SHOW ENTHUSIASTIC AUDIENCE AT NORTHAMPTON

Enthusiastic Audience at the First Production of Play.

Friday night "Money in Sight" was given in Northampton before an enthusiastic audience made up mostly of Smith College girls. From the time that the curtain first went up to the finale, at the end of the last act, the house rang with the continual applause of the audience.

On account of the bad weather the scenery and costumes were delayed an hour and the performance did not begin until 9 o'clock. Nevertheless, the audience waited patiently and did not seem to be at all tired when the curtain finally went up on the first act.

A great deal of credit is due to Duff Mann, the five girls, the two clarinets, the ballet and Whitney, but the greatest amount of applause was given to the two Shadles. In their dance during the second act they gave four encores, and it was only because they had nothing else to dance that they did not come out the fifth time. Whitney did very good and graceful work and gave two encores while the ballet was called out a second time.

The schedule of events for this year's Rush has been carefully planned, and there will not be a dull moment from the time of the last morning class, at 12.55 P. M., on Tuesday, until the book makes its appearance, more than half an hour later.

At 5.35 P. M., "Sona's Brood," Land will give a selection on Rosenau steps to collect the men coming from their classes. At 1 o'clock a parade, led by the band, will wind it way across the Northway street, then to Easton street, to Copley square, and finally to the scene of the Rush opposite the Delano. Here the parade will break up, and the band, directed by Lecture Builders, will give a short concert and then the Rush will commence.

At 1.25, with the warning given, the contestants will take their places at the starting line in preparation for the start. At 1.30 the preliminary gun will be fired, and one minute later the starting gun will be fired. There will be a grand rush for the barricade—a rush in which speed will be of as much importance as brawn. Thirty seconds after the first man reaches the window in the little house the shutter will open and the first copy of each edition since 1914 will be issued. This afternoon, at 4.15 o'clock.

M. E. SOCIETY TALK.

At a meeting of the Mechanics Engineering Society, to be held in 31 Engineering B, at 4.15 this afternoon, Mr. E. B. Moutchord will conduct an informal talk on the difficulties of power plant maintenance.

A familiar saying at this time: "Say, have you a William that you don't need?"

COMPLETE PLANS ANNOUNCED FOR TECHNIQUE RUSH TOMORROW NOON

First Twenty Books to be Numbered and Each Will Contain Autograph of President Macaulay. Numbers One to Four Free.

The schedule of events for this year's Rush has been carefully planned, and there will not be a dull moment from the time of the last

The Board has completed arrangements for taking films of the rush, as well as of the preliminary parade, in using two machines films will be taken which are sure to represent every feature of the contest. The Tech Show is considering showing the pictures of the Rush between the show of the Tech Show and defeated the Sophomores, 10-6, in the second heat, but had the meet in the second heat, and lost to the 100 and broad jump; Godfrey, who won both the mile and half, and finally Lonnes, who won both the 100 and 200, and got second in the low hurdles. These three men alone scored 10 points.

FRESHMAN TEAM WINS TRACK MEET

Well Balanced and Enthusiastic Team Carries Away Honors.

Last Saturday the freshmen made a brilliant showing and defeated the Sophomores by a score of 75-54. Special credit must be given to the freshmen as the best distance man, Dehson, was out of the meet with a strained ligament. The track was not as bad as might be supposed from the recent rains, but nevertheless the start of the hundred and the finish of the 200 were both miniature races.

For the freshmen the score was 40, who got first in the 440, tied for first in the high jump, and second in the 100 and broad jump; Godfrey, who won both the mile and half, and finally Lonnes, who won both the 100 and 200, and got second in the low hurdles. These three men alone scored 10 points.

For the Sophomores, Curtis took both of the hurdles and scored a successful performance. A parade permit has been secured from the city officials to guard against possible interference by the police. It is felt that a well conducted band will add greatly to the occasion, and that the best musicians in the Institute have volunteered their services to make this feature a success. The members of the band are: Horace, Heisler, P. F. F., clarinet; Talbott, Cove- nant, Lewis, Holmest; piccolo; Smith; alto, Harding; baritone, Cowl; bass, Lewis; cornets, Chandler, Stilman, Brooks; bass drum, Stilman; snare drum, Pullam.

All these men are remitted to be on Rogers steps at 12.50 P. M.

SPEAK ELECTED.

Treasurer of Technique, 1915—Photographic Competition.

At a meeting of the 1915 Technique Executive Committee, yesterday, The- dore Franklin Spear was elected Treasurer. Spear comes from Boston.

FRESHMEN HAVE VERY SUCCESSFUL DINNER

Excellent Speeches and Fine Menu at Annual Dinner in Union.

The Freshman Dinner, which was held last Saturday in the Union, was a success from the very start. The smoker was well attended, and the toasts were delivered with gusto. The speeches were delivered with enthusiasm, and the dinner was enjoyed by all.

**SPRING CONCERT PLANS COMPLETED**

Excellent Musical and Dance Programs Arranged For Wednesday Night.

Tickets for the Spring Concert, which will be given by the combined Musical Clubs of the Institute, next Wednesday evening, at 8 o'clock, in Cranston Hall, have been practically disposed of. Programs and dance orders can be obtained at the Cage upon presentation of tickets. A very elaborate program has been arranged and the numbers which the various organizations, both vocal and instrumental, will render, have been selected with considerable care and judgment, and they will undoubtedly make this year's concert a great success, not the greatest success ever.

The program is opened by a selection of the Tech Show Orchestras of 33 pieces, under the careful direction of Mr. O. McConathy, its conductor, The Glee Club will figure prominently in the program, as this organization will have several novel numbers which will add considerably to the general amusement and enjoyment of all. The Mandolin Club will play several selections, of which the numbers by a Mandolin Quintet will be quite notable. The renowned conical instrument, the offspring of the remarkable genius of the Mandolin Club leader, E. C. Taylor, '14, will also take part in the program.

The Glee Club, recently revived and reorganized, has developed into a snappy and excellent aggregation of singers. It is composed of about 65 voices, and with the splendid cooperation and hard work on the part of Mr. O. McConathy, its conductor, the Glee Club will no doubt make this concert a success.

of its members it has reached a high degree of efficiency. The recent performance of the Glee Club at Everett is considerable assurance that its selections will be extremely popular at the concert Wednesday night. An other popular number on the program will be the readings by H. G. Mann, 16, Mr. Mann, who has an important part in the year's Show, has been heard quite frequently at various concerts given by the Musical Clubs, and his readings have always been well received.

The musical program is as follows: Overture—March from "Suits"....

2. "Enterpriser"—March

3. Selected Vocal Quartette.

5. Readings—Selected

9. Selected Vocal Quartette.

After the music, the program dancing will be enjoyed. The music will be furnished by "Dooley" Orchestra. No flowers will be allowed on the floor.

Get some cotton in your ears before you hear that band.

The Dean would like those who have collected the copies of the Tech songs which were passed out at the dinner on Saturday to return them to the Cage.
