FRESHMEN MEET TODAY
IN HUNTINGTON HALL

Temporary Chairman and Managers of Field Day Teams To Be Chosen This Noon

The Freshman Class will hold its first meeting in Huntington Hall at 1 o'clock today to elect a temporary chairman for their class, and to choose managers for the football, relay and tug-of-war teams. It has formerly been the custom to elect these officers after the address by the Secretary of the Faculty on the opening day of school, but it has been thought best this year to hold it on the second day of the term. The election of these officers makes this one of the most important meetings of the year, and the attendance of every Freshman is desired in order to insure the proper conduct of the affairs selected by the class.

President Rohrich of the Junior Class will address the Freshmen and help to create in the class of 1917 a lively class spirit.

FINANCE COMMITTEE
All Treasurers to Meet Thursday in the Union at 7.30.

Thursday evening, the Finance Committee will hold its first meeting in the Union. This will be a "get together" gathering in which all Finance Committee activities are expected to attend. Any treasurer having business of his own who has not yet transferred his accounts to the new officers, are also requested to attend the meeting.

At 6.30 there will be a fifty-cent dinner in the Union, and all those who do not expect to attend it should notify Mr. P. S. Coburn as an advisor that there will be no trouble in keeping the record of last year, when every activity was reported as being in good health.

At 7.15 the first meeting in Huntington Hall will convene, and the election of officers will be held. The conference will be held at 7.30 and will continue into the Union. With "Pa" Coburn as an advisor, it is expected that the records will be kept.

At 8.00 the first meeting in the Union will be held. The business meeting will convene at 7.30 and will continue until 8.30. The officers of the various departments will be elected, and the business of the Union will be further discussed.

At 9.00 the first meeting in the Union will be held. The business meeting will convene at 7.30 and will continue until 8.30. The officers of the various departments will be elected, and the business of the Union will be further discussed.

At 10.00 the first meeting in the Union will be held. The business meeting will convene at 7.30 and will continue until 8.30. The officers of the various departments will be elected, and the business of the Union will be further discussed.

At 11.00 the first meeting in the Union will be held. The business meeting will convene at 7.30 and will continue until 8.30. The officers of the various departments will be elected, and the business of the Union will be further discussed.

At 12.00 the first meeting in the Union will be held. The business meeting will convene at 7.30 and will continue until 8.30. The officers of the various departments will be elected, and the business of the Union will be further discussed.

At 1.00 the first meeting in the Union will be held. The business meeting will convene at 7.30 and will continue until 8.30. The officers of the various departments will be elected, and the business of the Union will be further discussed.

At 2.00 the first meeting in the Union will be held. The business meeting will convene at 7.30 and will continue until 8.30. The officers of the various departments will be elected, and the business of the Union will be further discussed.

At 3.00 the first meeting in the Union will be held. The business meeting will convene at 7.30 and will continue until 8.30. The officers of the various departments will be elected, and the business of the Union will be further discussed.

At 4.00 the first meeting in the Union will be held. The business meeting will convene at 7.30 and will continue until 8.30. The officers of the various departments will be elected, and the business of the Union will be further discussed.

At 5.00 the first meeting in the Union will be held. The business meeting will convene at 7.30 and will continue until 8.30. The officers of the various departments will be elected, and the business of the Union will be further discussed.

At 6.00 the first meeting in the Union will be held. The business meeting will convene at 7.30 and will continue until 8.30. The officers of the various departments will be elected, and the business of the Union will be further discussed.

At 7.00 the first meeting in the Union will be held. The business meeting will convene at 7.30 and will continue until 8.30. The officers of the various departments will be elected, and the business of the Union will be further discussed.

At 8.00 the first meeting in the Union will be held. The business meeting will convene at 7.30 and will continue until 8.30. The officers of the various departments will be elected, and the business of the Union will be further discussed.

At 9.00 the first meeting in the Union will be held. The business meeting will convene at 7.30 and will continue until 8.30. The officers of the various departments will be elected, and the business of the Union will be further discussed.

At 10.00 the first meeting in the Union will be held. The business meeting will convene at 7.30 and will continue until 8.30. The officers of the various departments will be elected, and the business of the Union will be further discussed.

At 11.00 the first meeting in the Union will be held. The business meeting will convene at 7.30 and will continue until 8.30. The officers of the various departments will be elected, and the business of the Union will be further discussed.

