THE TECH

VOL. XXXIV. NO. 12. BOSTON, MASS., TUESDAY, APRIL 14, 1914. PRICE TWO CENTS

THE STAGE IS SET FOR TECHNIQUE RUSH

All Who Have Paid Their $2.75 Life Insurance Fight Tomorrow Noon.

Tomorrow at one thirty-six Technique 1915 is to read the hand-bills which have been distributed throughout the school. Today every one in the school who has not signed up for the book will be attacked by the successful book-agent with all his wiles and he who leaves the school tonight will either be weary with arguing or else the proud possessor of a book which will entitle him to a Technique.

By tonight everyone who expects to enter the rush should have paid up his two seventy-five, for no one can obtain a book in the rush who has not paid the full amount. As explained before, those winning free books will have their money refunded to them after the rush. Immediately after the rush books may be obtained at the house on the grounds upon presentation of their book checks. There will also be tables on the grounds for the purpose of redeeming book checks only. Books cannot be obtained at these tables. All those desiring to enter the rush in the rush who have not paid will be turned away, as they are not able to purchase books at this time.

COSMOPOLITAN CLUB

Last Business Meeting Today—Committees Will Report.

The last business meeting of the Cosmopolitan Club will be held today at 5:00 o'clock in 8 Eng. C. Because of the difficulty of knowing the exact number to be present at the dinner announced during the evening of the joint banquet, the meeting is to be held as usual at 5:00 P. M. The International Night Committee and the Joint Banquet Committee are to report, the Nomination Committee will be appointed, and other important business will be transacted. The Executives are especially requested to be present at this meeting.

(Continued on Page Three)

SOPHOMORE BASEBALL

All candidates for the 1916 baseball team are to report to the old American League grounds on Huntington Avenue for practice this afternoon at 4 o'clock. Through the courtesy of the Huntington School management the use of the field has been secured, and Manager Smart wants everyone out today. As the first game with the Freshmen comes Thursday morning every man needs to get out and practice.

GOOD-BYE TO THE MEN AND LEFT FOR NEW YORK. His work is finished and "A Royal Johanna" is ready to be put before the footlights.

A car loaded with scenery and costumes was sent early this morning, and a special train with the cast, chorus, ballets and the entire orchestra leaves Trinity Place at quarter past three this afternoon. It will return during the early morning hours tomorrow, so that no one will be compelled to stay over night. Special rates are offered to the students not connected with the School who wish to accompany it on its first journey. Supper will be served on the train at cost. The charge for the round trip is only $4.22 and it is expected that an enthusiastic group of students will go.

Ward was received recently that he is certain that although there are many pretty girls at Smith, there are few that are more attractive than this counterfeited Broadway Queen.

The dancing is sure to prove a big attraction. Harold O. Whitney, '16, will show them the latest "New Step" and J. Paul Gardner, '17, the Premiere Dansauese. J. Paul Gardner has given exhibitions of his dancing for the last year, and has not neglected to keep up his practice.

The Tech Show Orchestra, with Mr. William Howard as leader, goes with the crow and will furnish all the music. Only favorable comment about the orchestra has been heard since

JOSEPH P. GARDNER, '17,
Premiere Dansauese Tech Show 1914.

INITIAL PERFORMANCE
AT NORTHAMPTON TONIGHT

Everything In Readiness For Big Production—Smith Girls To Attend Performance.

The initial performance of the Tech Show will be given in Northampton tonight before an audience composed largely of Smith College girls. A final rehearsal was held yesterday afternoon and then Eugene Sanger was given a rousing cheer as he said the seats for the performance have been selling exceptionally well. It is possible that a rumor has spread abroad about the wonderful dancing that is featured so strongly, or that the wish to see Smythe as "Alice, the beautiful chorus girl" is predominant.

By tonight everyone who expects to enter the rush should have paid up his two seventy-five, for no one can obtain a book in the rush who has not paid the full amount. As explained before, those winning free books will have their money refunded to them after the rush. Immediately after the rush books may be obtained at the house on the grounds upon presentation of their book checks. There will also be tables on the grounds for the purpose of redeeming book checks only. Books cannot be obtained at these tables. All those desiring to enter the rush in the rush who have not paid will be turned away, as they are not able to purchase books at this time.

