

# THE TECH

VOL. XXXIV. NO. 18.

BOSTON, MASS., FRIDAY, APRIL 24, 1914.

PRICE TWO CENTS

## LARGE AUDIENCE SEES "A ROYAL JOHNNIE"

Profits Greater Than Had Been Expected—"Tech Man" Encored Repeatedly.

A crowded house greeted the last performance of Tech Show 1914 which was given at Wellesley last night. The profits which are to be turned over to the College are not known but much more money was taken in than was expected.

Parkinson was especially good and made a hit with the audience. The song "Tech Man" was received enthusiastically and was encored several times. The dancing was the feature of the evening and the girls in the audience were much surprised that men could make up so well as female characters. The stage was rather small but it detracted very little from the general effect. The performance was over in time for everyone to return on the 11.52 train.

## COMMUNICATION

To the Editor: May the writer protest through your columns against a certain deplorable spirit which has found its way into the pages of the recently issued Technique? It is to be hoped someone merely blundered, but mistake or not, it was most badly judged policy to print in a book, supposed to be representative of Technology at least of one class—the slanderous caricatures upon Harvard which blot three of its pages, I refer to the verse on page 290 and the cartoons on pages 402 and 403.

Even if the spirit is one of the student body, which I most warmly hope it is not, what extreme of irony is presented in the dedication of the book to the wife of the man whose greatest work of recent days is therein showered with ridicule. The imputation contained in the cartoon of "selling out" falls little short of demanding an apology to our President and Corporation.

The evil effect of giving expression to such a spirit of animosity cannot but be great. Technology has a reputation built upon the quality of its scientific training and manly accomplishments of the men whom it has graduated, a reputation that has no doubt been the drawing force for many of its students. But the finest reputation is doomed when it is used as a shield from behind which to sling mud at a sister university. Can the observing world do anything but wonder how such smallness can grow to a spirit worthy of the new Technology which is to be ours across the river?

It would seem that one of our most important activities should have on its editing body the men who are in-

(Continued on Page 3.)

## INTERCLASS REGATTA COMING MAY 9 AND 16

New Dates Now Definitely Decided—Last Practice Hindered by Rough Weather.

In spite of being greatly handicapped by the rough water which has prevailed on the Charles River Basin the last four or five days the Tech crews have been out regularly and have learned to handle their shells very creditably on the whole.

The Freshmen and Sophomores have managed to get a few long workouts, but as yet the two upper classes have attempted nothing in the way of long rows. The crew has been slightly handicapped this week also by the absence of Coach Stevens, who has been away to attend the funeral of a relative. He is expected back by the end of the week.

The dates of the races have been now definitely decided upon and will not be the same as those published in THE TECH on Wednesday. The first races will be held on Saturday, May 9 and the finals on Saturday, May 16. The races will start promptly at 4 o'clock. The start will be made from the Cottage Farm Bridge and the finish about 150 feet below

(Continued on Page Four)

## ENTRY LIST NOW OPEN

Spring Tennis Tournament Starts Soon—Leave Names at Cage.

In addition to the team matches already scheduled for this spring, the Tennis Association is to conduct its semi-annual tournament. The entry list is now open and will remain so until Tuesday, April 28, at 6 p. m.

This tournament is for the Technology Championship in doubles and singles, the winners to be awarded suitable insignia. The way in which players show up in this tournament may have a decided bearing upon the selection of the team, so it is imperative that all men intending to try for the team enter.

The fee is, as usual, fifty cents for singles and seventy-five cents per team for doubles. The fees must be paid at the time of entering. Entries may be left at the Cage for the Tennis Association, or given to F. L. Hurlburt, '14, G. W. Blakeley, '14, or J. B. Carr, '16.

## SPORTING NEWS

Reports are prevalent that the Technique baseball team will not present themselves Saturday afternoon at Tech Field. THE TECH has received no official notice of this fact and as the lineup has been given to our manager they will of course forfeit the game if they are absent.

