SECOND OPPORTUNITY FOR TECH CANDIDATES

Vacancies in all departments—Editors will explain details.

Field Day being over, there are lots of freshmen and sophomores who have nothing to do outside of the narrow routine of studies. Up to this time THE TECH has been rather short-handed, because so many of the lower classes have been otherwise occupied. A second opportunity is now offered for new men who wish to come out for any department of the paper. The meeting for the three-metre office in the Union on Friday at 3:30.

The Advertising and Circulation Manager will be on hand to explain the workings of their departments to all wishing to get some valuable business experience; the Managing Editor and the heads of the three News Departments will elucidate the details of the Work in all its branches for the benefit of those who prefer to learn the work of an active newspaper and take part in the actual issue of the sheet. There will also be there to instruct any men wishing to let in line for an editorial position. The scarcity of men now makes the opportunities specially good in all departments, so that no one who shows interest and ordinary ability need fail to make the Staff. Any one who feels the slightest interest may come and learn the details without incurring any obligation to take up the work.

FRESHMAN CROSS-COUNTRY

Team Picked For Andover Meet—Donnelly Elected Captain.

Yesterday afternoon the Freshman Cross-Country squad held trials to pick the team for the Andover meet Friday. The run was held from the Gym and the men ran under the leadership of Capt. Guething of the Track Team. The meeting was well attended and the time for the three-mile run was 21:41 and another at 5 P.M., so that all members in general have a special interest. A brief but important business meeting will count as one practice.

CHESS CLUB

Business Meeting Friday At One O'Clock. In Rogers 21.

The Tech Southern Club held its opening reception at the Hotel Brunswick last Friday evening. November 14. The crowd that attended was rewarded by a very interesting and instructive speech by Mayor Fitzgerald, who told of the wonderful development of the State South since 1860, and the great position which it holds in the future. The meeting was well attended and the members in general have a special interest. A brief but important business meeting will count as one practice.

M. L. T. WESLEYAN MUSICAL CLUBS CONCERT

To Be Given At Jordan Hall On Friday Evening The Twenty-Eighth.

On Friday evening the twenty-eighth of November, the Weslayan Musical Clubs of Phillips Exeter Academy and Wesleyan will give the concert in Jordan Hall. The Weslayan Musical Club consists of a Mansfield and the Wesleyan Chorus. These will alternate with the Baptist, Mandolin and Glee Clubs that comprise the Wesleyan Musical Clubs.

There being a great number of Weslayan and Tech men in the vicinity of Boston, a large audience is expected. The prices will be fifty, seventy-five cents and a dollar. They may be obtained from any member of the Musical Clubs. The exact program for the concert is not known at present, but will be announced in the near future.

MEN FOR SOCCER

Impossible To Hold Practice Unless Players Come Out.

The newly organized Soccer team is in the midst of its troubles. Thus far only fifteen men have reported for practice and the daily attendance at the field averages not more than six or seven. With such a small number it is impossible to hold practice. It is known that there are a number of men here who have played Soccer and who will come out the team will be a failure. Soccer is played in the spring as well as in the fall, and if Technology expects to have a chance at the schedule of games next year it is necessary that least twenty-five or thirty men report immediately.

In Charge of This Issue.

Editors-Ralph Millis '16, Leonard Alfaro, '16

Assistant-H. E. Lobdell '17

The meeting of candidates for THE TECH, to be held in the lower office on Friday at 1:30, is an exceptional opportunity for underclassmen, in particular, to get out of the rut of studies and begin to "be somebody" at the Institute. This is not something of a fine which you are asked to make for your school, but a privilege which is open to you of adding lustre to your college life; of becoming a "person" looked up to and respected by your fellow-students; of acquiring experience which will be valuable all through your career and of broadening your mental horizon and your outlook on life. You incur no obligation by coming around to the meeting Friday; is it not worth investigating?

PORTFOLIO

The suggestion made in a communication in this issue, that this year's Technique include the individual pictures of the Seniors that have previously received the distinction, deserves the consideration of all members of the Senior Class. We have not heard officially from the board as to whether they are financially able to do it without increasing the cost of the book; we do not think it should be done if the increase is considerable. The main point, however, is whether the majority of Seniors want a much cheaper and also much less elegant Portfolio, or prefer the same kind as heretofore. Expressions of opinion are now in order from all concerned.

COMMUNICATION

The Board of Technique 1915 has offered to include in this year's Annual the individual pictures and records of the members of the Senior Class. The addition of this section to Technique would make a Senior Portfolio superior, since the scope of that book would be amply covered by the Junior publication. This proposition was considered by the Executive Committee of the Senior Class at its meeting today, and the members of that Committee desire to bring this matter before the student body before calling a class meeting for definite action. Replies in the form of communications to THE TECH or letters to the undersigned will be greatly appreciated.

