ALL TECHNOLOGY DINNER A GREAT SUCCESS, MAY BE ANNUAL FUNCTION.

New Constitution for Institute Committee Submitted for the Approval of the Student Body. Many other Interesting Talks.

“Was ist los, December 19th” No body knows, but the question is reverberating and resounding from one end of the Institute to the other. Old Rogers’s historic halls are ringing with the question, and the Union in one hour of excitement. Everywhere the mysterious and exciting question “Was ist los?”

Whatever it is, it may be something strange and wonderful, something exciting and desirable, something interesting and exciting, and it is going to be pulled off on December 19th. All those men who had been sent out on their mission to bring the idea home to the student body have decided to stick around until the 19th, to see what it is that is being sprung on the bunch.

Detective Burns warns us that he is about to spend two or three hours of his highly valuable time in unraveling this mystery, so any one who is by any chance getting curious and who wants to know, “was ist los” anyway, will only have to watch this space in THE TECH until the great and internationally famed detective shall have given to the world the results of his investigation. We only hope that he will be able to get the whole thing all about before the awful something is ancient history.

Now don’t forget the date—it only comes once, and the date is December 19th, so whatever you do keep that date open! The biggest secret of the century is going to be the brightest of the bright minds on our Faculty will be disclosed on December 19th and you will be able to sleep the slumber of the unjust and taste the longest night under the moon without this unanswered question to bother your tired and fevered brain.

“Was ist los?” December 19th.

INSTITUTE COMMITTEE.

To Appoint Members to Walker Memorial Committee.

An adjourned meeting of the Institute Committee will be held at 5 o’clock this afternoon, in Room S. Engineering. C. The business before the committee is the appointment of five members from the student body to assist the Walker Memorial Committee in planning the Walker Memorial.

The meeting is very important, and it is of importance that all be present. The discussion on the student business will also be in order. It is earnestly requested that all the members who are able will attend to do their part in performing the important business which the committee will consider, in order that it may be carried out.

PROPOSED ASSOCIATION OF UNDERGRADUATES

At All-Technology Dinner Constitution Is Presented to Students.

Last Saturday night the constitution of the proposed M. I. T. Undergraduate Association was presented to the student body. As was stated at the dinner, THE TECH will receive all communications and they will be printed in the next issue of THE TECH. The students should take this matter to heart seriously and give it a great deal of thought. The association is of the utmost importance to the undergraduate body, and in order that they may become familiar with the proposed constitution, it is printed below.

Criticism is wanted by the committee in order that they may obtain the opinion and views of the students.

The constitution is as follows:

CONSTITUTION of the
M. I. T. Undergraduate Association.

Preamble.

Whereas, it seems wise that all activities among the students of the Massachusetts Institute of Technology should be organized and conducted as to work for the good of the student body as a whole and for the benefit and welfare of M. I. T. it is fitting that some central organization, chosen and controlled by the student body, should, as representing that body, have and exercise general powers of supervision over all individual activities in so far as they affect the student body as a whole.

To this end it seems necessary that the entire body of undergraduates should be brought together as a unit in order that legislation and executive powers may be transferred upon such a central body as is mentioned in the preceding paragraph. It is, therefore, desired by the undergraduates attending the Massachusetts Institute of Technology that such a general organization be adopted, and to this end the following Constitution governing the same is adopted:

CONSTITUTION.

Name of Organization.

The name of this organization shall be the "M. I. T. UNDERGRADUATE ASSOCIATION."

Purpose of Organization.

Article I.

The purpose of this organization is (Continued on Page 2).

H. D. PECK.
Chairman of Committee.
C. T. GUESTHING ELECTED FRESHMAN PRESIDENT

Bickford Vice-President, Shakespeare Treasurer, Adams Secretary.

The results of the election of Freshman officers have been announced.
The election committee's decision and the results were announced Saturday night. C. T. Guesthing of Hol- liday, S. N., was elected president.

Brotherton prepared for Tech at Exeter, and while there were no confessions in the chapel, at the temporary elec-

tion held by the Freshman class, in the fall he was elected temporary president and proved to be a very act-

1. H. B. Hitchcock of Brookline was elected vice-president, and B. H. Adams or Brookline was elected secre-

tary. William Shakespeare of East Orange, N. J., who was the temporary treasurer, was elected to fill this of-

ce for the remainder of the year.

The men elected as members of the Freshman class on the Institute Committee are: George P. Allen of Boston and T. W. Jewett of Buffalo, N. Y. The men elected to the Athletic association are: P. H. Buxton of Denver and A. C. Lieber, Jr., of Eternity Plains. The Executive Committee members are: J. F. C. Hyde of Chesterfield, and H. M. Warren of Mount Vernon. Of these men, five prepared for the Mechanics Arts H. S., while Buxton and Lieber were members of the Freshman football and relay teams, respectively.

M. I. T. ASSOCIATION.

(Continued from Page 1)

It is the plan of the Institute Committee to regulate and control the acts of the student body in relation to the Insti-

tute and to the general public, and to continue such supervision over the several student activities as will in-

sure that the same are conducted in the best interest of the student body to a whole and to the credit of the Mas-

sachusetts Institute of Technology.

Membership.

Article III.

All registered students at the M- Assachusetts Institute of Technology and their members, by virtue of such registration, shall be mem-

bers of this organization. Such membership shall be subject to such rules and regulations as may be here-

after enacted by this organization.

Government of This Association.

Article IV.

Section 1. All the legislative and executive powers of this Association are hereby vested in a representative body to be chosen as hereafter provided. This body shall be known as the "Executive Committee of the M. I. T. Association (Faculty).

