

THE TECH

VOL. XXXIII. NO. 10

BOSTON, MASS., SATURDAY, APRIL 12, 1913

PRICE TWO CENTS

FRESHMAN DINNER IN THE UNION TONIGHT

Dean Burton, Prof. Hayward and Prof. Miller to Be Speakers.

The much-talked-of and written-up Freshman Dinner comes off tonight at 7 o'clock in the Union. The Freshmen expect to celebrate their prospective victory over the Sophomores at this time. The Sophomores, on the other hand, claim that it will be a splendid opportunity for the Freshmen to mourn over their defeat.

The committee thinks that it has been exceedingly fortunate in securing Dean Burton, Professor H. W. Hayward and Professor E. F. Miller to speak at the dinner. The Dean, in their opinion, needs no introduction to the students, and they claim that the other two speakers are to be equally as good.

One article on the menu which the committee thinks will be sure to interest those who are to attend the dinner is roast chicken. Other features which, in the opinion of the committee ought to arouse some good "Tech Spirit," are the orchestra and the copies of the Tech songs which they intend to provide.

Chairman Sully urges all Freshmen who have not yet bought tickets to do so at once. These tickets may be obtained at the Cage.

PRACTICE POSTPONED.

Bad Weather Makes Freshman Practice Impossible.

Yesterday's Freshman baseball practice had to be postponed on account of the rain. The next practice will be held Monday at 4 o'clock. Despite the lack of practice the team is progressing rapidly. Smart will probably start the first game in the box, with Capt. Murphy, the quarter-back on last fall's football team, behind the bat. The loss of Connolly, who was out for the backstop position, has been very severely felt. On account of this loss Murphy had to assume the receiving end, although he is a much better infielder. The lineup at the present time shows DeMerritt at first, Morse at second, Tapley at short, and Petit, an especially fast man, at third. The outfield is composed of Rauson in left field, Stewart in center, and Krigger, the former Rindge Technical star, in right field. Burkhardt is a close second to Smart as a hurler, and Davies is ready to step into Murphy's place if necessary. Games have been scheduled with Rock Rindge Hall Cushing Academy and Powder Point School. Manager Woolley also has several more games in view besides the regular Sophomore games. Capt. Murphy would welcome any men who still wish to come out, especially battery candidates.

ST. ANDREW'S SERVICE.

Because the third Sunday of the month is inconvenient for Tech men it has been found necessary to change the date of the Corporate Communion Service of the Technology Chapter of the Brotherhood of St. Andrew to Sunday, April 13, at 8 A. M. The service will be held in Trinity Church, and all Episcopalian students at the Institute are invited to participate.

SOPHOMORES MEET FRESHMEN TODAY

Track Stated as Being in Good Condition—Close Score Expected.

The Spring meet between the Freshman and Sophomore classes will be held at the Field this afternoon at 3 o'clock sharp. Since the admission will be free to all, a large crowd is expected to be present and to show some real class spirit. There is considerable rivalry between both classes. The Sophomores started off the season by cleaning up things on Field Day, but the Freshmen, in spite of their other defeat in the indoor meet, came back strong in the basketball and the cross-country run. Both teams are evenly matched for the meet today. The Freshmen are expected to take the first places in the runs, but the Sophomores are strong in the field events.

The hundred-yard dash will be a real contest between Barry, '15, and the two Freshmen, Adams and Loomis. Adams is a little off form but in spite of that should beat Loomis and come in about tie with Barry. In the 220, Adams and Barry will fight with each other again, and it should prove to be as good a fight as the run on Field Day between Curtis and Adams.

Baker and Reed will run against each other in the quarter, and Reed seems to be the one who will go to the tape first as he has been running steadily all season and did good work on the indoor relay team. Guething will probably win the half-mile, with Hill, '15, and Dean, '16, close on his heels.

In the mile run Benson, Wall and Zepfler are entered. Benson will undoubtedly take first, and Wall is slated for second place. Benson will probably repeat in the two-mile run, followed by Best, '15.

