Tech team, is in town on a vacation.

T. H. Haines, 10 Engineering A, before the members who have arranged for tickets now before they are all gone. A section of the hall is to be reserved for the insurance, so that and your lady be well taken care. Ask Her Now before it is too late.

Tickets are on sale at the Union and numerous men about the Institute have tickets for sale. Everyone is going so get right in the swing and jolly the year. This is the first time that Technology has ever had a real live student Christmas party, and you want to be there before you go home for the holidays, and that Christmas dinner you are thinking about now. Don’t forget, December 19, at 8 P.M. The representative men of the Institute and her various activities will all be welcome at this show, which is guaranteed to be the best that TECHNOLOGY has ever put out. It will be the greatest show for the BIG MUSICAL EXTRAVAGANZA.

ORDER OF MASONS

To Meet Tomorrow Night—Mr. S. Crowell to Speak.

At 8 o’clock, tomorrow evening, the Masons of the Institute will meet in the Union. It is hoped that all the men of the order will be present, and the members who have arranged for this meeting request, that the men permit to be addressed by Mr. T. H. Haines, 10 Engineering A, before this evening. Mr. Samuel Crowell a Tech man of the Class of 1890, will be present and will address the assembly.

"You" Sloane, captain of last year’s hockey team, was the best puck handlers that has ever played on a Tech team, is in town on a vacation. He went to his local hockey teams during his stay.

SHOW MUSIC COMPETITION TO-DAY AT 4 P. M.

"WAS IST LOS?"

INDOOR TRACK MEET VERY SUCCESSFUL

Many Freshmen and New Men the Winners—Races All Very Close.

The first of a series of weekly indoor handicap athletic meets was held on Saturday in the Gym, and proved to be a great success. There was an unusually large number of entrants, and the feature of the competition was the handicap races. The first event was run off shortly after 3 o’clock, and Coach Kinnally ran the remaining events so promptly that the meet was finished before 5 o’clock.

Many of the T men were entered, and the handicaps were fairly high, thus giving new an excellent man an excellent race. However, the races were all close and several Freshmen won without giving the winners a chance. In the longer runs the outcome was very gratifying, as the showing of the new men promised to be a great help to the development of a strong two-mile team.

The opening event was the thirty-yard dash, which was run in heats, the first two in each heat qualifying for the finals. The heats were extremely close, and it was difficult to pick the victors, even with seconds at the finish. The semi-finals and the final heats of the 80-yard dash were run in the same manner and were still more closely contested. Williams was the winner, closely pressed by Smith and Hultin.

The preliminary and final heats of the 150-yard hurdle race were the next events, the finish being won easily by Huff. About twenty men were entered for the 300-yard race, and consequently the track was somewhat congested. Hassle, 16, took the lead at the second lap and maintained a lead of about thirty yards until the tenth lap, when several others began to overhaul him. Among these was Captain Nye, of the cross-country team, who was on scratch. With considerable difficulty he succeeded in fighting his way through and took the lead, and brought it in to the finish. The 440-yard hurdles followed, and the finish was close, with Mahoney, White, 16, finishing closely together, taking second and third places, respectively.

In the eighth lap run Hill and C. T. Guething soon took the lead, and were still more closely contested. These two were followed by Hassle and C. T. Shelton, who were again closely followed by Dean, 16. At the beginning of the second lap Shelton came away and drew some distance to the front. He held this lead, although darting gained somewhat toward the finish. Dean was a close third.

O’Brien and Thomas darted ahead at the beginning of the four-lap race, and fought it out to the finish, the former winning by a slight margin. They were closely followed by Dolton and Carney. H. T. Geibling, from scratch, finished fifth. In both the middle and fourth lap events the offense was so great that it became almost impossible to pass a man, several had falls being the result.

The results of the high jump were very gratifying. It was won by Mooney, with a jump of 5 feet 8 inches. He cleared easily over several hands and it is certain that he will be a competitor for the title if he tried could probably have done it (Continued on Page 4.)

CHINESE STUDENTS VERY ENTERTAINING

Large Number Attend Chinese Night—Harvard Club Well Represented.

The large living room of the Union was flooded to overflowing last Saturday, when the Cosmopolitan Club gave its annual Chinese Night. As the same implies, the entertainment was provided entirely by the Chinese members of the club and was distinctly characteristic of their country. A large number of men from the Harvard Cosmopolitan Club were present, some of whom contributed parts of the program. The room was decorated with Chinese and American flags.