For the Executive Committee of 1914,

Arthur C. Dorrance.

SHIP OWNER TALKS

(Continued from page 1)

building wooden ships and, with the other simultaneous conditions, drove the wooden ship from the ocean trade. C. 1915, Arthur C. Dorrance.

The laws of the trading ships in this country are rather peculiar and stringent. No American citizen can bring a foreign-made ship into our ports. There was a time when Boston had fifty ship-owning business houses. At that time we had also the finest crews, the most competent and skilled ship masters, and the finest equipments in the world; but due to the causes stated, these are all things of the past.

Now there is only one firm in Boston which owns ships. All the commerce, which might just as well be ours, is carried in foreign ships and under foreign flags. Then, too, there is the vast commerce of the South American Republics which is carried by the German and English marine. These conditions could with the aid of Congressional legislation, be easily remedied.

Notwithstanding the decrease in our commercial carriers, the ship building industry in this country is not on such rapid decline; the United States builds nearly as many ships as Great Britain. The difficulty of selling these vessels under our name lies in the present restriction on our ship owners.

Speaking of the peace movement in this country, Mr. Lincoln spoke of the causes stated, these are all things of the past.

The majority of Seniors want a much cheaper and also much less elegant Portfolio, or prefer the same kind as heretofore. Expressions of opinion are now in order from all concerned.

REV. MR. A. R. WILLIAMS
TO SPEAK THURSDAY

"Glimpses of the Underworld" To Be Subject Of Talk By East Boston Pastor.

The Rev. Mr. A. R. Williams, pastor of the Maverick Church, of East Boston, will speak, tomorrow noon in the Union at 1:30 on "Glimpses of the Underworld." Mr. Williams is one of the youngest pastors in the city, and the furnishing condition in which his church is at present time is due to his own efforts and work. He took charge of the Maverick Church several years ago in a threatening state of affairs, and he gradually built it up into one of the most active church communities in Greater Boston. Mr. Williams' church is one which appeals especially to the working man, and to the industrial classes, and many of the features which make it such a church are innovations introduced by the resourceful pastor.

Several years ago, Mr. Williams placed himself in the position of the common laborer out of a job in order to find out what the working man without a job had. Donning overalls and jumper, the pastor went in search of a job, and tried to find work doing anything from porter's work to unloading bananas. Unsuccessful in Boston, he went to Lynn and Lowell and other neighboring towns, but in vain; and after many unusual experiences he returned to his chosen work, with a different viewpoint of the ordinary labor. It is no wonder, then, that Mr. Williams has made his church appeal to the working class.

OFFICERS APPOINTED

Maj. Cole Chooses Corporals And
Third Sergeant For Regiment.

The cadet non-commissioned officers of the M. I. T. Regiment have been chosen by Major Cole. The commissioned officers were appointed from the upper classes at the beginning of the term, and at that time some of the freshmen who had had previous experience in drill were chosen as temporary non-commissioned officers. The final appointments have been made on the basis of the work done by the men during the first seven weeks. The following were appointed:

Company A.
1st Sergeant, W. J. Beadle.
2d Sergeant, R. Gannett.
3d Sergeant, F. B. Bill.
1st Corporal, L. E. Schoonmaker.
2d Corporal, T. E. Hamnal.
3d Corporal, C. S. Roedl.
4th Corporal, G. D. Spear.
5th Corporal, R. C. Sylvander.

Company B.
1st Sergeant, E. V. Pollard.
2d Sergeant, P. W. Dodson.
3d Sergeant, F. P. Sherman.
1st Corporal, A. E. Ferretti.
2d Corporal, H. C. Stone.
3d Corporal, W. F. Johnson.
4th Corporal, A. R. Atkins.
5th Corporal, A. K. Althouse.

(Continued on page 4.)

MEETING OF "THE TECH" STAFF

This Friday, the 24th, all men on the TECH will meet in the lower office at 1:30 P. M. As important business is to be discussed the presence of the men of all departments is desired.

The greatest joy that follows the hardships of training is the moment that you can heap the brier bowl with good old Velvet. Superb leaf—the tenderest leaf—aged over two years—perfect maturity—disappearance of all harshness—leaving that rare degree of mellowness—superb flavor—the smoothness so enjoyable. Velvet is free from all harshness. Smoke Velvet as often as you like, always cool burning—"good old stuff!" At all dealers.
