Still an Opportunity for Many Freshmen to Enter New Class.

The class in Freshman English which is to be held in connection with this TECH term will have its first meeting this afternoon at 4 o'clock. Those who have not registered for the course, but who wish to take it, are requested to report to Mr. Tipton as soon as possible.

TEN THOUSAND TONS ORE IN TEN MINUTES

Movies in Huntington Hall Tell Story of Iron and Steel Industry.

Over three hundred institute men and their friends gathered in Huntington Hall Saturday afternoon to see films depicting the ore bodies of American steel industries. The lecture was given by Mr. Tipton, professor of mining engineering.

MANY CANDIDATES AT TECH SHOW MEETING

Many Girls Are Needed For the Cast—Manager Fiske Outlines New Features.

The meeting of candidates for the cast and chorus of Tech Show, held Saturday afternoon, was well attended. The men were received by Mr. Fiske, who proceeded to make them an address in which he told of the policy to be pursued by the Show. This policy, he declared, was to make the show as entertaining as possible, and to give the audience as much enjoyment as possible.

FRESHMAN TRACK TEAM LOSES TO LOWELL HIGH

Are Defeated by Score of 40 to 32—Davids and Benson Elected for Freshmen.

In its first meet of the season, on Saturday afternoon, the Freshman track team met and defeated the hands of Lowell High school, scoring 40 points to 32. Before the last few events the score was close, and indeed many freshman were not sure that they would win.

TECH HOCKEY

The Tech hockey team played their second game of the season against the Boston University hockey team at the Boston Sports Club. The game was played under conditions similar to that of the first meet.

CHESS CLUB MEETS.

To Consider New Matches—Simultaneous Match Friday.

A meeting of the Chess Club was held in the Union. This is the first meeting since the conclusion of the tournament last fall, and the matter of chess matches for the present term are to be considered. Challenges might be sent to both Brown and Amherst, but nothing has been heard from either as yet.

A challenge, however, has been received from Harvard, and the second round for a return match in the simultaneous match has been decided but will be probably competed at tomorrow's meeting.

This Friday evening the club play a simulataneous match with Mr. Ken- nedy of the Boston Chess Club. This session is to be on the whole club, advancing from man to man and playing each man in turn. Mr. Ken- nedy is a chess player of considerable reputation, having made sixth place out of the two hundred competitors in an All-American match. Though our club has no experience of winning, the officers say that they hope to score at least a draw for the club.

The arrangement, were possible, the Union might consider employing ten men at one for the time being.

Scullin, Snow and Neuman each played a star game for the Sophs. All the men played a strong, aggressive game, and at no time was the outcome of the game in doubt. The following five men made the trip: Morse (Capt.), Snow, Neuman, Colby and Wilson.

REV. H. W. STEBBINS
NEXT T. C. A. SPEAKER

Chaplain of State Prison to
Speak on Interesting
Subject.

For next Thursday’s speaker the T. C. A. has been fortunate in securing the Rev. Herbert W. Stebbins, chaplain of the State prison in Charleston. His last year was well received and proved of interest to all because of the varied experience of the speaker. As a result of his visit to Technology last year the Glus Club offered its services to entertain the prisoners confined at Charleston.

He will speak this year on the subject, “Why Men Come to Jail.” He is a man who sees in the convict, not a hopeless criminal, but a man who at the deciding moment failed, and needs a lift. In the years that he has acted as chaplain he has worked with that principle constantly in mind, and the classes that he conducts for the prison for men, to teach them something that will be of use to them when they are again free, are monuments of his good work.

The fact that he has met so many men who have failed in every run of life makes him a man able to give advice to college men who are about to start out in a new life.