President L. H. Lohman first gave a brief address, in which he welcomed the guests and briefly outlined the aims of the club. He then introduced Mr. Chou, the president of the Scientific Club, who began by saying that, like the mysterious phrase, "was ist lost?"

The results are as follows: Smyth, with a big fight and a test the only one the whole way. Alexander won his bout on a decision. It was close fought all the time and received credit. Huddles also won his bout on a decision. He was far superior in every way to his opponent. Treat lost on a decision. Treat went against the popular champion of New England, who did not get a fall in his two minutes. Treat deserves a great deal of credit for his work. Studding lost his bout on a decision. Kelly won in a hard fight and the bout all the way. Alexander won his bout on a decision. It was close fought all the time and received credit. Huddles also won his bout on a decision. He was far superior in every way.

Referee: Dr. W. F. Provan, Harvard.

Talner, J. E. Fabian.

All the bouts were fifteen minutes in length, eighteen or ten and two one-two round.

SOPHIS VICTORIOUS.

Defeat Rockland High by Score of 29 to 22.

The strong Sophomore basketball fire, as expected, came out victorious in their game with Rockland High last Friday night by a score of 29 to 22. The game was fast throughout and was marked by excellent handling, only a few fouls being called. The work of both teams was most noticeable, being responsible for the score of the meeting. Newman played a fine game at center, scoring six baskets in the first period and three scores in the last half.

(every foreign country was a mystery to these unacquainted with it. China is particularly hard for us to understand because of the great distance between it and the United States and of the widely differing conditions in the two nations. In the same way this country is still much of a mystery to the Chinese, and they have much to learn from our more progressive western civilization. He recalled the entertainment given last year when the flag of the then newly organized republic was unfurled, but emphasized the fact that the Republic is in this time firmly established and is recognized by the great majority of the people, although there are still some provinces in the north which are loyal to the old dynasty. Mr. Chou said that the only ones who opposed the new government were either members of the nobility, who had lost their high position by the change, or were confirmed pessimists. He also explained that the five stripes between it and the United States and of the widely differing conditions in the two nations. T. C. A. MEETING.

Mr. G. M. Hall to Speak in Union

MONDAY, DECEMBER 16, 1912

A matter has been presented to us by the Technology Christian Association which we wish to second most heartily, and at the same time urge everyone to answer the appeal that has been made.

The Association convention the representatives of the various colleges were asked to give in actual figures just the number of men that each had actively engaged in deportation work of some kind, whether under the guidance of the Christian Association or not. Many had large numbers and others not so large, two men found that Technology had necessarily to be rated among those that had but a very few, for the reason that there has been no law. Just how many men are actively engaged in such work, although there is a good percentage of the enrollment if it were possible to find out just who these men are, The Association therefore asks that any man who is interested in such work, though Mr. Hall's talk will be heard at 1.30 o'clock this afternoon, to inform the Secretary, Mr. L. R. Talbot, who can be found during these hours at his station.

AUTHORS OF LYRICS FOR TECH SHOW, 1913

Brewer '13, Whitehead '13, Menden- derson '13, and Hastings '13, Wrote Most.

This music competition for Tech Show, 1913, opens today at 1:30, and those interested in this branch of the T. C. A. must be in the Student Room, B, the Union.

The accepted lyrics have been revised and changed by a little by Stage Manager C. P. Fiske and the authors themselves and copies will be di- stributed to the competitors this after- noon. Those lyrics and their authors are as follows:

By Hall to have a Freshman, E. Men- derson, '13, and J. M. Hastings, '13;

Two of a Kind, That's All, Win. H. Price, '14;

A Really First-Class Hotel, Win. H. Price, '14;

I Never Travel Without My Tubs, A. P. Brewer, '13;

Don't Be Backward, A. P. Brewer, '13, and W. L. Whitehead, '13;

There's Always Room for More, Win. H. Price, '14;

We've Been Looking For Two Like You, E. Menden- derson, '13; Just a Little Folly From Someone, A. P. Brewer, '13, and W. L. Whitehead, '13;

Finnal, its J. M. Hastings, '13;

We Are The Servants of The Law, W. J. Swinlow, '13, in the Dark of the Moon, W. L. White- head, '13;

We've Wine, A. P. Brewer, '13, and W. L. Whitehead, '13;

COSMOPOLITAN CLUB.