Section 2. The Executive Committee of the Institute Committee shall be con-

sidered to be the acts and decisions of the Association and to be the acts and decisions of the Institute Committee shall be considered to be the acts and decisions of the Association, except that an act or decision of the Institute Committee shall be presented to the Association for ratification or rejection as provided in Section 3.

Section 3. On receipt of a petition signed by thirty students, the Institute Committee shall be notified of the presence of such acts and de-

nisions, any and all acts and decisions of the Institute Committee shall be presented to the Association for ratification or rejection as provided in Section 3.

Section 4. The Institute Committee shall consist of three members of each class, of whom one shall be the Class President, the other two to be elected by the junior and senior classes, as provided in the following undergraduate organiza-

(Continued on Page 4.)
The Doctor's talk was well received and he was applauded by the class.

Mr. MacLaurin.

President, MacLaurin, should give a broad foundation in the pure sciences, for he held that only honesty made a well-rounded engineer.

The most complete student organization under the leadership of President Rogers until 1870, when he retired, was that of Massachusetts Tech. It was due to his efforts under the leadership of Professor Huntington Hall.

President William MacLaurin, known as Founder's Day, and the anniversary of the birth of President Rogers, He held that the name of Technology kept his men sober and gave it the start which has done so much to bring to it the success which Technology has for foreign students.

Mr. H. E. Kebbon, '12, played the dinner.

Before introducing the third speaker, Mr. H. E. Kebbon, '12, Toastmaster, Mr. Kebbon refuted the argument of Mr. Munroe that the length of the name of Technology kept her men sober by remarking that "we can always say M.I.T."

Mr. Kebbon gave a brief and interesting outline of the new building to be erected on the new site. This building is to occupy exactly the principal locations on the site and will, of course, conform in architecture to that of the rest of the buildings. It will be a ritual meeting place for the students and will consist of a large room, a small auditorium, a gymnasium, offices for the various activities, bowling and billiard rooms, and a grill room. It was designed to have the most complete student club in the country, and it is a composite of the good points discovered by a committee which toured over the whole country to the many colleges.

Mr. L. H. Lehman, '13, was the fourth speaker, and gave a very interesting talk on the floor of the floor.
M. I. T. ASSOCIATION. (Continued from Page 2.)

M. I. T. A. M. C. Club.
Technology Chest Association.
Architecture Society.
Biological Society.
Chemical Society.
Civil Engineering Society.
Electrical Engineering Society.
Mechanical Engineering Society.
Mineralogical Society.
Nautical Architectural Society.
Wireless Society.
TECHNICAL COMMITTEE.
Technique.
Tech Show.
Cosmopolitan.
Section 5. Any other activity now existing hereafter duly organized by the undergraduates may, by a two-thirds vote of the Committee, be granted representation thereon, and any activity having a representation on the Committee may, by a similar two-thirds vote, be denied such a representation. Provided notice of the proposed action of the Committee shall have been given the members of the activity and full opportunity granted them to present arguments and reasons why such action should not be taken.

Section 6. After the acceptance of the new Institute body, the election of representatives on the Institute Committee on the part of clubs, fraternities or other student activities shall be deemed an acceptance of this Constitution and its authority.

Organization of the Institute Committee.
Article V.

Section 1. The officers of the Institute Committee shall consist of a President, Vice-President and Secretary-Treasurer, who, with two members of the Committee to be elected at large, shall constitute an Executive Committee.

Section 2. The President of the Senior Class shall be the President of the Institute Committee. All other members of the Committee shall be chosen annually by the Committee by written ballot.

Section 3. The Institute Committee shall consist of such M.I.T. members as may be deemed necessary, and not inconsistent with the provisions of this Constitution.

Amendments.

Article VI.

Amendments to this Constitution may be recommended by the Institute Committee, or by a petition of one hundred (100) members of the Association. Any amendments so recommended shall be submitted by the Institute Committee to the entire student body for consideration and adoption. Full notice shall be given as to proposed amendments shall be submitted to the entire student body for consideration by publication or posting at least thirty (30) days before the date set for voting. Two-thirds of the votes cast shall be necessary to adopt the proposed amendment. Provided 25 per cent. of the total membership vote.

TECH HOCKEY TEAM WINS SECOND GAME Again Victorious Over the Fast Pilgrim A. A. Seven at the Arena.

Technology again defeated the Pilgrim A. A. hockey team Saturday night by the score of 4 to 3. Though both teams showed an improvement over the first game in the matter of teamwork, there was still enough development in the third line. In the first quarter there was no score made, the playing being rather slow, because neither team could get in any effective team work.

Tech started the second quarter with a rush, and in a little less than a minute Stockton eagled the first goal of the game. Later in the quarter, Stockton, by clever dribbling and a pretty shot, scored another point for Tech. After an interval of two minutes Stockton, the fast rover of the Pilgrim A. A., made the first tally for his team. In the third quarter Hurbut received a pass from Fielder in front of the goal and shot the puck into the net for the third count for Tech. Fielder followed with another, making the score 4 to 1.

Captain Ranney saved his team from defeat time after time in the last quarter by wonderful goal tending.

FOR SALE—A pair of Barney & Berry hockey skates, size 11, or will exchange for same style, size 10. Apply at TECH upper office.

TECHNOLOGY DINNER Committee gives the powers which it has heretofore held by precedent. Mr. Peck read this constitution and recommended it to the thoughtful consideration of the student body as a whole. A copy of this document appears in another place in today's issue of THE TECH. Various M. I. T. songs were sung between the talks, and after singing the Stein Song the gathering broke up. Five students, however, remaining in the Union to talk over the new constitution.

FRESHMAN TEAM WINS Basketball Team Defeats Revers H. S., 16 to 14.

Saturday night, at Revere, the Tech freshman basket ball team defeated the Revers High School by the score of 16 to 14. The game was close and exciting, a period of seven minutes' overtime being necessary to decide the game.
