ROWING CONTINUED AFTER EXAMINATIONS

Several Interesting Races Have Been Arranged For the Tech Crews.

Rowing has been suspended for the present but will be resumed again on Monday, when regular practices will commence. The Freshmen and 'Varsity crews will continue until the 10th practice probably will be held on the H. A. beach at 4.15, and at 10 A. M. and 2 P. M. on Sundays.

A number of interesting races are being arranged, which include Middlesex School, at Concord, Mass.; Groton School, at Groton; Wakefield High, at Lake Quinsigamond, at Worcester; South School, on the Charles River Basin; and practice races with Brookline, Commerce, Latin and English Hill Schools. Note: Members of the Freshman crew are invited to see all the rowers who are in the city in the vicinity after the exams come out for the crew. Sign-up books for the crew will be located in the Union.

A race will probably be arranged between the 'Varsity crew and the Freshman crew. Next fall crew practices will commence on the 1st of October and will be continued for at least a month.

COMMUNICATION.

To the Editor of THE TECH:

About a year ago I was instrumental in persuading the Institute Committee and the Alumni to adopt the Tech button. I think all will agree that it has been a good thing and very often leads to identification of Tech men under pleasant circumstances. While it is useful to Boston, however, its main purpose was to aid Tech men away from the Institute in becoming acquainted with each other. Many have told me of very pleasant acquaintances which they made during the last vacation through the medium of the button. One man was fortunate enough to have one of the older graduates pick him out as a Tech man on many thousand miles from here on account of his button, and this led to his being very delightfully entertained for a couple of weeks. While this case is probably exceptional, the wearing of the button will be a great deal by students coming in touch with graduates while on their travels whom otherwise they would never meet. Outside of this the sale of thousands of the buttons have led to their becoming well identified with the school, and it should be a pleasure to spread the fame of the school far and wide by wearing its colors in this neat and inconspicuous way. It means a great deal to those who know it and cannot possibly be objectionable under other circumstances.

I want to remind students now that they are getting ready to depart for the summer, and particularly those about to depart for good, that this is an opportune time to lay in a supply of new buttons so as to be sure to get them while the supply holds out.
