COMMUNICATION.

To the Editors of THE TECH:

I have observed that in those concerns with the mysterious "Was Ist Los?" have posted four (4) copies of the bulletin board in the Union. Now a ruling of the Institute Committee clearly states that only one poster shall be placed on a bulletin board for each organization or activity. These stuffing frights in the dark, I refer to the "Was Ist Los?" are violating the rules made by that admirable and most excellent body, the Institute Committee. Should this discrimination be allowed? Should those 'nobody-know-whos' be permitted to post such nonsensical notices when above board activities are only allowed room for one poster? Not! decidedly not! they should not. But what is to do? Nobody knows who it is, or who they are, and nobody has ever seen who put them (the posters) up, so it seems no thing to do in to move up our pretty tiles till we have room for eight and wait until the 19th, when they shall surely recoil for their "Was Ist Los?"!

THOSE DRY LECTURES.

"That was certainly a dry lecture. Nevertheless, it is a very instructive one, and we learned a great deal.

The rest of the team shows up well. L. R. Talbot.

WRESTLING TONIGHT.

Team Goes to Weymouth for Clash With Clapp Memorial.

This evening the wrestling team goes to Weymouth for a meet with the Clapp Memorial A. A. The opponents have a fast team and have been wrestling all the year. They have also had several bouts in and about New England. All the Tech wrestlers will do their best and hope for a good outcome. Capt. Treat is about the best man and will probably win his bout.

The men are entered as follows: 158-lb. class, C. A. Plockett and J. C. Kiley; 155-lb. class, E. B. Smith-Martin; 158-lb. class, Captains H. W. Treat and E. B. Smith-Martin; 158-lb. class, A. Sayer; 16, Dr. W. F. Provan, N. K. wet miller, champion, an instructor at Harvard Dental School, will referee.

The rest of the team shows up well and hopes for an easy breath. The team wants a good bunch of roosters to go along with them. The Freshmen want to win, and have been working hard to get in shape.

THE TECH EXTRA.

The Monday edition of THE TECH promises to be a startler. Besides containing the regular departmental copy, it will contain a page of features and a letter to the Editor. The train leaves the South Station at 6:30 p.m., and will arrive in East Weymouth at 7:00 p.m.

The trip fare is thirty-five cents, and the admission to the bouts is twenty-five cents.

Professor Sedgwick has recently returned from a visit to Oberlin, Ohio. He visited the Oberlin Community College and gave an address to the Oberlin Improvement Society which was well attended. His lecture was on Village Sanitation and the Public Health, dealing with the sanitation of a village. Professor Sedgwick covered its various phases and treated of its practical importance to the community. He spoke also in detail on the common sources, including water, milk, etc., and the sewage disposal. He tried to show the relation of Village Sanitation to Public Health.
