WRESTLING MEET

(Continued from page 1)

Rounds, a Freshman, made his debut on the mat against Bartlett, a member of the Associated Wrestling Association. Barttt, one of the strongest men on the opposing team, showed up superiorly throughout the first period, but Rounds managed to win with a half Nelson and cross hold. Time, 8 minutes, 35 seconds.

Manager Smythe-Martin quite outclassed a member of the opposing team. Potter's ability to escape from bad situations saved him during the first part, but Smythe pinned him in the second, after 8 minutes and 3 seconds, with a head chancery and arm hold.

Captain Kelly, "the undefeatable," gave what the spectators adjudged a re-exhibition of scientific wrestling in throwing Faulkner in 5 minutes, 52 seconds. Kelly used his favorite combination, the head scissors and "cleaner."

In the 145-pound bout, Treat of Tech, captain of last year's team, was matched with Pearson. Treat, like Meason, had not recovered from previous injuries, but he threw his man in 14 minutes, 55 seconds, with a head chancery and arm hold.

The summary:

Conrad, Bemis, defeated Meason, Techs, in 8 min., 40 sec.

Loo, Tech, defeated Bartlett, Marblehead, by decision in 15 min.

Rounds, Tech, defeated Bartton, Marblehead, in 8 min., 35 sec.

Smythe-Martin, Tech, defeated Potter, Marblehead, in 8 min., 3 sec.

Kelly, Tech, defeated Faulkner, Marblehead, in 5 min., 52 sec.

COMMUNICATION

To the Editor of THE TECH:

Dear Sir,—In your issue of the 19th inst. you state regarding the Student Volunteer Convention that the Institute was not represented at the Convention held four years ago in Rochester. All men who are now writing music are asked to bring around for consideration whatever work they have done. The management hopes to be able to hold the final competition the first of next week. As there are about forty men writing music at present, it is expected that the music of this year's Shows will be far above the standard of that of past Shows.

FALSE RUMOR LOWERS ATTENDANCE AT CLASSES
Report Circulated That Exercises Would Be Suspended A Week Ago Saturday.

On Friday, Dec. 19, late in the evening, THE TECH received a telephone message, purporting to come from Secretary James P. Monroe of the Corporation, to the effect that the decision rendered earlier in the evening had been reversed, and that exercises would be suspended the next day. The message came rather late, almost as the last copy was sent to printer, so that an article was hastily written and dispatched, with telephone instructions to the printer to run it in heavy type at the top of the page, in order that attention might more readily be attracted to it. Knowing how convenient it would be for many out-of-town men to leave for their homes in the morning instead of waiting till afternoon, THE TECH telephoned as many fraternity houses as could be reached, spreading the "news." Envoys were made to have the Boston dailies also print the tidings, but they all went to press and could not accommodate. A small notice was posted on the blackboard in the Union.

It has since appeared that the message received by THE TECH was not from Secretary Monroe, but from a student trying to "start something." Later on he telephoned the printer and had the article suppressed.

The members of the staff and others who unintentionally cut classes were not a little surprised when the article failed to appear, and still more so to learn that the news which they had taken on good faith was false. They are now wondering whether their explanation will be satisfactory to the authorities.