TECHNOLOGY MONTHLY
PLACED ON SALE TODAY

Subscribers Receive Copies First—Price Winner Announced.

Horatio W. Lamson, '15, of Arlington is announced as the winner of the Short Story Contest opened last month by the Technology Monthly. Lamson is a Course VIII man and has not neglected to keep up his subscription cards are good for eight consecutive issues beginning with date of sale. Persons holding subscription cards can obtain copies at the tables by presenting their cards to be punched. This issue of the Monthly is larger and more complete than the first issue. The quality of paper and the grade of printing have been improved and the number of pages increased to sixty. The leading article is an illustrated discussion of Tech Show, its history and organization. The second article is a reply to the two writers in the previous issue whose articles

THE TECH MONTHLY
(Continued from Page One)

We asked a salesman in a tobacco shop the other day how Fatima sales were coming on.

"Oh Swimmingly" "Distinctively Individual"

It was only a few years ago that we placed the first of these splendid cigarettes in the college towns--now there isn't a store in the country that doesn't sell them.

In a marvelously short time they have become the biggest selling cigarette in America! Which all goes to prove that pure, choice tobacco is what we are all after anyway!

Plain package--quality all in the tobacco which suits you all right!

SPRING CONCERT
DANCE ORDERS OUT

Can Be Obtained at Union To-
day—Fine Entertainment
Promised.

The Dance Orders for the Spring
Concert and Dance will be out today.
They may be obtained at the Union
from 1 to 2 P. M. and from 4 to 5 P. M.
by following the Tickets for the
Concert.

The Clubs are in the best shape
they have been in for a long time
and have a fine program selected.
The Glee Club is especially good this
year. The Concert is to start prompt-
ly at eight o'clock so that as much
time as possible may be had for
dancing.

All members of the Clubs who have
not returned the Preliminary tickets
which they were given to sell should
do so this noon at the Union.

ELECTORAL COMMITTEE

Important Meeting This After-
noon in 27 Rogers.

There will be a meeting of the Tech-
nique Electoral Committee in 27 Rog-
ers this afternoon at 4.15, lasted of at 4.30 as originally planned. It is
definitely stated that the motion to
adjourn will be out of order until
6.15. The committee has only six
more weeks in which to finish its
work and consequently everyone
must be on hand if the elections are
to be completed by that time.

A proposal has been made to change
the constitution of the committee so
as to make a three-quarters vote of
those present a valid election.

Meetings will be held every Tues-
day afternoon at 4.15 until further
notice.

NO DRILL TOMORROW

As a reward for the good showing
made by the Cadet Corps in the re-
view by President Macaulay last
Wednesday, Major Cole has decided
to have no drill tomorrow. The Major
was very well pleased with the work
done by all the men of the regiment
last week, and declared it better than
the drilling of most militia organiza-
tions. One of the things for which
he commended the cadets was the way
in which they stood at attention
during the ceremonies.

The Military Science lecture which
comes at two o'clock Wednesdays
will be omitted tomorrow.

FRESHMEN TO PARADE

The Freshmen are planning to take
part in the Technique parade as a
body. The officers request the men
to meet tomorrow at 1.10 sharp on
Walker's steps to avoid any confu-
sion or separation. Everyone is expected
to wear an armband.

BANJO CLUB

There will be a special rehearsal of
the Banjo Club tomorrow morning at
8.00 in the Union.

TECH SHOW
(Continued from Page One)

it started this year, and it is bound
to do the Show credit tonight. Mr.
Howard has been connected with a
great many amateur orchestras, and
he said that this is the best amateur
orchestra he has conducted for a
number of years.

The programs which are to be dis-
played at every performance, as well
as the scores which are to be sold,
do not have the same design as the
posters which have been so widely
distributed. One of the other designs
originally submitted in the poster
competition has been used. It was
drawn by Harold W. Barker, '14, and
is considered even better than the
other for its special purpose.

