MECHANICAL SMOKER

All Men From Courses II and X
Invited—Program Begins
At Eight O’clock

The Mechanical Engineering Society will hold their annual reception to new men Friday night at 8 o’clock in the Union. The reception will be in the form of an informal smoker with talks by Professors Miller and Haven and Mr. T. R. Cory, the vice-president of Wm. Filene’s Sons Co. There will be smoking for all, and following the program, which will be interspersed with music, the refreshments will be served.

The purpose of the reception is to acquaint the members of Courses II and X with each other and with the advantages of membership in the Society.

Although, at present, Sophomores are not admitted to membership until the second term, they are cordially invited. However, a change in the constitution is being considered whereby Sophomores will be invited. Professor Norris is professor of Organic Chemistry at Harvard. He was formerly assistant manufacturer in Organic Chemistry at Harvard. Mr. Sayward 28:17, Currier 28:56.

Brock 26:23, Peaslie 26:45, Grayson 24:58, Nye 25:16, Newlin 25:16, Clarkson and Reycroft were also out. Drummey r.e., Roper p., Dewson r.h., Miller l.h., Jewett f.b., Lovejoy r.g., Kaula r.t., Stowell c., and Jewett 1b.

Another set of backs also went through signal practice. This backfield consisted of Allen q.b., Thrash r.e., Roper p., Dawson r.h., Miller l.h., Jewett f.b., Lovejoy r.g., Kaula r.t., Stowell c., and Jewett 1b.

Sophomore Game with Somerville Canceled

High School Manager Refuses To Play—Smirnoff At Oval Saturday

The game between the Sophomore Football Team and Somerville scheduled for yesterday afternoon was canceled. Our team is coming along very slowly, and it is thought unwise to play so near our hard game with Tufts. I regret that we will not be able to play the game later.

Yours truly,
G. C. Bledgett.

In practice Tuesday the regular team was opposed by about five men, and was picked on a first day’s trial. The defense was shifted and scrimmage started on the other side. Roper at quarterback and Jewett, Quarter, and Smart formed the backfield. Yesterday only signal practice was held. The regular team lined up with the following set of backs. Duffie, Fill Lt., Burbord Ig., Hunt c., Loverjoy r.g., Roper p., and Watson r.h. Mike in Jewett 1b.

A set of backs also went west through signal practice. This backfield consisted of Allen q.b., Thrash r.e., Roper p., Dawson r.h., Miller l.h., Jewett f.b., Lovejoy r.g., Kaula r.t., Stowell c., and Jewett 1b.

It must be remembered that those out yesterday in response to Manager Wood’s call made in yesterday’s issue of THE TECH.

As usual the 1917 men used the gun this week, and it is to fill this vacancy that this call is made. The men are making good progress, and the weather is very favorable to get the team into good condition.

The regular team lined up as follows: Benson f.b., Hesford r.e., Roper p., Dewson r.h., Miller l.h., Jewett f.b., Lovejoy r.g., Kaula r.t., Stowell c., and Jewett 1b.

The annual Fall Handicap Meet will be followed Saturday afternoon and evening. This event has always been one of the most interesting of the fall season, and ranks next to Field Day in athletic interest. This year the usual number of enthusiastic new men are out and with the handicaps the finalize pressure to rest. This meet also serves to give each class an idea of the strength of its relay men. A nominal charge of twenty-five cents will be made for admission.

Rifle Club Meeting

An important meeting of the Rifle Club will be held in Room 27 Rogers at 1 P.M. All new men will be heartily welcomed, and plans will be made for the Club events of the year. Last year the Technology team was represented by a fine team, and it is desired that all men who have had, or wish to have, experience in work of this kind come out and help to give Technology another good team this year.

Yesterday was fine weather for practice of the out-of-doors sport.

Field Day only two weeks away.

ELECTRICAL ENGINEERING SOCIETY BALLOTS OUT

Office of Vice-President To Be Filled—Ballots Due Saturday

The ballots for Vice-President of the Electrical Engineering Society may now be obtained at the Cage. The former Vice-President of the Society, J. F. Hendricks, has left the Institute and has gone to Cornell, and it is to fill this vacancy that this new election is called. The nominees for the office are: George K. Perley '14, L. R. Witherby '14, F. B. Barnes '14, and M. J. Smith '13, all of whom have been very active in the Society affairs in the past. All ballots must be returned to the Cage not later than 5:30 P.M., Saturday, October 25.

