VOL. XXXIII. NO. 143.

BOSTON, MASS., WEDNESDAY, MARCH 4, 1914.

PRICE TWO CENTS

IMPORTANT.

DETAILS OF YISH-KA-BIBBLE ANNOUNCED

Today's little story is merely a recapitulation of a few of the features of "Yish-Ka-Bibble." In the first place remember that the whole entertainment, including the dance that is to follow, is to be strictly informal. This means that the dress suit is to be taboo. It is believed that this arrangement will tend to give everybody a much better evening and will add much to the enjoyment of the occasion.

Not only is the dress to be absolutely informal but the seating arrangement in the hall is to be so likewise. There are no reserved seats. There are, however, reserved sections—one for the faculty and one for the fussers. The best seats in these sections and all of the remaining places in the room are strictly first come, first served.

Last but by no means least, the dancing is perfectly informal. There will be no dance orders to complicate things and to put a certain restraint upon the jollity that is sure to prevail. This is to be just a happy gathering of Institute undergraduates where dancing is the form of entertainment provided. There will be plenty of room—remember the fact that both the upstairs and downstairs parts of the Union are to be used—there will be music, the men will have brought their fair friends and what more natural than a big, spontaneous light fantastic?

The doors of Huntington Hall are to be thrown open at seven-thirty and the vaudeville is to begin promptly at eight. With the beginning of the
(Continued to Page 4.)

FRESHMEN-REVERE

First and Second Teams To Play Basketball Tonight.

The 1917 basketball teams, both first and second, will play the first and second teams of Revere High School tonight at the Gym. It is expected that both games will be close as Revere has gained a good reputation in this sport this season.

The guards on the first team, Nash and Pryor, are considered the strongest schoolboy guards in the state. Their forward line, however, is a trifle weak. Of the two teams representing Technology, the first team has shown up well so far this season, but the second team lacks experience and practice.

The result of the practice of the first team shows that the team was on a slump when at Dartmouth last week and that they are due for a reversal of form.

DANCING TRIALS FOR SHOW CHORUS

Coach Sanger Expected Today—Final Selection of Show Cast.

Things connected with the Tech Show may become more lively today with the arrival of Coach Eugene Sanger. Mr. Sanger has made a success of the shows given by Technology during the last few years, and may be expected to do the same with "A Royal Johnnie." His first work is with the show cast, and in all probability he will make the final selection this afternoon. Every man out for the cast must be on hand promptly at quarter past four.

The chorus men are to be given dancing trials this afternoon in the Union Dining Room. Mrs. Adams will be present to try out the men and to start their practice. The entire chorus and the following men are to report: Ford, Couch, Hauser, Whittemore, Bidwell, Bell, Staub, Gillespie, Holt, Lowe, Duff, Coover, Hardwick, King.

SPEAKER THURSDAY

Rev. Mr. Vernon To Give T. C. A. Talk for First Time.

The T. C. A. has secured for Thursday's talk in the Union the Rev. Mr. A. W. Vernon, who will speak to Tech students for the first time. Mr. Vernon is pastor of the Harvard Congregational Church, of Brookline, one of the churches that contributed to the T. C. A. fund to send delegates to the recent Student Volunteer Convention held at Kansas City.

Mr. Vernon, who is the author of several books, will speak on "One Important Proof of Christianity," a subject which will without doubt attract a large crowd of men.

ORCHESTRA REHEARSAL

The regular Tech Show orchestra rehearsal will be held in the Union this afternoon. Every man connected with it should be on hand promptly at five.

STEVENS MANAGER

At the meeting of the 1917 Executive Committee yesterday afternoon, George R. Stevens of Brookline was elected manager of the Freshman baseball team for the ensuing season.

In the parliament of the University College Literary Society of Toronto, a third party, composed of juniors and seniors, disgusted with the progress already made by the present parties, is being formed. Lively debate is expected.

FRESHMEN CAPTURE THE INDOOR MEET

Sophomores Lose Out by Small Margin—Distance Runs The Feature.

The Sophomores, as expected, were defeated last night in the meet against the Freshmen in a closely contested meet by a score of 37 1-4 to 34 3-4. The meet was as well attended as the usual indoor meets are. The Sophomores had a lusty cheering section of six men and made considerable noise, quite overcoming the Freshmen's cheering section, composed of two men and an echo from the dressing room. Excitement grew intense during the high jump, the mile, and the half, furnishing ample opportunities for those there with class spirit to exercise their lungs.

The mile, quarter and the half were the feature events, being closely contested, the men all putting up a good fight for the places during the whole of each race. In the mile Brock jumped into the lead, but only held it for two laps when Benson forged ahead and led the rest of the distance. Brock in second place led Graff until the fourteenth lap when Graff, who had been saving himself by dogging behind, sprinted ahead on one of the
(Continued to Page 2.)

