MAYOR CURLEY HONORS THE CATHOLIC CLUB

Chief Magistrate Of City Speaks At Largely Attended Dinner.

That the Catholic Club of the Institute is a live and growing organization was made evident at the regular monthly meeting held Wednesday evening. After the supper those present listened to a few remarks from Mayor Curley, the spiritual director. As the latter finished his words, Mayor James M. Curley was announced and a cheer was given for the guest of honor. The Mayor immediately launched into his subject and for an hour held the closest attention with the facts concerning "Municipal Administration."

Some of the Mayor's points were that weakness in the municipal is in the failure to standardize. Many of the now intricate details in city institutions could be brought up under better comprehended laws and greater efficiency would result. If departments could be run as many of the federal government, for example take the Post Office Department. Tula gigantic business which is carefully run by the Federal Government is a standardized affair, and, while to the layman, it seems that a great deal of work is being done, only a small percentage of the men are greatly overworked. The case of the Post Office is no exception. The Postmaster appointed has only a little practical experience to bring to it. His men in turn may feel for some time to come. The Mayor's points were that the act of handling the lines of work are easily divided among a large number of men. The annual freshman Sophomore cross-country run was held Saturday morning, the first on the course of times is possible. The outcome of the race is still undecided owing to the fact that the Sophomore team have the first twenty. The last man to finish was Larry, a freshman, who came in fifteenth and is the second man to make up the team of six men necessary to secure the race for them. It remains a question whether the Sophomore team will be the only team with the full number of men.

The annual sophomore Sophomore cross-country run was held Saturday morning, the first on the course of times is possible. The outcome of the race is still undecided owing to the fact that the Sophomore team have the first twenty. The last man to finish was Larry, a freshman, who came in fifteenth and is the second man to make up the team of six men necessary to secure the race for them. It remains a question whether the Sophomore team will be the only team with the full number of men.

FRESHMAN-SOPHOMORE WRESTLING MEET

Inter-class Matmen To Grapple For Their Numerals Next Friday Evening.

The second annual Inter-class wrestling meet will be held next Friday evening in the M. I. T. gym at eight o'clock. One man in each class will receive numerals and in event that more than one boy is held in any class the winners will have to scrap it out. Last year the freshman outfit took every bout but since then practically all have made the varsity so they will be barred from this year's sophomore team. The afternoon wrestling team, owing to its steady practice, appears stronger than that of the Sophomores. However, the second-year men have not a number on the varsity first team can compete in this meet.

In the 115-pound class, the freshman will represent the city. In the 120-pound class, it is understood that the Sophomores have the best man. Last year he showed up as one of the best of his weight, and with a little hard practice should look after his opponent.

JUNIOR PROM POPULAR

Only Room For Twenty Signatures

Of the two hundred and fifty sign-up blanks for the Junior Prom, all but twenty have been taken. In order to insure room for the thousand couples expected, the main ball room and the foyer at the Cupples Hall have been engaged, but, as this number of dancers will amply cover expenses, no more blanks will be issued. Dance orders will be distributed at the Cage shortly after April first.

Dance orders will be distributed at the Cage shortly after April first.

TECH SHOW TICKETS

Applications for tickets to the Tech show have been mailed to alumna and will be mailed to students tomorrow. The applications which are returned during next week are to be divided into the classes A, B, C, D and E, and the tickets for each in turn will be distributed for lot. Patrons and patronesses are to be given first preference, and their names by the faculty. Seniors, Sophomores and freshmen. Applicants for more than four tickets are to be given first place, and if not patron or patroness of the faculty will be considered as coming under class E and given last choice.

WEATHER HANICAPS SATURDAYS RUNNERS

Outcome Of Interclass Run Still Undecided—McVicker Gets First Place.

The annual freshman Sophomore cross-country run was held Saturday morning, the first on the course of times is possible. The outcome of the race is still undecided owing to the fact that the Sophomore team have the first twenty. The last man to finish was Larry, a freshman, who came in fifteenth and is the second man to make up the team of six men necessary to secure the race for them. It remains a question whether the Sophomore team will be the only team with the full number of men.

Following is the order of men finishing and their times:

1. McVicker, 1918, 28 min. 13 6-6 sec.
2. Allen, 1911, 28 min. 14 sec.
3. Parker, 1917, 28 min. 14 4-5 sec.
4. Brook, 1915, 28 min. 42 2-5 sec.
5. Dodge, 1912, 29 min. 47 sec.
6. Campbell, 1918, 29 min. 59 2-5 sec.
7. Mason, 1917, 30 min. 47 4-5 sec.

SOCCEER PLAYERS HOLD MEETING

Many Students Agree To Make Soccer A Technology Sport.

A meeting of men interested in soccer was held in the Union Friday evening, selecting from the following teams: Andover, Mid-"

THE TECH BANQUET

Mayor Curley and Ed Ortegon of Transcript To Speak.

Wednesday evening at 6:30 The Tech will hold a banquet at the American House at which the election of officers to The Tech, Vol. XXXV, will be announced. Mayor James M. Curley, Mr. J. T. Williams, Editor of the Transcript and Mr. E. W. Litchfield will be the speakers. Mr. John R hitchie, the members of The Tech Al- visiting Council, and several of the most prominent Institute undergraduates will be among the guests. All those men who have been elected to positions on the paper are invited to attend.

