ASSOCIATIONS FOR SENIOR CLASS DAY.

Copley Square Hotel chosen for Class Dinner—Dance and Harp Concert.

At a meeting of the Senior Class Day Committee, held yesterday afternoon, several important matters were discussed. The program, which includes the amount of a Class Day assessment and the choice of dates and places for the dinner and dance, was discussed. The Class Day assessment, which is very scientific and for the class dinner, the engraved programs and the dances. Each man will be allowed to bring two guests, both of which must be ladies, the dances. The Copley Square Hotel has been once selected for the Senior dinner. This hotel was the scene of the dinner of the Class of 1912, and from the expressions of satisfaction which have been made by the members of that class, the committee feels the selection to be a good one. Similar selection was made in the choice of the hall for the class dance, which is to be at the Somerset.

COURSE IV SMOKEER.

Prominent Chicago Architect to Lecturer at Temple Beth Israel.

This evening, at 8 o'clock, the Architectural Society will hold a meeting and smoker in the rooms of the department on the fourth floor of the Temple. There are sure to be a number of very exciting features. The committee, as usual, will be in charge of the meeting and smoker. The dinner will be at the Copley Square Hotel, and the dancing will be at the Somerset Hotel.

LYNN STUDENTS HOLD IMPORTANT MEETING

Provisional Constitution For
New High School Club Discussed

Yesterday afternoon, at 1:30, the tech students who are residents of Lynn and its suburbs, held their sectional meeting in 28 Rogers, attended by all the desiring to make up the committee on the constitution. The draft of the constitution was considered and a few changes were made.

The meeting opened with a discussion as to just which of the many towns around Lynn should be considered to be Lynn. It was finally decided that the name of the organization should be "The Greater Lynn Club," and that the residents of Lynn and its suburbs should be considered.

As to the Brown-Tech dual track teams, and tickets for the grandstand were kept informed of the work of all the teams, and tickets were on sale for $1 each.

The management was very glad to receive suggestions and will give them serious consideration, but gross misrepresentation of facts is unbecoming for any student or club.

THE CREW PRACTICE

Yesterday afternoon the crew candidates took two trips. One, in the four-oared shell and the other in the eight-oared boat. Many candidates were present, but only a part of them were able to row. On the four-oared shell the makeup of the crew was: Pierce bow; Macdonald stroke; Holmgren, coxswain; in the eight-oared shell the men were seated as follows: Macdonald bow; Holmgren, stroke; Bessey, coxswain; in the larger shell, the men were seated four abreast; McFadzean, stroke; Macdonald, coxswain.

APPLICATIONS FOR SCHOLARSHIPS DUE

Solicitations to Be Honored

Must BeFiled Today at Office.

Today is positively the last opportunity for candidates for a scholarship for the ensuing year (except a State scholarship), to hand in their applications. Each applicant will be notified by mail of the date named for consultation. Those who desire State scholarships are required by the State Board of Education to fill out blanks, which are at the Registrar's office, before the first day of July. Those who have not yet been notified of the date named for consultation, or have never been notified, will be given an opportunity to make such application as may be necessary to qualify them for the scholarships to which they may be entitled.

T. C. A. TALK.

(Continued from Page 1)

In respect labor troubles in Europe differ from those in this country, in the fact that there the sympathizers with the labor movement have the sympathy of the general public and that of the public authorities. One of the urgent facts connected with the subject of the low wage is that the worker laborer is in most cases only worth what he gets, and it would be business suicide for the manufacturer to raise their wages. The labor union leaders are ever contending for an equal pay and shorter hours without looking ahead very much, but the whole labor movement is far more far-seeing, for with all his anarchistic tendencies, they have the sympathy of the general public on their side.

COMMUNICATION.

To the Editor of THE TECH:

Dear Sir:—A short time ago I was cured of a great inconvenience, due to the following circumstances: A certain type, desirous of reaching me at the Institute by phone, left an important message for me at the "Cage." As I was not expecting the same, I did not call at the "Cage" and, accordingly, never received it. This, as I stated above, caused me no inconvenience, and I do not doubt that other fellows have been in a similar state. So, I beg to suggest a little remedy which I think would tend to reduce further trouble in this respect. Could not the Union Committee post a small bulletin board in a conspicuous position in the vestibule by the "Cage" and place upon it, under the heading:

"Phone Message at Cage For"

the number of any person who may have a chance to receive telephone messages in this way? I am sure that many fellows would thereby be benefited from time to time. I shall be grateful if you will favor the communication with space in the TECH.

Very truly yours,

M. W. L., '15.

SOPHOMORES TO PLAY FIRST GAME SATURDAY

Opens Season at Allen School—Line-Up of Team Decided.

The Sophomore team will play their first scheduled game on Saturday, when they meet the strong Allen School team at Newton. The team has had two hard practices this week and is right on edge for the game. For the past three weeks the team has been making practically no practice in fielding and batting, with a short game with the second team. The fellows have been kept up by these games and feel confident that they have a good chance of being the winners on Saturday. Sears and Duley seem to be the best of the candidates for pitcher. Although Captain Caffrey thinks there is little choice between the two men, he admits at present to stand off with Sears. Laughton, one of the promising candidates, has agreed to play on Saturday. The batting order will probably be given a chance to show the quality of his work at this time.

The following is the probable lineup and batting order: Thomas, R.F.; Franks, 3 b.; Morse, 1 b.; Caffrey, s.a.; Wyman, 3 b.; Metzger, c.d.; Place, 2 b.; Hall, c.; and Sears, p.

THE TECH TEAM PICKED

Mgr. Workouts Predict Easy Victory Over古镇

Mgr. Workouts Predict Easy Victory Over古镇

By A. M. Schaefer Correspondent for THE TECH.

Nashville, Tennessee.—During the warm weather of the past week Manager Workouts has been putting the Tech athletics through strenuous practice in preparation for the opening game of the season with Tennessee.

The pitchers are now rounding into fine shape under the able tutelage of Hans Schabacker, the Irish comedian, playing short. Third base is in the hands of "T. C. A. Fender," and "Always-on-the-job" Euhrkrett is slated for second base, with "Montana Mike" Haller as a substitute. In case Holter plays, his position as water-boy will be taken by "How" Hawes, the coarse, sweetly rolled Hound is slated for second base, with Hans Schabacker, the Irish comedian, playing short. Third base was a much desired position, for self-evident reasons, but after considering the matter fully Manager Workouts decided that "On top" Casey was the safest man for the position.

The outfield is composed of "T. C. A. Jewel," "All C's" Mills, "Tunny" Burkhardt and "Always-on-the-job" Warnh. "Sammie" and George, the bat boys of the team, will join the team at their early return trip. They are expected to be in the pick of condition.

The first engagement of the newly invented ball has not yet arrived, but the ball has been adopted by both the Americans and the National Leagues, and "Leaps" Feet is receiving an enormous novelty for his discovery.
