President Macalurin to Review Regiment—Competition Very Keen.

Next Friday the annual prize drill, the final event of the year for the M. I. T. Regiment, will be held. The competition, which will test each company and individual prize drills, will come at 8 P. M., in the Armory. Tickets may be obtained from the officers or first sergeants at 25 cents each.

Before the drills the Regiment will be reviewed by President Macalurin. Then will come the company and individual prize drills, in which each company will be allotted five minutes for evolutions and the inspection of the rifles.

The final event will be an evening pageant, during which President Macalurin will present the prizes to the winners in the competitions. The first man in the individual drill will receive a gold medal, and a silver medal will be presented to the winner of second place. The captain of the best company will receive a gold medal, as in former years, and will also get a special prize, which has been offered by Mr. F. C. Leonard of the Jacob Reed Sons' Co. This contest is in the same spirit with complete trophies. President Macalurin will also give all the officers of the regiment commissions.

The members of the prize company will be rewarded by a dinner at the expense of the regiment. Col. Taft and Lieut.-Col. Pastene will be at the Armory next Wednesday, 2:30 o'clock on, to give the competitors in the individual drill some practice. The members of the practice group may get their rifles from the Armory.

TALK ON SOCIALISM.

Today, at 1:30 o'clock, Rev. J. H. Holmes will speak in the Union under the auspices of the Economic Club. His subject will be "Socialism," and all students who are in any way interested in this subject are invited to attend.

Mr. Holmes is a Harvard graduate and a Phi Beta Kappa man. He is president of the Unitarian Fellowship for Social Justice. He is Vice-President of the Middle West Unitarian Conference, author of "The Revolutionary Function of the Modern Church," Assistant Editor of "Unity," a Unitarian paper, and pastor of the Church of the Messiah in New York. Because of this wide range of experience he is expected to give an exceptionally fine talk, which will be of interest to the strongest opponents of socialism.

GAME POSTPONED.

The Freshman-Sophomore baseball game, which was to be played Saturday afternoon, was postponed on account of a shower of rain. It will probably take place this week.

The Boston Society of Civil Engineers recently entertained the Tech. Talks were given on the approaching courses at the Boston City Library and the meeting was closed with a talk on architecture by a local architect. Everyone present enjoyed the excellent dinner prepared by Wirth's. There was an open discussion, in which the members of the society took part.

NAVAL SOCIETY DINES.

Informal Affair Held Friday at Wirth's Restaurant.

The annual dinner of the Naval Architecture Society was held Friday evening at Charles Wirth's Restaurant on Exeter Street. There were no speakers as the society decided to hold a strictly informal dinner. President Peabody, who is the guest of the society, will reply to the toast at the beginning of the meal. There will be no toast at the end of the meal. The dinner will begin at 7:15 o'clock. The table, in 33 Engineering C.

Keith to Be General Manager of Tech Show.

Elections to The Tech Also Presented to the Institute Committee—New Co-Op.

The Institute Committee held its last meeting of the year on Friday. At this time the Tech Show Advisory Committee, the TECH Advisory Council, and the committee on a new cooperative society reported.

The Show Committee reported that it recommended the election of Walter Keith as general manager for next year's Show. The report of the committee was accepted.

The TECH Advisory Committee reported that it had attended the meeting at which the plans of the debating class were presented, but that there was nothing remarkable in the proceedings of the society. The Committee recommended that the total income received from the debate committee be devoted to a sinking fund for financing a co-operative store when the Institute moves to the Cambridge.

It should not commence, however, until the present scholarships have been paid. Furthermore, it is their intention to raise $15,000 in affiliated-trusts so that it will be of greater scope than heretofore. A third thing suggested was that a board of directors, elected by the classes, have charge of the store. It is to consist of three Seniors, three Freshmen, and two Sophomores, elected at the beginning of the year. The end of the year one Sophomore will be elected to make up the necessary number of Juniors the next year. A man when elected remains in office throughout his junior year. The committee recommended that these be elected at the beginning of the next year.

The results of the elections of the (Continued to Page 2).

FRESHMAN WIN RACE.

Defeat Juniors and Sophomores in Inter-class Contest.

Friday afternoon Tech's first inter-class boat race was held on the Charles River, and was won easily by the Freshman boat. The Juniors turned in second, a length and a half behind, and the Sophomores were a very poor third, eight lengths to the rear.

The cold, windy day did not keep away about fifty spectators, who were compelled to wait until 6 o'clock before the race started. The river was fairly smooth, but the crew had to row against the wind, which made the boat seem slower than it would otherwise have been. The race was won by the Freshman Farm bridge to the Harvard Bridge, a distance of one mile. The Juniors showed the most fight in the latter part of the course, but were compelled to turn back, thus leaving the Sophomores in the lead. The Sophomores were neither fast nor in good condition.

Fountain lecture.

An illustrated lecture on "Fountain Work and Appliances" will be given in 11 Engineering E on Monday, Tuesday, and Thursday of this week at 2 P.M. All men are to attend. It will be a popular lecture and will be of interest to students in all mechanical or electrical courses. To be given in place of the regular exercises in these courses on one of the days is required.

FRESHMAN ADVISORS.

Volunteers Must Hand in Names to Those in Charge.

Any man who expects to be appointed Freshman Advisor, and who desires to be added to the list of Junior and Senior T. C. A. Society Smoker—Union.

THE TECH, BOYLSTON MASS MAY 19, 1913

INSTITUTE COMMITTEE.
(Continued from Page 1, Col. 4.)
Three various professional societies for the coming year were also read.
The Advisory Council of THE TECH recommended R. F. Hewins, '14, and C. W. Lawrence, '14, for election to the news staff, and T. C. Jewett, '14, to replace R. E. DeMerritt, '14, as Assistant Athletic Editor. The election of C. W. Lacey to the business staff of THE TECH was also recommended.
A motion was then passed to the effect that if the Freshman- Sophomore baseball game was played Saturday in violation of the ruling of the Faculty Committee it should not be counted in the inter-class series.
Chairman Mattson thanked the committee for the support given him during the year, and gave a brief resume of the important things done by the Institute Committee. A. T. Wynn, '14, was elected temporary chairman until next year.

We all have, of the petty salesmen who lost all interest when they stated the price we wanted, or could afford, to pay and this didn’t meet with his exalted ideas. We don’t employ such of this kind. Or any other kind.

The same courteous service is rendered in the showing of our $25.00 suit as in that of twice this sum.

That $25.00 suit will be a pleasant surprise to you if you are not acquainted with it.

We make a specialty of it, are immensely proud of it, and guarantee its value in every detail.

You don’t have to buy, we won’t bore you, but it will pay you to see what we offer at this price.
