LARGE AUDIENCE SEES "ROYAL JOHNNIE"

Protests Greater Than Had Been Expected—"Tech Man" Encouraged Repeatedly.

A crowded house greeted the last performance of Tech Show 1914 which was given at Wellesley last night. The protests which are to be turned over to the Cambridge are not known but much more money was taken than was expected.

Parkinson was especially good and made a hit with the audience. The song "Tech Man" was received enthusiastically and was noted several times. The dancing was the feature of the evening and the girls in the audience were much surprised that men could make up so well as female characters. The stage was rather small but it detracted very little from the scene effect. The performance was over in time for everyone to return on the 11:52 train.

COMMUNICATION

To the Editor: May the writer protest through your columns against a certain deplorable spirit which has marred its way into the pages of the recently issued Technique? It is to be hoped someone merely blinded, but mistake or not, it was most badly judged policy to print in a book, supposed to be representative of Technology at least of one class—the slanderous caricatures upon Harvard which blot three of its pages, I refer to the verse on page 220 and the cartoons on pages 462 and 465.

Even if the spirit is one of the student body, which I most earnestly hope it is not, what extreme of ignorance is greater than the dedication of this book to the wife of the man whose reputation is doomed when it is used by the course of the year? The audience were much surprised that men could make up so well as female characters. The stage was rather small but it detracted very little from the scene effect. The performance was over in time for everyone to return on the 11:52 train.

INTERCLASS REGATTA COMING MAY 9 AND 16

New Dates Now Definitely Decided—Last Practice Hindered by Rough Weather.

In spite of being greatly handicapped by the rough water which has prevailed on the Charles River Basin the last four or five days the Tech crew have been out regularly and have learned to handle their shells very creditably on the whole.

The Freshmen and Sophomores have managed to get a few long workouts, but as yet the upper classmen have accomplished nothing in the way of long rows. The crew has been slightly handicapped this week also by the absence of Coach Striver, who has been away to attend the funeral of a relative. He is expected back by the end of this week.

The dates of the races have been now definitely decided upon and will not be the same as those published in THE TECH on Wednesday. The first race will be held on Saturday, May 9 and the finals on Monday, May 11. The races will start promptly at 4 o'clock. The start will be made from the Cottage Farm Bridge and the finish about 150 feet below.

ENTRY LIST NOW OPEN

Spring Tennis Tournament Starts Soon—Leave Names at Cage.

In addition to the team matches already scheduled for this spring, the Tennis Association is to conduct its annual tournament; the entry list is now open and will remain so until Tuesday, April 30, at 6 p.m.

This tournament is for the Technology Champions in doubles and singles, the winners to be awarded suitable insignia. The clay in which players show up in this tournament may have a decided bearing upon the selection of the team, it is imperative that all now intending to try for the team enter.

The fee is, as usual, fifty cents for singles and seventy-five cents for doubles. The fees must be paid at the time of entering. Entries may be left at the Cage for the Tennis Association, or given to J. L. Hurlock, '14, G. W. Blakeley, '14, or J. H. Barlow, '16.

SPORTING NEWS

Reports are prevalent that the Technique baseball team will present themselves Saturday afternoon at Tech Field. THE TECH has received no official notice of this fact and as the lineup has been given to our manager they will of course feel the same if they are absent.

POSITIONS AVAILABLE ON M. I. T. DAILY

Freshmen Will Advance to the Heads of Departments Next Year.

Opportunities for advancement on THIS TECH to those in the Freshman class who show up at the meeting next Tuesday are unusually good. It is those Freshmen who come out for the season this year who will stand in line for promotion to the heads of the different departments next year.

DINNER FOR WRESTLERS

Captain Kelly of the Wrestling team announces that all Varsity and Novice Team members must come to the banquet this evening at 7 p.m. in the Tech Union Dining Room. Men should leave their names at the "Cage" before one o'clock today. The Supper Committee is Leslie A. Hoff- man, '17, and O. H. Peterson, '17. The captain and manager for the next season will be elected at this meeitng. Members of the Freshman Squad which substituted wrestling for symmetrical work are likewise in- vited to be at the dinner. The cost will be one dollar a plate.