In the broad jump Ahearn seems to be the best with Baker the probable second place man. Hine and Comiskey are also good men. Teeson and Friebus of the Sophomores seem to have the call on first and second places in the high jump. Garita, Ober and Childs, of the Freshman team, will fight for the remaining place.

Laurason and Friebus will probably (Continued to Page 2, Col. 2.)

JUNIOR PROM.

Dance Orders to Be Made Up Today in Union.

Programs for the Junior Prom may be obtained at the Union today, from 12 to 1:30 P. M. All men who have signed up for Prom tickets, but who do not intend to go, should signify their intention of withdrawing to the committee before noon today. Those who do not give notice to the committee will be held responsible for the price of their tickets.

A new waiting list will be started today, as all who were on the old one have been supplied. Any one who wishes to attend the Prom, but has not yet secured a ticket, has a chance to obtain one by signing up on the new list today.

It has been suggested that all fellows who wish to make up orders and exchange dances meet in the Union today, at 1 P. M., near the Prom Committee table.

NOVICE WRESTLING MEET SUCCESSFUL

Goodell and Burnap Give Fine Exhibition in Finals of 145-Lb. Class.

Last evening, in the Gym, was held a very successful novice wrestling meet. About fifty fellows were present, and all enjoyed the bouts very much. The Chinese wrestling bout was once more a source of much laughter.

The first bout was in the 135-pound class and was a handicap one. C. H. Durkee, '15, was opposed by T. A. Ferrigan, '16. The latter was the heavier, and to win had to secure a fall. He was unable to do this in the six-minute period, and Durkee was given the decision. This was a preliminary bout. In the same class L. L. Connolly lost to R. G. Berger on decision in the full six minutes.

As only two men were entered in the 115-pound class they were allowed 15 minutes, the time for final bouts. B. R. Rosenberg, '16, was opposed by B. B. Levy. The latter was very fast, and succeeded in winning a fall in 2 min. 40 sec.

In a preliminary match in the 145-pound class, R. S. Burnap won from F. L. Cook on decision, the bout going the limit. This match was closely fought, with Burnap winning because of greater aggressiveness. In the second preliminary bout in this class E. B. Goodell won a decisive fall from L. R. G. Bousquet on a head chancery and bar-hold, in 50 seconds.

In the 158-pound class there was but one bout, which consisted of two six and one three-minute periods. R. B. Blakney, '16 was pitted against K. L. Harper, '16. The former showed greater offensive power throughout the match. Harper stalled almost the entire time, and lost on decision.

In the heavy-weight class O. M. Runels, '15, met C. G. Norton, '15. (Continued to Page 3, Col. 1.)

SOPHOMORE GAME TODAY

Sophs Meet Allen School at West Newton This Afternoon.

Today the Sophomores will play the first game on their schedule with the Allen School at West Newton. After several weeks of good, hard practice the team should be able to put up a convincing argument with their opponents. The Allen School has been coming to the front very rapidly in schoolboy athletics in the last few years, and now they rank among the best teams in the State. The outcome of the game will be interesting in that it is the first of the season with a very good schoolboy nine. The match will probably be a close one, with the odds slightly in favor of the Sophomores. The 1915 squad has been very much strengthened by many new men who did not come out for last year's team. The result has been very gratifying and a strong team has been developed. The batting order will probably be as follows: Thomas, r.f.; Franks 3b.; Morse, l.f.; Caffrey, s.s.; Bauer, 1b.; McIntyre, c.f.; Place, 2b.; Hall, c.; Sears, p. In addition to the men mentioned in the lineup Manager Thomas wishes H. J. Murphy, Delano and Langdon to report at the Union at 1:30 this afternoon.

LAST CHANCE TO GET CONCERT TICKETS

Tickets Must Be Called For This Noon in Union—Programs Now Obtainable.

The sale of tickets for the Spring Concert, which is to be given next Wednesday evening by the Musical Clubs, practically closes this afternoon. All the men who have signed up for tickets must call for them this noon, some time before 1:30 o'clock, at the table in charge of the Ticket Committee. If not called for within the time specified the tickets will be forfeited. The committee wishes to emphasize the fact that today is the last day to obtain tickets, as no further opportunity to do so will be given. Positively no tickets will be sold at the door. The men on the waiting list who want them can obtain tickets today at 2 o'clock, in the Union, and on Monday during the noon hour.

