. Gray and Manager Roebig. Gray, 1916, who is holding down the 115-pound class on the varsity team, is back again after a layoff, owing to his injury to one of his ribs. Any other freshman or upperclassman who shows up well in the next two weeks has a good chance to go with the squad on the trip. Two matches are expected to be held for the teams, and will be arranged with Brown and Boston University. There is a possibility of holding matches with Tufts, Harvard and Needham Y. M. C. A.