## POSITIONS AVAILABLE ON M. I. T. DAILY

Freshmen Will Advance to the Heads of Departments Next Year.

Opportunities for advancement on THE TECH to those in the Freshman class who show up at the meeting next Tuesday are unusually good. It is those Freshmen who come out for the paper this year who will stand in line for promotion to the heads of the different departments next year. Both the Circulating and Advertising Departments lack assistants at present and the News Department is likewise short of men.

The meeting will be at 1.30 in the lower office of THE TECH. Men from the various departments will be there to outline the work on the paper and place the candidates in the particular field in which they wish to try out. Any who wish to come out and have not this hour available may apply at either office during any evening of the week and receive information that they may desire.

## WAR MEETING

Back Bay To Have Military Demonstration Tonight.

General "Rusty" White and Head Bugler Charles Wilbur Fry wish to announce that there will be a special drill of the Secretive Order of the Anti-Huertalist Scadet Battalion this evening at 6.59 sharp. The oasis will be the third elm to the east of Fairfield on Newbury. All owners of military equipment, musical instruments or other paraphernalia are urged to attend. Christmas tree decorations will do. Absentees at this drill will not be allowed to march in the Suffragette Parade on May second. The countersign for the evening is "Squads right."

## MUSICAL CLUBS

Members of the Musical Clubs who have not yet obtained their pictures of the Clubs may do so by applying at the office in the Union between 1.30 and 2.00 p. m. this noon.

The next concert is at Hingham Saturday, April 25. The Clubs will have a special car reserved for them on the 6.16 train from the South Station. The concert is to be followed by dancing.

Cornell made a new record for the season the other day when they played 0 to 0 in a seventeen inning tie. There were thirteen hits and seven errors.

Library economy will be taught at Columbia this year.

## DUAL MEET BETWEEN TECH AND BOWDOIN

Picked Team Leaves North Station at 12.50 Today in Special Car.

Today at 12.50 the Track Team leaves for Brunswick, Maine, where they will meet Bowdoin College tomorrow. On arriving at Brunswick the Team will be put up at the Eagle Hotel. A special car is to be held for the team until ten minutes before train time. Every man is expected therefore to report at the train on track 13, North Station before 12.40 p. m.

The following men are to take the trip: Coach Kanaly, Doc. Johnson, Manager Thomas, Ass't Manager Webster, Captain Guething, Wilson, Wilkins, Loomis, Peaslee, Dean.

## DINNER FOR WRESTLERS

Captain Kelly of the Wrestling team announces that all Varsity and Novice Team men must come to the banquet this evening at 7.00 in the Tech Union Dining Room. Men should leave their names at the "Cage" before one o'clock today. The Supper Committee is Leslie A. Hoffman, '17 and O. R. Peterson, '17. The captain and manager for the next season will be elected at this meeting. Members of the Freshman Squad which substituted wrestling for gymnasium work are likewise invited to be at the dinner. The cost will be one dollar a plate.

## ART MUSEUM EXHIBIT

Next Sunday afternoon, April 26th, Professor Henry L. Seaver, of the Institute, will meet visitors at the Museum of Fine Arts in the Forecourt Room. The collection of Persian Miniatures will be on exhibition there at 3.15 p. m. and will be the feature of the usual Sunday Docent Service.

## WEATHER

Fair, continued cool, today; moderate north to northeast winds.

## CALENDAR

Friday, April 24, 1914.

12.50—Track men leave for Bowdoin.

1.25—News men, THE TECH.  
5.00—Glee Club Rehearsal, Room B, Union

6.59—War Meeting, 3rd tree on Newbury east of Fairfield.

7.00—Wrestling Team Dinner, Union.

Saturday, April 25, 1914.