The clubs have had very neat and attractive programs made and have now placed them at the Cage. Men presenting their tickets at the Cage can obtain copies of the program, beginning with today.

One of the features of the musical program will be the selections by the vocal quartette. This quartette in itself is a star attraction. The four men have been singing together for (Continued on Page 2.)

LINE-UPS ANNOUNCED.

Tech-Technique Game to Be Played Wednesday.

The final lineup for THE TECH-TECHNIQUE baseball game, scheduled for next Wednesday, has now been divulged. For the former team the pitcher will be Goodell; catchers, Peck and Carr; first base, Townsend; second base, Barry and DeMerritt; third base, Loomis and Thayer; short-stop, Waitt and Carr; left field, Best; center field, Kaula and Wright; right field, Lamb and Jewett. The TECHNIQUE team has Morrison in the pitcher's box, Gordon White at the receiving end, Salisbury at first base, Beach on second, Southerland on third, Dorrance at short, Deaslee in the right garden, Dawson in the left garden, and Whitten center. All advanced dope on the game seems to point toward a "whiz of a struggle," with THE TECH slightly the better of the two. A large attendance is expected, as has been the custom in past years, if the weather favors the contest. Both managers expect their respective teams to report at 9:30 for the final practice.

WEATHER.

Forecast for Boston and vicinity: Probably rain today. Somewhat warmer.

CALENDAR.

SATURDAY, APRIL, 12, 1913

A communication, signed "Knocker," regarding the attendance at Institute Committee meetings in general, and in particular a rather severe criticism of the Athletic representative to this Committee, appeared in our columns a few days ago. In justice to this representative we feel that we should print certain facts which we did not have when the communication was printed, and with which the writer could not have been acquainted.

This member of the Committee has been under the doctor's care for some months and has been compelled to exert the utmost caution. While, perhaps, he should have sent a substitute to the meetings which he did not attend, the criticism was too severe and upon investigation we find that he kept himself informed of the proceedings of the Institute Committee which concerned Athletics. These facts have been brought to our notice by an interested Alumnus of the Institute, and we thank him for giving us this true insight into the matter.

TECH SHOW.

The Tech Show performance at Northampton last evening went off in great style, and we congratulate the management and the cast on their success. They have been through several weeks of hard and discouraging work but have come out with flying colors.

We regret that a detailed account of the Show could not be obtained in time for this issue, but next Thursday's performance will give everyone an opportunity to satisfy his curiosity.

TALK BY PROF. SEAVER.

On Sunday, April 13, at 4 o'clock, Assistant Professor H. L. Seaver, of the English Department, will speak on "Hardin, in the Department of Western Art, at the Museum of Fine Arts. The Art Museum management thinks that this lecture will be especially interesting to students of Architecture at Technology. There will also be another lecture at 3.15 by Mr. Harold R. Stiles, on the Special Exhibition of "Zorn Etchings.

SPECIAL MEETING OF INSTITUTE COMMITTEE

Ratification of List Submitted By the Tech Show Refused.

The special meeting of the Institute Committee which was called for the purpose of considering the nominations for the Tech Show staff was provided over by Vice-President Wyman. The question of advertising, of attendance at meetings, and of the objections to the accepted Constitution were considered.

The management of the Tech Show submitted a list of nominees through E. W. Brewster for the various secondary positions on the Show management, and asked for the approval of the Institute Committee. In view of the fact that the representative of the Show was not there and that the choices were not final, the Committee passed the following motion: "Moved, that the Institute Committee does not care to take action upon the list submitted to it by the management of the Tech Show, and that the list be returned to the senders."

Several activities who solicit advertising have refused to have printed the cards which the Institute Committee requested them to do at its last meeting. They take this action because they are not represented on the Committee. It was suggested that the members of the Committee see the men in these activities and explain to them the reasons back of the motion, and inform them that further action of this sort would make them liable to adverse action from the student body.

