

# THE TECH

VOL. XXXIV. NO. 21.

BOSTON, MASS., TUESDAY, APRIL 28, 1914.

PRICE TWO CENTS

## MANY TECHNIQUES NOT YET REDEEMED

Holders of Slips Requested To Secure Books Now—No Price-Cutting.

There are still one hundred and seventy men who signed up for Technique who have not called for their books. Attention is called to the fact that as long as the books last those who have not signed up and wish to obtain a copy may do so. This means that the fellow who has signed up is taking a greater risk every day he puts off calling for his Technique. By no chance will this year's publication be sold at a reduced price, as there are barely enough copies left to fill the immediate demand. It may be that there are some lower classmen who, because of the fact that the nineteen ten Techniques were put on sale at reduced rates, have obtained the idea that by waiting they can secure a copy of the 1915 Technique at half price or something of the sort. All men who have had any such an idea as this had better profit by the statements made in this article and get busy and get a book while the opportunity presents itself. The office is usually open during the noon hour and from four until six. Any member of the board can secure your book for you, provided you give him your slip and the money for obtaining the same.

## FRESHMEN ADVISORS

Meeting of Men Interested In Work Next Thursday Noon.

Next Thursday noon, at 1.30, there will be a meeting of all those men who are interested in the movement which the Technology Christian Association started last year, that of having the men from the upper classes act as advisors to the incoming Freshmen. The plan was a decided success this year, and many Freshmen were helped through the "red tape" of registering at the opening of the terms, as well as at other times during the school year. The plan was heartily endorsed by Dean Burton.

The meeting this Thursday will be held in one of the rooms in the Union, and all men of the upper classes who wish to become advisors are asked to be present. At the meeting there will be Mr. L. R. Talbot, the General Secretary of the T. C. A. and he will explain the details of the plan. It is expected that Dean Burton will also be present.

## ATHLETIC ASSOCIATION

There will be a meeting of the Athletic Association today at 5 o'clock in 8 Eng. C. The question of accepting the revised constitution will be taken up and acted on.

## TECHNOLOGY TO MEET HOLY CROSS SATURDAY

Bad Weather Holds Up Practice But Team Will Be Ready.

The Holy Cross track meet that comes off next Saturday at the Field ought to show up some surprises and incidentally give a final line on the men who are to compete in the New Englands and the big Intercollegiate. Doc Leslie's new record in the shot shows him up as a strong man in that department and should come up to anything that Holy Cross can bring up and even better. Fred Cook in the two-mile will be out for the record which he so nearly got at Bowdoin, failing by two seconds only.

The loss of practice yesterday due to bad weather will hold up the team a bit but then Holy Cross is up against the same difficulty. O'Hara will be back in the hundred and with Loomis, Wilson and Wilkins, Holy Cross will have to work hard to get a place.

The meet will be the first and last home meet of the season with another college and should be well attended by track fans. The results of the Holy Cross meet will not only decide the men who enter from Tech in the New Englands, but will have a strong influence in picking the Holy Cross team. If Tech has things

(Continued on Page Four)

## TECH-TECHNIQUE GAME

Non-Appearance of Latter's Team—Forfeiture of Game.

By consequence of their non-appearance Saturday afternoon the Technique 1915 baseball team has forfeited its game to THE TECH by a score of nine to nothing. Many students were disappointed by not being able to witness this traditional battle, which was to be played as a preliminary to the Freshman-Sophomore contest.

Of course there is a good reason for this state of affairs. There always is. Undoubtedly the manager of Technique deemed nine to nothing better than a "Comedy of Errors" with his team losing by about fifty runs. Q. E. D.

## MUST RETURN KEYS

All men possessing keys to lockers at the Tech Field must return them on or before May 16th in order to obtain the twenty-five cents rebate due on each key.

It is particularly important this year as the present lockers will not be transferred to the new Field at Cambridge. The Field at Brookline will be officially vacated May 23rd.