M. I. T. meets Bowdoin.  
3.00—1917 vs. 1916 at Field.  
6.16—Musical Clubs leave for Hingham.

## IN CHARGE OF THIS ISSUE.

E. F. Hewins, '16; J. G. Fairfield, '16.  
Assistant: A. D. Nute, '17.

At this time when there is so much talk of co-operation and its advantages, it might not be out of place to ask why, in certain instances, there is not more co-operation between the faculty and students. With the pressure of work as great as it is it means much for a man to go out for Institute activities, but his troubles are made doubly great when he feels that his endeavors to promote and keep up the standard of these activities are meeting resistance in the faculty.

To what extent does the faculty support student activities? This question may at first seem impossible to answer except in a theoretical way, but there has lately been afforded an opportunity of obtaining definite figures on this subject. One of the principal activities of the Institute sent out postal cards to the members of the faculty asking them to cross out one of two words, either yes or no, in answer to the question as to whether or not they wished to support that activity. Of the hundred and forty cards sent out there were but forty replies and of these but

## GLEE CLUB REHEARSAL

Rehearse "Sword of Ferrais" for Saturday Concert.

Owing to the fact that the Glee Club will give four numbers at the Saturday evening concert, every man must report tonight at 5 P. M. in the Union. "The Sword of Ferrais" will be used so that all men should rehearse this piece. A new pianist and a new leader are to be tried out, and every man must get around on time, ready to work.

twenty were favorable. By dint of personal persuasion twelve or thirteen more were induced to give their support.

In the majority of educational institutions the faculty regularly purchases a certain number of the annuals as a mere matter of policy, but here where the loyalty and good will of the faculty is the only inducement, student activities do not receive their hearty support. In another instance members of the faculty were called upon to help the same activity by each contributing an article concerning the particular department of which he had charge, to the end that the student might get a more familiar and less conventional view of the work that he was doing. Most of the answers dealing with this matter were to the effect that the professor did not consider that his field overlapped that of student activities. When the student is forced to feel that the moment he leaves the classroom the professor's interest in him and his work ceases he turns naturally toward those things wherein he does find interest. One is neither too specific nor too general in his statements when he says that the majority of activities at the Institute exist because there are fellows who are willing to sacrifice a year of their time to the cause.

Precedent of the old school type held to the idea that the professor was a mysterious and learned individual who appeared on the platform at the beginning of the hour and as mysteriously disappeared when the lecture was over. He was a demi-god whose word no one dared to question and with whom the student could never hope to come in contact. Neither the policy nor the traditions of Tech have ever placed the professor in such relations with the student. On the other hand our professors have been our ready helpers at all times and it does not seem in keeping with the high ideals of our institution that the faculty which is so willing to co-operate with the student in his work is unwilling to support him and work with him in his play when that play is recognized and sanctioned by the Institute. In other words it seems that the student who goes into activities is playing a losing game for the faculty seem neither willing to co-operate with him in the work nor to support the product of his endeavors.

The plans for the yearly May Festival at Oberlin are fast assuming tangible form. The Chicago Symphony Orchestra will accompany this year.

**OLUŠ SHIRTS**  
COAT CUT

**TURN YOUR SHIRT-TAILS INTO DRAWERS**  
What good is a Shirt-tail anyway?

**IN OLUŠ the outside shirt and underdrawers are one garment.**

This means that the shirt can't work out of the trousers, that there are no shirt tails to bunch in seat, that the drawers "stay put," to say nothing of the comfort and economy of saving a garment. OLUŠ is coat cut, opens all the way down—closed crotch, closed back. See illustration.

For golf, tennis and field wear, we recommend the special attached collar OLUŠ with regular or short sleeves. Extra sizes for very tall or stout men. All shirt fabrics, in smart designs, including silks—\$1.50 to \$10.00.

OLUŠ one-piece PAJAMAS for lounging, resting and comfortable sleep. Made on the same principle as OLUŠ Shirts—coat cut, closed back, closed crotch. No strings to tighten or come loose. \$1.50 to \$8.50.

Ask your dealer for OLUŠ. Booklet on request.