If it is possible to complete the arrangements for a speaker the next meeting will be held on Tuesday, November 11. The next excursion will be on Nov. 12, 13, and 14, and will be trip to the Simplex Wire and Cable Co., at Cambridge. This excursion will be preceded by a smoker at which Mr. Morse of the Simplex Co. will deliver an illustrated talk on the manufacture of wires and cables.

FRESHMAN TUG-OF-WAR

Thirty Candidates Out For the Team—Good Practice

The Freshmen held tug-of-war practice on the Oval yesterday afternoon, with about thirty men out. Comparatively few responded to Manager Wood’s call made in yesterday’s issue of THE TECH.

As usual the 1917 men used the gun this week, and it is to fill this vacancy that this call is made. The men are making good progress, and the weather is very favorable to get the team into good condition. Only a few candidates responded to the call since the season, and ranks next to Field Day in athletic interest. This year the usual number of enthusiastic new men are out and with the handicaps the finalize pressure to rest. This meet also serves to give each class an idea of the strength of its relay men. A nominal charge of twenty-five cents will be made for admission.

SCULLY Elected Junior President

Wins by Large Majority—Fletcher Elected Vice-President—Wardwell Treasurer

The returns of the Junior elections show that F. P. Scully was elected President by a large majority. Scully is a Cambridge man. He was Vice-President of his class last year and also a member of the Athletic Association; he was Captain of the football team in both his freshman and sophomore years, and also a member of the basketball team in both these years.

R. S. Fletcher was elected Vice President of the Club. Fletcher comes from Providence, R. I. He has been a member of the hockey team and of the class football team in both his freshman and sophomore years; he is now Assistant Manager of the Hockey team. Fletcher won the number one book in the Technique rush last year. V. E. Wardwell, who was elected Treasurer, has been a member of his class football team for two years. He was also prominent at the summer camp last summer.

Mary E. Plummer, who was elected Secretary, is the first co-ed to be elected to a class office. Miss Plummer is a resident of Newton and a member of Cleophaen.

R. D. Waterman was elected Clerk, by a very small margin. Waterman (Continued on page 4).

CROSS-COUNTRY RUN

Benson Wins In 24:58—Newlin and Nye Second

Yesterday afternoon the Cross-Country Squad ran over the regular Tech course of five miles. The contestants left on the 4:07 train for Highlands, where the run was started. The distance covered in very good time, the finish being at Tech Field at 5:17. H. P. Smith was first to cross the line, his time being 24 minutes and 56 seconds. The men finished in the following order: Benson 24:58, Nye 25:16, Newlin 25:16, Best 25:17, Graff 25:31, Wilkins 25:37, Brock 26:23, Penrose 26:35, Gray 27:16, Enszlube 28:06, Parker 28:11, Sayward 28:17, Conner 29:55.

CHEMICAL SOCIETY

Dinner on Friday In The Union—Prof. Norris To Speak

At 6:15 P. M. on Friday the Chemical Society will hold a dinner in the Union. All Freshmen and upper classmen taking chemical courses are invited. Professor Norris of Simmons College is to be the speaker. Professor Norris is professor of Organic Chemistry at Simmons and lecturer in Organic Chemistry at Harvard. He was formerly assistant professor at Tech and has been presiding officer of the Chemistry Technology, president of the Technology Society. The results of the special election for the term commencing January will be announced at the dinner. The tickets for the dinner are on sale at the Cage. A limited number only may be obtained from R. H. Dickson president of the Society.

SOPHOMORE RELAY

Urgent Requests from Coach Kanaly for More Men

Word comes from Coach Kanaly that there are still a large number of men in the Sophomore Class who ought to come out for Relay. Most of these men have good work and can strengthen the team materially. It must be remembered that those out for Cross-Country will be unable to run on Field Day on account of the conflicting Cross-Country event. The 1916 Relay time trials are to be held this afternoon at the Field.

WEATHER

For Boston and vicinity: Unsettled, probably followed by rain; rising temperature.

CALENDAR

Thursday, Oct. 23, 1913.
1.00—Rifle Club—27 R.

4.15—1916 Football—Oval.
4.15—1917 Football—Field.
4.30—1916 Relay—Field.
8.00—Field

Friday, Oct. 24, 1913.
4.00—Executive Committee Chess Club—Union.
6.31—Chemical Society Dinner—Union.
6.39—Mechanical Engineering Society—Union.