ART MUSEUM EXHIBIT

Next Sunday afternoon, April 28th, Professor Henry L. Sewell, of the Institute, will meet visitors at the Museum of Fine Arts in the Forecourt Room. The collection of Persian Minuatures will be on exhibition there at 3:15 p.m. and will be the feature of the usual Sunday Occasion.

WEATHER

Fair, continued cool; today, moderate north to northeast winds.

CALENDAR

Friday, April 24, 1914.

IN CHARGE OF THIS ISSUE.

Assistant: A. D. Nute, '17.

At this time when there is so much talk of co-operation and its advantages, it might not be out of place to ask why, in certain instances, there is not more cooperation between the faculty and students. With the pressure of work as great as it is it means much for a man to go out for Institute activities, but his troubles are made doubly great when he feels that his endeavors to promote and keep up the standard of those activities are meet with resistance in the faculty.

To what extent does the faculty support student activities? This question may at first seem impossible to answer except in a theoretical way, but there has lately been afforded an opportunity of obtaining definite figures on this subject. One of the principal activities of the last year was the giving of the play "The Sword of Ferrais." Forty cards were sent out by the faculty; of the hundred and forty cards sent out there were but forty replies and of these but twenty were favorable. By dint of personal persuasion twelve or thirteen more were induced to give their support.

In the majority of educational institutions the faculty regularity purchases a certain number of the animals as a matter of policy, but here where the faculty are the only inducements, student activities do not receive their hearty support. In another instance members of the faculty were called upon to help, no one coming forward. This particular department of which he had charge, to the end that the student might get more a familiar and less conventional view of the work that he was doing. Most of the answers dealing with this matter were to the effect that the professor was a mysterious and learned individual who appeared on the platform at the beginning of the hour and as mysteriously disappeared when the lecture was over. He was a demigod whose word no one dared to question and with whom the student could never hope to come in contact. Neither the policy nor the traditions of Tech have ever placed the professor as a leader in such relations with the student. On the other hand our professor have been our ready helpers at all times and it does not seem impossible in keeping with the high ideals of our Institute that the faculty which is so willing to co-operate with the student in his work is unwilling to support him and work with him in his play when that play is recognized and sanctioned by the Institute.

Rehearsal "Sword of Ferrais" for Saturday Concert.

Owing to the fact that the Glee Club will give four numbers at the Saturday evening concert, every man must report tonight at 5 P. M. in the Union. "The Sword of Ferrais" will be used so that all men should hear this piece. A new pianist and a new leader are to be tried out, and every man must get around on time, ready to work.

GLEE CLUB REHEARSAL
Rehearse "Sword of Ferrais" for Saturday Concert.

GOVERNOR UNABLE TO ATTEND MEETING

Dean Burton Tells of Plans for Co-operation Between Tech and State.

On account of a war conference, Governor Walsh was unable to at-
tend the meeting of the Catholic Club held last night in the Union, but
sent Lawi, Kelville of his staff to

tender his regrets. Dean Buron and

Father Scannell were the speakers.

Dean Burton spoke of the increased

co-operation that is planned between

the Institute and the state and also

spoke of the good service Tech men

have rendered in the past. Father

Scannell made a plea for a broad

view of life.

President Walsh announced that

the annual dinner of the club will

be held on May 6th at the Tremend-

ous. Nominations for next year’s officers

are due today at four o’clock.

The meeting ended with the singing of the

Steele Song and regular M. I. T.’s for

Governor Walsh and Dean Burton.