At 12.00 the first meeting in the Union will be held. The business meeting will convene at 7.30 and will continue until 8.30. The officers of the various departments will be elected, and the business of the Union will be further discussed.

At 1.00 the first meeting in the Union will be held. The business meeting will convene at 7.30 and will continue until 8.30. The officers of the various departments will be elected, and the business of the Union will be further discussed.

At 2.00 the first meeting in the Union will be held. The business meeting will convene at 7.30 and will continue until 8.30. The officers of the various departments will be elected, and the business of the Union will be further discussed.

At 3.00 the first meeting in the Union will be held. The business meeting will convene at 7.30 and will continue until 8.30. The officers of the various departments will be elected, and the business of the Union will be further discussed.

At 4.00 the first meeting in the Union will be held. The business meeting will convene at 7.30 and will continue until 8.30. The officers of the various departments will be elected, and the business of the Union will be further discussed.

At 5.00 the first meeting in the Union will be held. The business meeting will convene at 7.30 and will continue until 8.30. The officers of the various departments will be elected, and the business of the Union will be further discussed.

At 6.00 the first meeting in the Union will be held. The business meeting will convene at 7.30 and will continue until 8.30. The officers of the various departments will be elected, and the business of the Union will be further discussed.

At 7.00 the first meeting in the Union will be held. The business meeting will convene at 7.30 and will continue until 8.30. The officers of the various departments will be elected, and the business of the Union will be further discussed.

At 8.00 the first meeting in the Union will be held. The business meeting will convene at 7.30 and will continue until 8.30. The officers of the various departments will be elected, and the business of the Union will be further discussed.

At 9.00 the first meeting in the Union will be held. The business meeting will convene at 7.30 and will continue until 8.30. The officers of the various departments will be elected, and the business of the Union will be further discussed.

At 10.00 the first meeting in the Union will be held. The business meeting will convene at 7.30 and will continue until 8.30. The officers of the various departments will be elected, and the business of the Union will be further discussed.

At 11.00 the first meeting in the Union will be held. The business meeting will convene at 7.30 and will continue until 8.30. The officers of the various departments will be elected, and the business of the Union will be further discussed.

At 12.00 the first meeting in the Union will be held. The business meeting will convene at 7.30 and will continue until 8.30. The officers of the various departments will be elected, and the business of the Union will be further discussed.
Men of 1917, a splendid opportunity to display your spirit has arrived. The meeting to be held this noon to choose the temporary chairman and managers for the various teams presents an important duty as Tech men. This meeting, generally held immediately after the address to the new students, has been postponed a day in order that you may get better acquainted and so better fit yourselves for the choice of your officers.

The importance of these officers cannot be overestimated, for upon them depends to a large extent the success of your class on Field Day. With a large and enthusiastic crowd at the elections, your class on Field Day. With a large and enthusiastic crowd at the elections, it is to be hoped that business left over from last year's committee is expected as several members of the committee will be held in Room 8, Eng. C.

The raising of the general level of the land is not, however, the only feature of the work which is noticeable. The evacuating for the foundation of the building, which is to occupy the corner made by Massachusetts avenue and the Esplanade, has progressed so far that piles may soon be driven. In connection with the pile-driving some interesting tests are being carried out. A year ago a pile was sunk near the Esplanade, and its upper end weighted with concrete. Through measurements taken at the time it was driven, and measurements now being taken the engineers expect to learn whether the building to be erected near the river will settle as noticeably as has the Riverbank Court, an apartment house which is situated just across Massachusetts avenue.

The Stone & Webster engineers are in charge of the construction of the New Site, and be- sides several important tests are being carried on under the auspices of the T. C. A. Officials who have been writing to the Freshmen during the fall, and have helped to register this fall, are to have a dinner in the Union on Wednesday night at 6 P. M. The work was carried on under the auspices of the T. C. A. and has been a great help to the incoming class. It is requested that all who assisted be present at this dinner to make reports upon your work. Dean Burton will be present and will address the assembly. The price of the dinner will be twenty-five cents.

WORK ON NEW SITE

(Continued from page 1.)

or now it is carried to the New Site by rail. The raising of the general level of the land is not, however, the only feature of the work which is noticeable. FIELD DAY PROGRAM

(Continued from page 1.)

Length of each pull, 3 minutes; the first pull will be previous to the first quarter of the Football game, and the second pull immediately after the Kedge race. In the event of a third pull being necessary, it will be held after the third quarter of the Football game.

