THIRTY-FIVE REPORT FOR CREW PRACTICE

W. L. Stevens Secured as Regular Coach for the Crew.

A large number of men turned out for crew practice on the Charles yesterday, the number totaling thirty-five. The regular practice was held in a debate on the subject, Resolved: That the provincial governmen in China should be ignored by the central government. The affirmative side will be upheld by C. C. Teng, T. T. Yen, and F. F. Hu. The debate will be chosen from among these present. The debate shall be conducted entirely in the English language. After the debate has been concluded the subject for the next debate will be debated upon and important business will be transacted. Light refreshments will be served during the afternoon. Any one who might be interested in the ship itself, or perhaps only in the ship, is cordially invited to attend.

C. E. NOMINATIONS DUE.

Nominations for All Officers Due at Cage This Thursday. Nominations for the Civil Engineering Society officers will be due Thursday, April 24, at 4 p.m., in Box No. 1, at the Cage. Nominations must be in writing, and are not valid unless signed by at least two members in good standing, that is, those who have paid their dues. Officers to be chosen from the third-year class are: President, Vice-President, Treasurer, three members of the Executive Committee and two members of the Program Committee. The following officers will be elected from among the members of the sophomore class: Secretary-Treasurer, and two members of the Program Committee. The present officers wish to call the attention of the members to the fact that nominations are due only the day after to-morrow, and they advise that the matter be attended to immediately.

FACULTY TEAM WINS.

Pall Malls Defeated Meccas Saturday Afternoon. Yesterday afternoon, at the Trinity Court Bowling Alley, the Pall Malls or the "Faculty Team," defeated the Meccas by a score of 24-23. The complete score follows:

MASONIC CLUB.

Important Business Meeting to Be Held Wednesday.

There will be a regular business meeting of the Masonic Society Wednesday, April 23, at 4 p.m., in the dining room of the Union. The officers of the club desire a full attendance, as some very important business is to be transacted. All those present are expected to be present at the meeting to notify L. L. Downes, 39newton street, Cambridge.

VAGUE RUMOR OF CLEOFAN MEETING.

Important and Eventful Tea to Be Held This Afternoon in Pierce.

Although the Institute knows practically nothing of any proposed meeting of the Cleofan, and in spite of the fact that all the news hereof of this week made every effort to avoid something definite, only the substance of a general nature has spread around the Institute yesterday can be reported upon for the present. It was rumored that the Cleofan Society will hold a tea this afternoon in the Agassiz house, in the Pierce building. As far as is known, this afternoon's meeting will possess any tea yet held by the society. According to reports given at a general, a special program has been arranged, and undoubtedly the full membership will, therefore, be present to-night in one of the most successful and eventful meetings in the society's career. The mysterious vagueness with which the society has thus far been surrounded seems to indicate that something unusual will take place at its meeting this afternoon.

RUSH PICTURES SHOWN.

"Movies" of Technique Rush Given at National Theatre.

Yesterday the National Theatre began its weekly program of moving pictures with a complete exhibition of the pictures taken during the rush period with the formation of the parade on Fogg's steps and showing in order of occurrence the comic band leading the parade, the costumed rush, and the rush on the campus, the rush on the windows, and the pictures of the winners. The pictures are to be the own account, and the pictures of the whole affair and were very realistic. The pictures are the own account, and the pictures of the whole affair and were very realistic. The pictures are to be the own account, and the pictures of the whole affair and were very realistic. ELECTRICALS TO VISIT TELEPHONE EXCHANGE

Trips to Be Made Thursday and Friday — Ballots Not Counted

The Electrical Engineering Society has arranged a very interesting extension for its members to one of the telephone exchanges in this vicinity. As all the men of the society will probably not be able to go on Thursday, the society has arranged matters so that there will also be an opportunity for those who are unable to go on Thursday to do so on Friday. On each of these days the men are to meet in front of the office of the New England Telephone Company on 450 Newbury Street at 2 o'clock sharp. The trips are to be conducted by Mr. Renting. The results of the elections have not been ascertained as yet, the ballots not having been counted. An announcement of the elections will be given as soon as the results are known.

BRUETTING COAL

Briquetted coal has passed the experimental stage and is now assuming a more substantial and permanent character, says the U. S. Census Survey. The quantity of briquetted coal manufactured in the United States in 1912 showed a gain over the output in the preceding year, and in 1913 the increase gives every evidence of being still larger.

The output at present amounts to about 225,000 short tons annually, valued at $1,000,000. Out of the 19 plants, seven used anthracite culm, nine used bituminous or semi-bituminous slack, one used bituminous slack and anthracite culm, and one used post. The largest plant, which is in Superior, Wisconsin, had a capacity of between 25 and 40 tons of briquettes in an hour.

