PRICE TWO CENTS

FRESHMEN WIN MEET BY LARGE MARGIN

Sewall Big Point Gatherer—Cold Weather and Wind Slows Down Times.

Putting their strength in the weight and field events the Freshmen won the annual underclass dual meet Saturday by the score of 72 1-3 to 49 2-3. The day was very unfavorable for either fast times on the track or good distances on the field. The strong wind swept the field and the cold chilled the men.

The 100 yard dash heats that opened the meet were easily won by O'Hara '17 and Loomis '16 respectively. In the final there was a sharp contest for first which resulted in the Freshman coming across the tape in 10 3-5 winner by a yard. In the two twenty, conditions were just about reversed, Loomis winning by about three yards.

The starters in the mile looked a sorry lot at the line but the gun

(Continued on Page 3, Col. 1)

TOO MUCH MR. KENNARD

Chess Club Defeated in Match Saturday Night.

The genius of Mr. W. I. Kennard proved too much for the Chess Club Saturday evening and out of nine matches which he played simultaneously, Tech men only succeeded in winning two and drawing one, those honors going to Jones and Saladrigas who won, and to Johnston who drew his match. Some very interesting games were played, however, especially those of Jones, Woodbridge and Hoyt. Both of the latter two men appeared until the very last to have a decided advantage, but the experience and skill of the chess master was sufficient to pull him out of the seemingly tight positions.

Mr. Kennard has not actively engaged in play for the last five or six years, but affiliates with the Boston Chess Club, and at one time ranked as ninth best player in the United States.

The Club Tournament which has been in progress for some time is now completed, Dean having defeated Saladrigas in the final round by a score of 3 1-2 to 1 1-2 in five closely contested games. The team expects to play a return match with Brown in the near future.

SPRING MEET

The entries for the Spring Meet must be in by Tuesday at six p. m. Entry books may be found at the Cage, the Gym, or the Field. Men wishing to enter after this date must notify J. P. Uhlinger at 225 Newbury street.

JUNIORS CONTRIBUTE TO TECHNIQUE RUSH

Plans Ready for Biggest and Best Parade in History of Year Book.

This morning the fliers giving the details of the Technique Rush were distributed throughout the Institute that all those who are interested in the matter may have some general idea of what is taking place. While it has generally been conceived that the rush was the opening event of Junior Week the Technique Band may now be said to have usurped that honor. When "Sousa" Brook's band starts to play on Rogers' steps at one o'clock on the afternoon of April fifteenth Junior Week has started.

Careful and painstaking rehearsal has produced a band that in efficiency and volume is superior to anything of the kind around the place. "Sousa" has demanded that only the latest and best music be played. To meet the expenses resulting from the purchase of this music and the costuming of the band the class of 1915 has this year contributed the sum of twenty dollars. This attitude of co-operation on the part of the class has made possible a band that can fittingly lead the great procession that will wend its way from Rogers' building to the lot back of the Copley Plaza.

Last year was the first year that a parade was held in connection with

(Continued on Page 4, Col. 2)

RIFLE CLUB SHOOT

Good Scores Made At Walnut Hill Saturday.

The officers of the Rifle Club express themselves as being very well satisfied with the outdoor work of the men so far this year. The shoot last Saturday at Walnut Hill was very successful. Offhand and rapidfire was practiced at the two hundred yard range, and a number of good scores were made.

Perhaps the best work of the day was done by Casselman, who was shooting rapidfire. In a string of five shots which he fired in twenty-five seconds, a score of twenty-two out of a possible twenty-five was made on an eight-inch bullseye. The time allowed for five shots in a match is forty seconds. Peterson, Brandt, Stringfield and the others who were shooting offhand, all shot some very satisfactory scores, a number of forty-ones and forty-twos being made. This is considered a very good score for so early in the season, fifty being the possible score.

Another shoot will be held next Saturday. Men who did not shoot last time are particularly asked to come out.

SPRING MEET ENTRIES COMING IN FAST

Large Number of Men Anxious To Prove Ability—Success Seems Assured.