Saturday, Oct. 25. 1913.
2.30—Fall Handicap Meet—Field.
JUNIOR ELECTIONS

(Continued from page 1)

is a member of the Technical Electoral Committee. F. C. Poole and N. L. Foster were elected to the Executive Committee. H. F. Howlett is a member of the Technical Electoral Committee. He was Managing Editor of THE TECH last year. Foster was on the relay team in his sophomore years. He is a member of the Technical Electoral Committee. Howlett was prominent at the summer camp last summer. A. B. Curtis and C. L. Morse were elected to the Athletic Association. Curtis was Captain of the 1916 relay team last year; he was on the "variety quarter-mile relay team and has been on the Athletic Association for two years. Morse was on his class football, basketball and baseball teams in his freshman and sophomore years. He was Captain of the basketball team last year.

A summary of the results are given below:

For President—H. P. Scully, 66; E. B. Goodell, 22; H. P. Sabin, 16.
For Vice President—R. S. Fletcher, 53; E. E. Fice, 49; K. W. Roy, 10.
For Treasurer—V. V. Wardwell, 54; E. J. Cascilien, 31; T. J. Barry, 23.
For Secretary—E. F. Plummer, 58; C. L. Hatt, 23; R. V. Tiffany, 20.
For Clerk—R. D. Waters, 29; H. L. Zeppeler, 26; C. E. Sifton, 26; M. J. Marion, 23.
For Institute Committee—C. W. Wood, 54; C. W. Howlett, 45; J. B. Franks, 49; J. A. Tobey, 39; C. W. Rwy, 16.
For Executive Committee—N. L. Foster, 69; E. C. Poole, 69; T. G. Brown, 40; L. E. Armstrong, 21; T. R. Johnson, 18.
For Athletic Association—A. B. Curtis, 49; C. L. Morse, 45; A. C. Blodgett, 35; M. E. Hill, 30; T. J. O'Brien, 30; T. H. Huff, 20.

COMMUNICATION

In order to have something original on Field Day and to arouse an ethnic spirit of unity and cooperation, the curricular and extracurricular activities are combined in an all-day event. The details of this plan will be announced in a future issue. Candidates are expected to submit their plans to the Class Council for approval before the event. The goal is to create a sense of community and foster a sense of pride among the students.

"BRYANT'S PLAN FOR PEACE": SUBJECT OF T. C. A. TALK

Mr. J. K. Tryon of World Peace Foundation to Speak This Noon in Union.

This noon, Mr. J. K. Tryon, of the Massachusetts Peace Society and of the World Peace Foundation will speak in the Union, and will be the third T. C. A. speaker of the year.

Mr. Tryon's subject is one which has attracted world-wide notice, and has been criticized both favorably and unfavourably. Bryant's plan for universal peace has been much discussed, and has been commented upon to a very large extent. What Mr. Tryon, who is an active worker in various peace movements, will have to say in regard to this universal plan will be of considerable interest, as he is well qualified to speak on a subject of this nature. A large attendance is expected at this noon's meeting in the Union at 1:30.

ELECTIVE NOTE-BOOKS

All elective note-books that remain uncalled for after the first of November will be destroyed.

Walter Hampshires, Registrar.

PHYSICAL LABORATORY NOTE-BOOKS

Students desiring to obtain their physical laboratory note-books are requested to call for them at once in Room 16, Walker.

All books remaining unclaimed after November 1st will be confiscated.

H. M. Goodwin.

ALTERATIONS OF SECOND-HAND UNIFORMS

A representative of the uniform contractors will be at the Armory during the Wednesday drill periods, Oct. 22 and Oct. 29, to take charge of all parts of uniforms requiring alteration to fit or ornamentation. Students are at liberty to have the work done anywhere providing it is done properly but arrangement has been made to have this work done by the contractor at rates which are reasonable and probably cheaper than those charged elsewhere. This work should be attended to at once as when the new uniforms arrive the workmen will have all their time occupied by work on them and expenses will not be accepted for work delayed through carelessness. The address of the tailor employed for this work is James Greatorex, No. 27 Causeway St. You can go there, but will save trouble by turning in the uniforms to the contractor at rates which are reasonable and probably cheaper than those charged elsewhere.

EDWIN T. COLE, Registrar, U. S. Army.

FOUND—Will the student who dropped a sum of money in the Architec- tural Library recently please call at the Bursar's Office and receive the same?

F. H. Rand, Bursar.

FOUND—A pair of glasses. The owner can obtain them by calling at the Bursar's Office; also a lunch ticket for one of the local lunch rooms.