In general, the rules published last year will govern the games. Class members will be divided into managers and members of both football teams not exceeding eighteen in number, to which will be added two substitutes and the members of the winning Relay team, and to members of the winning team will be added one substitute for each member of the winning team.

Capt. Guestass was a member of the B. A. relay team which established a new Canadian record last summer for the one-mile relay.
Board and Rooms

Brookline
TO LET—Large square room in private house on quiet street near Public Library in Brookline. Will furnish for two if needed. Use of telephone. Rental $10 per month. Manager: W. E. Ward, Monticello
Tel. Br. 2250. Room M, Town Hall, Brookline.

Newton Centre
TO LET—Large room, four windows, furnished and heated. Suitable for one or two young men. Private family of three adults. Free use of a good kitchen and parlour. Reference required. Apply at the new building corner of Clarendon and Stuart St., Boston. F. F. Morton.

TO LET—Small house, furnished or unfurnished, near Charles River Basin. Five minutes walk from Technology. Three large rooms, large living room, full heat and hot water, 40 rooms in family, near getting dressed. Address Mr. K. C. Brown, at the cage for THE TECH.

Board and rooms in private family for student; near library and pool table. Reference required. Apply to occupy house at 533 Newbury St., Boston. F. F. Morton.

Allston
Board and rooms in private family for student. Near Cushings Corner. Beautiful outlook, four minutes from Harvard. Address Miss C. R. Gillies.

Business Proposition
Student wanted to give time outside of school hours. Good money. Address Mr. C. D. B., care THE TECH.

The Secret of Good Batting

is similar to the secret of good business—it happens to some and just misses the others.

If there ever was a commercial home run it’s Fatima, the Turkish-blend cigarette. The expert who conceived this blend was some batter! Fatima was first lined out in the college towns—the student body quickly proclaimed them winners. Today Fatima is the biggest selling cigarette in this country. The secret is—pure, good, choice tobacco—no expense in the package—quality all in the smoke—"Twenty."

FACULTY NOTICES

Students intending to enter Organic Chemistry I (552), the new graduate elective, will please meet Professor Mullicken in 24 Walker at 4:40 on Tuesday, September 20.

The Short Course in Organic Chemistry (550) will meet for the first time on Friday, October 3, at 12 M., in room 24 Walker. Text book, Moore’s "Organic Chemistry."

New Constitution to BE TRIED OUT THIS YEAR

Undergraduates and Institute Committee to Test New Plan for Student Government.

To many at the Institute, and especially to the Freshmen, the fact that every student is a member of the Undergraduate Association is difficult of comprehension.

The governing body of this Association (Continued on Page 4.)

CROSS COUNTRY WORK

(Continued from page 3.)

may also award the "T" to the first and second in a Dual, and first and second in a Triangular Intercollegiate Cross Country run.

The program this season for the Cross Country team has been arranged by Manager Thomas as follows:

With Bowdoin, either November 7th (Final Day), at Boston, or November 8th, at Brunswick, Me.

November 15th, the N. E. Intercollegiate A. A. Cross Country run, at Brunswick, N. H.

If the team shows up well in these two runs it will be sent to the Intercollegiate A. A. A. Cross Country run on November 22d. This matters rests with the Advisory Council on Athletics. The team will be under the immediate supervision of Mr. Frank M. Kanaly, Athletic Director. All men are urged to come out for it. At Harvard sixty men are out for the team and at Dartmouth over forty, it is expected that these squads will be augmented in number.

M. I. T. has always stood strong on cross country running and a great deal of its development is due to the Hare and Hounds runs, which are held every Saturday and which are ready easy walks and runs over courses, and are not strenuous at all to the participants, but give a man a chance to do a little exercising once a week at least in the open air.

The first Hare and Hounds and Cross Country run will be held on Saturday, October 4th, at Newton. The men will meet at the Trinity Place Station and take the 2.05 train for Newton. The run will start from the Newton Y. M. C. A., and will be over a fine course, and will be very slow so that new men will have no difficulty in keeping up. Upon the return to the Y. M. C. A., the men will be given the use of the swimming tank.

PHI KAPPA PSI—Members in the Institute are requested to send their names to Geo. W. Simons, Jr., 17 Cumberland St., Boston.

FOUND AT SUMMER CAMP.