The election of G. P. Allen to the News Staff of THE TECH was ratified by the Committee. This election should have been ratified at a previous meeting, but through an error it was left out of the list which was submitted.

The chairman of the Constitution and By-Laws Committee reported that he would be able to give a complete report of the objection to the Constitution at the next meeting.

J. H. Lehmaier suggested that the question of imposing a more serious penalty for non-attendance at meetings be considered at the next meeting of the Committee.

The meeting adjourned at 5 o'clock.

1915-1916 TRACK MEET.

(Continued from Page 1, Col. 2.)

have a close contest in the pole vault, but the former has been practicing more than his opponent, and will probably win. Claussen, '16, is also to be counted upon in this event.

Curtis will probably have no difficulty in winning both hurdle races. His teammates, Foster and Teeson, are likely to take the remaining places, although Ober, '16, may beat one of them to the tape. Adams, '16 will probably take second in the low hurdles on account of his speed more than any hurdling ability.

In spite of yesterday's bad weather the track is in good condition, and "Bill" promises to have every thing ready for the record-breaking competition.

MUSICAL CLUBS.

(Continued from Page 1.)

the last three years, and with the constant practice and hard work which they have been doing in preparation for this event they promise to climax all previous performances. The quartette consists of the following men: V. M. F. Tallman, '14; K. C. Robinson, '12; G. A. Swenson, '13, and R. C. Doremus, '14.

The Spring Concert will be given in Copley Hall, on Clarendon street, Wednesday evening, at 8 o'clock. After the concert a dance will be held, and for this latter feature an excellent program of twenty numbers has been arranged.

The matrons at the concert will be:

MR. I. K. POND SPEAKS BEFORE ARCHITECTS

Interesting Architectural Talk Given Under Auspices of Society.

Irving K. Pond, a former president of the American Institute of Architects of Chicago, gave a very interesting talk before the Architectural Society in the rooms of the department last night, on the development of the higher ideals of Architecture since the time of the Egyptians. He illustrated his talk with rough but realistic diagrams on the blackboard.

Mr. Pond classified the principal considerations in the construction of a piece of architecture as purpose and order. The basis of all true work, that which makes life worth living, is Art. Art is the reconciliation of the struggle of life with the idea of beauty. Architecture is not merely building a house, but also making it a work of art. In architectural design every part should express the work it is doing. Thus, the fluting of Ionic columns shows that the force they are supporting is vertical. There is a great need of developing architecture which will express American ideas; which will express the idea of living—not to give away under the struggle of life, nor to ignore it, but to make a thing of beauty of it. The ancients made even war beautiful.

Mr. Pond has developed an idea of his own about decoration and formation of ornament which he is going to apply to the building of a City Club in Chicago, the whole idea being based on the attitude which the thinking Greek had in regard to Architecture.

After the talk the meeting was officially adjourned and refreshments were served.

WRESTLING MEET.

(Continued from Page 1.)

Runels had the best of the first six minutes, Norton apparently biding his time. In the second period Norton changed his tactics and secured a fall by a head chancery and arm bar-hold in 2:1-2 minutes.

G. D. Anderson, in the 135-pound class, won by default from Brooks. He then met Durkee, who defeated him in 4 min. 40 sec. by a fall secured with a half-nelson.

A bout of Chinese wrestling between C. A. Blodgett, '15, and H. G. Morse, '16, was next on the program, and provoked much merriment.

In the final of the 135-pound class Durkee was on the offensive throughout and secured a fall from Berger with a head scissors after 4 min. 56 sec. of the second period.

Cook then defeated Bousquet by a fall in an exhibition bout. The time was 3 minutes 23 seconds, and the fall was made with a half-nelson. In the 125-pound class H. G. Stewart was to have met W. D. Katzenberger, '14, but the latter failed to appear. S. Cohen of Chelsea, one of the guests of the evening, kindly consented to take the place of the missing man, and defeated Stewart in an exhibition bout. He secured a fall by a head hold in 1 min. 33 sec.