## LAST CALL FOR CANDIDATES

Meeting in Lower Office of THE TECH This Noon At One-Thirty.

At one-thirty today a meeting will be held in the lower office of THE TECH for the benefit of any men who wish to come out for the paper. The work to be done by candidates in all the departments will be explained, and all other necessary information given.

THE TECH offers particularly strong inducements to members of the Class of 1917 at this time. Many of the positions on the paper which are now held by upperclassmen should be filled by Freshmen. This applies to the positions of heads of departments. The reason that the upperclassmen are still doing the work is that the paper has not enough 1917 men. Hence all those who come out and work for THE TECH now will have a fine opportunity for getting promotion. Besides this, the competition will not be so keen at this time as next fall, when there will be more men, including those of 1918, trying for positions. Men who do good work at this time are practically certain of positions on the News Staff, but the same will not be true next year, when only the best of the candidates will be retained.

Any man who is uncertain as to whether he cares to come out should attend the meeting. There he will hear about the circulation, business, editorial and news work, and will be assisted in making up his mind.

## COURSE IV MEETINGS

Architectural Societies To Hold Their Annual Elections.

A talk on life at the great Parisian school of architecture, L'ecole des Beaux Arts, will be given this evening at eight o'clock in Room 42 Pierce by Mr. William T. Aldrich of the Technology Architectural Department. The elections of the Architectural Engineering Society will be held this afternoon at 2.15 p. m. in Room 42 Pierce. Tomorrow at 2.15 p. m. the Architectural Society will hold its elections at the same place. The Smoker of the Architectural Engineering Society will be held on Thursday evening at 7.45 in 11 Eng. B.

## LATIN-AMERICANS

Notice has been sent to all Latin-American students in the Institute requesting them to be present at a conference to be given by Senor Jose N. Escobar of Mexico today in the Union at four o'clock. All these students are requested to make a special effort to be present. Senor Escobar will not speak on Mexico.

## APPOINTMENT OF 1918 TEMPORARY OFFICERS

Institute Committee To Name Men Thursday To Lead In-Coming Class.

The appointment of the temporary officers for the class of 1918 will be part of the important business to be taken up at the next meeting of the Institute Committee, Thursday at 5 o'clock in 8 Eng. C. This is the first appointment of its kind under the new uniform constitution and the members of the Institute Committee are urged by their president to consider possible candidates for the positions, keeping in mind the great responsibility which will devolve upon such officers in the discharge of their duties.

The appointments Thursday are to be made under that section of the Uniform Constitution which reads:

### Article 3—Temporary Organization.

Sect. 1. Previous to the election of the officers in the Freshman year the class shall be under the supervision of a Temporary Chairman, who shall be a Junior.

Sect. 2. He shall be assisted by three other Juniors, as temporary managers of the three Field Day teams, and one other Junior as temporary treasurer.

Sect. 3. The temporary chairman, temporary treasurer and the three temporary managers for the succeeding year shall be elected, from the Sophomore class, by the Institute Committee at the first meeting in May.

Sect. 4. The temporary chairman, temporary treasurer and the three temporary managers shall be a sub-committee of the Institute Committee and shall be responsible to that com

(Continued on Page Two)

## CALENDAR

Tuesday, April 28, 1914.

- 2.15—Arch. Eng. Soc. Election, 42 P.
  - 4.00—M. E. Soc. Ballots Due.
  - 4.00—Latin-American Students' Meeting. Union.
  - 4.30—C. E. Soc. Meeting. 11 B.

## IN CHARGE OF THIS ISSUE

Editor: A. E. Keating, '17.  
Associates: ~~N. N.~~ Brooks, '17;  
F. A. Stearns, '17.

The inactivity of most of the high-school clubs, together with the lack of interest shown in them suggests the query whether they are of sufficient value to warrant their existence. It is always easy to start such organizations on a wave of enthusiasm and patriotism, but only continued and successful maintenance can prove them worthy of the time and energy they consume.