One pipe, 1 cuff link, 1 folding drinking cup, 1 button hook, 1 steel rule, pair of glasses in case. The articles enumerated above have been found at the Summer Camp, East Machias, Maine. Owners of same may obtain them at the office of the Superintendent of Buildings and Power, 26 Trinity Place.

NEW CONSTITUTION

CONSTITUTION

of the Institute Committee, which until last April, was not limited in its powers by any written constitution. At that time the entire student body voted on a constitution which had been worked out by a sub-committee of the Institute Committee, and which was adopted by a large majority. Now both the student body and the Institute Committee are limited and governed by the provisions of this constitution, and for that reason it is printed in full below. This year will give the new Association a chance to prove its sincerity, and will bring to light any serious faults in the Undergraduate Constitution. When these have been removed the Massachusetts Institute of Technology will be able to conclude that the organization will enable the student body at the New Tech to develop into a strong and powerful organization.

CONSTITUTION of the

M. I. T. Undergraduate Association

Preamble.

Whereas, it seems wise that all activities among the students of the Massachusetts Institute of Technology should be so organized and conducted as to work for the good of the student body as a whole and for the welfare and renown of M. I. T., it being fitting that some central organization, chosen and controlled by the student body, should, as representing that body, have and exercise general power over all individual activities in so far as they affect the student body as a whole.

To this end it seems necessary that the entire body of undergraduates should be brought together as a unit in order that legislation and executive power may be transferred upon such a central body. All general issues and matters of supervision over all individual activities in so far as they affect the student body as a whole.

To this end the following Constitution governing the student body is adopted:

Name of Organization.

Article I.

The name of this organization shall be the "M. I. T. UNDERGRADUATE ASSOCIATION."

Purpose of Organization.

Article II.

The purpose of this organization is to regulate and control the acts of the entire student body in relation to the Institute and to the general public, and to exercise such supervision over the several student activities as will ensure that the same are conducted in the best interest of the student body as a whole and to the credit of the Massachusetts Institute of Technology.

Membership.

Article III.

All registered students at the Massachusetts Institute of Technology are by virtue of such registration members of this organization, such regulations and rules as may be hereinafter enacted by this organization, and Government of This Association.

Article IV.

Section 1. All the legislative and executive powers of this Association are hereby vested in a representative body to be chosen hereafter provided. This body shall be known as the Institute Committee.

Section 2. All acts and decisions of the Institute Committee shall be considered to be the acts and decisions of this Association, except that petitions presented in writing by fifty (50) students, within ten (10) days of the enactment of such acts and decisions, any and all acts and decisions of the Institute Committee shall be presented to the Association for ratification or rejection, as provided in Section 3.

Section 3. On receipt of a petition as provided in Section 2, the Institute Committee shall within a reasonable time issue a call for a general vote on the matter in question, the same being taken by ballot in the presence of not less than twenty (20) members. The number of ballots cast shall be necessary to annul any act or decision of the Institute Committee.

Section 4. The Institute Committee shall consist of three members of each class, of whom one shall be the Class resident, the other two to be elected at large, and drawn from each of the following undergraduate organizations:

M. I. T. A. A.
Musical Clubs
Technology Christian Association
Architectural Society
Biological Society
Chemical Society
Civil Engineering Society
Electrical Engineering Society
Mechanical Engineering Society
Mining Engineering Society
Naval Architectural Society

Constitution.

Section 5.

Any other activity now existing or hereafter duly organized by the undergraduates may, by a two-thirds vote of the Institute Committee, be granted representation hereon, and any activity having a representative on the Committee shall be considered a part of the organization.

Section 6.

If the acceptance of this Constitution by the student body, the election of representatives on the Institute Committee on the part of the various organizations, or other student activities shall be deemed an acceptance of this Constitution and its authority.

Organization of the Institute Committee.

Section 1.

The officers of the Institute Committee shall consist of a President, Vice-President and Secretary-Treasurer, who, with two members elected from the Committee at large, shall constitute an Executive Committee.

Section 2.

The President of the Senior Class shall be the President of the Institute Committee. All other officers of the Committee shall be chosen annually by the Committee by written ballot.

Section 3.

The Institute Committee shall enact such By-Laws as may be deemed necessary, and not inconsistent with the provisions of this Constitution.

Amendments.

Article VI.

Amendments to this Constitution may be recommended by the Institute Committee or by a petition of one hundred (100) members of the Association. Any amendments so recommended shall be submitted to the Institute Committee, and if recommended, if necessary, shall be submitted to a total membership vote.
