BRING THAT GIRL!

the Spring Meet is to be a feature of Junior Week. Its incorporation in this round of activities meets with such favorable approval that Manager Webster has decided to hold it this year on the Saturday morning before the Show. The standard of the prices has been raised, seven cups being offered to competitors, and in every way an attempt has been made to place the Meet on a par with the other events of the week.

The Spring Meet will be the first outdoor event of the track season and on account of the keen competition furnished by the added cups it is expected to be present and all who are in any way interested in the success of next season's assembly will be welcomed with open arms. Questions relative to the leaders and managers for next year will be discussed and, while no definite action is to be taken at this round of activities, the members of Out of Town's Chance in the Bowdoin and Holy Cross dual meets and the New England Inter-collegiates.

Coming as it will in the midst of Junior Week, the track management feels that the success of the meet will depend largely on the enthusiasm and also of the audience. Hence the slogan "BRING THAT GIRL!" has been chosen as a watchword for the big ticket-selling campaign which is now well under way.

MONTHLY MEETING

Board And Staff To Meet With Candidates And New Men.

Friday noon at 1.30 a short meeting of all men on the Monthly will be held in Room 8, Engineering C. Reports will be heard from members of the staff and the heads of the various departments will be present to give any information and to answer any questions that new men may wish to ask. Candidates who have not yet attended a meeting should be present.

REGIMENT INSPECTION

On Wednesday, April the 7th, the First Year Cadet Regiment will be inspected by the Adjutant General of the Massachusetts National Guard and his staff. This is the first time that the state authorities have inspected the regiment. It will, however, be followed by the annual inspection of the War Department, which will take place in May.

TRACK MEN

A large number of the men have been given their names and practice days due to Coach Kanaly. They are expected to do this as soon as possible. Men will be expected to report for work Monday through Thursdays and Saturdays. Those who find it necessary can practice Tuesdays instead of Wednesdays.

CLUBS SMOKER COMES TOMORROW EVENING

Gathering Will Be Biggest Get-Together Meeting of The Season.

As announced in Monday’s issue of The Tech, the big smoker of the Combined Clubs will be held in the Union Thursday evening, starting at 7.30. Any man who is connected with the clubs in any capacity is expected to be present and all who are in any way interested in the success of next season’s assembly will be welcomed with open arms. Questions relative to the leaders and managers for next year will be discussed and, while no definite action is to be taken at this meeting, the members of Out of Town’s Chance in the Bowdoin and Holy Cross dual meets and the New England Inter-collegiates.

SHOW REHEARSALS WELL ADVANCED

Skillful Work By Coach Hume Is Apparent—New Scenery Procured.

Work on the rehearsals of the Tech show is progressing well, and is further along than it has been at this time in past years. Work is now beginning on the second act of “Getting A-Cross.” The complete rehearsal of Act I, which was scheduled to be held at the Opera House last Saturday, will be presented. Tickets for this event have now been out for three days. (Continued on Page Three)

THE NEW TECHNOLOGY

Mr. Gay Will Address Engineers Tonight.

This evening the Boston Branch of the American Society of Mechanical Engineers will be addressed by several speakers on the subject of the equipment of the new Technology Buildings. Mr. Harry Gay, the equipment engineer for Stone & Webster, will give a talk illustrated by lantern slides. Mr. George B. Libby, ’94, will speak on the heating and ventilating plant; and Mr. L. W. Wil- liams, ’93, who is the director of the Wentworth Institute, will talk on the general layout of that institution.

CHEMICAL SOCIETY

There will be a business meeting of the Chemical Society next Friday at five o'clock in the Union.

SAMUEL HUME

By Coach Hume

Mr. J. W. Rollins, ’78, of the contracting firm of Rollins, Cobb & Rollins, will speak to the Civil Engineering Society in Room 11, Engineering B, at 4.15 p.m. on Thursday afternoon. His subject will be: "The Relations of Contractors and Engineers." Mr. Rollins is vice-president of the Boston City Club, and is a past-president of the Technology Alumni Association and also of the Boston Society of Civil Engineers.

Lantern slides will be displayed showing the construction of some of the noted engineering works with which Mr. Rollins has had to do.

CLASS DAY COMMITTEE

There will be a meeting of the Class Day Committee 1 is afternoon at 4.30 in 11 Eng. B.

CALENDAR

Wednesday, March 31st.

4:30—Soccer Practice. Oval.

4:30—Class Day Committee 11 Eng. B.

Thursday, April 1st.

4:00—C. E. Society. 11 Eng. B.

4:00—Freshman Baseball. Columbus Ave. Grounds.

7:30—Musical Clubs Smoker. Union.

VOLUME XXXIV HOLDS BIG BANQUET TONIGHT

Speakers Include Mayor Curley, J. P. Williams And I. W. Litchfield.