Last week the Freshmen on the staff of the Track Management were busy putting up the entry books around in prominent positions about the Institute, and judging from the avidity with which the athletes seized them (the books) it is only a stroke of fortune that any of the freshman assistants survived the ordeal. One was brutally overthrown while putting up the pamphlets by a husky Course II hammer thrower who thought that the entries were closing, and who, therefore, righteously had cause to worry.

Seemingly everyone is learning to run or trying to learn. Copious and prolix negotiations have just been closed with Fannie Freeman and the rest of the Technique Board whereby any contestants in the rush who are not particular about losing cuticle may appear in track suits—but not with spiked shoes. Here is an excellent opportunity for some of the belated senior relay candidates to reduce flesh and get into top form in less than ten minutes. The Elevated has been induced to have its cars stop no longer than usual in the Subway stations in order that Tech Men may obtain sprint practice without loss of time.

Everything is conducive to the pedal art. What then is to prevent the Spring Meet from being a success? "Nothing," say those who know, "nothing at all."

BANJO CLUB

The Banjo Club held a rehearsal this morning at eight o'clock and will hold another on Wednesday morning at the same time in Room 6, Lowell Building. There will be no rehearsal tomorrow morning as was announced Saturday. All members must attend the rehearsals in order to be eligible to play at the Spring Concert.

SOPHOMORES SWAMPED

Newton High Baseball Team Uses Second String Men.

The Sophomore Baseball Team made a sorry showing against Newton High Saturday at Clafin Field, in Newtonville, losing by a score of 29 to 0. The 1916 men were up in the air all the time and the high school team used many second string players. The Institute nine made only one hit and piled up ten errors.

The score:

	r	h	e	
Newton	..6	2	3	1
M. I. T.	..0	0	0	0

Batteries—Higgins, Newell, Kellar, Cormick, Turner; Smart, Allen, Petit, Graycroft.

JUNIOR PROM ORDERS TODAY IN THE UNION

Remainder of Subscriptions Must Be Paid Up At Once—Extra Orders.

Friday evening the annual Junior Prom will take place at the Copley Plaza. The committee has announced that all the original plans will be carried out as regards the arrangements. The men who have signed up may pay the remainder of their subscription to the committee in the Union today or tomorrow, both between one and two o'clock and four and five o'clock and receive their tickets and dance orders. The men who wish to obtain extra programs should hand their names to the committee.

ATTENTION TECHNIQUE

The Best Team on Earth Is Practicing at Neusite.

(Special to THE TECH), Neusite, Ga.—Developments yesterday made evident that this year's team will much surpass that of last year. (Editors Note—This dope is true and not merely a rumor). Since going South—South of Stuart Street and the Copley-Plaza—the fate of Technique has become more and more certain. Sunday afternoon the team enjoyed a short workout and batting practice under Coach Chew and Captain Weight. The new coach is developing the English stroke and present indications show that this will make the opposing fielders distribute their shoe leather over the greater part of Jamaica Plain.

In regard to the make-up of the team it is a surety but a secret and hence we cannot publish it before the opening of the traditional match. The batter and chief waterboy will have entire charge of the bases and other equipment and will thus relieve the deficient manager from some of his arduous duties of former days. Of course the special platoon of Union police will be on hand to keep the crowd back.

Several of the new heelers have shown up well and are expected to fill in the chinks back of the catcher. In tomorrow's story we expect to present a full account of how the Technique team is on its way to destruction but this matter arrived too late for publication since our special correspondent was intercepted between the training grounds and the A. P. wire. The price of box seats this year will be \$10 as of yore.

CALENDAR

Monday, April 13, 1914.

8.00—Banjo Club rehearsal. 6 Lowell.

4.00—Show Rehearsal. Opera House.

Tuesday, April 14, 1914.

12.00—Glee Club Rehearsal. Copley Plaza.

6.00—Spring Meet Entries Close.

MONDAY, APRIL 13, 1914.

IN CHARGE OF THIS ISSUE.

M. B. Lewis, '14, and H. E. Lobdell, '17.

In keeping with the policy of Technology as expressed in its offer of laboratory materials to aid a sister institution in distress we propose that Tech Show 1914 tender a benefit performance in Boston to Wellesley College. Such a performance could not but aid the already friendly relationship between Wellesley and Technology. The advertisement for Technology incidental to such a performance cannot be overestimated. Tech Show would be introduced to the general public of Greater Boston in a manner no other one thing could accomplish. Surely the men in Tech Show and all the men connected with its production together with the management of a theatre in Boston, would all co-operate in this matter.