1917 TRACK MEET

Freshmen Meet Andover Academy Saturday Afternoon.

The Freshman-Sophomore meet being over, the chief interest of the Freshmen track men is centered in the meet with Philips-Andover Academy which takes place next Saturday afternoon at Andover. This is the first meet away from home on the 1917 schedule and the team is very anxious to score a win. The meet will be held on an eight lap to the mile outdoor board track, so fast times are expected.

Twenty men will comprise the team. These will be picked by the showing made last night. In the 300 and 600 yard runs only two men will run from each team as it is unlikely that either side would clean up all three places if three were entered. This is necessary because the track is so small that there would be much crowding and fouling with more men running. In the 1000 yards, however, three men will run, as the pace is much slower.

Andover has a number of star men but some of these will be unable to compete as they are down in their studies. It is unknown how badly the team will be crippled but Andover will not present her full strength. On account of this the chances of 1917 seem pretty bright to win the meet.

C. B. SAWYER TO TALK ON "ROPE DRIVING"

M. E. Society To Hear of the Most Improved Methods in Rope Transmission.

The talk on "Rope Driving" which is to be given before the Mechanical Engineering Society this afternoon in 11 B is on a subject of particular interest to Engineers and the Society is expecting a large attendance. Mr. C. B. Sawyer, of the Dodge Manufacturing Co., will be the speaker, illustrating his talk with lantern slides.

Rope transmission is a comparatively new science in its modern developments. It is not only applied to small pulleys but also to the largest size, pulleys that are usually driven by belts. The Dodge Manufacturing Co. make all kinds of rope transmission, ranging from pulleys a few inches in diameter to those that are used on the main shaft of the largest reciprocating engine.

Mr. Dodge will demonstrate by means of his slides the English and American systems of rope driving. The characteristic features of both systems, their advantages and their disadvantages, will be fully taken up by the speaker.

The Canadian Intercollegiate went to Queens College this year. This is the first championship Queens has ever won in intercollegiate sport.

Seventeen men at Williams left college after mid-years and ten seniors fulfilled the requirements for a diploma at that time.

WEATHER

Colder today; brisk to high northwest winds.

CALENDAR

Wednesday, March 4.

WEDNESDAY, MARCH 4, 1914.

IN CHARGE OF THIS ISSUE.

Ralph Mills, '16; H. S. McQuaid, '17.

We are glad to note that most of the seniors have had their Portfolio pictures taken, but we see no reason for their failure to turn in the proofs except pure indifference to the interests of the class and to the convenience of the committee. This committee is perhaps the hardest worked and least thanked throughout the year. The members have nothing more substantial to gain than the consciousness of duty well done, while on the other hand they stand a considerable risk of personal financial loss. The more the class delays, the longer and heavier is the work and worry of the committeemen and the less time and energy they have left for improving the book. Moreover, it is certainly an advantage to the class to have the Portfolio at least a month before leaving the Institute, which will be impossible unless the delinquents come to time before long.

E. E. SOCIETY TRIPS

The Electrical Engineering Society has arranged for two trips to take the place of the one to the General Electric Lamp Works, which was postponed. The places to be visited are the Fort Hill and Main telephone exchanges. Two parties will go; the first next Thursday, and the second on Friday. Each will leave from Lowell Building at 2 p. m.

The dairy department will offer a special course in the testing of milk and cream beginning March 23.

COLLEGE NEWS

Eighty-four colleges are represented by the parents of first year students at Princeton, but of its four hundred thirty members only sixteen claim that both their parents are college graduates. Figures made public by the University authorities show that two hundred thirty-eight students, or fifty-five percent of the Freshman class, have parents without any college education.

The University of Chicago has announced its intention of sending a representative to the fifth International Congress of Philosophy, to be held at London a year from next September. At present it is probable that James E. Tufts, head of the department of Philosophy, will be chosen.

The Canton Christian College at Canton, China, was incorporated in 1893 and at present has a staff of nineteen men and fifteen women, all Americans; twenty Chinese teachers and fifteen student teachers. There are four hundred Chinese students at the institution, which is undenominational.

Between the scarlet fever epidemic and a recent pistol encounter between two law students the University of Illinois is passing through exciting times just now. Military drill and gym have been suspended indefinitely.

Recent statistics show that of the college newspapers published in the United States only nineteen are dailies, the total number of publications being four hundred sixty-one. There are but few foreign universities which issue newspapers more often than once a week.

The Rougevin Prize at the Ecole des Beaux Arts, Paris, was awarded to a former student at Penn. The problem consisted of "a design of tapestry in an architectural environment."