The best bout of the evening was the final of the 145-pound class, in which Goodell won a fall from Burnap with a head chancery after 3 min. 56 sec. of the second period. Burnap almost secured a fall on several occasions, but Goodell always managed to stave off defeat. In the second period Goodell was on the offensive more, although both did fast work.

R. S. Martin, '14, referee, and H. W. Treat, '14, was timer.

It is stated upon good authority that Connie Mack of the Philadelphia Athletics has been trying to sign up some of the members of THE TECH baseball team for next season.

Everybody wants to play third base on THE TECH and technique teams. Why?

COURSE IV TO COMPETE FOR FELLOWSHIP

Competition to Start April 21—Winner to Study Abroad One Year.

The Department of Architecture of the Institute is to hold a competition to award a traveling fellowship of one thousand dollars. The award is to be made solely on the basis of distinguished merit, as it is felt that the prize would thus possess a greater value for the advancement of architecture than if restricted to benefit only the student working for the Institute degree. Candidates therefore will be received from those students who shall have passed two consecutive years in the department within the last three years and at least one of the years in the graduate class. The candidates must, besides, have proved themselves during these school years to have been earnest students and of good ability. In lieu of a degree, the student to be eligible to take part in the competition must have a clear record in entrance examinations and descriptive geometry. No student, however, will be eligible who has already secured opportunities for foreign travel and study equivalent to those conferred by this fellowship.

The competition will begin April 21, at 9 A. M., and end May 27, at 8 P. M.

Competitors are first required to make a sketch "en loge" within a period of fourteen consecutive hours. The sketch must be carefully finished, and the competitor is required to preserve a tracing of it for his own use. The design must conform to the sketch submitted in the competition, and must be entirely the work of the competitor, and must be finished "en loge" in the department. Any advice or assistance from other persons may disqualify the competitor at the discretion of the jury.

The winner of the fellowship is expected to sail for Europe by Sept. 1, 1913, and to remain abroad a complete year unless otherwise authorized. He will travel and study under a program prepared in consultation with the Department of Architecture and the Faculty of the Institute. He will be required to make reports of his work at stated periods, and send to the Department of Architecture from time to time his drawings and sketches in order that the Faculty may have an adequate idea of his diligence. On his return he will be further required to exhibit in the department the work he has accomplished, from which the Institute may reserve as "envois" not more than four drawings.

All competitors must notify the Department of Architecture not later than April 17, 1913.

MOGULS DEFEAT MECCAS.

Yesterday afternoon the Moguls won four points from the Meccas by winning all three strings and the total. The individual scores are as follows:

| Moguls. | | | | |
|-----------|-----|-----|-----|-------|
| | 1st | 2nd | 3rd | Total |
| Mahoney | 88 | 82 | 85 | 255 |
| Pendleton | 89 | 97 | 66 | 252 |
| Bakeman | 96 | 88 | 98 | 282 |
| Connor | 87 | 81 | 98 | 266 |
| Lane | 127 | 64 | 71 | 262 |
| Totals | 487 | 412 | 418 | 1317 |
| Meccas. | | | | |
| | 1st | 2nd | 3rd | Total |
| Young | 85 | 70 | 84 | 239 |
| Woodcock | 80 | 89 | 78 | 247 |
| Smith | 87 | 83 | 98 | 268 |
| Metz | 95 | 95 | 76 | 266 |
| Dunning | 87 | 64 | 66 | 217 |
| Totals | 434 | 401 | 402 | 1237 |

The windows of Eng. A and Pierce will be nearly as crowded during the Technique rush as they were several days ago.

Some stunt, hey? Bursar Rand is going to umpire the big game.

L. PINKOS
COLLEGE TAILOR

338 Washington Street
 BOSTON

Harvard Square
 CAMBRIDGE

TO TECH MEN:-

If you are considering the purchase of Spring Clothes I ask you to inspect my line which contains the largest and best variety ever shown in Boston.

My prices are lower than ever offered by any other reputable tailor.

Eighteen years of experience making College men's clothes has well taught me the needs, desires and requirements of men who know clothes.

Why don't you become one of the thousands of pleased customers of this college tailor?

L. PINKOS,
 Tailor