Volume Thirty-four of The Tech will be closed this evening when the paper holds its annual banquet at the American House. As has been the custom in the past, announcements of elections to the next volume will be made at this time; and in addition, the recently selected nimbies will be given out.

The speakers of the evening are Mayor Curley, who will touch upon the work of the technically trained men in municipal service; Mr. James P. Williams, editor of the Boston Transcript, whose subject will be "Der Tag in Newspaperdom"; and Mr. I. W. Litchfield, the organizer of alumni activities, who will describe "The Tech in Its Infancy."

OTHER SPEAKERS

The other speakers of the evening are guest of the paper will be Bursar H. S. Ford, Mr. John Ritchie, Jr., Publisher of the Boston Transcript, whose subject will be "The Tech in Its Infancy."

PRICE THREE CENTS

BOSTON, MASS., WEDNESDAY, MARCH 31, 1915.

THE NEW TECHNOLOGY

Mr. J. W. Rollins, ’78, To Talk On Contractors’ Relations.

Mr. J. W. Rollins, ’78, of the contracting firm of Rollins, Cobb & Rollins, will speak to the Civil Engineering Society in Room 11, Engineering B, at 4.15 p.m. on Thursday afternoon. His subject will be: "The Relations of Contractors and Engineers."

The tickets will be thirty-five cents apiece, which admit the holder to the grandstand. The Meet will begin promptly at 10.30 Saturday morning, April 17th.

FRESHMAN BASEBALL

At the meeting held last Monday, H. L. Gleason was elected captain of the 1918 baseball team. The balloting was very close between Gleason and Malley, the former having a majority of only one vote. Malley then moved that Gleason be unanimously elected. Practice will be held Thursday and Friday at the Columbus Avenue grounds; and candidates who come out three times a week are excused from gym. The first game is to be played with Rindge Technical School next Saturday on Russell Field.
THE TECH, BOSTON, MASS., WEDNESDAY, MARCH 31, 1915

THE TECH

Entered as second-class matter, Sept. 15, 1887, at the postoffice in Boston, Mass., under the act of Congress of March 3, 1879.

THE TECH

As a more or less direct result of the European conflict, the Harvard Co-op reports a decrease of $10,000 for the last six months. This unfavorable showing has been due to the prevention of the importation of foreign books. Another reason is found in the fact that the usual amount of furniture has not been sold because of the yielding of the new freshman dormitories are fully equipped. As a result of the depression, the plans for a new building have been abandoned for the present.

At Columbia University there has been a great deal of condition as to whether football should be revived or not. The matter was put before the student body in one of the largest mass-meetings ever held and the students turned in a solid vote in favor of football under the faculty provosts. A great deal of spirit was shown and the absence of any riotous element was especially noticeable. The football prospects are very bright for the coming year and Columbia hopes to turn out a first-class team.

The University of Wisconsin started an active advertising campaign today. A big auto truck load of posters was sent out to all the high schools in the states nearby. The idea is to make next year a record-breaking one for attendance at the University.

TELEPHONE NUMBERS

The Spring tournament of the Tennis Club will be started before Junior week. The courts at Jarvis Field are in playing condition and are supervised as a possibility.

Below is a list showing the ranking of the first eight players as determined from the Spring Meet terminals over held and the student who will not be approached.

Not up to the undergraduates to attend the sets in a body and do their share in helping those men who have created the New Technology to make the Institute foremost in athletics as well as in scientific proficiency.

The increase in the price of box seats at Tech Show, although double, as indicated from a purely business standpoint, seems from the point of view of the students to be merely one more dig at the pockets of the best supporters of Junior Week events, namely, the house-parties. Unfortunately the seats have been pressed, or possibly by nature, 100 men who have been enjoyed a favoring of a boycott of those seats as a demonstration of public opinion. While this would have been unfortunate to the blow at the funds which we all fondly hope may eventually accrue to the athletes through the year and would unprofessionally give a warning by which next year's show would profit.

Nature sometimes makes perfect things, but processing spoils 'em. A good-natured boy may be 'processed' into a dun mood by the wrong education—an 'oacco can be spoiled similar.

With three offices, conveniently located in different sections of Boston, the Old Colony Trust Company offers exceptional banking facilities for Technology men.

Modern safe deposit vaults at all offices.

(Continued from Page One)
weeks and a good showing in sales is
anticipated. Plans for the annual
banquet, which is to take place early
in May, will also receive their share of
attention.
After the business part has been
disposed of, some excellent entertain-
ment is scheduled. The General
Manager received a notice yesterday
that Jas. N. Johnstone, "The Man
with The Mandolins," will surely ap-
ppear. He is now playing at Keible’s
Blue Dream. A number of students
from the Institute have heard him
perform at the regular meeting of
"The Serenaders," and are wishing
him to be one of the best artists to be
found in his line. Mr. Johnstone
has been persuaded to give his entire
act in which he plays on five differ-
ent Instruments. His performance
includes selections from various over-
tones, many of the best grand opera
arias and a number of his own com-
positions.