1916-1917 TRACK MEET (Continued from Page 1.)

straightaways and went ahead to catch Benson. From that time the race was never in doubt. Benson finished first with Graff five yards behind and Brock third.

The quarter was one mad scramble from start to finish. Dean took the lead with Erb a close second and finished in the same order. Loomis, who was well back at the start, after a hard struggle to pass the others came in third. The rest of the field was pretty well scattered at five yard intervals.

The half mile proved to be a contest between Guething, Donnelly and Benson. At the start there was a good field, but these finally dwindled down to the three who scored. Guething took the lead and was followed by Donnelly in second place and Benson third. The men finished in the same order all being closely bunched at the finish.

The high hurdles was all Freshmen. In the finals only Day, Sewell and Bell survived. Sewell got first with

Table for Steel Detailing and Designing

By J. A. AURINGER C. E., A. B. CO. ENG'R.

These Tables are for the draftsman and designer of steel structures compiled from the AMERICAN BRIDGE CO.'S Green Book of Standards, with new added material. It is just the book for the detailer, designer, architect, engineer and steel company, and will save the user time, expense and worry and would soon pay for itself in any drafting room.

Bound in a Black, Flexible Leather, Loose Leaf Book. It is fully indexed ("Angles" is found under "A"; "Beams," under "B"; etc.) and thus any table or diagram is readily turned to (the draftsman's chief point).

Price in Black Leather Binder, Indexed, \$7.00 Net
Price in Red Leather Binder, Indexed, \$6.00 Net
Price Per Set Unbound Plates (175), No Index, \$5.00

Bell second, Day tipping all his hurdles. Charley Reed and Clarkson were the only Sophomores entered in the preliminaries.

The high jump was more of a feature event than usual. Childs, '16, and Doone, '17, were the surprises of the evening. Doone captured first, just beating out Childs for the place. Third place was split up between two Freshmen and two Sophomores. C. S. Reed did not get over the effects of the hurdles and continued them right through the high jump, succeeding in hurdling five feet four and three-quarters. Sullivan and Ober also passed out at this point. Doone won with a jump of five feet, five and three-quarters. The event succeeded in rousing considerable enthusiasm between the rival cheering sections and this proved quite an incentive to the competitors.

In the dash the Freshmen were badly handicapped by the loss of O'Hara. Loomis scored first with Erb second

and Lawrason third. The preliminaries were well contested as were the semifinals. The two classes were about even in the number of men in the finals and were well bunched at the finish.

The shot put proved to be the stronghold of the Freshmen as they secured all three places and practically won the meet by getting a good lead in points. Sewell got first, Curtin second and Stevens third. Lawrason took first in the pole as expected, but with no one to back him up, the Sophomore's lost second and third to Sewell and Knapp of the Freshmen.

Summary:

35-yd. dash—Loomis, '16, first; Erb, '17, second; Lawrason, '16, third. Time 4 1-5 sec.

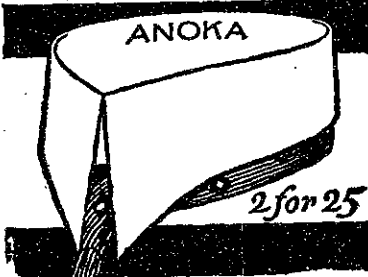

Mile run—Benson, '16, first, Graff, '16, second; Brock, '17, third. Time 4 min. 51 3-5 sec.

440-yd. dash—Dean, '16, first; Erb,

SENIORS SLOW IN RETURNING PROOFS

Failure To Return Proofs Handi-
caps Committee—Time
Limit Set.

The photographic work of the Senior Portfolio Committee is still far from completion in spite of the late date on account of the procrastination of many of the men. Although the Seniors have responded very well as far as making appointments for sittings, their care in returning the proofs quickly has not been very evident.

The importance of immediately making a selection of the picture desired in the Portfolio, and returning the proofs at once, cannot be emphasized too much according to the Committee; this is a factor that determines to a large extent the early or late publication of the Seniors' Year Book.

As a stimulus to the men it has been decided by the Committee, that if men who have already received their proofs do not return them within a week to the photographer, they will make the choice of the one to go in the book themselves. Moreover, those who have not yet received proofs will be allowed eight days after they get them, in which to return them.

There are still about fifty men who have not yet made appointments for sittings, and for the benefit of these few men there will be a member of the Committee in the Union every noon for the rest of the week. This is, however, the last week in which sittings can be arranged for.

The Committee has been meeting with representatives of printing, engraving and binding firms for the last two weeks and expects by the end of this week to come to a decision in regard to the placing of contracts. After the contracts are made, however, all work will have to be dropped until the proofs are in, and the photographer can finish up his work.

