CROSS-COUNTRY RACE
SATURDAY, NOV. 16

N. E. I. C. A. A. to Hold First Run Over the Tech Course at Brookline.

At the last meeting of the N. E. I. C. A. A. it was decided to hold the first annual cross-country run over the Tech course on November 16. The race will start at Tech Field and wind up over the hills, for the Jamaica Pond roadway towards the Backalls Country Club. Here the men are over half of the course that was used last year by the I. C. A. A. A. in their run, and back over the Sargent estate and up over Lila Austria's hill, and thence back to the Field.

PROSPECTS ARE GOOD FOR MUSIC CLUBS

May Have Trip at Mid-Year—Chances Good for New Men.

Excellent prospects for this year's Musical Clubs were developed at the meeting yesterday. About fifty men turned out, practically all of them being new candidates. This means that when the old members come out at the trials, the number of men will be greatly increased. About the competition, however, need not alarm anyone from coming out, as the membership of the club is to be reduced from forty-five to about seventy-five, making the possibilities of the club.

At the meeting yesterday the leaders of the several clubs gave short talks, and the general manager reviewed the prospects for the year. He mentioned, among other things, that a trip for the clubs at mid-year is not unlikely, though this is as yet uncertain.

The management wants all men, old and new, to be sure and come out for the trials, the Varsity Club to-day and the Monday night. The time of the Glee Club trials cannot be announced for a few days, as arrangements with the coach are not yet completed.

Incidentally, the clubs are in need of a student reader. The management would be glad to see anyone who is at all gifted in that line.

were a Single Tax, a Tag Day, a National Entertainership by the Cosmopolitan Club, and a Minstrel Show.

The meeting decided to leave the matter to a committee of three, who are to report at the next meeting on the best method for raising money for the Athletic Association. The members of this committee are: E. W. Brewster, 1913, chairman; E. M. Germain, 1913, and H. A. Balicko.

A motion was passed that a committee of three be appointed to look into the matter of adopting uniform minute books for Institute activities, and that this committee call a meeting of all secretaries of activities for this purpose. The chairman of this committee is J. S. Stewart, 1912, and his associates are: L. H. F. Hamilton, 1914, and R. C. Thompson.

The chairman of the committee in charge of "Concerning M. I. T." reported that the book would probably be ready within a week.