The basis of these clubs is the supposition that the members will have sufficient in common to render their enjoyment of each other's society greater than that of outsiders. As a matter of fact, the only bond existing is a more or less uncertain and evanescent feeling for their former school. Since this does not imply any similarity of tastes or other real basis for congenial friendship, the success of the organizations depends mainly on the chance possession of these qualities, which is hardly conducive to lasting prosperity.

So many more substantial bases of association may be found, such as membership in the same course or the same activity, or, better still, direct congeniality of nature, that the high school club would seem to be in the long run, entirely superfluous.

## MR. WM. KENT IN LIST OF SPEAKERS

Well Known Author of "Kent's Handbook" Will Attend M. E. Banquet.

The final definite arrangements for the banquet of the Mechanical Engineering Society have been made. It will be held at 6.30 tomorrow evening in the American House. The speakers for the evening are Mr. Wm. Kent, Mr. Chas. T. Main, Prof. E. F. Miller, Prof. G. B. Haven, and Prof. G. E. Russel.

Mr. Kent is well known as the author of Kent's Handbook which is widely recognized as one of the best authorities on Mechanical Engineering. During the early part of his career he was an instructor in the University of Syracuse. He became a member of the American Society of Mechanical Engineers in 1880, was Manager of the Society from 1885 to 1888, and vice-president from 1888 to 1890. Since his association with the Society he has been very prominent in all its affairs, and has submitted papers at its various meetings. At the present time he is a consulting Engineer of wide experience and practice.

Mr. Main graduated from the Institute in 1876, and was an instructor here for several years. He then took a position as Mechanical Engineer for the Pacific Mills at Lawrence. He joined the American Society of Mechanical Engineers in 1885 and is now a life member of that organization. He is an independent consulting engineer and one of the leading Mechanical Engineers in this part of the country. He is a term member of the Institute Corporation.

The Professors who are to speak are all well known at the Institute. Prof. Miller is the head of the Mechanical Engineering Department. Prof. Haven is also in the Mechanical Engineering Department and Prof. Russel is Associate Professor of Hydraulic Engineering in the Civil Engineering Department.

## CLASS OFFICERS

(Continued from Page One)

mittee for the affairs of the Freshman class.

Sect. 5. The temporary chairman shall assume the duties of the president of the Freshman class during his tenure of office.

Sect. 6. The temporary managers shall, during the first two weeks of the school year conduct competitions for the managerships of their respective teams.

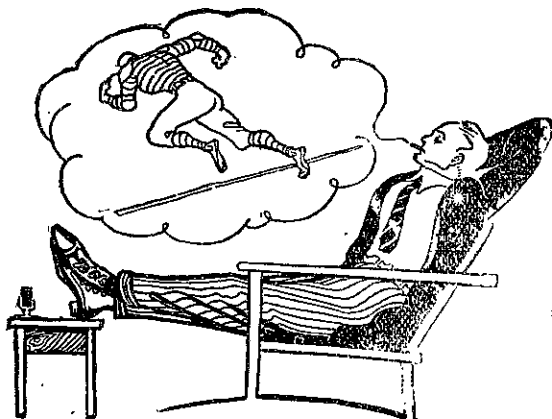

Sect. 7. The temporary treasurer shall assume the duties of the treasurer of the Freshman class during his tenure of office.

In addition to the appointment of officers for the incoming class reports will be heard from all standing committees of the Institute Committee.

column.

## NOTICE

The attention of men holding lockers at the field is called to the instructions of Major Briggs in another

Will you kindly acknowledge that some time during your career you have dreamed of the possibility of making a "touchdown"

A touchdown is a synonym of exceptional achievement—sure it is! We had a touchdown in mind when we evolved Fatima Cigarettes—purest and choicest of tobacco—just the sort of a smoke man should like—then to the gridiron test—you fellows snapped them up with a rah! And today more Fatimas are sold than any other cigarette in the country! That's what we call putting one over—the quality was there, and that's all there is to this success business! Package plain. Quality all in the tobacco!