FRESHMAN BASKETBALL

The Freshman Basketball picture will be taken Friday at 1.15 at Notman's. The following men are expected to report for it: O'Brien, Gargan, Cowlin, Kendall, Gokey, Getchel, Rausch, Richardson, Pierce, Rogers, Lewiton, Schoonmaker, Hutchinson and L. A. Ferguson.

HOCKEY TEAM PICTURE

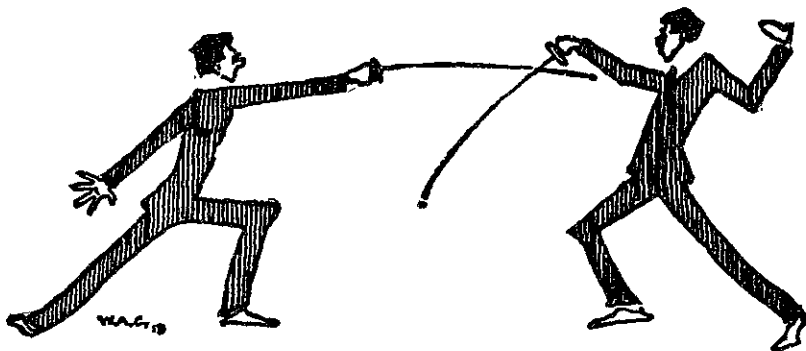

The Hockey Team's picture will be taken at Notman's at 1.15 o'clock Thursday. Manager MacRae requests that the following men be present: Captain MacLeod, Fletcher, Winton, Sawyer, Cochrane, Lowengard, Ross and Gray.

Purdue's baseball team will invade the south during the Easter vacation. The first game scheduled is to take place on April 10th with the Georgia School of Technology.

The annual May Day fete at Ohio State this year will include a rendition of the old Roman and Grecian games.

COMBINED MUSICAL CLUBS HOLD SMOKER

Glee, Banjo and Mandolin Men Will Get Acquainted at Social Meeting.

The Combined Musical Clubs will meet this evening for other purposes than that of rehearsal, a social "get-together" having been arranged for the members at the Union. The time is seven o'clock rather than half past seven as has been previously announced.

A business session will occupy a short time, at which amendments to the constitution will be submitted, to be voted on at a later date. Although a short joint rehearsal will be held in addition to the business meeting, the gathering is primarily intended to give opportunity for the members of the Clubs to get better acquainted with each other. No particular program has been arranged but a good time is assured by the officers.

YISH-KA-BIBBLE

(Continued from Page 1.)

first act on the program the doors will be closed and no one will be allowed to enter during the progress of the act but will be forced to remain in the corridor until its completion. Then will follow five minutes in which to seat the late arrivals after which the doors will be closed and the second act will be allowed to win its way undisturbed into the hearts of the audience. There will be two more numbers, the last one closing promptly in time to allow the audience to get to the Union and start dancing at ten o'clock. The dancing will continue until twelve.

Now aren't you glad you have bought your tickets—you eight hundred who have already been wise enough to realize that to miss "Yish-Ka-Bibble" were to miss part of your education at the Institute? Could anything be more attractive than this program which is outlined above? Could anything give more for the money that you have expended?

And you, Mr. Hold Back-Take Your Time-Doubter, aren't you sorry that you have not already secured your ticket or tickets? But cheer up—all hope is not lost yet. Yesterday the final hundred tickets that will fill Huntington Hall to its full capacity were put on the market and you still have an opportunity to get into the performance. But you had better not delay. These are positively the last tickets that can be sold and when

these are gone there will be no hope of getting more.

Any exchange of white tickets already purchased for blue tickets admitting to both the dance and the vaudeville may be made on payment of an additional quarter any lunch hour the remainder of this week or at the door on the evening of the performance. Likewise tickets from this last hundred may be purchased in the Union from one to two any day this week until the supply is exhausted. If there are any left Saturday night they will be on sale at the door.

1916-1917 TRACK MEET

(Continued from Page 2.)

'17, second; Loomis, '16, third. Time 59 sec.

High jump—Doone, '17, first; Childs, '16, second; Sullivan, '17, Ober, '16, Garita, '16, Reid, '16, third. Height 5 ft. 5 3-4 in.

45-yd. high hurdles—Sewell, '17, first; Bell, '17, second; Day, '17, third. Time 6 sec.

380-yd. run—Guething, '16, first; Williams, '17, second; Benson, '16, third. Time 2 min. 11 3-5 sec.

Shot put—Sewell, '17, first; Curtin, '17, second; Stevens, '17, third. Distance 33 ft. 9 in.

Pole vault—Lawrason, '16, first; Sewell, '17, second; Knapp, '17. Height 10 ft.
