FRESHMEN PLAY "SOMERVILLE TODAY"

Athletic Association again this year—you subscribed for THE TECH? Read on...

At 2 o'clock this afternoon the freshmen will line up against the Somerville High School for their first game of the season. Coach Cuddy has prepared in such a short time a team of very good standing, and he hopes to bring home victory in the first game. Somerville High School always turns out a strong team and a large number of rooters and the athletes will have to exert all their knowledge to score. Many exhaustion have already said that they will be on hand to root and more will be necessary to overcount the home rooting at this school.

The line up of the Freshmen team: male captains—Krikal v. r., Warren c., Mann, i. l., For t a t. i., Murphy, q. h., Peper, j. h., cap tain, Roger s. r. Miller, f. h.

Substitutes—Neill, Elfrath, Scudder, Costello, and Lieber.

The game tomorrow will start promptly at 1 o'clock. The men and women team will take a car from Whistler street and transfer at Haymarket for Sullivan school. The rooters will take a car marked Clarendon Hill and go off at North street.

FRESHMAN MEETING

Constitution Is Accepted—Men Wanted For Teams

At a meeting held yesterday afternoon Dean Burton gave an excellent talk on Athletics at the Institute. The constitution was read and adopted and the President of the Tech Team and Managers of all teams urged the coming out for athletics. However, the freshmen team is especially weak and a general call was issued for more in the three big events which take place on Field Day.

Dean Burton urged every man to take part in athletics and hoped that nothing but harmony would mark the meeting of the present season.

After the Dean's talk the Constitution of 1914 was read and accepted as suitable for the needs of 1915. Those interested followed talks by Captain Germain of the Institute Track Team and Managers of all other teams. In their speeches of their respective activities, all stating that there are chances for good men.

THE TECH CHANGES CLASSIFIED "ADS"

All Classified Ads That Concern Ten Men or More to Be Free.

In its usual custom of assisting the various activities by giving them sufficient publicity to bring about some interest from students, the Institute, THE TECH, has inaugurated a new system with respect to the publishing of classified ads. Such activities as the Musical Clubs, the Little Team, the Have and Have Nots and others, should prove of great importance.

The proposition is to permit the publishing of all classified ads that pertain to the sport of more than ten men absolutely without charge. This new plan will mean a saving for the activities and also, that more advertising, at this time, is becoming more urgent for all men to read these ads. (The paper, for all will find something in it.) In that manner, these ads will perhaps well known that all classified notices are published in THE TECH, and that it will not be taken for granted that any student finds it necessary to read. The advantage of saving in a section of the paper, that is perhaps read read by any other, is evident. If an article is lost or a suit is to be seen, something in it that may concern the reader may be posted in the Union notice board.

GOLFERS MEET MONDAY

Men Interested in the Sport Will Assemble in Rogers 21.

President Howlett of the Institute Golf Club called a meeting for all men interested in golf for this week. Monday, October 1, in Rogers 21 at 1 o'clock. This is the first meeting of the club and plans for the year will be discussed. Various things of importance are to be brought before the members, among which are the formation of a team to compete with outside clubs, the arranging of tournament and the resting of a suitable course.

It is generally hoped that other classes will be formed from the Athletic Association again this year—unless possible, one for each class.

UNDERGRADUATE TRACK MEET THIS AFTERNOON

"T" Men Barred, But Act As Officials—Relay Race For All Last Event.

The Tech, beautiful at 2:10, will be held the first of a series of three meets between the athletes who have yet not worn their "T." All classes are eligible except the "T." Men. The field has been put into line shape by Bill Bisines and the track is very fast. Several promising candidates have reported in the past few days, which makes it look as if good "Varsity" material would be unearthed.

The events will be run off in the usual 110, 220, 440 and the half mile. These events will be the discus and hammer throw, high and broad jump, shot put and pole vault. It is in these latter events that the press of men will be very tough. All of the weight and good men with the exception of McLeod, the discuss thrower, have graduated, which means that "Varsity" material for the spring season will have to be developed. The team in especially weak in the pole vault and broad jump, and in some of the events that men will find every opportunity to earn their letters.

A number of men have appeared for the runs and it looks as if those by the old men experienced in track will win.

Three points will be awarded to the winner, 2 to the second, and 1 to the third. These points will be summed up at the last meet and prizes will be given to the greatest point winner and to the men in each event.

The regular events a relay race will be held between all the teams competing in the previous runs. There will be two teams, one composed of the freshmen and the other of Juniors and Freshmen. The race will undoubtedly prove amusing as its weight men and field men will be mixed in with runners. After this event the last of the regular track events will be given by Captain Germain in the dressing room. He desires that the competitors will remain to hear what he has to say.