By their victory of Saturday over Leland Stanford and California the University of Washington has won the right to represent the Pacific coast at Poughkeepsie in June.

The imported shell of the Penn crews struck a mudbank Saturday and immediately sank leaving the oarsmen in the water of the Schuykill.

Krepps of Tufts proved a puzzle to the Dartmouth batsmen Saturday out at Fenway. They were unable to do anything with his curves until the sixth.

The good showing of the Freshmen in the Field events is decidedly encouraging to those interested in our athletic standing. The hammer throw of 73 ft. was not very good, however, and more work and more candidates for this event are needed.

Thompson's time for the quarter was fast when we consider the conditions under which the race was run. The wind was strong, the track none too good and fifty-four seconds at the beginning of the season is not bad under the most favorable conditions.

The Sophomores seem to have lost a good deal of interest in track if we judge by the number of men at the meet Saturday. It is a great pity that 1916 should be so poorly represented when she has such a lot of good material.

The new shots were quite conspicuous. They are made of a new composition and are bright in comparison with the iron ones formerly used.

The Spring Meet promises to draw a large crowd. The tickets are going good and the track men will undoubtedly show up well if the weather is at all favorable.

Graff is showing up well as a two miler and may be expected to compare favorably with the best in that event this season.

Si Guething will undoubtedly cut down his time below the two-minute mark in the half mile by the end of May. Although he was going his limit at the finish on Saturday a little pushing at the start would have cut off a second or so.

Loomis and O'Hara furnished two exciting contests. It is too bad that Chuck will be lost to the track team next year. He is, however, not the first man that Technique has taken from us. Brute Crowell at Technique 1915 is a good man at the weights and the team could use him handily were it possible for him to come out.

The Interclass relays are getting into fine fettle for the race on Friday. Some people are looking for record-breaking time. This seems a little optimistic for many of the sprinters will probably run in one or two races on the regular program.

Remember! All out for the Spring Meet.

DON'T forget the address
We make a special effort to win the esteem of Tech men.

Table for Steel Detailing and Designing

By J. A. AURINGER C. E., A. B. CO. ENG'R.

These Tables are for the draftsman and designer of steel structures compiled from the AMERICAN BRIDGE CO.'S Green Book of Standards, with new added material. It is just the book for the detailer, designer, architect, engineer and steel company, and will save the user time, expense and worry and would soon pay for itself in any drafting room.

Bound in a Black, Flexible Leather Loose Leaf Book. It is fully indexed ("Angles" is found under "A"; "Beams" under "B"; etc.) and thus any table or diagram is readily turned to (the draftsman's chief point).

Price in Black Leather Binder, Indexed, \$7.00 Net
Price in Red Leather Binder, Indexed, \$6.00 Net
Price Per Set Unbound Plates (175), No Index, \$5.00

FRESHMEN WIN MEET
(Continued from Page 1, Col. 1)

showed that an interesting race was in store. Harrington '17 took the lead and held it at a good clip for the first quarter. He then started to slow down and Brown '16 who had been running second passed him at the 660 mark. Once in the lead Brown speeded up and ran a pretty race, finishing a good fifty yards in the lead in 4:54 3-5. In the meanwhile Allen '17 had passed Harrington, scoring second.

There were but two entries in the high hurdles. Sewall '17 won easily but Clarkson was disqualified for knocking down too many hurdles.

The half mile was won by C. T. Guething '16 who was never headed from the start. Brock was second with Donnelly '17 third for the first quarter, but on the second lap Donnelly speeded up and for a moment it looked as if he might go into first but the effort was too much and he finished just in front of Brock.

Benson '16 won the two mile in 10:15 3-5. At the start he took the pole and gradually drew away with Graff '16 at his heels. Litchfield '17, the surprise of last week's run, stuck for the first mile but then a gap was opened which he was unable to keep from widening. At the start of the last quarter Benson opened up and pulled away from Graff by about twenty yards, who finished second.