"Distinctively Individual"

TURKISH BLEND CIGARETTES

Liggett & Myers Tobacco Co.

**OLUŠ**

**Turn Your Shirt Tails Into Drawers**  
What Good Are Shirt Tails Anyway?

IN OLUŠ the outside shirt and underdrawers are one garment. This means that the shirt can't work out of the trousers, that there are no shirt tails to bunch in seat, that the drawers "stay put," to say nothing of the comfort and economy of saving a garment. OLUŠ is—coat cut, opens all the way down—closed crotch, closed back. See illustration. \$1.50 to \$10.

For golf, tennis and field wear, we recommend the special attached collar OLUŠ with regular or short sleeves. Extra sizes for very tall or stout men.

OLUŠ one-piece PAJAMAS for lounging, resting and comfortable sleep. Made on the same principle as OLUŠ Shirts—coat cut, closed back, closed crotch. No strings to tighten or come loose. \$1.50 to \$8.50

Ask your dealer for OLUŠ. Booklet on request.

Dept. C. 1199 Broadway, New York

**C. E. SOCIETY TO DINE  
AT COPLEY SQ. HOTEL**

Lecture on Business Conditions  
Today—Election Closes  
May Sixth.

Men from all courses are invited to attend the lecture in 11 B at 4.30 this afternoon, given by Roger W. Babson, '98, of the Babson Statistical Organization, to the Civil Engineering Society, on "Forecasting Business Conditions and The Difference Between a Successful and an Unsuccessful Engineer." The Seniors are especially invited to hear the forecast of their chances of getting "that job."

Nominations for next year's officers are completed. The ballots which will be distributed Wednesday, should be returned to the Cage on or before May 6th at 4.00 p. m.

The last meeting of the year will be the banquet of the Society at the Copley Square Hotel on the 7th of May at 6.30 p. m. An excellent group of speakers has been secured for the event: Professor C. M. Spofford, who will outline the plans of the C. E. department for the coming year; Mr. Desmond Fitzgerald, who is ex-president of the Am. Soc. of C. E.; Mr. H. P. Eddy of Metcalf and Eddy, and newly elected president of Boston Soc. of C. E., will speak on "The Problems of a Consulting Engineer, and Mr. Geo. W. Anderson of Mass. Public Service Comm. will present, "The Railroad Situation."

Tickets for the dinner may be obtained from officers of the Society at \$1.00 each.

**COMMUNICATION**

To the Editors of THE TECH:

It seems to the writer that it is rather hard on the M. I. T. Cadet Corps to designate their official title as the 126th Massachusetts Reserves. This was started by THE TECH in an article which was meant to be humorous and should have been taken with a grain of salt. The Boston yellow journals, however, after their usual style, printed it as the correct name, and for the last week their readers have been led to believe that the Cadets of Technology were really the 126th Reserves and that they would only be called out after one hundred twenty-five other Reserve bodies had left for the front.

As a matter of fact the Regiment is the 3rd Massachusetts Reserves. Of course I will admit that there are only three Reserves in the state and that they would be called out last, and then only under very extenuating circumstances to uphold the national honor; still it seems as if it was rubbing it in to the poor Freshmen and the few upper-classmen, who give the orders, to thus call the Corps the 126th Reserves.

Since it is a self-evident fact that this great injustice to the already much maligned and highly advertised military body of the Institute should be righted, there is no need for me to sign my name to give weight to this communication in spite of the recent letter which appeared in your columns. E. Pluribus Unum.

**COMBINED MUSICAL  
CLUBS TO GIVE  
FINAL CONCERT**

Will Be Held At Stoneham To-Night—Dancing to Follow  
The Concert.