(Continued from Page 1)

The next number consisted of numer- ous examples of Chinese chime- pipes, executed by Mr. Chou. Chi- nese words are made up of several radicals, each being what might be termed a picture of some object. Mr. Turpin thus was then introduced, who exhibited a great deal of skill in playing the Chinese name of shuttle- cock. The game is played by kick- ing the shuttlecock into the air with various motions of the feet, and a prize was offered to anyone in the au- dience who could kick it ten times in succession. Two men responded, and the second, a Chinese student, was able to keep the shuttlecock in the air for some time. The prize, which turned out to be a rug doll, was awarded the first man, however "not on account of his skill, but for his courage."

Following this Mr. Y. S. Tsao gave a short address on the present condi- tions in the Chinese Republic. Mr. Tsao is a graduate of the Institute, and at present is taking post graduate work at Harvard. He described how the revolutionists obtained possession of the northern provinces, and in virtue of this position at this city he is in re- ality an agent of the Canadian govern- ment. But so much as he is from the heart of the future developed agricultural sec- tion of western Canada, and it is undoubted that this will make on the opportunities that exist for engineers in that country. Mr. Hall is located at the Union, the meeting is more in the Student Room, B, the Union.

COSMOPOLITAN CLUB.

(Continued from Page 2.)

The star number was a Dialogue between a Chinese student and a reporter purported to be a representative of THE TECH. The parts were taken by Mr. Turgin Hsi and Dr. W. S. Harvey. In the course of the dialogue and oft-repeated questions asked a foreigner upon his arrival in this country, there were a man of the ten- to twenty yards and a man of the same. The piece was a very amusing account of a dinner which they were supposed to have attended.

A recitation in Chinese was then given by Mr. G. W. Loo. His last selection was a letter written by a general to his superior and expressing his loyalty to the revolutionary cause. Finally several slight-of-hand tricks were shown by Mr. C. B. Loo of Harvard, and P. T. Yeh of the Institute. Among others they succeeded in burning a card and making it reappear in an egg. That it was the same card was shown conclusively by a card that a corner which had been torn off before it was burned fitted the re-arranged card exactly. Mr. Li was also very與ful with other card tricks.

The dinner was closed without any Chinese refreshments. On the whole this evening surpassed any other of the series by the Cos- molitan Club, and every one of the three hundred fifty guests went away very well pleased.

TRACK MEET.

(Continued from Page 1.)

class to six feet. Teeson, '15, also showed marked improvement, his actual jump being 5 feet 7 inches. He, however, has done more over an inch than this better than the height in the week, and will probably be considered a better ten if he is prac- ticing steadily. Both he and McInnis should prove to be valuable additions to the track team this spring.

The shot-put was rather disappoint- ing, none of the men getting it out more than thirty feet. The best actual put was made by O'Brien, it being a trip over thirty-four feet. However, the handicap was so large that he was able to place, the win- ner being H. M. Freeman, with a five- foot handicap. J. H. O'Brien, '14, and Wolk, '16, were second and third, respect- ively.

The pole-vault, which was on the program for the first time, was closed without much beyond thirty feet. The best actual vaulting being a trifle over thirty-four feet. The best showing none of the men got it out far enough to keep the record.

The summary was as follows:

1,500-yard-Won by C. H. Leeler, '16, 5 feet. Time, 6 seconds.

880-yard dash-Won by H. S. Wilkins, '14, 4 seconds; second, E. Shute, '16, 5 feet; third, J. W. Nye, '15, scratch; fourth, C. B. Loo, 16, 6 feet. Time, 6 seconds.

Shot-put-Won by R. Freeman, '14, 1 foot; second, T. Jewett, '16, 21-2 yards. Time, 6 seconds.

1,500-yard-Won by A. F. Nye, '14, 1 foot; second, T. Jewett, '16, 21-2 yards. Time, 47 1/5 seconds.

1,500-yard-Won by C. H. Leeler, '16, 5 feet. Time, 6 seconds.

880-yard dash-Won by H. S. Wilkins, '14, 4 seconds; second, E. Shute, '16, 5 feet; third, J. W. Nye, '15, scratch; fourth, C. B. Loo, 16, 6 feet. Time, 6 seconds.

Shot-put-Won by R. Freeman, '14, 1 foot; second, T. Jewett, '16, 21-2 yards. Time, 6 seconds.

1,500-yard-Won by A. F. Nye, '14, 1 foot; second, T. Jewett, '16, 21-2 yards. Time, 47 1/5 seconds.

1,500-yard-Won by C. H. Leeler, '16, 5 feet. Time, 6 seconds.

Shot-put-Won by R. Freeman, '14, 1 foot; second, T. Jewett, '16, 21-2 yards. Time, 6 seconds.