Pictures of the finishes and other interesting parts will be taken by the official photographer, E. C. Taylor, and will be posted in the Union next week.

MAIL MATTER AT CAGE

As usual at the beginning of the school year, it is reported that students are neglecting to call at the Cage for mail. This has resulted in the accumulation of a considerable amount of mail matter, some of which soon becomes difficult, cause of the numerous delays to students in line.

Hines and the track men are especially weak in the pole vault and broad jump, and in some of the events that men will find every opportunity to earn their letters.

Golfers Meet Monday

Men Interested in the Sport will Assemble in Rogers 21.

President Howlett of the Institute Golf Club called a meeting for all men interested in golf for this week. Monday, October 1, in Rogers 21 at 1 o'clock. This is the first meeting of the club and plans for the year will be discussed. Various things of importance are to be brought before the members, among which are the formation of a team to compete with outside clubs, the arranging of tournament and the resting of a suitable course.

PROGRESSIVE CLUB
GETS GOOD SEND-OFF
Organization Committee to Form
Constitution—Talk Well
Received.

Mr. Russell A. Wood found a crowd
of about a hundred and fifty men in the Union wait-ing for him to speak
on the opportunities for the Progressive
Club to show their interest in the party. He proposed that men who
were not able to vote this election might at least help at the polls,
while those who were living here last April, and are over 21, are
called to vote for the candidates that are running. He asked
the men who were willing to do this work to give their names to
Shawbury. About Thirty men signed up to do this work.

The meeting nominated the follow-
ing men to form a committee to or-
orate the club: C. A. Shawbury, secre-tary, the other members being O. R.
Freeman, M. J. Baynard, T. D. Pur-
sons, L. R. Todd: the C. C. A.;
H. P. Kennicott, M. A. Oyttenger, T. A.
Putnam, 91, A. C. Witherspoon, and
Hastie. These men held a short meeting after the talk, and they will
meet again in the Union Monday at 7 o'clock.

MUSICAL CLUBS.

First Meeting to Be Held Tuesday,
at 4 P. M.—Open to All.

At a quarter past four next Tues-
day afternoon the first meeting of the Arienat Clubs will be held in the
Union to discuss plans for the coming season, which promises to be the big-
est and most the clubs have ever had.

This meeting is an open one and all men interested in the clubs in any
way, especially men, are earnest-
ly urged to be present. The man-
ner in which the separate clubs will
settle their plans, and the qualifications
for membership will be fully ex-
plained. The number of men to be
admitted this year has been greatly increased, so that anyone who has
any musical ability whatever stands a
good chance of making one or the
other of the clubs.

The trials will be held next
Wednesday and Thursday, for

Mandolin Club—Wednesday, Oct. 9,
at 4 P. M.
Banjo Club—Thursday, Oct. 10, at
Glee Club—Thursday, Oct. 10, at
4:15 P. M.

INSTITUTE COMMITTEE.

First Meeting on October 8th—
Important Affairs Arise.

At the first meeting of the Execu-
tive Committee of the Institute Com-
mittee, yesterday, it was decided to
hold the first meeting of the Institute Com-
mittee on Tuesday, October 8, at
Room 8, Eng. C. The

and the Service is yours. All men on these streets who have lought
Subscription Books, can have this service by turning in Book to us
with name and address.

MAIN OFFICE: 33 STATE STREET

Guess I'll have to see "Good Old Burke the Tailor" pretty soon.

That big brother of mine told me to be
sure to call on him at 18 School St., or to see
his man, Tom Hayes at 84 Washington St.,
as soon as I landed in Boston, and the bunch here
tell me that was good dope.

THOUGHTS

The distinct improvement in sanita-
tion conditions around the school
every year, that prevailed last year is
a matter that the student body might well take credit for itself.

Whoever was responsible for the placing of trash in the various
bivouacs throughout the Institute de-
erves the thanks of us all, and from
the many instances we have heard
tered we judge that telegraphic waves of gratitude must be reaching
him from all quarters.

We hope the good work will be con-
tinued, and several other things that need rectification will soon be the
objects of the same attention that has
attended so exceedingly to our ablity
needs.

EUROPEAN AND AMERICAN PLANS

HERBERT B. BARNES, Proprietor
SEVERAL SOCIETIES HAVE BEGUN WORK

The Early Birds Have Already Begun Collecting Dues.

At this time many of the professional societies and clubs of the Institute are beginning their year's work. The first meeting of the year will be that of the Elia Club, which opens this noon at 1. The Chemical Society and the Civil Engineering Society held officers' meetings Thursday, and both are planning meetings in the near future. The Cosmopolitan Club is going to make its plans for the year at a meeting Sunday.