COMMUNICATION

(Continued from Page One)

ductive of the breadth and not the

very narrow spirit evidenced by the

ridicule indulged in. Surely it is not

the common scientific training, which

government to Mr. Whiting gives our

Tech men, that makes us desire any

general culture. The great universi-

ties were and had to be before a

specialized institution like Technology

could be founded. Tech spirit does

not mean anything that can be con-

sidered to sanction narrow-mindedness.

Nor can anything but ignorance of the

terms of the plan be excuse for con-

fusing the present cooperation with

reputable institutions of the dim-

past when the verses printed were

written.

But this is a late day to defend the

co-operation to which Technology has

committed itself. Nor do I believe

that those who write are properly represen-

ting the student thought to make such de-

fense seem necessary. Certainly that

caricature and so-called humor are

nothing but ignorance of the terms of the plan be excuse for con-

fusing the present cooperation with

reputable institutions of the dim-

past when the verses printed were

written.

Today, April 24, at 1 p.m., in

Rogers, there will be a very im-

portant meeting of the Rifle Club to
elect a new team captain to fill the

place last vacant by the resignation

of G. G. Haslam. A new constitu-
tion is to be voted upon and the offi-
cers of the club request every mem-

ber to be present.

RIFLE CLUB TO MEET

Today, April 24, at 1 p.m., in

Rogers, there will be a very im-

portant meeting of the Rifle Club to
elect a new team captain to fill the

place last vacant by the resignation

of G. G. Haslam. A new constitu-
tion is to be voted upon and the offi-
cers of the club request every mem-

ber to be present.

THE TECHNIQUES GO FAST

Only a Few More Books Left

for Those Not Signed Up.

"First come, first served," is to be the

policy of the Technique Board

while the books last. While the

Board was unfortunate in not being

able to have the office open yester-
day afternoon between 4 and 5, from

now on till the reminder of the

week there will be someone there

every noon and after 4 o’clock. As

the books are going now it will not

take long to get out the whole edi-
tion, so it behooves the tardy individ-
ual to hurry up a little if he is to get

a book. While there are a great

many who have not yet called for

the books that they signed up for,

those who have not signed up and

wish to obtain a book may do so.

Last night’s count showed that there

were not more than ten extra copies

of the book left for those who had

not signed up and, as this figuring

took into account the fact that per-

haps some of the fellows would not

call in time to get their books be-

fore they were all given out, there

is little opportunity left for the fol-

low who is always putting things off

till the last minute.

Nine hundred books are not a great

many with which to supply a school

of sixteen hundred students and

judging from the number of fellows

who have waked up to the fact for

the first time in their four years’ hi-

cation at the State that Tech-

nique is a book worth having to take

away with them, this year’s edition

will have been entirely sold out by

the end of this week.

CHEMICAL SOCIETY

Ballots Mailed Yesterday Due

Tomorrow at Five.

The list of men nominated by the

Chemical Club for Officers for the

coming year is as follows: President,

P. F. Spear, M. F. Brandt, F. W.

Holl; Vice-president, R. H. Wolcott,

K. J. Casselman, H. J. Knowlton; Sec-

tary, L. H. Bailey, D. B. Welinger;

Treasurer, H. W. Lamson, P. H. Duff,

H. J. Lac; Program Committee, A.

Pollard, H. R. R. Stonefield, P. J.

Dantie, J. R. R. Bourque, '16, and

C. W. Lawrence, ’16. Ballots for

the candidates are due at the Cape

at 5:00 P.M. tomorrow, and all dues

must be paid. The ballots were

mailed yesterday.

NO TRACK PRACTICE

Men Not Going to Bowdoin Re-

report at Field Saturday.

There will be no track practice at

the Field today. All men taking

track events and who are not going
to Bowdoin must report at the Field

Saturday at 2:30 for trials for the

Holy Cross meet next Saturday. The

trials will be run off in the form of

a regular track meet and are to be

held for the purpose of deciding the

remaining entries for the Holy Cross

meet. Trials for the field events will

be held next Monday.