NAVAL ARCH. SOCIETY

Thursday afternoon at 4 o'clock the Naval Architectural Society will hold a meeting in Room 22, Eng. C. The speaker has not yet been announced, but full notice of his subject and other arrangements will appear in a later edition of THE TECH.

T. C. A. TALK

(Continued from Page 1, Col. 1.)

A talk given by Mr. Privat on the subject of models which he is to speak to Tech men was very successful. The speaker was honored by a specially arranged interview with President Wilson.

FRATERNITY COUNCIL ON HOUSING PROBLEM

Cost of Building a Serious Question to Fraternities

One of the serious problems that the fraternities at the Institute will meet is that of housing when the renewal of leases to Cambridge is made. Much trouble is being experienced by the different fraternities in obtaining land. They are denied the privilege of building on the campus as that is now overcrowded. With the proposition before them of housing in the several dormitories there seems to be much objection. The fraternity men are desirous of running their own kitchens after the manner that they have been doing in their houses. Some of the fraternities have practically agreed that unless this condition is granted that they will not consider the plan of housing in the dormitories. However it is stated that about half of the fraternities will take quarters in the dormitories. A committee consisting of one member from each fraternity has been formed to consider this question and communicate with the committee on student housing. This inter-fraternity council is acting as an executive of the ideas and feelings of the different fraternities as to the convenient housing of the building occupied by them. No action has been taken on this suggestion.

It is known at least one fraternity has made a contract for building on the campus. Its chapter house is to be on the Esplanade just above Massachusetts Ave. This is the only one where any definite action has been taken although some of the fraternities have options on land near the campus. Its chapter house is to be on the Esplanade just above Massa. A committee consisting of one member from each fraternity has been formed to consider this question and communicate with the committee on student housing. This inter-fraternity council is acting as an executive of the ideas and feelings of the different fraternities as to the convenient housing of the building occupied by them. No action has been taken on this suggestion.

The cost of building is perhaps the most serious phase of the problem that is met with. Estimates have been made but these run well up into the thousands, the building and equipment of one of the fraternity houses reaching a total of approximately thirty thousand dollars. Various plans for raising the required amount have been discussed by a number of those who are most actively interested, but the most practical one is of securing a general appeal to the alumni members of the fraternity. The active members of the fraternity are not able, except in rare cases, to provide the necessary amount of money and so cannot be counted on to meet the expense. This question of fraternity housing is a question that a large number of them are seriously interested in as a very large percentage of Institute men are members of fraternities. Out of 471 students at the Institute 48 are fraternity men, thus making a total of over thirty per cent. The freshmen of the fraternities are the ones that will be most affected by the housing problem and they are taking a very active part in the discussions of the questions.

CHESS TOURNAMENT

In the results of the semi-finals in the Chess Club tournament which have been concluded just before the vacation, a surprise was sprung by D. E. Woodbridge, '16, when he got the better of R. D. Brown, '14, by winning two games out of the eight played. C. G. Norwood, '14, defeated W. E. Merriell, '13, winning three games to Merriell's one. The finals of the tournament will be played during the next two weeks, that being the time allowed for the completion of the tournament.

FRATERNITY COUNCIL ON HOUSING PROBLEM

Cost of Building a Serious Question to Fraternities

One of the serious problems that the fraternities at the Institute will meet is that of housing when the renewal of leases to Cambridge is made. Much trouble is being experienced by the different fraternities in obtaining land. They are denied the privilege of building on the campus as that is now overcrowded. FRESHMAN HAVE GOOD
BASEBALL PRACTICE

Will Meet Tufts's Dental Nine
at the Field Next Saturday.

The Freshman baseball squad was
out for practice yesterday, and the
men worked out in snappy fashion
that gave every evidence of a good
team being produced. The infield is
showing up especially well, the men
doing good, sure fielding and improv-
ing rapidly. The players are working
into their positions nicely and play
like a team. Smart is doing some
good twirling. He has some puzzling
curves and plenty of speed, and gives
promise of being the mainstay in the
box when the team starts on its
schedule.

The first game of the season will be
played with Tufts’s Dental nine at the
Field Saturday. Captain Murphy
wishes all the men to come out for
practice Friday, as those who show
up will be given the preference in the
game. Captain Murphy will try to
work out as many as possible in the
first game of the season.

The men who were out yesterday
were Pettit, Murphy, Smart, Burn-
hardt, Townsend, Sweet, A. K. Stew-
ard, Woodbridge, Davises, Nancy,
Lovejoy and Drake.

LOST ARTICLES.

Several lost articles have been col-
clected during the term and are at the
Cage, where they may be obtained by
their owners. The list includes Me-
chanical Problems, Slide Rule, Calendar
Book, Optical Instrument, Note Book
(3), Mandolin Shingle, Three Halten-
tives, Thermal Dynamics Book, Woods
and Bailey, Vol. 1, Synthetic Chemis-
try, Jackknife.
