FRESHMAN BASEBALL PRACTICE BEGINS

To Be Substituted for Gym—First Outdoor Practice Next Week.

Regular Freshman Baseball practice starts today in the Gym at 11:15. For the last two weeks the candidates have been working the kinks out of their arms and now everyone, especially the pitchers, are in pretty good shape and eager for the season to open.

The Dean has been persuaded that baseball is better for the men than the gymnasium and as soon as the outdoor work commences, which it is hoped will be the first of next week, the candidates will be excused from Gym. The final list of candidates for excuse from Gym must be submitted by Saturday night. To have one's name on this list, a man must report twice this week, either today, tomorrow or Friday, at the Gym at 11:15 and take a short workout. The coach and manager will be present and can in this way obtain a good line on the material. When outdoor work is started, practice will be held Monday, Wednesday and Friday at the Field and it will be necessary for all the men to show up at every practice.

The team has been especially fortunate in obtaining the services of Jimmie Franks, '15, who will coach the team this year. Franks played first on his class team for two years and has had about two years experience playing amateur baseball before coming to the Institute.

A regular schedule has been arranged which in all the games except those with the Sophomores and Juniors will be played away from the Institute. There are trips to Somerville, Gloucester, Haverhill, Newton and Rockport.

CERCLE FRANCAISE

Professor Langley Delivers Talk on the City of Paris.

Professor Ernest P. Langley delivered an illustrated talk in French at the meeting of the Cercle Francaise held in the Union last evening. His subject was the City of Paris and he gave a clear impression of a good many of the prominent landmarks. The executive committee expect to be able to arrange talks equally as interesting as Professor Langley's at each of the fortnightly meetings of the society.

SHOW ORCHESTRA

Rehearsal With All Departments This Afternoon.

This afternoon all departments of the Tech show are to work together again under the leadership of Mr. William Howard. A few new violinists are expected to come out, and with these the orchestra will be completed. No members of the cast, the chorus or the ballets should be absent as there is but a short time left before the first performance, and there is still much to be done.

EXTRA DRILL

The United States Army Inspector will be here on April 6th. As this is about six weeks before he usually arrives the drill is not as advanced as it should be for inspection. For this reason there will be some extra drill for the next two weeks. The regular Monday and Thursday drill will continue and in addition the Wednesday drill will be for two hours from 3 to 5 o'clock. This extra drill will be made up with interest later on when the weather gets warmer.

M. E. SOCIETY MEETS TO HEAR H. K. ROWELL

Arrangement of Machinery and Distribution of Power in Textile Mills.

The Senators and Junior of Course II will have an excellent opportunity to hear a talk this afternoon which bears directly on the work they are now taking up in Mill Engineering and Mechanism of Machines, respectively. Mr. H. K. Rowell will speak on the general arrangement of machinery and the distribution of power in textile mills at four o'clock in Room 11 B.

Mr. Rowell has a wide experience in this field. In the past he has been connected with The Columbian Mfg. Co., manufacturers of dentists and chirovits; The Cabot Mfg. Co.; The Lockwood & Green Co., and the Dean & Main Co. He is now Industrial Engineer for Charles T. Main, specializing in the manufacture of cotton, wool, paper and rope. He is a member of the A. S. M. E. and has contributed papers to this Society and to the New England Cotton Manufacturers Association.

The talk will be illustrated with special lantern slides which the speaker has had made to bring out the salient points in the lecture. The meeting is to be entirely informal and questions from the students will be welcomed by the speaker on any points which are not clear.

TECHNIQUE BAND

The Technique Board requests that all the men who played in the band at Technique rush and any other student who can produce harmonious strains from a band instrument report at the Union at 5 o'clock tomorrow morning.

The New York city public schools are attempting to obtain a track meet with the University of Pennsylvania Freshmen.

WEATHER

Fair today; light westerly winds.

CALENDAR

Wednesday, March 25, 1914, 4:00—M. E. Society. Room 11, Engineering.

Thursday, March 26, 1914, 1:30—T. C. A. Union. 4:30—Mandolin Club. Union B. 5:00—Business Meeting. Union.

