BOSTON TIMES Talks At
Alumni Reunion On Trade
China.

PHILIPPINE PROBLEMS
SUBJECT OF SPEECH

Mr. Martin Egan, editor of the
BOSTON TIMES, one of the guests
and speakers at the alumni reunion
Saturday, January 14, 1914, said in the course of his remarks on that occasion that the
future of the United States lies in the Far
East.

The problems, in the Philippines,
said Mr. Egan, is one of humanity, and
the deciding motive must be that of
doing the right thing for the people.

The speaker refused the charge
that the government of the
Philippines had been exploited, and
impressed upon his hearers the hope that the
government at Washington would
learn something of the conditions
existing there before acting on the
permanent disposal of the
Philippine question.

Mr. Egan was also of the opinion
that this country might do more for
the development of its trade in the
Far East than it is doing. He cited
the case of a recent visit of a
United States company to furnish steel to
China, which company at the
influence of a European country because
its government was not back of its
trade.

WEATHER

For Boston and vicinity: Fair; living
temperature; diminishing west-

WINDS.

THE TECHNOLOGY CLUB OF

NEW YORK DINNER

Alumni To Dine At Hotel Plaza In
New York City Next Saturday.

The Technology Club of New York is making elaborate plans for the

dinner which will be held next Saturday. The dinner will be held

in the Hotel Plaza, in New York, and the club is making efforts to

have the biggest dinner yet.

Among the speakers will be Presi-
dent MacArthur, Mr. Guy Lowell, '94, the architect of the new Municipal
Court House, and Mr. Nicholas Murray
Butler, President of Columbia
University. The principal address of
the evening will be made by Mr.
Frederick P. Fish.

The Dinner Committee consists of
E. H. Hare '95, A. L. Gasboil 85, and R. E. Howes.
62. The Technology Club of New
York is at present building new club
rooms, and will soon he housed in
its new quarters.

ARCHITECTURAL TALK

(Continued from page 1)

The speaker was obliged to use this
quality at the very beginning of his
career, for he went to sixteen offices
before securing a position.

Mr. Newhall strongly advised the
men to go to Europe to study. He
said that his experience indicated that
it is really necessary for a young man
to study abroad, especially in Italy.
In this way the student can best ob-
tain the "sense of scale," a posses-
sion which contributes largely to
the success of the designer. This is
very evident in old Italian palaces
and public buildings.

He especially emphasized the re-
sponsibility of the architect for the
structural quality of buildings. Each
building must be so designed that it
is perfectly safe and serviceable, and
the architect must see that this is
done. The man who designs with-
out a full sense of his responsibility
as a constructor is a criminal, or is like-
ly to be one some day.

The talk was received with great
enthusiasm by all present. At the
conclusion of the speech all adjourn-
ed for refreshments and conversation.

INSTITUTE COMMITTEE

There will be a meeting of the In-
stitute Committee on Thursday at
4:15 in Room 8, Engineering C.

The meeting will probably be
short as there is very little in addi-
tion to the routine business to at-
tend to.

NOTICE

Will all the wandering Greeks at-
tending the Institute leave their
full name, fraternity, and their col-
lege at the Cage for the Society Ed-
tor of Technique 1917 as soon as
possible.

1917 TUG-OF-WAR

The picture of the 1917 tug-of-war
season will be taken at Netmar's
Studio, 3 Park Street, on Thursday
at quarter after one. Manager Wood
requests that all members bring their
money.

Chicago University will hold two
debates next Friday. The affirmative
team will meet Michigan and the
evacuated. The will meet Northwestern.
645 cadets are drilling on the
campus at Ohio State University.
Military science is claimed to be the
most popular course in the curricu-
lum.

ELECTRICAL TRIP
(Continued from page 1)
January 21st. There will be a meeting of all who are to go on the trip, probably on Tuesday noon, January 28th. A definite statement regarding streets will be made later.
Where the entire number who have already signed up will be about all that can be accommodated if all should go, a few have stated their inability to go, so that if there are any who did not sign up it will be possible to accommodate a few of them.
While several of the firms whose plants it is planned to visit on the trip have not yet replied, a sufficient number have done so that a preliminary outline of the trip is now ready for publication.
Preliminary Outline of Mid-Year Trip.
Subject to all necessary changes as to plants visited.

Sunday, February 1.
Leave Boston 6:00 P.M. from South Station via N. Y., N. H. & H. R. R., connecting at Fall River with steamer of Fall River Line leaving for New York at 7:40 P.M. State-rooms included, two persons to room.

Monday, February 2.
Arrive New York 7:00 A.M. Transfer to Bristol Hotel, 49th Street, near Broadway.
A.M. train to Harrison, N. J. Visit Harrison Lamp Works. Train back to New York, P.M., visit Western Electric Co.