**GOVERNOR UNABLE TO ATTEND MEETING**

**Dean Burton Tells of Plans for Co-operation Between Tech and State.**

On account of a war conference, Governor Walsh was unable to attend the meeting of the Catholic Club held last night in the Union, but sent Lieut. Kelville of his staff to tender his regrets. Dean Burton and Father Scannell, were the speakers. Dean Burton spoke of the increased co-operation that is planned between the Institute and the state and also spoke of the good service Tech men have rendered in the past. Father Scannell made a plea for a broad view of life.

President Walsh announced that the annual dinner of the club will be held on May 6th at the Thorndike. Nominations for next year's officers are due today at four o'clock. The meeting ended with the singing of the Stein Song and regular M. I. T.'s for Governor Walsh and Dean Burton.

**COMMUNICATION**  
(Continued from Page One)

dicative of the broadest and not the very narrow spirit evidenced by the ridicule indulged in. Surely it is not the common scientific training, which according to Mr. Whiting gives our Tech spirit, that makes us deride all general culture. The great universities were and had to be before a specialized institution like Technology could be founded. Tech spirit does not mean anything that can be construed to sanction narrowness. Nor can anything but ignorance of the terms of the plan be excuse for confusing the present co-operation with regrettable negotiations of the dim past when the verses printed were written.

But this is a late day to defend the co-operation to which Technology has committed itself. Nor do I believe that Technique properly represents the student thought to make such defense seem necessary. Certainly that caricature and so-called humor are not the proper vehicles of expression for a dissatisfaction of such important nature.

Technique 1915 has been printed and issued. While we deplore its error we wish to prevent the same error again. While Technique 1916 may or may not be proof against mistakes, is there not a matter here for the Institute Committee, either through censorial application of its own powers or by committing to a faculty alumni combination the duty of seeing that the real spirit of the Institute is conveyed through the pages of Technique.

A JUNIOR.

**RIFLE CLUB TO MEET**

Today, April 24, at 1 p. m., in 21 Rogers, there will be a very important meeting of the Rifle Club to elect a new team captain to fill the place left vacant by the resignation of G. G. Haslam. A new constitution is also to be voted upon and the officers of the club request every member to be present.

**TECHNIQUES GO FAST**

**Only a Few More Books Left for Those Not Signed Up.**

"First come, first served," is to be the policy of the Technique Board while the books last. While the Board was unfortunate in not being able to have the office open yesterday afternoon between 4 and 5, from now on for the remainder of the week there will be someone there every noon and after 4 o'clock. As the books are going now it will not take long to give out the whole edition, so it behooves the tardy individual to hurry up a little if he is to get a book. While there are a great many who have not yet called for the books that they signed up for, those who have not signed up and wish to obtain a book may do so. Last night's count showed that there were not more than ten extra copies of the book left for those who had not signed up and, as this figuring took into account the fact that perhaps some of the fellows would not call in time to get their books before they were all given out, there is little opportunity left for the fellow who is always putting things off till the last minute.

Nine hundred books are not a great many with which to supply a school of sixteen hundred students and, judging from the number of fellows who have waked up to the fact for the first time in their four years' hibernation at the 'Stute that Technique is a book worth having to take away with them, this year's edition will have been entirely sold out by the end of this week.

**CHEMICAL SOCIETY**

**Ballots Mailed Yesterday Due Tomorrow at Five.**

The list of men nominated by the Chemical Club for Officers for the coming year is as follows: President, T. F. Spear, M. F. Brandt, F. W. Hall; Vice-president, R. H. Wolcott, E. J. Casselman, H. I. Knowles; Secretary, L. H. Bailey, D. B. Webster; Treasurer, H. W. Lamson, P. H. Duff, H. J. Lucy; Program Committee, R. Pollard, '15, R. B. Stringfield, '15, F. B. Hastie, '16, L. R. G. Bousquet, '16, and C. W. Lawrence, '16. Ballots for the candidates are due at the Cage at 5.00 P. M. tomorrow, and all dues must be paid. The ballots were mailed yesterday.