Friday, March 27, 1914, 5:00—Glee Club. Union B. 5:30—Technique and Student Council Committee. Room 22 Rogers.

7:45—Chemical Society. Union. 8:00—C. E. Society. Ladies' Night. Huntington Hall.

LADIES WELCOME AT CIVILS' TALK MONDAY

Lecture on Road Construction Will Be Illustrated by Moving Pictures.

The C. E. Society announces that their talk Friday night is open to men of all courses in the Institute as they realize that the question of road construction is of interest to all engineers. In addition ladies are welcome. Huntington Hall is being used to afford room for a large crowd. The Warren Bros. Co. is one of the leading firms of today occupied in road construction work and their representative, Mr. Perkins, who will speak, is fully competent to present all phases of the subject. He will tell in the course of his lecture about "Warrenite," a preparation which his company uses as a binder. The question of a suitable binder is an important factor in roadbuilding, as mortar is in bricklaying. Also different binders must be used according to the service for which the road is intended.

In addition to telling of road construction Mr. Perkins will describe the process of laying bitulastic pavement and will illustrate the descriptions with excellent moving pictures showing every detail. Those will show work at the plant and also the laying of the pavements in the streets.

CHEMICAL SOCIETY

Meet In the Union Friday Even-

Trip to Worcester.

On Friday evening at seven forty-five the Chemical Society will meet in the Union to hear a talk by Dr. Comstock of the Institute's Physics Department. The subject of Dr. Comstock's talk will be "Modern Physics and Chemistry," he will point out the relations of the two sciences and show how recent discoveries in physics have had an aid and explanation in the study of various chemical investigations.

On Wednesday, April 1, the society has planned a trip to Worcester. Among the plants to be visited are those of the Norton Alundum Co. and the American Steel and Wire Co. Sign-up sheets for the trip are posted on the bulletin boards in Rogers and Walker. Those who intend to take the trip are requested to sign up at once.

FRESHMAN BASEBALL PRACTICE BEGINS (Continued from Page 1)

Wellesley with a chance of a few more. The game at Wellesley is against the High School, not the Col-

lege.

The schedule is:

Apr. 5—Somerville at Somerville.
Apr. 10—11 at Tech Field.
Apr. 25—Gloucester at Gloucester.
Apr. 27—Harvard at Harvard.
Apr. 28—Andover at Andover.
May 1—11 at Tech Field.
May 14—Newton at Newton.
May 18—19 at Tech Field.
May 21—11 at Tech Field.
May 29—Wellesley at Wellesley.

AWARDS FOR TEAMS GIVEN BY M. I. T. A. A.

Hockey Team and 1917 Basketball Team Given Insignia at Meeting.

At the meeting of the M. I. T. A. yesterday afternoon insignia were awarded to men on hockey and class basketball teams. An amend-
ment was made to the constitution to the effect that members of the wrestling and hockey teams could receive their "I" but under very stringent qualifications. Another article was passed giving classes numerals to members of class rowing crews. These amendments go into effect from now on. A new constitution was also discussed.

The "HTT" were awarded to Coe,

rane', 17; Winnon, 17; Lowengard, 17, and Sawyer, 15. The 1917 basketball team were awarded their class numerals. Concerning the wrestling team the Athletic Association has de-
ferred the giving of the "WTT" until the next meeting.

PROM DANCE ORDER

Preliminary Program for Junior Week Function Is Out.

The Prom Committee has arranged the musical program for the big dance which will be given during Junior Week. Preliminary dance orders have been printed and distributed among the subscribers. The Prize Waltz, which was written for the re-

the competition by G. H. Calder, will be given by the orchestra at the eleventh number. The complete order follows:

1. One Step ........ "In the Night"
2. One Step .......... Mandalay
3. Waltz ............ The Little Cafe
4. One Step ... Come on Over Here
5. One Step .......... Marietta
6. Waltz ...... Nights of Gladness
7. One Step ........... Foppchen
8. One Step .......... Scrambled Eggs
9. One Step
10. You can't not away from it
11. Waltz .......... Dreaming
12. One Step .... Dancing Around
13. One Step .......... Show Music
14. One Step ....... Adele
15. Waltz .............. The Hesitation
16. One Step .......... Leg o'Mutton
17. One Step .......... The Maxixe
18. Junior From Waltz

Intermission.

