

# THE TECH

VOL. XXXII. NO 59

BOSTON, MASS., MONDAY, DECEMBER 16, 1912

PRICE TWO CENTS

## "WAS IST LOS?"

AT LAST WE HAVE THE ANSWER TO THE GREAT QUESTION, "WAS IST LOS?" On Thursday evening, in Huntington Hall, at 8 P. M., there will be presented a musical extravaganza composed of Technology talent solely. This vaudeville show is for the benefit of athletics here at the Institute. The price of admission is FIFTY CENTS PER PERSON. In a recent issue of THE TECH the price was stated as \$1.50, which was a MISPRINT. The price is FIFTY CENTS PER TICKET. Tickets are now on sale and you must get your tickets now before they are all gone. A section of the hall is to be reserved for the fussing section, so you and your lady will be well taken care of. ASK HER NOW BEFORE IT IS TOO LATE. Tickets are on sale at the Union and numerous men about the Institute have tickets for sale. Everyone is going so get right in the swim and join the push. This is the first time that Technology has ever had a real live student Christmas party, and you want to be there if you want to have a good time before you go home for the holidays, and that Christmas dinner you are thinking about now. DON'T FORGET, DECEMBER 19, at 8 P. M. The representative men of the Institute and her various activities are going to be there and you want to be on hand for the big celebration. BRING YOUR GIRL, YOUR FAMILY AND HER FAMILY; they will all be welcome at this show, which is guaranteed to be the best that TECHNOLOGY has ever put out. EVERYBODY GET IN LINE FOR THE BIG MUSICAL EXTRAVAGANZA.

Tickets are now on sale. Get yours before it is too late.

## ORDER OF MASONS

To Meet Tomorrow Night—Mr. S. Crowell to Speak.

At 8 o'clock, tomorrow evening, the Masons of the Institute will meet in the Union. It is hoped that all the men of the order will be present, and the members who have arranged for this meeting request that the men planning to attend should notify Mr. T. H. Haines, 10 Engineering A, before this evening. Mr. Samuel Crowell a Tech man of the Class of 1880, will be present and will address the assembly.

"Tod" Sloane, captain of last year's hockey team, and one of the best puck handlers that has ever played on a Tech team, is in town on a vacation. He is out to boost the hockey team during his stay.

## INDOOR TRACK MEET VERY SUCCESSFUL

Many Freshmen and New Men the Winners—Races All Very Close.

The first of a series of weekly indoor handicap athletic meets was held on Saturday in the Gym, and proved to be a great success. There was an unusually large number of entrants, and this feature contributed greatly to the success of the meet. The first event was run off shortly after 3 o'clock, and Coach Kanaly ran the remaining events so promptly that the last event was finished before 5 o'clock.

Many of the T men were entered, but the handicaps were very liberal, thus giving new men an excellent chance. Indeed the races were all close and several Freshmen were among the winners. In the longer runs the outcome was very gratifying, as the showing of the new men promises well for the development of a strong two-mile team.

The first event was the thirty-yard dash, which was run in heats, the first two in each heat qualifying for the semi-finals. All the heats were extremely close, and it was difficult to pick the winners, even when standing at the finish. The semi-final and the final heats of the 30-yard dash were next and were still more closely contested. Wilkins was the winner, closely pressed by Smith and Bolton.

The preliminary and final heats of the 40-yard hurdle race were the next events, the finals being won easily by Huff. About twenty men were entered for the 15-lap race, and consequently the track was somewhat congested. Hastie, '16, took the lead at the second lap and maintained a lead of about thirty yards until the tenth lap, when several others began to overhaul him. Among these was Captain Nye, of the cross-country team, who was on scratch. With considerable difficulty he succeeded in fighting his way through, and took the lead several laps from the finish, increasing it to thirty yards at the finish. Hastie and White, '16, finished closely together, taking second and third places, respectively.

In the eighth lap run Hill and C. T. Guething soon took the lead, and were closely followed by Dean, '16. At the beginning of the second lap Hill began to draw away and soon was twenty yards to the front. He held this lead, although Guething gained somewhat toward the finish. Dean was a close third.

O'Brien and Thomas darted ahead at the beginning of the four-lap race, and fought it out to the finish, the former winning by a slight margin. They were closely followed by Bolton and Comisky. T. H. Guething, from scratch, finished fifth. In both the eight and four lap races the number of entrants was so great that it became almost impossible to pass a man, several bad falls being the result.

The results of the high jump were very gratifying. It was won by McKinnon, from scratch, with an actual jump of 5 feet 8 inches. He cleared this height by several inches, and if he had tried could probably have done

(Continued on Page 4.)

## CHINESE STUDENTS VERY ENTERTAINING

Large Number Attend Chinese Night—Harvard Club Well Represented.

The large living room of the Union was filled to overflowing last Saturday, when the Cosmopolitan Club gave its annual Chinese Night. As the name implies, the entertainment was provided entirely by the Chinese members of the club and was distinctly characteristic of their country. A large number of men from the Harvard Cosmopolitan Club were present, some of whom contributed parts of the program. The room was decorated with Chinese and American flags and lanterns.

President L. H. Lehmaier first gave a short address, in which he welcomed the guests and briefly outlined the aims of the club. He then introduced Mr. H. K. Chow, the presiding officer for the evening.

Mr. Chow began by saying that, like the mysterious phrase, "Was ist los?"

L. H. LEHMAIER.

every foreign country was a mystery to those unacquainted with it. China is particularly hard for us to understand because of the great distance between it and the United States and of the widely differing conditions in the two nations. In the same way this country is still much of a mystery to the Chinese, and they have much to learn from our more progressive western civilization. He recalled the entertainment given last year when the flag of the then newly organized republic was unfurled, but emphasized the fact that the Republic is by this time firmly established and is recognized by the great majority of the people, although there are still some provinces in the north which are loyal to the old dynasty. Mr. Chow said that the only ones who opposed the republican form of government were either members of the nobility, who had lost their high position by the change, or were confirmed pessimists. He also explained that the five stripes of the new flag represented the five

(Continued on Page 2.)

## VARSITY WRESTLING TEAM VICTORIOUS

Only One Fall Made by Either Team—Several Disputes About Weight.

Last Saturday night the Tech wrestling team went to East Weymouth and won a hard fought contest from the Clapp Memorial A. A. A few men from the Freshman wrestling class went with the team and had an excellent opportunity to watch some good wrestling. There were two handicaps, in which the light man was given the bout if there was no fall. The Tech heavyweight man and the lightweight men were unable to wrestle because their opponents failed to have their men on hand. The bouts were scheduled to take place at 8 o'clock, but owing to a few disputes in regard to weights they did not start until about 8.45.

The results are as follows: Smyth-Martin won his bout on a decision. Smyth put up a good fight and had the bout all the way. Alexander won his bout on a decision. It was close fought all the way, and Alexander deserves credit. Blodgett also won his bout on a decision. He was far superior in every way to his opponent. Treat lost on a decision. Treat went up against the welterweight champion of New England, who did not get a fall in fifteen minutes. Treat deserves a great deal of credit for his work. Sidinger lost his bout on a decision. Kelly won his bout on a fall in 9 minutes, 17 seconds. Kelly got the only fall on either team and was far superior in every way.

Referee: Dr. W. F. Provan, Harvard.

Timer: J. E. Fabyan.

All the bouts were fifteen minutes in length, consisting of two six and one two-minute round.

## SOPHS VICTORIOUS.

Defeat Rockland High by Score of 29 to 22.

The strong Sophomore basketball five, as expected, came out victorious in their game with Rockland High last Friday night by a score of 29 to 22. The game was fast throughout and was marked by but little roughness, only a few fouls being called. The team work of the Tech team was very noticeable, being responsible for the most of the scoring. Newman played a fine game at center, scoring six baskets in the first period and three more in the last half.

Subscriptions, \$2.00 per year, in advance. Single copies, 2 cents.

MONDAY, DECEMBER 16, 1912

A matter has been presented to us by the Technology Christian Association which we wish to second most heartily, and at the same time urge every man to answer the appeal that has been made. At a recent Association convention the representatives of the various colleges were asked to give in actual figures just the number of men that each had actively engaged in deputation work of some kind, whether under the guidance of the Christian Association or not. Many had large numbers and others not so large, but it was found that Technology had necessarily to be rated among those that had but a very few, for the reason that there has been no knowing just how many men are actively engaged in such work, although there is a good percentage of the enrollment if it were possible to find out just who these men are. The Association therefore asks that any man who is helping any of the missions or churches, teaching in any of the night schools, or giving, in any way, his time for deputation work, that he hand his name to the Secretary, Mr. L. R. Talbot, who can be found during his office hours in Engineering B, or reached through the "Cage."

