TECH SHOW Business Staff Competition Today

MINING SOCIETY TO HOLD FIRST MEETING
Prof. Richards Will Be The Chief Speaker-Sophomores And Juniors Invited.

The Mining Engineering Society will have its first meeting tonight. Prof. Richards, who is at the head of the Mining Engineering Course at the Institute, will speak. Sophomores and Juniors are invited to attend.

The meeting will be held in the Union at eight o'clock. Prof. Richards has taken the subject "Mining Experiences." He is in a position to give the practical side of Mining Engineering, which is perhaps few are. He also intends to discuss the mining articles which appear in scientific magazines, taking up their importance in presenting mining problems. There will be other short talks during the evening which will have their own particular interest for those present.

Refreshments are to be served during and after the meeting. The Society desires as many Sophomores and Juniors in Course 112 to come as possible, and get a good idea of the advantages which are open to them.

FALL HANDICAP MILE RUN

Yesterday the mile run of the Fall Handicap Meet was run off at 4.30. The handi-cap was generous and Brock '17, running from the 125-yard line, finished a good 100 yards ahead of the next man. Of the latter, C. T. Guething showed up the best. The handicap was established to run off before the bad weather comes.

TENNIS TOURNAMENT

This afternoon the Cosmopolitan Club will hold an important business meeting in Room A of the Union at 5.00 P. M. All members and officers are requested to be present, for at this meeting a new second vice-president will be elected. The program for the year will be arranged at this meeting, so President Charpentier requests that any national chairman, who can remain here, be present to represent him at the meeting.

TECHNIK TURNOVER

President Hartshorn of the Tennis Club wishes it understood that all matches in the first round of singles must be played off before this coming Saturday, as it is especially essential to have the matches finished before the bad weather comes.

What Criticism Have You To Make Of THE TECH?

How can we improve this paper and make it meet the demands of the student body here at the Institute?

We ask you for your co-operation in this matter and hope that you will give us your frank criticism.

What changes can we bring about that will make it a more satisfactory paper to you?

Will you help us make THE TECH the best college daily in this country?

TECH NIGHT TICKET SALE

Tickets Must Be Redeemed Before Saturday—Large Number Sold.

The tickets for "Tech Night" sold well yesterday to the upperclass men, although the same cannot be said of the Freshmen, who do not seem to realize that the regatta is on sale to the general public after this coming Saturday. The tickets bought now may be redeemed tomorrow noon in Rogers and must be redeemed before next Saturday, as they will not be held beyond that date.

The committee will be in Rogers every day 'til this week from 1 to 2 o'clock. All managers who have not yet made reservations for their teams should do so at once.

CHESS CLUB TOURNAMENT

The date of the meet of the Progressive Club an announcement in yesterday's issue of THE TECH has been changed to Friday noon instead of Thursday noon. Election of officers will be held and plans regarding the fall state election in Massachusetts will be announced.

CANDIDATES FOR MANAGING EDITOR

The meeting of candidates for Managing Editor of THE TECH will be held today at 1.30 in the lower office in the Union. Only full-fledged Juniors and Seniors are eligible, as is the case with the other managing Board positions.

ECONOMICS CLUB

President Kattner wishes it announced that the meeting of the Economics Club, which will be held tomorrow, will be a meeting for members only. Matters of vital interest to the Club's existence are to be considered. The members will meet in 9 Engineering C at 1.30 sharp.

CALENDAR

Wednesday, Oct. 29, 1913.

1.30—T. C. A. Talk—Union.
4.00—Mandolin Club.
THE TECH

THE TECH, BOSTON, MASS., OCTOBER 29, 1913.

SCIENTIFIC AND ENGINEERING NOTES

The proper disposal of sewage from a large and thickly populated region is an engineering problem of great magnitude, and one which will probably confront some of us in the future. The Passaic River, which flows by several cities in New Jersey and finally empties into lower New York Bay, is at present considerable of a menace, for it is little more than an open sewer. As a means of doing away with this nuisance, the construction of a conduit for carrying the sewage from the cities to deep ocean water has been commenced. Those who are interested in such matters will find it well worth their while to read an illustrated article upon this undertaking which appears in the Scientific American for October 25.

Do this—and you'll have no regrets

See us today about that overcoat you'll need. Why? Because you won't be able to secure choice patterns much longer. Again why? Because—of tariff changes resulting in a short woolen supply—and even our large stock, carefully provided, going rapidly.

Today's the day to order.

Prices—$25.00 to $60.00.

Established 1899. Opposite the Union

Two minutes walk from all Tech Buildings. Unexcelled facilities; the most fascinating Bowler can enjoy this fascinating and healthful pastime.

Alleys arranged and reserved for private parties.

Come in and enjoy a little fun and exercise between periods.
SOPHOMORE FOOTBALL

WEAK IN TEAM WORK

Individual Work Brilliant In Parts—Men Do Not Play Together.

Yesterday the Sophomore Football Team bad a scrimmage game with Cambridge Latin. The Sophomores were worsted by about two touchdowns to one. Although the individual playing was of a better grade, there seems to be a decided lack of team work. The centre of the line is very weak and the backfield work is ragged. The whole trouble seems to be in a lack of practice together.

Today practice is at the Oval, and the manager hopes that all will report. Thursday the team will meet E. H. S. in a practice game at the Old South End grounds of the Boston National Team.

SOPHOMORE—JUNIOR RELAY RACE

The 1916 Relay Team is working out steadily and looks like a promising crowd for Field Day. There are several fast men that were on the team last year that have been improving considerably and ought to show up well in the race. The men at present are practicing starts and short dashes as well as flag passing, in which they have become very proficient.

This afternoon all the 1915 Relay men are to be at the Field at 4:30 as a practice race against 1916 is to be run. Yesterday the 1917 Relay Team split up into two teams and had a regular 220-yard relay race.

MANDOLIN CLUB TOMORROW

Coach To Be Present And Fine To Be Imposed For Absence.

Attention is called to the fact that Coach Lansing will be present at the rehearsal this Thursday, and that the fine for absence from such a rehearsal is 75 cents. The music for a new popular number will be given out and new strings issued to those who have paid their dues. It is essential that all dues be paid by Thursday. The date of the Winter Concert has been set for December 16, at Copley Hall. The tickets will be in the hands of members of the Club at an early date.