The officers of the Wireless Society have already begun a meeting of the New England Wireless Association that was held last week and they have arranged to have the next meeting at the Institute. The Association is the result of the ninety-ninth year for a cooperation among the amateur Wireless Clubs and the M. T. T. Club is represented through its president, M. A. A., who is the treasurer of the Association.

The Catholic Club has made plans for a meeting in a little more than a week. The Biological Society is obtaining many members through the activity of its officers in obtaining dues.

There are several other societies that usually begin active work early in the school year, but so far nothing has been heard from them.

T. C. A. RECEPTION

(Continued from Page 1.)

The Early Birds have already begun collecting dues, and one for the box set were a royal opportunity to meet Dean Hurson, Major Cole, Professor Talbot and Coach Ramaly. The wearing of the official red and gray buttons, the official insignia of the Institute, was urged upon the new men. He spoke against the politics that have made a few of the elections in the past disagreeable, and expressed the hope that that feature will be eliminated. Mr. Peck ended his talk with the admonition to be sure and mix with other students and in this way become broader and bigger in every way.

The quartet then sang two selections, which were very warmly applauded.

E. B. Germain, '13, gave a talk on athletic activities at the Institute, taking up the different sports and explaining the advantages of each. He urged the new men to try out for the field day teams, saying that good material among the freshmen was very often discovered in this way. He pointed out that the track work, as a cross-country, barn and bounds and relay was essentially valuable. His talk was valuable throughout and much appreciated.

After the quartet had again favored the gathering with two more songs, Mr. L. H. Talbot, of the T. C. A., spoke on the aims of the organization. He emphasized the value and need of the development of the intellectual side of the student, and service to humanity. He urged attendance at the discussion groups which are to meet twice a week. He announced that the speaker at the Thursday noon talk next week would be President Martin of Boston University. Mr. Talbot heartily welcomed the fellows and extended his help to the men at any time.

Refreshments were then served, followed by an exchange of good humor and the Stein Song.

COMMITTEE

(Continued from Page 2.)

All the standing committees will be expected to report and action will be expected to be present. Any business may be left at the Cage for the treasurer.

Technology Men will make no mistake in depending upon this Great Store for the Newest and Best Ideas in Clothing, Hats, Shirts, Haberdashery, Shoes, Hosiery and in fact everything—that has a place in the College man's wardrobe.

All Men's Goods are in our men's store section separate from other parts of the store and having direct entrances from Iron and Summer Streets.

RIFLE MEETING TODAY

All Men Who Shoot Are Invited to
Meeting This Noon.

The Rifle Club of the Institute is
holding an important meeting at 1
o'clock in 36 Rogers. The men who
were members last year would like to
have all men, especially Freshmen,
who are interested in shooting, to
come to the meeting. The practical
business will be to elect officers for
the coming year.

If the membership of the club be-
comes sufficiently large and represen-
tative there is a possibility that the
Military Science Department will
turn over to the club all the rifles
practice that has in past years been
connected with the instruction in
military science.

A few enthusiasts have already
had outdoor practice at Watertown.
Next week the shooting will begin
for all those who can get time.

JUNIOR CLASS NOMINATION pa-
ers are due a week from Monday.
All nominations must have ten signa-
tures. (12:10)

I HAVE one large, light room, fur-
nished, for two men. Private family.
Slable laundry, with hot water al-
ways ready. Near Symphony, Opera,
Mechanical Building and Fenway.
Twelve minutes' walk from Tech.
Call any time. George T. Matthews,
57 Westland Ave., Back Bay.

FOR RENT—One small room, $2.00,
or with board, $2.00 a week. Mrs. H.
G. Atwood, 32 St. Botolph St. (4:27)

ELECTRICAL MAN OFFERS RE-
MUNERATION FOR STUDENT.

Student for two or three hours' work
in the week. Competent in appli-
cable electricity. Work to be done at
home. Easy mathematics.

CLASS OF 1913 NOMINATION pa-
ers, signed by ten members of the
class, must be left at the Cage be-
fore 4 P.M., MONDAY, Oct. 14, for
the 1913 Election Committee. (6:7)

FREE TICKETS to the Museum of
Fine Arts for the year 1912-13 will be
issued to students upon application
at the ticket office at the entrance
to the Museum. (6:4)

DRESS SUIT. Anyone interested in
getting a tailor-made dress suit, prac-
tical new, to fit a man 5 feet 6 inches
in height, must be left at the Cage be-
fore 4 P.M., FRIDAY, Oct. 15. (6:18)