Another drawing card is the per-
formance on the steel guitar by R.
B. Stringfield. "A. Suffice to say that
this event will be appreciated in
full, judging from the success it has
occasional in the Hawaiian Quintet.
During the evening C. J. Brown of
the Haverford Clubs of Haverford
College (Penna.) will give a review of
the past season, recounting his ex-
periences and will offer suggestions
and criticisms. Professors Russell
and Bugbee are also to give short
workshops.

Another feature of the program
will be the Senior Chorus, which is
expected to entertain in a variety
of ways. The groups as well as the
individual pictures are in good shape and
should attract a lot of interest.

FRESHMAN DINNER
April 13th Selected For Annual
Class Banquet.

Arrangements for the freshman
dinner, to be held at the Union April
13th, are progressing rapidly, and
the committee announce that a re-
cent breaking program is in store for
those who attend. Two entertainers
have been secured, who will help to
make the affair different from all
previous class dinners at the Insti-
tute. Details will be announced later
and in the meantime all freshman are
requested to hold April 13th open.

ANDOVER MEN

The Phillips Bulletin, published at
Andover Academy, desires statistics
of the activities of all Andover men
at the Institute for its quarterly is-
son. This information, which should
include class at Technology, class at
Andover, class offices held at Tech-
ology, fraternity at Technology, and
undergraduate activities entered, may
be sent to J. W. Young, 50 Day
Street, who will forward it. The
information must be in before next
week's issue to be in time for publication.

G. S. EDDY HAS GREAT INFLUENCE IN CHINA

Over Ten Thousand Begin New Lives As A Result Of One Tour.

Mr. G. Sherwood Eddy, the most active and able Y. M. C. A. worker in Asia and China, will give his talk to the students in Huntington Hall on April 13. He has done more for China, especially in introducing Christianity, than any other one man. His experiences in the rough and uncivilized parts of that country have been thrilling. At Peking, where much opposition was expected, he was received with enthusiasm, and in order that the best and most influential class of people might hear him, registrations were made on admittance to the lectures by distributing tickets to the most desirable people. In order to show the people the condition of the country, Mr. Eddy first spoke on the corruption and vice of the inhabitants, condemning them so severely that his audience decreased from three to four thousand. On the second day and third days, he emphasized China's need for something like Christianity and brought out the fact that religion is China's only hope. As a result more than one thousand men from the colleges and three hundred business men signed cards as inquirers to join Bible classes.

His reception was equally enthusiastic in all other parts of China and his success and influence remarkable. At Canton, where there was a great political disturbance, bombs were accidentally placed in dangerous places and the pavilion in which he was to speak was torn down by a mob. The governor of the province called a conference of the heads of the college and the students in the vicinity. This was held in one of the churches for non-Christians, the attendance being about three thousand in all. In Amoy, the audience sat for over an hour in pouring rain. Mr. Eddy spoke so convincingly on the moral bankruptcy and the feeling was so deep that some of the men were in tears.

In all China, over two hundred thousand persons have attended his meetings, eighteen thousand have enrolled as inquirers and ten thousand have entered Bible classes.

Mr. W. S. Hutchinson, 1892, Will Be The Speaker.

Mr. W. S. Hutchinson, Technology 1892, and Professor C. F. Locks, will be the speakers at the Mining Society meeting next Friday night. Mr. Hutchinson will talk on quicksilver mining in Arizona and platinum mining in Good Springs, Nevada. At present the world's supply of these materials comes from Europe, the platinum from the Ural Mountains and the quicksilver from Spain. Naturally the price of them is considerably affected by the present war.

Mr. Hutchinson graduated from the Institute in 1892 and is at present a consulting mining engineer in this city. His entire life's work has been in the mining profession, his early experience being gold mining in California. Later he had charge of a gold mining enterprise in Idaho and also of some zinc companies in Missouri. For the last five years he has been a consulting engineer and has travelled over a great part of the United States, Mexico and Canada. Professor Locks will speak on the occurrence and assaying of platinum.

The meeting will be held in Room B at the Union.

T. C. A. NEWS

At the T. C. A. talk tomorrow noon in the Union Mr. W. H. Fuder, a prominent Boston lawyer, will speak. Mr. Fuder has been very interested in Ford Hall and has done much work there with G. W. Coleman. He has investigated to a great extent the city unemployed and will speak on the general topic of unemployment.

The T. C. A. elections close Thursday, April 1.

Another call for men to work on the publication of the T. C. A. "Bible" is issued and there will be a meeting today at 1:30 in the T. C. A. office.