This will only be another step toward the well-rounded condition of Technology which every loyal son is striving for, and we sincerely urge every man who is thus engaged to not neglect this appeal.

## T. C. A. MEETING.

Mr. G. M. Hall to Speak in Union Today at Noon.

At the request of President MacLaurin a special meeting under the auspices of the T. C. A. will be held at 1.30 o'clock this afternoon, to introduce Mr. George M. Hall, a member of the Canadian Industrial Commission, to the Institute students. Although Mr. Hall's talk will be heard at the Union, the meeting is more in the nature of a convocation, and will not displace the regular weekly T. C. A. meeting.

Great importance is attached to Mr. Hall's talk, not alone due to the fact that he was secured by the President, but inasmuch as he is from the heart of the newly developed agricultural section of western Canada, and it is understood that he will speak on the opportunities that exist for engineers in that country. Mr. Hall is located at Edmonton, Alberta, and in virtue of this position at this city he is in reality an agent of the Canadian government.

## AUTHORS OF LYRICS FOR TECH SHOW, 1913

Brewer '13, Whitehead '13, Menderson '13, and Hastings '13, Wrote Most.

The music competition for Tech Show, 1913, opens today at 4 P. M. All those interested in this branch of the Show will meet in the Show office, Room, B, the Union.

The accepted lyrics have been revised and changed a little by Stage Manager C. P. Fiske and the authors of the book, and copies will be distributed to the competitors this afternoon. These lyrics and their authors are as follows:

It's Hell to be a Freshman, E. Menderson, '13, and J. M. Hastings, '13; Two of a Kind, That's All, Wm. H. Price, '14; A Really First-Class Hotel, Wm. H. Price, '14; I Never Travel Without Me Tub, A. F. Brewer, '13; Don't Be Backward, A. F. Brewer, '13, and W. L. Whitehead, '13; Who Said Lunch? A. F. Brewer, '13, and W. L. Whitehead, '13; There's Always Room for More, Wm. H. Price, '14; We've Been Looking For Two Like You, E. Menderson, '13; Just a Little Word From Someone, A. F. Brewer, '13, and W. L. Whitehead, '13; Finale, Act 2, E. Menderson, '13, and J. M. Hastings, '13; We Are The Servants of The Law, W. J. Sellman, '13; In the Dark of the Moon, W. L. Whitehead, '13; We're Wise, A. F. Brewer, '13, and W. L. Whitehead, '13; If Love Were Mine, A. F. Brewer and W. L. Whitehead, '13, and Here's to the College, Finale, E. Menderson, '13, and J. M. Hastings, '13.

## COSMOPOLITAN CLUB.

(Continued from Page 1.)

great races which make up the Chinese Empire. The old "dragon flag"—signifying despotism—has given place to one signifying freedom and equality.

The first number on the program was some Chinese music, by Mr. F. T. Yeh. By way of explanation he said that while the American musical instruments usually have four octaves, the Chinese may have almost any number—the one which he used had a range of only one octave. His first piece was encored, and as a fitting conclusion he "brought down the house" by playing "Yankee Doodle."

The next number consisted of numerous examples of Chinese chirography, executed by Mr. Chow. Chinese words are made up of several radicals, each being what might be termed a picture of some object. Mr. Turpin Hsi was then introduced, who exhibited a great deal of skill in playing the Chinese game of shuttlecock. The game is played by kicking the shuttlecock into the air with various motions of the feet, and a prize was offered to anyone in the audience who would kick it ten times in succession. Two men responded, and the second, a Chinese student, was able to keep the shuttlecock in the air for sometime. The prize, which turned out to be a rag doll, was awarded the first man, however, "not on account of his skill, but for his courage."

Following this Mr. Y. S. Tsao gave a short address on the present conditions in the Chinese Republic. Mr. Tsao is a graduate of the Institute, and at present is taking post graduate work at Harvard. He described how the revolutionists obtained possession of the northern provinces, which were most loyal to the old government, and showed numerous slides of the war. His talk was very interesting.