COURSE I SOCIETY
Civics To Hear Mr. Babson, '98, on Stock Market.

At the next meeting of the Civil Engineering Society, which takes place on Tuesday, April 25, at 6.30 P. M. in 11 Engineering B, Mr. Roger W. Babson, '88, will speak to the Club. Mr. Babson graduated from the Institute in 1898, in Course I, and is now head of the statistical bureau at Wall Street, N. Y., which bureau collects data for bankers and investors, and compiles the Babson Reports, weekly reports on market conditions, and charts showing the rise and fall of the stock market and predicting future conditions. The subject of Mr. Babson's talk is the forecasting of business conditions and the differences between the successful and the unsuccessful engineer. Mr. Babson has recently returned from Panama, and has frequently lectured on this and similar subjects. The Society has decided to make this an open meeting, and invites all members present.

INTERCLASS BASEBALL
The first of the Freshman-Sophomore series of baseball games will be played next Saturday at the Field at 3. This is the same game which was scheduled for last Thursday but was cancelled on account of rain. Accordingly, the tickets which are for sale by members of both teams and at the Cage bear the date of April 15th. The lineup of both teams will largely depend upon the showings made by the fellows in today's practice and will be announced in Saturday's TECH. The teams are very evenly matched and a close and exciting game may be expected. Both teams have to up to today met one defeat and one team has had about as little practice as the other.

INTERCLASS REGATTA (Continued from Page One)
Harvard Bridge, a few feet of the Esplanade. This is not the regular course but it has been selected so that the students can be close to the finish if they stand on the Esplanade or Harvard Bridge. There will be three races on the first day, probably only run off as follows: first race, Freshmen versus Sophomores; second race, Seniors versus Rojlers; third race, Freshmen second team versus Sophomores. Second. On the following Saturday the winners of the first and second races will compete for the class championship.

With the time of the races only two weeks away it is of the utmost necessity that the following men reported on the afternoons stated below: Seniors: Smart, Affl, Short, Freeman, Wilcox, Upham and Korns on Monday, Thursday and Saturday; Juniors, Howkins, Mumford, Balint, Flinton, and Anderson, on Tuesday, Friday and Saturday; Sophomores, MacBride, Hill, Ruff, Bouquet, Barkwitz, Malpeipher, Gaus, Weltington, Locus, and Harrington, on Monday, Wednesday, Friday and Saturday; and Freshmen, MacDonald, Lewis, Toyo, Dunning, Beaver, Tuttle, Bertellos, Brooks, Ferguson, Candy, De Based, Salt and Gillespie on Monday, Tuesday, Thursday, Friday and Saturday.

FRESHMEN ARE DEFEATED
Brookline Wins Baseball Game by Score of 9 to 1.

The 1917 baseball team was defeated yesterday afternoon by Brookline High. To the tune of 9 to 1. Brookline's runs were due in part to the five hits secured and in part to the bases on balls given by Simpson. Although the 1917 team secured six hits they did not count for runs as they were too scattered. Very poor unpinning and an indifferentdiamond retarded good playing.

The scores by innings was as follows:

<table>
<thead>
<tr>
<th>Inning</th>
<th>1</th>
<th>2</th>
<th>3</th>
<th>4</th>
<th>5</th>

NOTICE
"There are a couple of cases in the Technique office that were found in the debris after the fire. The owners can secure the same by identifying them at the office of the publication."

LOST
"Will the person who obtained my missing leather booklet notebook from Mr. Gracie in 5 Rogers under false pretences, Tuesday the 14th, kindly return the same to this office at once and avoid exposure and subsequent humiliation."

A. E. KEATING.

FOUNDFound yesterday afternoon Dorchester High defeated the 1916 baseball team in a rather disappointing game. The good work of boys at the bat accounts for most of the 20 runs scored by the Sophomores. Both Smart, who pitched the first five innings, and Lovejoy, who held them to three runs in the sixth, were very even.