19. One Step .......... All for the Ladies
20. Waltz .............. Valse Mouvo
21. One Step .......... Honeymoon Lanes
22. One Step .......... The Night!
23. Waltz .......... Show Music
24. One Step .......... Valse Mauve
25. Waltz .......... Same Smoke
26. Waltz .......... Spring, Beautiful Spring
27. One Step ...... Get out and get under
28. Seven Steps

Sitting down, you're Rocking the Boat
29. Waltz .............. Blue Danube

The Committee desires to state that only a very few places are left for those who wish to attend the Prom, and after these have been filled, a waiting list will be formed.

CLASS DAY

F. L. Hurlbut received 58 votes. He is a member of Kappa Alpha, Osiris, Theta Nu Epsilon and Theta Tau. Activities: Varsity Hockey (1, 2, 3), Manager (3), Class Relay (2, 3), vice-president of class (3). He is the president of Tennis Association (4), Junior Prom Comm. (3), Technical Electrical Comm. (2), Hammer and Tongs. He is an Andover man and is a member of Delta Tau Delta, Osiris, Gamma Chemical Society. Chemical Activity: Asst. Business Manager Tech Show (1, 2), Business Manager Tech Show (3), General Manager Tech Show (4), Tag-of-War Comm. (2), Institute Comm. (2), Technical Electrical Comm. (2), receiver of Delta Tau Delta, Mass. was 21st with one vote less. He is a member of the Electrical Engineering Society, the Wireless Society, the Mime Club and Vectors. Activities: Institute Comm. (4), Press. E. Society (4), vice-president Wireless Society (2), 3, 2, 1, vice-president Rifle Club (2).
J. W. Hines of Farmington, Connecticut, was 25th. He is a member of Delta Kappa Phi and Vectors. ACTIVITIES: Football 1, 2, 3, Squad track (2), Sec. Coop. Society 1, 2, 3, Sec. E. Society (4), Gym team (1).

V. M. F. Tallman received 46 votes. While in the Institute he activities have been: Glee Club (1, 2, 3, 4), Leader of the Glee Club (2, 3, 4), Quartet (1, 2, 3, 4). He is also a member of Vectors.
W. L. Fiter received 46 votes. He is a member of Delta Tau Delta and Masque. Activities: Tren. Tech Show (3).

R. D. Dickson received 44 votes. He is a member of the Delta Sigma Chi and Vectors. Activities: Mandolin Club (1, 2, 3, 4), Mgr. Mandolin Club (3), Glee Club (3, 4), vice-president Combined Musical Clubs (4), Press of Chem. Soc. (4), Member of M. E. Soc. (4).
A. D. Hiller also received 46 votes. He is a member of Theta Delta Chi. Activities: Relay Team (1), Electric Comm. (2), Junior Prom Comm. (2), M. I. T. A. A. (4), Tech Show Chorus (1), Cast (2, 4).

SPRING MEET CREATES GREAT CONFUSION

Nineteen Fourteen Out for Blood
—Gordon White, Ancient Manager, Inspired.

Monday's announcement concerning the Spring Meet has had its effect. The war horses of 1914 are in training for the first time. Home-bred and breaking the stallions of the Alpha Association, Gordon White has emerged from his hazy state and the rim of the Ancient Manager is ringing in the ears of the faithful. Insurgent rumors that his haggard team will break the relay record, yes even against the watches of the Whipley Club, are基on with us. Bill, basking in the warm rays of the Vernal Equinox at the field, sent us this:

"The track," says Bill, "is quivering with excitement. The frost is thawing and the races were held today. Everyone is wearing his best. The clothes of the hokers are beginning to thaw out and we can start on our own. Spring is with us. Bill, basking in the warm rays of the Vernal Equinox at the field, sent us this:
