The speaker, before beginning his talk, expressed his appreciation of the vote, and made the observation that the Chinese Club’s organization was one of the greatest achievements of the Chinese people. He then proceeded to discuss the question of the preservation of the individuality of the Chinese people, and how it was being accomplished.

M. I. T. Alumnae Hold Successful Reunion

Interesting Speeches By Mr. Monroe, Dr. Norton, Dr. Tyler, Professors Sedgwick and Taylor.

The Alumnae of M. I. T. held their annual reunion Saturday afternoon in the Union. The speakers were Mr. Monroe, Dr. Norton, Dr. Tyler, Professors Sedgwick and Taylor. Their addresses were largely related to the New Technology, and the development of a new course leading to a Certificate of Public Health. It was reported that the architects were now considering certain recommendations of a committee of the ladies, concerning the space and accommodation to be allotted women in the new buildings.

Mr. Monroe spoke on the importance of public health, and the necessity of public health education. He stressed the importance of public health education in the prevention of disease, and the need for all citizens to be aware of the importance of public health.

Dr. Norton spoke of the importance of education in the field of public health. He discussed the importance of public health education in the prevention of disease, and the need for all citizens to be aware of the importance of public health.

Prof. Sedgwick spoke of the importance of public health education in the prevention of disease. He discussed the importance of public health education in the prevention of disease, and the need for all citizens to be aware of the importance of public health.

Mr. Monroe, Dr. Norton, Dr. Tyler, Professors Sedgwick and Taylor.

The reunion was well attended, and the speeches were well received. The Alumnae expressed their appreciation of the speakers, and the meeting ended with a vote of thanks.
There was a large squad out Saturday for the trials but many familiar faces were missing. With the prospects so bright for a successful season as they are at present, it is too bad that every man does not put his shoulder to the wheel to make 1917 another banner year for Tech in Track Athletics.

The greatest trouble with the running Saturday seems to be the inability of most of the men to navigate the turns.

Jean Bouch, the French long distance runner, is coming to Boston prior to his meeting Hanssen Koehlmann. He is only 5 feet 11 inches tall and weighs 130 pounds. These men last met in the Olympic games, 1912, when they ran neck and neck most of the way. The Finn winning by inches.

The B. A. A. failed to show up as well as expected in the National Indoor Junior Champs. held at Brooklyn last Saturday. Bob Green, who can against Tech's cross-country last fall, got second in the two mile.

Moakley Track Coach of Cornell has hopes of winning the fifth leg of the intercollegiate cup this year. Pleased with the showing of the cross-country team, he expects a better track team than last year. The winning of the fifth leg of the intercollegiate cup brings with it permanent possession.

Ninety-five men are out for wrestling at Purdue this year. Wrestling is purely on its way towards being recognized as a major intercollegiate sport.

He was unable to get a full, although he did not have great difficulty in winning the decision. Durkee showed great form in his bout, which was his first appearance as an amateur wrestler, although he is the champion novice wrestler in the 125-pound class.