In the quarter Williams '17 jumped into the lead at the start with Dean '16 second. At the end of 180 yards Thompson '17, who was running fifth, began to pick up at a fast clip and by the time that the home stretch was reached he was in the lead by a few yards which he further increased before he crossed the line in 54 seconds.

The low hurdles were contested by six men and the event was decided in one heat. Lieber '16 was first, Sewall '17 second by a couple of yards and Pyle '16 third by a like distance.

The field events were well contested and the outlook is bright for the coming track season. Sewall showed up well in the weights, especially in the shot where his put of 35 feet, 4 inches was no mean feat. In the pole vault the wind was a decided hindrance and therefore Laurason's vault of 16 feet is no real indication of his ability. The Freshmen won all three places in the discus, Sewall winning with 86 ft. 6 in. Sullivan won the high jump with 5 ft. 8 in., with three men, Gokey '17, Childs and Ober '16 tied for second at 5 ft. 4 in.

The summary.

100-Yard Dash—Won by F. P. O'Hara, '17; Loomis, '16, second; Erb, '17, third. Time, 10 3-5s.

220-Yard Dash—Won by Loomis, '16; O'Hara, '17, second; Erb, '17, third. Time, 23 4-5s.

230-Yard Low Hurdles—Won by Lieber, '16; Sewall, '17, second; Pyle, '16, third. Time, 29 3-5s.

120-Yard High Hurdles—Won by Sewall, '17; Clarkson, '16, who finished second, disqualified. Time, 19 3-5s.

Quarter-Mile Race—Won by Thompson, '17; Dean, '16, second; Williams, '17, third. Time, 54s.

Half-Mile Race—Won C. T. Gue-

**PROGRESS OF WORK
ON NEW SITE RAPID**

Athletic Field Will Soon Be Complete—Four Hundred Men At Work.

The weather conditions have been unfavorable for work during much of March, but the past two weeks progress has been rapid. There are now four hundred men at work and as the buildings rise this number will be rapidly increased. There are now ten pile drivers working with a capacity of three hundred piles a day. By the first of April, 7600 piles had been placed, while the stock on hand still to be used is of spruce 8450, and of oak 5800. The conditions of the subsoil have required many more oak piles than had been estimated.

The materials are being accumulated very rapidly. The bins are filled with sand and gravel. A new locality was opened in Wellesley for supplying this, and a line has been laid into the bank so that delivery of the building material can be as rapid as desired.

Besides the half-dozen new pile-drivers, the most recent item of equipment is the self-propelling railway crane. This transfers the heavy equipment such as concrete mixers without difficulty or delay.

The wire men are stringing the high voltage wires on the experimental span recently erected for the electrical laboratory by Stone and Webster, whose gift it is. There are so many problems connected with the transmission of powerful currents that a section from a great transmission line for the Pacific Coast has here been set up, complete in all its details and to full scale.

FRESHMEN IN PARADE

Freshmen are going to play a prominent part in the Technique Rush parade, according to the plans as they now stand. All freshmen are supposed to be on Walker steps at 1.10 Wednesday noon and fall into the parade as it goes by. All the men who have arm bands are asked to wear them.

thing, '16; Donnelly, '17, second; Brock, '17, third. Time 2m. 63-5s.

Mile Race—Won by Brown, '16; Allen, '17, second; Harrington, '17, third. Time, 4m. 51 2-5s.

High Jump—Won by Sullivan, '17; Gokey, '17, Child, '16, and Ober, '16, tied for second. Height, 5t. 6in.

Broad Jump—Won by Reed, '16; Ryan, '17, second; Cady, '17, third. Distance, 19 ft. 4in.

Pole Vault—Won by Laurason, '16, Knapp, '17, second; W. A. and W. C. Wood tied for third. Hight, 10ft.

Discus Throw—Won by Sewall, '17; Gokey, '17, second; Lowengard, '17, third. Distance, 86ft. 6in.

Hammer Throw—Won by Stevens, '17; Seymour, '17, second; Finkham, '16, third.

Shotput—Won by Sewall, '17; Seymour, '17, second; MacRae, '16, third. Distance, 35ft. 4in.

