BANQUET AT AMERICAN HOUSE TO INAUGURATE THE TECH VOL. XXXV

Mayor J. M. Curley, and Mr. J. T. Williams, Jr., Editor of
The Transcript and Mr. I. W. Litchfield Will Speak.
Men Prominent in Technology Affairs as Guests.

In the history of The Tech there has never been an event that promises to be more noteworthy than the final banquet of Volume XXXIV this evening at the American House which marks the passing of the old volume and the coming in of the new.

The speakers who will address the banqueters are Boston's leading men in the particular fields which they represent.

Mayor Curley is well known to Tech men through the stand he has taken for better and more efficient government since he has been Boston's chief executive. He will devote a part of his speech to the subject of "The Technically Trained Man in Municipal Service."

Mr. James T. Williams, Jr., the editor of the Boston Transcript, occupies an important position in journalism as the editor of a newspaper which is nation wide in its influence. He will take as his subject "Der Tag—In Newspaperdom."

Mr. I. W. Litchfield, more familiar-

ly known as "Ike," needs no introduction to members of The Tech. As a leader in the work of alumni organization he has no peer. Another claim which he has to fame is the fact that he was on the first board of The Tech. He will speak upon "The Tech—In Its Infancy."

Among the guests tonight will be Mr. Horace S. Ford, our popular bursar; Mr. John Ritchie, Jr., one of The Tech's most loyal friends; Mr. G. deW. Marcy, Mr. T. E. Sears, Mr. R. H. Ranger and G. A. Palmer, members of The Tech Advisory Council; Mr. William H. Fielding, President of the Machine Composition company; M. B. Dalton, president of the Senior Class, and C. W. Loomis, Editor-in-Chief of Technique 1916. The Hawaiian Quartet, composed of C. W. Howlett, I. B. McDaniel, K. T. King and R. H. Wells, have kindly consented to grace the feast by their presence and incidentally to furnish the latest music between courses.

the Massachusetts National Guard and his staff. This is the first time that the state authorities have inspected the regiment. It will, however, be followed by the annual inspection of the War Department, which will take place in May.

TRACK MEN

A large number of the men out for track have neglected to give their names and practice days to Coach Kanaly. They are expected to do this as soon as possible. Men will be expected to report for work on Mondays, Wednesdays, Thursdays and Saturdays. Those who find it necessary can practice Tuesdays instead of Wednesdays.

the American Society of Mechanical Engineers will be addressed by several speakers on the subject of the equipment of the new Technology Buildings. Mr. Harry Gay, the equipment engineer for Stone & Webster, will give a talk illustrated by lantern slides. Mr. George E. Libbey, '94, will speak on the heating and ventilating plant; and Mr. L. W. Williston, '89, who is the director of the Wentworth Institute, will talk on the general layout of that institution.

CHEMICAL SOCIETY

There will be a business meeting of the Chemical Society next Friday at five o'clock in the Union.

promptly at 10.30 Saturday morning
April 17th.

FRESHMAN BASEBALL

At the meeting held last Monday, H. L. Gleason was elected captain of the 1918 baseball team. The balloting was very close between Gleason and Malley, the former having a majority of only one vote. Malley then moved that Gleason be unanimously elected. Practice will be held Thursday and Friday at the Columbus Avenue grounds; and candidates who come out three times a week are excused from gym. The first game is to be played with Rindge Technical School next Saturday on Russell Field.

CLASS DAY COMMITTEE

There will be a meeting of the Class Day Committee this afternoon at 4.30 in 11 Eng. B.

CALENDAR

Wednesday, March 31st.

CIVILS TO MEET

Mr. J. W. Rollins Will Give Illustrated Talk.

The Civil Engineering Society is to hold its second afternoon meeting on Thursday, April 1st, at 4 p. m. The speaker is to be Mr. J. W. Rollins, '78, of the contracting firm of Holbrook, Cabot & Rollins. He will take as his subject "The Relations of Contractors and Engineers" and will also show some excellent lantern slides of difficult foundations. These slides have been shown before the American Society of Civil Engineers and other prominent institutions, and are among the best ever taken. Mr. Rollins is a former president of the Technology Alumni and also of the Boston Society of Civil Engineers. At present he is vice-president of the Boston City Club. Among the notable engineering structures which he has constructed are the Charles River Dam, the Neponset Bridge and many works for the United States government. The meeting is to be held in Room 11, Engineering B.

Moore's makes the ink behave

Starts writing at a touch and keeps on writing smoothly and evenly. Makes writing in class, "exams" or study much easier, for you don't have to watch a Moore. It always writes RIGHT. The original "won't leak" pen, too. 127 styles and sizes from \$2.50.

The Smoke of the Smart Set

is not the ready-made or even ready-made-to-order cigarette. Smart men of fashion everywhere—club men, connoisseurs, bon-vivants, millionaire sportsmen—have discovered the keener enjoyment and greater satisfaction in the fresh cigarettes of unique flavor and delicious mildness they roll for themselves, suit their individual taste, from mellow "Bull" Durham tobacco. Today it is the very last word in correct form to "Roll Your Own."

GENUINE
"BULL" DURHAM
SMOKING TOBACCO

No other tobacco in the world has the wonderful sweet fragrance and ripe natural mildness of "Bull" Durham. Other cigarettes have the exquisite smoothness and delightful freshness of "Bull" Durham hand-made cigarettes.

"Bull" Durham is a distinctive form of tobacco, enjoyment thoroughly appreciated by smokers of experience and discrimination for the supreme, lasting, wholesome pleasure it affords.

FREE An Illustrated Booklet, showing correct way to "Roll Your Own" Cigarettes, and a Package of cigarette papers, will both be mailed, free, to any address in U. S. on request. Address "Bull" Durham, Durham, N. C. Room 1400.

COMMUNICATIONS.

To the Editor of The Tech:

The only thing that "Dissatisfied" omitted in his communication concerning the Physics Department was the course in Precision of Measurements. This seems to me to be the clown in the three-ring circus.

PROFESSOR X.

FACULTY NOTICES.

Students connected with The Tech will be excused from all final exami-

nations in June. Their high scholastic standing in the statistics compiled by the Registrar seems to warrant giving all the men on the paper straight "C" reports without the formality of a previous examination.

Owing to the recent communication in The Tech, in which such serious charges were brought against the Department of Physics, Professor Cross has decided to suspend his lectures for an indefinite period, beginning April 1.