Mr. T. C. Hsi then gave several selections on an instrument somewhat resembling a flute. He remarked that as there were only seven holes on the instrument he could not play any difficult pieces involving thirty-two flats or fifty-four sharps. The selections included pieces representative of China, America and Scotland, and were well received.

**COSMOPOLITAN CLUB.**

(Continued from Page 2.)

The sixth number was a dialogue between a Chinese student and a reporter purporting to be a representative of THE TECH. The parts were taken by Mr. Turpin Hsi and Dr. W. S. New, of Harvard. Many of the amusing and oft-repeated questions asked a foreigner upon his arrival in this country were brought out. Following this Messrs. Z. Y. Chow and F. T. Yeh gave a pantomime, in which the acting and speaking were done by two different men instead of by the same one. The piece was a very amusing account of a dinner which they were supposed to have attended.

A recitation in Chinese was then given by Mr. W. G. Loo. His last selection was a letter written by a general to his superior and expressing his loyalty to the revolutionary cause. Finally several sleight-of-hand tricks were shown by Mr. S. C. Li of Harvard, and F. T. Yeh of the Institute. Among others they succeeded in burning a card and making it reappear in an egg. That it was the same card was shown conclusively by the fact that a corner which had been torn off before it was burned fitted the restored card exactly. Mr. Li was also very skillful with other card tricks.

The entertainment closed with typical Chinese refreshments. On the whole this evening surpassed anything previously given by the Cosmopolitan Club, and every one of the three hundred or more guests went away very well pleased.

**TRACK MEET.**

(Continued from Page 1.)

close to six feet. Teeson, '15, also showed marked improvement, his actual jump being 5 feet 7 inches. However, he has done over an inch better than this height earlier in the week, and will probably be considerably better by spring, as he is practicing steadily. Both he and McKinnon should prove to be valuable additions to the track team this spring.

The shot-put was rather disappointing, none of the men getting it out much beyond thirty feet. The best actual put was made by O'Brien, it being a trifle over thirty-four feet. However, the handicap was so large that he was unable to place, the winner being R. M. Freeman, with a five-foot handicap. Jewett, '16, and Wolk, '16, were second and third, respectively.

The pole-vault, which was on the schedule, was not held, since Laurasen, '16, was the only entrant. It is intended to hold another of these meets on Saturday next if there are enough entrants.

The summary was as follows:

30-yard dash—Won by H. S. Wilkins, '14, scratch; second, E. Smith, '15, 4 feet; third, J. W. Bolton, '14, 1 foot; fourth, C. H. Leeper, '16, 5 feet. Time, 4 seconds.

40-yard hurdles—Won by T. H. Huff, '14, scratch; second N. L. Foster, '15, 6 feet; third, C. H. Leeper, '16, 6 feet. Time, 6 seconds.

360-yard dash—Won by J. H. O'Brien, '15, 10 yards; second, W. S. Thomas, '15, 12 yards; third, J. W. Bolton, '14, 24 yards; fourth, D. L. Comisky, '16, 12 yards. Time, 47 1-5 seconds.

770-yard—Won by H. E. Hill, '15, 5 yards; second, Guething, '16, 20 yards; third, K. Dean, '16, 15 yards; fourth, F. C. Atwood, '14, 18 yards. Time, 1 minute, 47 3-5 seconds.

1850-yard—Won by A. F. Nye, '14, scratch; F. B. Hastie, '16, 45 yards; third, R. E. White, '16, 25 yards; fourth, E. M. Loveland, '15, 45 yards. Time, 3 minutes, 47 2-5 seconds.

Shot-put—Won by R. Freeman, '13, 1 foot; second, T. Jewett, '16, 2 1-2 feet; third, M. Wolk, '16, scratch; fourth, J. H. O'Brien, '15. Distance, 32 feet, 1 3-4 inches.

High jump—Won by J. H. McKinnon, '14, scratch; second, E. A. Teeson, '15, 1-2 inch; third, L. S. Hall, '14, 1 inch; fourth, G. Ganita, '16, 2 1-2 inches. Height, 5 feet, 8 inches.