Two-Mile Race—Won by H. S. Benson, '16; Graff, '16, second; Litchfield, '17, third. Time, 10m. 15 3-5s.

TECH SHOW REHEARSAL AT OPERA HOUSE

Entire Cast, Chorus and Orchestra Present—Smythe Charms As Leading Lady.

Saturday evening a complete dress rehearsal of Tech Show was held at the Boston Opera House. The first act went on at eight o'clock and was rapidly completed, the men knowing their parts very well. F. Hastings Smythe, '13, as "Alice" charmed the small but appreciative audience and the dancing of the ballet headed by J. P. Gardner, '17, was very entertaining. Many minor details of the lighting and stage business were changed in the act, the men responding well to the suggestions of the coach. The second act dragged somewhat, the men not being as well acquainted with their parts as in the first act. Rennie, '15, as a super in the operatic skit which appears in this act promises to be the feature of the regular performances.

The entire Tech Show orchestra was present, led by Mr. William Howard. The music this year is of a much higher quality than that of previous Tech Shows. With another rehearsal the show will be ready for its opening at Smith College, Northampton on Tuesday evening.

TECHNIQUE RUSH.

(Continued from Page 1, Col. 2)

the rush and the showing then made was fine, but this year it is expected that the entire student body will take part. As shown on the circular, there will be ample space reserved for all those in the parade. "Little" Rennie will wave the baton while "Young" Fales will take care of the bass drum. So great have proven the attractions of this procession that it is understood that one of the popular members of the faculty has asked if he could carry the bass drum. Rivers and Whitney of the show have found the band an even greater attraction than the "Royal Johnnie" and all its stunning chorines, while from the wilds of the woolly West Brophy has come to toot his little horn. From East and West, North and South, student body and faculty, the fellows are flocking to take part in this wonderful band and with the hearty co-operation of the student body in general Junior Week 1915 will open with one of the biggest student performances in the history of the school.

CREWS ROW IN COLD WIND ON THE BASIN

Nearly Fifty Out for Practice Trials—Men Formed in Nine Fours.

In spite of the strong wind which blew across the basin Saturday afternoon the crews enjoyed a good work out. There were nine crews out and although the men were not split up according to their classes Coach Stevens was enabled to obtain a good line on them and it is probable that they will be divided by classes some time this week. Toward the end of the practice the members of last year's Freshman crew got together for a short trial. In the first makeup Bousquet was given a chance at stroke, Duff was put in Bousquet's place, Berkowitz rowed at two and MacRae at three. On the second try-out Berkowitz dropped out, Bousquet changed back to two and Hill, a new oarsman, took the stroke.

Naturally the third and fourth year classes have not such a large number of men out as the lower classmen. Of the two it is reported that the Senior aggregation is somewhat stronger than the Junior. The chief difficulty of the final selection will probably lie with the choice of the Freshman crews since they have the greatest number out. Three of the 1917 candidates were in last year's crew at Rindge and several of the others have had experience in school crews. The crews rowed Saturday at follows:

First crew—Pitkin, stroke; O'Brien, 3; Sifton, 2; Mumford, 1; MacRae, coxswain.

Second crew—Duff, stroke; Robertson, 3; Dunning, 2; Sweet, 1; Demond, coxswain.

Third crew—MacDonald, stroke; Althouse, 3; Dill, 2; Chapman, 1; Clayton, coxswain.

Fourth crew—Freeman, stroke; Wellington, 3; Douse, 2; Fuller, 1; Ferguson, coxswain.

Fifth crew—Toye, stroke; Affel, 3; Rounds, 2; Crane, 1; Canby, coxswain.

Sixth crew—Bousquet, stroke; Giffert, 3; Beaver, 2; Bertellson, 1; Salt, coxswain.

Seventh crew—Dunning, stroke; Sifton, 3; Kitteredge, 2; Todt, 1; Ferguson, coxswain.

Eighth crew—Bousquet, stroke; MacRae, 3; Berkowitz, 2; Duff, 1; Demond, coxswain.

Ninth crew—Hill, stroke; MacRae, 3; Bousquet, 2; Duff, 1; Demond, coxswain.
