FINAL MEETING
OF CATHOLIC CLUB

Talk On Social Views Proves An
Interesting Subject To All
Elders of Catholics.

Last evening the Catholic Club was
fortunate in having as its guests of
honor Mr. F. R. Blatney and Father
Blatney up on "Social Views," and his talk the
chairman, interest to all the men present. A
most excellent dinner was served, and
during the meal several serious
problems were raised around the
room. When the dinner had been
finished, the president of the club, in
introduced the speaker, who is a well
known Boston man.

Mr. Blatney said that since the ob-
struction of labor and its force is felt
in every community today. The
world realizes what the tariff, that is, whatever
a few pet theories to a real thing in
Socialism, held yesterday in 8 Eng.

Mr. C. H. Pratt was born in Boston
and took an active interest in the wel-
state of unrest between Capital
and Labor. Socialism has grown
less, once that the world realizes what

Mr. S. Kuttner, but was thought by the
Chairman. I

The complete constitution was therefore
adopted.

Economics Club

Name Adopted and Policy Out-
lined at Meeting Yesterday.

The meeting of students interested
in sociology, held yesterday in Eng.

The meeting was intended to dis-
cuss the principle of Socialism. The
question of Socialism is of enormous
importance, but the good that is done in a result of the
great work of the socialist.

However, when the socialists are
shown the causes of their own
misfortunes, they are constantly
charging their ideas, and therefore Socialism is a dif-
ficult subject to combat. Neverthe-
less, once that the world realizes what
socialism should be, it will combat its
principle, and will defeat its own
purpose.

The matter of a complete constitution was therefore
held over until the next meeting, at
which it is hoped a more representa-
tive attendance can be obtained.

The meeting was intended to dis-
cuss the doctrine of the club as it is
likely the club will exist primarily to
"Elect Officers." A committee, consisting of Crowell,

A contract has been made with one

FRESHMAN DINNER.

Tickets Will Be Withdrawn
From Sections Today.

Chairman Sully of the Freshman Dinner Committee will be in the Union at 2:30 this noontime to receive the unsold tickets for the dinner. These tickets will then be placed on sale at the Cage and be sold up to the time of the dinner.

As yet the tickets have not had a very rapid sale. The committee would like to have those who are intending to go to the dinner secure their tickets from the various agents in the different sections at once, so that they may give Stewart Cope a more accurate estimate of the number of men who will be present.

As the committee announced in previous issues of THIS TECH, we excellent men, fine speakers, and good music have been provided. They plan to have all who will attend one of the two best times that they have ever had, and to have a large number of Freshmen at the dinner.

M. E. NOMINATIONS.

Today, at 4 P.M., the nomination papers for next year's officers of the Mechanical Engineering Society will be on the table. Those nominations are for Chairman, Vice-Chairman, Secretary-Treasurer, and the Undergraduate Board, which is to be composed of two Juniors and one Sophomore, who will be Seniors and Junior next year. Those must be signed by at least ten members to be valid. Those nominations are to be voted upon shortly after the final banquet, which will be held the last of this month.

COMMUNICATION.

Editor of THIS TECH:
I read with interest the communication in Wednesday's issue regarding the change of location of a few of the members of the Institute Committee. The writer is not the only one who has noticed it. The representation of athletics has been too few meetings. Two of those at the end of the year, one at Norman, and the other when he came around to ask help for athletes from the committee. I do not think that they wanted them for their own personal advantage, but they were not able to help them.

They leave the advertising of Field Day to the leaders of the two lower classes. Results are easy sales in the grandstand and bleachers. They do not seem to make a cent themselves. Look at the Brown-Technique dinner last year. The first meet we had at Tech for over a year. Not a poster was put up; they relied entirely on the track talent in the class. They have a few good managers. "Good managers." "God helps those who help themselves." Let Athletics awake. Tag Day shows the Tech spirit is here. It's up to the managers of the track team to make the most of it.

AUTHORITY ON LABOR PROBLEMS TO SPEAK

Rev. Van der Pyl, Well Known Social Worker, to Address T. C. A.

The regular T. C. A. talk for today will be given by the Rev. Nicholas Van der Pyl of Haverhill, Mass., who is pastor of the Congregational Church in that town. Mr. Van der Pyl has been invited to address the T. C. A. by the Committee on Labor Problems, of which he is a member. He has been an authority on labor problems for many years, and is a member of the Twentieth Century Club of Boston.

Mr. Van der Pyl has been invited to address the T. C. A. because of his work in behalf of the labor movement, and because he has been a leader in the fight against labor problems in the East. He is well known to the members of the T. C. A., and they look forward to his talk with much interest.

Mr. Van der Pyl is a member of the Social Union of Boston, and has been a leader in the movement for the betterment of labor conditions. He is well known for his work in behalf of the labor movement, and for his efforts to improve the conditions of the working class.

Mr. Van der Pyl is the author of several books on labor problems, and has written many articles on the subject. He is well known for his work in behalf of the labor movement, and for his efforts to improve the conditions of the working class.