The Combined Musical Clubs will give the final concert of the year at Stoneham tonight. It is to be held in the old armory and will be followed by a dance.

The men who are going out for supper are to take the 5.29 train from the North Station for Stoneham and will be met at the station there. They can obtain their railroad tickets at the upper office in the Union this noon from 1.30 to 2 p. m.

The men who are going out only for the concert are to take the 6.29 train from the North Station. After the concert they will be given their fare and can return to town any time they wish.

The following men have been arranged for:

Supper and all night: With C. E. Patch—G. L. Ford, W. B. Ford, R. H. Dickson, E. P. Brooks.

With Mrs. Knowles—R. W. Moorhouse, Ekdehl.

Supper: Mrs. Payson—Woodward, H. P. Pinkham. Ray Davis—C. W. Howlett. Carl Martin—E. S. Coldwell, R. C. Fellows. Mrs. Van Buren—S. W. Baxter, A. H. Achard, G. R. Dur-yea, A. B. Tabbutt. W. B. Snow—S. Parkinson, G. W. Blakely. T. McDermott—Stern, R. S. Ahearn. C. J. Emerson—W. J. Beadle, W. A. Bryant.

The election of officers and the break-up banquet will be held next Saturday night. The arrangements will be announced later.

Dr. Georgiana Sweet of Melbourne University is at present delivering a series of talks on "Australian Universities" at present in the United States.

Wesleyan will have a new song book.

**HOLY CROSS MEET**  
(Continued from Page One)

her own way it does not seem as though it would be much use for Holy Cross to send any men to the New Englands unless she has one or two stars who can pick up a few points. The meet Saturday is not expected to be a runaway for either team, but the odds seem to favor Tech as the team showed up so well at Bowdoin.

Following is the list of entries for the match:

100 and 220 yd. dashes—Wilson, Wilkins, O'Hara, Loomis, Erb, Cady, G. Reid.

440-yd run—T. H. Guething, Peaslee, Thompson, Dean, Williams, Zimmele.

880-yd. run—C. T. Guething, Donnelly, Thompson, Brock, Dean, T. H. Guething, Kennedy, Gurney, Pollard.

Mile run—Benson, C. T. Guething, Brown, Graff, Cook, Donnelly, Brock, Nye, Gurney, Allan.

2-mile run—Cook, Benson, Graff, Brown, Nye, Wall, Litchfield, Allan.  
120-yd. hurdles—Huff, Foster, Sewell.

220-yd. hurdles—Huff, Foster, Sewell, Atwood.

High jump—Teeson, Hall, Sullivan, Gokey, Doon, Childs.

Broad jump—Fox, C. Reed, Atkinson, Cady, Morse, Gokey, Doon, Sewell, G. Reid.

Pole vault—Lawrason, Knapp, W. A. Wood, Doon, W. C. Wood, Farnsworth.

Shot put, hammer throw, discus throw—Leslie, Miller, Conway, Seymour, Stevens, Pinkham, Beach, Fox.

The performances of the team are as follows:

Sprints—Wilson 2d in 220 in N. E. I. C. A. A. meet last spring; 1st in 100 and 2d in 220 in Bowdoin meet last Saturday. Wilkins 3d in 100 in N. E. I. C. A. A. meet in Springfield two years ago. Loomis has shown up well in 220 this spring; won it in class games in 22 3-5 secs. and at Bowdoin in 22 2-5. O'Hara, N. E. champion in 40-yd. dash; won 100 in class games and 2d in 220.

440—T. H. Guething has placed in N. E. I. C. A. A. meet for three years; won at Bowdoin in 52 3-5. Peaslee qualified in N. E. I. C. A. A. meet last spring.

880—Thompson won at Bowdoin in 2:06 3-5; new man this year. Donnelly, schoolboy 600-yd. champion when at Exeter.

Mile—Benson won at Bowdoin in 4:34; cross-country man. C. T. Guething won in class games in 4:37.

