DUAL MEET CLASS

Tomorrow evening at eight o'clock both the annual dual meet between the present and the previous classes will be held in the Gym. The list of events will include the 20-yard dash, 15-yard hurdles, quarter-mile, half mile, mile, high jump, pole vault and shot put. An admission of 25 cents will be charged to those desiring to watch the exhibition of the 1917 team.

HARE AND HOUNDS TO RUN AT NEWTON

All interested in Running Urged To Attend First Chase This Saturday.

Next Saturday the Hare and Hound Club will hold the first run of the season at Newton. The course, which the older members will remember is not very hard, starts at the Newton Y. M. C. A. After covering a variety of country the course finally returns to the starting point, where the runners will have the privilege of a smoke and洗澡.

All those who intend trying for either of the Class Cross Country teams should report for practice at once as the annual run comes on the last Saturday of this month which gives but twenty-eight days for practice. Other teams who like the exercise might find it advisable to take a little run from the gym this week as it will prevent any stiffness from coming on Saturday.

On Saturday as usual the men will be divided in two squads, one fast and the other more moderate. The former will be more for those who have taken practice throughout the winter with the idea of making them up to the proper level for the run in Newton as the latter will be for those who run merely for the enjoyment of the sport.

At the Hare and Hounds meeting last Wednesday it was suggested that the bags be again left on the course about a half mile from the finish as was the custom in previous years. The idea of this is to bring in a little spirited competition at the end of the run. This suggestion will be followed up at the run in Newton as there is a green stretch especially adapted to a slight burst of speed.

I. C. A. A. MEETING

W. S. Thomas Chosen Vice-Pres.
Fifth Place To Count.

At the annual meeting of the I. C. A. A. A. held in New York Saturday, W. S. Thomas, '15, manager of the Track Team, was selected one of the two vice-presidents. The most discussed fifth place was passed and starting in the next meet the points will count as follows: first place two points, second place four points, third place three points, fourth place two points and fifth place one point, making a total of ten points in each meet, an elevation eleven as heretofore.

Harr'ud has again been awarded the Gynm and the I. C. A. A. A. which will be held in the Stadium as it was last year. Syracuse, Pennsylvania, Miasa and Johns Hopkins were the only other schools able to bid for the award. Harr'ud has received the award this year after Johns II dropped out by a close vote.

SHOW MANAGEMENT TO FEATURE DANCING

Sixteen Men Retained for Cast--
Dancing Trials This Afternoon.

The Tech show cast has finished with the first set of "A Royal John site" and will start work on the second at quarter past four this afternoon. The following men are being retained, and are expected to be present:--Crowell, MacEwen, Coldwell, Ruff, Gaden, Swan, Johnson, K. P. Gardner, Hiller, King, Parkinson, Tabbott, Ross, Hutchin, MacDaniel, Day.

The management realizes that good dancing was one of the best features of last year's show, and intends to make it even more attractive this year. Fortunately, there are many excellent opportunities for all kinds of dancing specialties in "A Royal John site" and "The Hare and Hounds." A Russian ballet will be introduced. Men will be chosen for this only by their dancing ability. A good start has been made in the discovery here at the Institute of an excellent dancer who has given a number of public exhibitions during the last three years.

Dancing trials for those who are to be in the ballet will be held in the dining room at the Union at 4.15 today.

The success of the Prom depends upon the support of the student body, particularly of the upper classes. This committee wishes to urge that Juniors and Seniors sign up promptly, since after March 16 there can be no distinction between classes.

COl'OSMOPOl'I'TAN CLUB

There will be an important business meeting of the Cosmopolitan Club on Wednesday at five o'clock in Room 8, Engr. C.

The picture of Elmer Q. Ollphant, Purdue's greatest athlete of the past decade, will be placed in the Memorial Gymnasium. Ollphant has won letters in four sports and is at present a senior in the University.

To be Held at Copley-Plaza--
Sign-Up Books Will Be Out Soon.

The Junior Prom will be given this year at the Copley-Plaza on Friday evening, April the 11th. This step, a departure from previous years, was taken in order to assure ample room and a convenient location.

The price will be six dollars ($6.00) a couple and the number of couples will be limited to two hundred and forty.

Juniors and Seniors will be given an opportunity to sign-up during the week of March 9th to 19th, inc. After March 19th, if the total number has not been submited, the remaining tickets will be offered to the student body at large. A deposit of one dollar ($1.00) will be required upon signing up and the remaining five dollars ($5.00) will be payable on or before April 7.

The warm weather has done for us what the Institute did not do to it to do in removing the ice from the steps of Engineering A, and the ledges from over the various side-walks. Of course there is a pleasant exhilaration about climbing a Mont Blanc of frictionless material on the way to a class, or of fearlessly marching beneath rows of Damoclean swords, but somehow or other we are glad to return to the common tread of our ways without any loss of life or limb having as yet been reported.

ELECTRICAL ENGINEERS VISIT ARSENAL

Study Manufacture of Projectiles and Taylor System of Payment.

Last Saturday twenty-one members of the Electrical Engineering Society visited the Watertown Arsenal. They first went through the testing department, where they were interested chiefly in a new machine, just imported from France, for testing shear and tension of the steel used in projectiles. The foundry and other departments were next visited, where the casting and finishing of projectiles were studied from start to finish. The men also watched the assembly of a 14-inch disappearing gun to be used in coast defences.

The Watertown Arsenal is one of the first government shops to use the Taylor system for paying workmen. This system, by which each workman gets a bonus for all work done over a certain amount, was explained.

The Society will take its next trip Friday, March 6.

CHAUNCY HALL CLUB

The list of Chauncy Hall Club members, as sent to Technique '15, has been posted on the bulletin board in the Union. If there are any corrections or additions to be made to this list, they should be paid at once. If any members of the Club have not yet paid their dues, they will find the treasurer in the Technique office any afternoon after four o’clock.