Tuesday the Boston performances
will be given in the Opera House,
and next week "A Royal Johnnie"
makes a farewell tour through Maiden
and Providence.

TECHNIQUE RUSH
(Continued from Page One)

all Wednesday morning from 9 A. M.
till noon and one to the space back of
of the Copley Plaza from 12 M. until
the rush.

No one can enter the rush who is
wearing cleated or spiked shoes or
any other peregrinchal which will
in-jure the other contestants. There will
be a semi-circle formed by a heavy
rope attached to poles driven in the
ground. With their backs to this
rope and their feet within the limits
of a line chalked or drawn on the
ground the contestants are supposed
to stand. As there may be some
who have the notion that if they are
standing directly in front of the win-
dow they will have a better show, the
inner ring will be drawn far enough
away from the back rope to permi-
t the fellows to stand two deep if they
so desire. Brute Crowell will be on
the roof and members of the board
have been asked to see us about your
private parties.

SPRING MEET TICKETS MAY NOW BE OBTAINED

On Sale About Institute—Tickets For Holy Cross Meet Out Soon.

Spring Meet tickets are on sale about the Institute and may be obtained from any of the track men at the cage, at the booths in Pierce and Engineering A, and in the Union every day between one and two o'clock.

Announcements of the Technology-Holy Cross dual meet are now being posted and the tickets will be placed on sale immediately after the Junior Week vacation. This meet is scheduled for the afternoon of Saturday, May 2, at three p.m. Holy Cross has one of the strongest and most formidable track teams in New England, and a meet such as this is calculated to arouse great interest among the track fans of greater Boston, certainly cannot fail to merit the appreciation of the most spiritless and most exacting Tech man.

It is deplorable that the management is compelled to take the stand of a theatrical management in order to make known to the student body the superiority of its own athletes, but as this is undeniably the case, it is with the greatest confidence that we say that the Holy Cross meet will be the finest dual meet from a standpoint of athletic excellence, in air and an overwhelming appreciation of their own skill will probably never be known, but this fact is certain, that the inhabitants, both animal and mechanical, in the vicinity of Stanhope or Clarendon streets near five o'clock yesterday there would suddenly have come the realization that a new activity had made itself manifest at the Institute. Whether driven forth by irate janitors in the Lowell building, or drawn forth by the spring air and an overwhelming appreciation of their own skill will probably never be known, but this fact is certain, that the inhabitants, both animal and mechanical, in the vicinity of Stanhope or Clarendon streets near five o'clock yesterday there would suddenly have come the realization that a new activity had made itself manifest at the Institute.

PERSECUTED ORGANIZATION MAKES TRiumphant March Down Clarendon St.

Yesterday afternoon the Technique Band held a real live dress rehearsal. The show may think that they are the only activity privileged to hold “dress rehearsals,” but to anyone wandering in the vicinity of Stanhope or Clarendon streets near five o'clock yesterday there would suddenly have come the realization that a new activity had made itself manifest at the Institute. Whether driven forth by irate janitors in the Lowell building, or drawn forth by the spring air and an overwhelming appreciation of their own skill will probably never be known, but this fact is certain, that the inhabitants, both animal and mechanical, in the vicinity of Stanhope or Clarendon streets near five o'clock yesterday there would suddenly have come the realization that a new activity had made itself manifest at the Institute. AMAN’S SMOKES the World Over

The iron-nerved bird-men who ride the “bucking bronchos of the air”—the barny cowboys of the West—who play with the air—other men of initiative and ability—you’ll find “Bull” Durham, in fresh, hand-made cigarettes, the favorite smoke.

“Bull” Durham appeals to them not only because it is a superb tobacco, but because of its wonderful flavor. Ever notice that peculiarly distinctive, rich, fragrant aroma that only “Bull” Durham possesses? It’s due to a generations-old process known only to the makers of “Bull” Durham. It is a unique factor in the worldwide success of this famous tobacco.
