ment of Harvey S. Benson, M. I. T..

 Term's Work of Course IV

An exhibition of problems in Archi-
tectural Construction and Design will
be held on the fourth floor of the
Pierce Building until after "mid-

year." Practically tile entire term's
work is very varied, and the stu-
dents have dealt with landscape prob-
lems.

PROF. CURRIER ILL.
The students of the Institute will be
 glad to learn that Professor Currier
will be able to meet his classes the lat-
ter part of this week. Professor Cur-
rier has had a severe attack of the
grrip and has been unable to meet
his classes the past three weeks. His
recovery has been very rapid the past
week and he was able to arise yester-
day.

MANDOLIN REHEARSAL.
The Mandolin Club will have two re-
hearsals on Monday, January 6, and
Friday, at the regular time, in the
Union. It is very important that ev-
every member be present as new mus-
ics will be given out and as there are
many matters to be discussed.

TRINITY RECEPTION.
Afternoon, from 4 to 6.30 P. M.,
tere will be a reception at the Trinity
Hotel,Frankfort, Ind., for students of
all classes who are interested in the
work that are doing are invited.

When in need of anything, no mat-
ter how small, it is wise to patron-
ize our advertisers.
GIFT FROM THE WEST.
Puget Sound Club Gives Flag Staff for New Campus.

The Institute is not to be without a reasonable gift just to know that it is Christmas time, for from the West Coast there comes word of a novel memorial. It is to be a flag and the biggest flag box of Oregon pine that can be found, which is to be shipped around the Horn. "A gift from the Northwest to the Campus by the Brothers." The gift originates with the Tech Club of Puget Sound which is heartily seconded by the Portland Association. In this latter, Messrs. H. and D. are represented and Oregon joins hands. The gift has more of significance than a mere momento, for these splendid sticks are not to be bought for a song. The one that is standing in Franklin Field cost not less than $1,500, and in the Western Technology men will not be content to stop here, but will get the very best to be obtained. Such a gift goes hand in hand with the one announced last year at this time, that of two or three thousand dollars for the addition to the Institute navy, which has now been built and launched and has done a season's work full of value, namely, the tiny bay tugboat, which the "Pilton" in reality is.

WALKER MEMORIAL.

(Continued from Page 1.)

The Walker Memorial therefore will be a gentleman's club house, where student gatherings, both large and small, may be held. It will have accommodations for large and small dinners, dances, shows, receptions and converts. Offices for all the important student organizations will find a place there. There will be lounging rooms, a library, a reading room, a billiard room containing tea tables, a trophy room, billiard room, and a grill room seating room containing ten tables, a trophy room, and the critical part approaching, the student gatherings, both large and small, may be held. It will have accommodations for large and small dinners, dances, shows, receptions and converts. Offices for all the important student organizations will find a place there. There will be lounging rooms, a library, a reading room, a billiard room containing tea tables, a trophy room, billiard room, and a grill room seating 750. Such a gift goes hand in hand with the one announced last year at this time, that of two or three thousand dollars for the addition to the Institute navy, which has now been built and launched and has done a season's work full of value, namely, the tiny bay tugboat, which the "Pilton" in reality is.

The Walker Memorial was treated in accordance with the Institute buildings and will be situated so as to have a commanding view of the river front. Its administration will be that of an organized club, with an active membership to include all male undergraduates.

In short, the Walker Memorial will be a home felt want in Institute life, and the present undergraduates at Tech are to be congratulated on the fact that they may watch grow on the opposite bank of the river the best student bath houses in the country.

C. C. KERROY, '12.

CLASS BASKETBALL.

Schedule of Junior Team Announced—Good Prospects.

With the season well under way, and the critical part approaching, the basketball teams of the different classes are hard at work. Practice is being held regularly in the Gym, and each team is trying hard to keep up the good work which they have done so far. The season does not reach the middle of March, so there is still an opportunity for new men to come out.

The teams have all been very successful so far, but are now reaching the harder part of the schedule, and the remaining games will probably be more closely contested.

The schedule of the 1914 team is as follows:

January 4—New Hampshire State College.
January 5—Western Athletic Club, Boston.
January 10—Key College, Colby.
January 13—Columbia Academy.
January 19—Western Athletic Club.
February 13—Brooklyn Y. M. C. A.
March 5—Newton A.

The schedules of the other teams have not yet been completed.
TRAVELING UNIVERSITY.

Of the many plans for extending the influence of State universities, the project of the University of Minnesota is particularly novel and is accomplishing much definite good. This plan is something more than university extension. To all intents and purposes a portion of the university is temporarily detached and sent to other parts of the State, thus actually extending the work of the university well and favorably known where it has before been known only vaguely, or even mistakenly; it will break down the already weakening barrier of educational exclusiveness, and, more important still, it is one more link in the chain of rural betterment.