**NO TRACK PRACTICE**

**Men Not Going to Bowdoin Report at Field Saturday.**

There will be no track practice at the Field today. All men taking track events and who are not going to Bowdoin must report at the Field Saturday at 2.30 for trials for the Holy Cross meet next Saturday. The trials will be run off in the form of a regular track meet and are to be held for the purpose of deciding the remaining entries for the Holy Cross meet. Trials for the field events will be held next Monday.

**COURSE I SOCIETY**

Civils To Hear Mr. Babson, '98,  
on Stock Market.

At the next meeting of the Civil Engineering Society, which takes place on Tuesday, April 28, at 4.30 P. M. in 11 Engineering B, Mr. Roger W. Babson, '98, will speak to the Club. Mr. Babson graduated from the Institute in 1898, in Course I, and is now head of the statistical bureau at Wellesley Hills, which bureau collects data for bankers and investors, and compiles the Babson Reports, weekly reports on market conditions, with charts showing the rise and fall of the stock market and predicting future conditions. The subject of Mr. Babson's talk is the forecasting of business conditions and the differences between the successful and the unsuccessful engineer. Mr. Babson has recently returned from Panama, and has frequently lectured on this and similar subjects. The Society has decided to make this an open meeting, and invites all men interested to be present. This is the last meeting before the annual banquet, which comes on May 7.

**INTERCLASS BASEBALL**

The first of the Freshman-Sophomore series of baseball games will be played next Saturday at the Field at 3. This is the game which was scheduled for last Thursday but was cancelled on account of rain. Accordingly, the tickets which are for sale by members of both teams and at the Cage bear the date of April 16th. The lineup of both teams will largely depend upon the showings made by the fellows in today's games and will be announced in Saturday's TECH. The teams are very evenly matched and a close and exciting game may be expected. Both teams have up to today met one defeat and one team has had about as little practice as the other.

**INTERCLASS REGATTA**

(Continued from Page One)

Harvard Bridge, a few feet of the Esplanade. This is not the regular course but it has been selected so that the students can be close to the finish if they stand on the Esplanade or Harvard Bridge. There will be three races on the first day, probably run off as follows: first race, Freshmen versus Sophomores; second race, Juniors versus Seniors; third race, Freshmen second team versus Sophomore second. On the following Saturday the winners of the first and second races will compete for the class championship.

With the time of the races only two weeks away it is of the utmost necessity that the following men report on the afternoons stated below: Seniors, Affel, Short, Freeman, Upham, Todt, and Karns on Monday, Thursday and Saturday; Juniors, Howkins, Mumford, Sabin, Sifton, and Anderson, on Tuesday, Friday and Saturday; Sophomores, MacRae, Hill, Duff, Bousquet, Berkowitz, Makepeace, Gaus, Wellington, Lucas and Harrington, on Monday, Wednesday, Friday and Saturday; and Freshmen, MacDonald, Lee, Toye, Dunning, Beaver, Tuttle, Bertelsen, Brooks, Ferguson, Canby, Demond, Salt and Gillespie on Monday, Tuesday, Thursday, Friday and Saturday.

**FRESHMEN ARE DEFEATED**

Brookline Wins Baseball Game by Score of 9 to 1.

The 1917 baseball team was defeated yesterday afternoon by Brookline High to the tune of 9 to 1. Brookline's runs were due in part to the five hits secured and in part to the bases on balls given by Simpson. Although the 1917 team secured six hits they did not count for runs as they were too scattered. Very poor umpiring and an indifferent diamond retarded good playing.

The score by innings was as follows:

	1	2	3	4	5	6	7	8	9
Brookline	4	0	0	3	0	2	0	0	0-9
1917	0	0	0	1	0	0	0	0	0-1

**1916 BASEBALL**

Yesterday afternoon Dorchester High defeated the 1916 baseball team in a rather uninteresting game. The good work of Ross at the bat accounts in most part for the eight runs secured by the Sophomores.

Both Smart, who pitched the first five innings, and Lovejoy, who held the box during the last four, were hit rather freely by the Dorchester batters. The final score was 11 to 8 in favor of Dorchester.