MAYOR CURLEY SPEAKS
(Continued from Front Page)

attempt is being made, however, to eliminate entirely the political machine and graft is a thing of bygone days.

It is the Mayor's opinion that many savings could be instituted in the city government if the right methods were resorted to. As an instance where the city is benefited by a little insight it was quoted that under the term of the Edison lighting contract $1,200,000 can be saved. When it comes to an issue of economy, however, Mayor Curley believes in taking other measures than to reduce the working force. For instance the city in one year the sum of about $50,000 per year by the transfer this week of the quarantine station from the city's expense account to that of the Federal service, where it justly belongs. Also in the abolition of the Roxbury Parental School $5,000 is kept back in the treasury and from the moral standpoint many boys are saved to society.

Safety of the people is another old consideration that an executive should look after. In this connection more strict laws relating to building, health, fire prevention, etc., are present in the enactment in Boston. The various departments of the municipal management require an end of attention to details and an instance where unsatisfactory methods are not in vogue is that of road upkeep. A fortune is awaiting the man who will compound the right upkeep. A fortune is awaiting the man who will compound the right

EXCELLENT ENTERTAINMENT - WILL BE FEATURED. ALL INTERESTED ARE INVITED.

On Thursday evening, April 1, the Musical Clubs are planning to hold an immense smoker and "get-together" in the Union. This affair is not only for those men who have been associated with the clubs for the season just closing, but is also to include all men who have any intentions of trying out for the clubs next season. Through the efforts of the General Manager, a fine entertainment has been arranged. The principal attraction will be the appearance of Jas. N. Johnstone, "The Man With the Mandolins."

Mr. Johnstone is probably one of the most prominent mandolin players in the country, having just returned from a national tour, during which he appeared in thirty different states and Canada. He has assured the management that he will most certainly appear at the smoker and entertain with some of his own compositions.

Another attraction will be B. B. Stringfield, A. B. of the University of Southern California. Mr. Stringfield is a student at the Institute, having come here after graduating from the above institution where he played with the musical clubs. He will play certain with some selections on the steel guitar. It will be recalled that this is the instrument included in the orchestration of the Hawaiian Waltz which appeared so successfully with the Combined Clubs this present season.

An item of special interest to those men who made the mid-year trip will be the exhibition of a large number of photos taken by Sherman, Brown and others. These will be thrown on the screen by the Projectoscope in the Union.

Of course the main feature will be the ends, which Stewart Colton has already started to prepare. Mr. Colton has assured Mr. Abrams that no man will suffer on account of his appetite. On top of this, moreover, Mr. Abrams announces that he has just received from Pittsburgh a special consignment of Wheeling Stogies which he will place at the disposal of those attending.

Prof. Russell and Bugbee, the faculty advisers of the clubs, have promised to attend and the season's both present and coming will be discussed informally to the end that the management of the next season may get a line on what they may expect from the men. Plans will also be made for the coming annual banquet, which will take place about the first week in May.

The Spring Meet tickets are on sale today.

The freshman class banquet will be held April thirteenth.

GIVE MA'MMOTH SMOKER A TRY.

We enjoy it as much as anybody.

If something's gone wrong, you want, KICKIT.

So if you've anything to kick about—KICK.

Our representatives will be at The Tech Office, Tech Union:

FRIDAY, APRIL 9TH.

Incidentally our new Spring suits have just the "smart kick" in 'em, you want.

CIVILS TO MEET
Mr. J. W. Rollins Will Give Illustrated Talk.

The Civil Engineering Society is to hold its second afternoon meeting on Thursday, April 1st, at 4 p.m. The speaker is to be Mr. J. W. Rollins, Jr., of the contracting firm of Holbrook, Gabot & Rollins. He will take as his subject, "The Relations of Contractors and Engineers" and will also show some excellent lantern slides of difficult foundations. These slides have been shown before the American Society of Civil Engineers and other prominent institutions, and are among the topics ever taken. Mr. Rollins is a former president of the Technology Alumni and also, of the Boston, Society, of Civil Engineers. At present he is vice-president of the Boston City Club. Among the notable engineering structures which he has constructed are the Charles River Dam, the Nogoose Bridge, and many works for the United States government. The meeting is to be held in Room 31, Engineering B.

WRESTLING MEET
(Continued from Page One)
the Sophomore interest in a satisfactory manner.
In the 125-pound class the freshmen have three men, Clark, McFarland, and Sanger, any one of whom is to be depended upon. For the Sophomore Cochrane, captain of the hockey team, will probably wrestle.
The freshmen are strong in the 135-pound class, with Wooten as their best man and Magoun a close second. Against them the Sophomore will put Farnsworth, and Sliegeth of the 145-pound class, the freshmen, as represented by Pich, and Hall, the Sophomore by Moody and Haslam. In the 158-pound class, the freshmen have a good man in Wirt, formerly of Andover. He will probably meet Mertz of the Sophomore team.
The admission to the meet will be fifteen cents. Tickets can be procured from any member of the wrestling squad of the varsity team.