2-mile—Cook won at Bowdoin in 9:56; captain of next year's cross-country team.

Hurdles—Huff won 120 and 220 at Bowdoin in 16 2-5 and 26 4-5.

High jump—Sullivan, Teeson and Hall can all do about 5 feet 6 inches.

Broad jump—Fox was 2d in N. E. I. C. A. A. meet last spring; won at Bowdoin with 20 feet 8 inches.

Pole vault—Lawrason tied for 1st at Bowdoin with 10 feet seven inches.

Shot put—Leslie won at Bowdoin with 42 feet 1 inch; new M. I. T. record.

**ELECTRICAL SOCIETY DINNER TOMORROW**

Mr. E. W. Rice, President of General Electric Co. Will Speak.

Between eighty and ninety members of the Electrical Engineering Society have signed up for the dinner to be given to the society by Professor Dugald C. Jackson, head of the Electrical Engineering Department, at the Engineers' Club, corner of Arlington street and Commonwealth avenue, tomorrow evening at 6.15.

Mr. E. W. Rice, president of the General Electric Company, will be the guest of honor and will speak on his early experience as an electrical engineer. He was associated with the Thomson-Houston works at Lynn, when that industry was in its infancy. This was the time when a 100-kilowatt generator was looked upon as the eighth wonder of the world. Turbine generators are now being built in sizes of 30,000 K. W. It is expected that Mr. Rice will have many interesting tales to tell about the olden days.

At the dinner the election of officers of the next year will be announced and the present president will formally turn over his office, at the same time giving a retrospect of the year.

**CHEM. SMOKER**

Prof. Wilson Speaks on Fourth Dimension Tomorrow.

Following out its policy of securing for the Society a number of attractions of a non-chemical nature, the Program Committee of the Chemical Society has secured for the next meeting Prof. Edwin B. Wilson of the Mathematics Department, who will speak on the subject of "The Fourth Dimension." Prof. Wilson is a graduate of both Harvard and Yale, and is one of the authorities of the world on this subject, having lectured before the Harvard Faculty upon it, and in many other places. The meeting will be held in the Union tomorrow evening at 7.30 p. m. Smokes and refreshments will be served.

The election of next year's officers closed Saturday, but the results will not be announced until the annual dinner which will be held in the near future. Announcement of this will appear shortly in THE TECH.

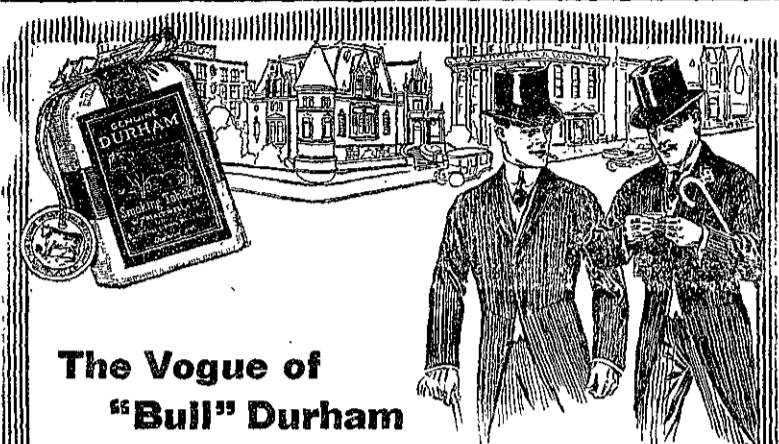

**TENNIS TOURNAMENT**

Entries for the spring tennis tournament will be open until 6 o'clock tonight and then the drawings will be made and the list posted on Wednesday. A large number of men intend to enter. Practice for the meet with Holy Cross to be held at the field on Saturday at the same time as the Tech-Holy Cross track meet is being held at the Field every day.

The Daily Illini announces that "Safety First" will be the watchword and motto of the University of Illinois in the future.
