THE HOCKEY TEAM LEAVES ON TRIP

Our hockey team leaves this morn-
ing for Camp Durrell, where it will
play Williams. It is not the first trip
from Amherst of a game with the
Amherst men, and there is no doubt
on account of financial difficulties of the
Amherst, a third game, which was
to have been played with Harvard, has been
postponed until some future date,
because the teams will play off a tie with
Princeton. From the good show-
ing which the team made on its last
tour, we think they will enjoy the poor
country for this one. The probable lineup is
as follows: Ramsey, g.; Richmne, p.;
Foote, r.; Gilmore, w.; Fletcher, f.;
W.; Fletcher, McLeod, l. w.

COMMUNICATION.

To the Editor of THE TECH:

Dear Sir,—In replying to the com-
munication from "Cynicus," let me
first thank him for his interest in our
school, and secondly, to say that in our school we
cover some of the most important points in the
enrolled constitution.

He first asks "whence proceeds it," if any,
does the present Institute Com-
mitee stand up, that is to say, the history of the formation of the committee, we
can only say that a number of years ago, there was an effort to
feel the need of some central govern-
ing body. The Institute was got
formed, and the Institute Com-
mitee. Its purpose and place in the
life of the student user was not questioned at that
time, and it soon became a recognized
body. Its membership grew from time
to time, as new activities were
formed, and so we would have been
accepted.

Cynicus' question is the very ques-
tion that gave rise to the proposed
constitution. We looked around for
the best way the committee could stand
and falling to find it, we adopted it, so that from
now on the committee would be a
truly established and authorized body.
We feel that if the constitution is
adopted it will provide the necessary
rights that Cynicus has questions.

He next asks, "has the committee
a definite place in the undergraduate
life, or do they seem to be too poor to
survive?" This last is a question that may
be asked of any committee, and that is
where the success of the committee stands, and failing to find it,
we have been taken by the committee in the task
have been accepted.

We hope the committee will provide the necessary
right Cynicus has questions.

MANNOL CONCERT.

The Mandolin Club is held at Worcester these
days. The big concert at
Chelsea takes place on February 22, and
the Mandolin Club has in preparation. A bunch of new music
has been secured, and the rehearsals have
begun, and the concert is to be given in two
weeks. R. H. Dickson, '14, who
succeeded "Boat." "Boat," and gives the
expect great things for the club this
term in the way of concerts.

PUBLIC SERVICE COMMISSION TALK.

Mr. McClellan Spoke Before Electrical Engineering Society.

Mr. Wm. McClellan, of the Second District Public Service Commission of Massachusetts, had a very interesting talk that evening before the Electric
Engineering Society on "Public
Service Commission Business." He said that
ordinary business is an exchange of
means by which a man who wants
something can get it. In public serv-
vice, however, business becomes more
complicated. Here the public is
usually compelled to take what
the corporation offers, and the corpo-
rations what the people offer.

He said that a Public Service Com-
mision exists in two principal ways in
the regulation of capitalization and
rates. Capitalization is controlled to
the extent of retarding or promoting a
corporation to have its property out
of proportion to its capital. The Com-
mision's authority does not fix its
value in any way in accordance with
certain conditions. The two principal conditions are that a
commission shall receive proper
for his labor, and that a man shall receive
propert for his capital. Failing to
rat is not a wise plan, as it
is
seriously to destroy the incentive to be
served. However, if a man is to
become a public servant it
is
of a decision is composed of
five men, all who sit as a jury, but
make a jury, the commissioners de-
cide the cases, the corporation is
their own questioning. The case is
judged upon its merits. If a
suitable settlement is not reached
when the decision seems unfair to the
company, the case may be appealed
to higher courts. The court main-
ains jurisdiction in deciding that
situation. As a result companies see that
the people are backed by a company
money and is not only receipt, management
money wants all it can get, and the people, who
give up money, there is
only
stands the management. The
management looked to the stockholder; it
now looks to the people as well as to the
people to whom it now finds itself
responsible. The Commission

Many Articles Lost.

A large number of articles have been lost in various class buildings of the Institute during the past term. These articles
are to be taken to the office, where they can be had upon the
identification of the owner. Eusar
Henderson will list any men who
have lost text books, note books or articles
of importance. The list will

Officers for Coming Term Chosen After Dinner in Union.

The Masonic Club, which was re-
established at the Institute this
year, held an important meeting last night in the
Union. After an excellent dinner, which was attended by over thirty
men, the club elected its officers for the
coming term. H. E. Woodley, 14, a course I man, is the president;
J. S. Wood, 14, of course IV, is the vice-presi-
dent, and L. L. Dunnington, 14, is the secretary-treasurer.
The next meeting of the club will be in

FRESHMAN TRACK TEAM TO MEET LOWELL HIGH
Meet Will Take Place Saturday Evening at Lowell—Many Candidates.

Saturday evening the Freshman team will journey to Lowell, where they will meet the team representing Lowell High School. This meet will take the 2:27 train for Lowell, and the names of those who are to make the trip will be announced in Friday's issue of THE TECH.

This meet is very important, since upon its outcome will depend the ability to schedule meets with other and better schools. At present the team is an unknown quantity, but if the Lowell meet is won the manager will be able to schedule meets for which he is now negotiating, namely, with Hackley High School, Milton High School, Boston College High School, and Tufts. In addition to these events he will try to arrange meets with Newton High School and several of the best school teams in this vicinity. Also, if the showing made in all these meets is good, awards may be awarded to the man making records. The quality of the Lowell meet will be thoroughly tested on the individual winners, and a silver cup for the winning team.

In the 60-yard dash Captain Adams, Hine, Conklin and Reed are the men who will probably make the trip. For the hurdles, Adams, Childs, and Hine and Libber are showing the best form. In the 220-yard run, Adams, Conklin, Reed and Hine are again the ones who will probably go. C. T. Godshalk, Dean, Reed and Roger have the best chance in the 600-yard dash. Hine, Libber and C. T. Godshalk are all showing well in the shotput. In the high jump, Garrita is in good form, and the others who will make the trip will be selected from Clarke, Aune, Carr and Childs.

SOPHOMORE BASKETBALL

Game Coming Saturday Night
With Fort Warren Team.

The Sophomore basketball team is now in pretty good form, after having played with the Fort Warren quartet last Saturday night. The lineup will be practically the same as last week, with the exception of Hildebrandt for Dalton, who is absent, and possibly "Johnny" O'Brien as a substitute. If he is unable to play, one of the Fort Warren quintet next Monday will probably go. If Captain Adams, Dean, Reed and Hine have the best chance in the 600-yard dash. Hine, Libber and C. T. Godshalk are all showing well in the shotput. In the high jump, Garrita is in good form, and the others who will make the trip will be selected from Clarke, Aune, Carr and Childs.
