**THE TECH**

**VOL. XXXIV. NO. 21. BOSTON, MASS., TUESDAY, APRIL 28, 1914.**

**PRICE TWO CENTS**

### MANY TECHNIQUES NOT YET REDEEMED

**Holders of Slips Requested To Secure Books Now—No Price-Cutting.**

There are still one hundred and seventy men who signed up for Technique who have not called for their books. Attention is called to the fact that as long as the books last those who have not signed up and wish to obtain a copy may do so. This means that all fellows who have signed up is taking a greater risk every day he puts off calling for his Technique. By no chance will this year's publication be sold at a reduced price, as there are barely enough copies left to fill the immediate demand. It may be that there are some lowerclassmen who, because of the fact that the nineteen Techies compose more or less of the staff, have not yet called for their books. The book is usually open during the noon period. The opportunity presents itself. The members of the board can secure your book.

T. C. A. and he will explain the details of the plan. It is expected that the meeting there will be Mr. L. R. Talbot, the temporary chairman, who will be back in the hundred and forty cases. The plan was a decided success this year, and many Freshmen who have had any such an idea as this had better profit by the statements made in this article and get busy and get a book while the opportunity presents itself. The office is usually open during the noon hour and from four until six. Any member of the board can secure your book for you, provided you give him your slip and the money for obtaining the same.

### FRESHMEN ADVISORS

**Meeting of Men Interested In Work Next Thursday Noon.**

Next Thursday noon, at 1:30, there will be a meeting of all those men who are interested in the movement of the Technological Christian Association started last year, that of having the men from the upper classes act as advisors to the incoming Freshmen. The plan was a decided success this year, and many Freshmen were helped through the "red tape" of registering at the opening of the term, as well as at other times during the school year. The plan was heartily endorsed by Dean Burton.

The meeting this Thursday will be held in one of the rooms in the Union, and all men of the upper classes interested in becoming advisors are asked to be present. At the meeting there will be Mr. L. R. Talbot, the General Secretary of the T. C. A. and he will explain the details of the plan. It is expected that Dean Burton will also be present.

### ATHLETIC ASSOCIATION

There will be a meeting of the Athletic Association this afternoon at 2 o'clock in 8 Eng. C. The question of accepting the revised constitution will be taken up and acted on.

### TECHNOLOGY TO MEET HOLY CROSS SATURDAY

**Bad Weather Holds Up Practice But Team Will Be Ready.**

The Holy Cross track meet that comes off next Saturday at the Field is as popular as the Tech Field itself is open during the noon period. The opportunity presents itself. The members of the board can secure your book.

The Holy Cross track meet that comes off next Saturday at the Field is expected to draw a great crowd of spectators to the Tech Field itself. The plan was heartily endorsed by Dean Burton, and he will explain the details of the plan. It is expected that the meeting there will be Mr. L. R. Talbot, the temporary chairman, who will be back in the hundred and forty cases. The plan was a decided success this year, and many Freshmen who have had any such an idea as this had better profit by the statements made in this article and get busy and get a book while the opportunity presents itself. The office is usually open during the noon hour and from four until six. Any member of the board can secure your book for you, provided you give him your slip and the money for obtaining the same.

### TECH-TECHNIQUE GAME

**Non-Appearance of Latter's Team—Forfeiture of Game.**

By consequence of their nonappearance Saturday afternoon the 1915 Technique baseball team forfeited its game to THE TECH by a score of nine to nothing. Many students were disappointed by not being able to witness this traditional battle, which was to be played as a preliminary to the Freshman-Sophomore contest. Of course there is a good reason for this state of affairs. There are no Technique team. The manager of the Technique team has been busy for the past several weeks getting ready for the Freshman-Sophomore contest. Of course there is a good reason for this state of affairs. There are no Technique team. The manager of the Technique team has been busy for the past several weeks getting ready for the Freshman-Sophomore contest. The inactivity of most of the high-school clubs, together with the lack of interest shown in them suggests the query whether they are of sufficient value to warrant their existence. It is always easy to start such organizations on a wave of enthusiasm and patriotism, but only continued and successful maintenance can prove them worthy of the time and energy they consume.

The basis of these clubs is the supposition that the members will have sufficient in common to render their enjoyment of each other’s society greater than that of outsiders. As a matter of fact, the closest bond of friendship is a more or less uncertain and evanescent feeling for their former school. Since this does not imply any similarity of tastes or other real basis for congenial friendship, the success of the organizations depends mainly on the chance possession of these qualities, which is haphazard conducive to lasting prosperity.

So many more substantial bases of association may be found, such as membership in the same course or the same activity, or, better still, direct commonality of nature, that the high school club would seem to be in the long run, entirely superior.

Mr. W. M. Kent in List of Speakers

Well Known Author of “Kent’s Handbook” Will Attend M. E. Banquet.

The final definite arrangements for the banquet of the Mechanical Engineering Society have been made. It will be held at 6:30 tomorrow evening in the American House. The speakers for the evening are Mr. Wm. Kent, Mr. Charles T. Main, Prof. E. P. Miller, Prof. G. B. Haven, and Prof. G. E. Russel.

Mr. Kent is well known as the author of Kent’s Handbook, which is widely recognized as one of the best authorities on Mechanical Engineering. During the early part of his career he was an instructor in the University of Syracuse. He became a member of the American Society of Mechanical Engineers in 1885 and was Manager of the Society from 1885 to 1888, and vice-president from 1888 to 1896. Since his association with the Society he has been very prominent in all its affairs, and has submitted papers at its various meetings. At the present time he is consulting Engineer of wide experience and practice.

Mr. Main graduated from the Institute in 1876, and was an instructor here for several years. He then took a position as Mechanical Engineer for the Pacific Mills at Lawrence. He joined the American Society of Mechanical Engineers in 1885 and is now a life member of that organization. He is an independent consulting engineer and one of the leading Mechanical Engineers in this part of the country. He is a term member of the Institute Corporation.

The Professors who are to speak are all well known at the Institute. Prof. Haven is also in the Mechanical Engineering Department and Prof. Russel is Associate Professor of Hydraulic Engineering in the Civil Engineering Department.

CLASS OFFICERS

(Continued from Page One)

The following officers have been elected for the affairs of the Freshman class.

Sec. 6. The temporary chairman shall assume the duties of the president of the Freshman class during his tenure of office.

Sec. 7. The temporary treasurer shall assume the duties of the treasurer of the Freshman class during his tenure of office.

In addition to the appointment of officers for the incoming class reports will be heard from all standing committees of the Institute Com.

MR. WM. KENT IN
LIST OF SPEAKERS

Will you kindly acknowledge that some time during your career you have dreamed of the possibility of making a “touchdown”

A touchdown is a synonym of exceptional achievement—sure it is! We had a touchdown in mind when we evolved Fatima Cigarettes—purist and choicest of tobacco—just the sort of a smoke man should like—then to the gridiron test—you fellows snapped them up with a 'rah!' And today more Fatimas are sold than any other cigarette in the country! That's what we call putting one over—the quality was there, and that's all there is to this success business! Packets plain. Quality all in the tobacoo!

Turn Your Shirt Tails Into Drawers
What Good Are Shirt Tails Anyways?

In OULUS the outside shirt and undershirt are one garment. This means that the shirt can't fall, the undershirt won't, there are no shirt tails to bunch in your waist, you don't have to worry about the appearance of your undershirt, and economy of having a garment. OULUS is not cut, openers all the way down, closed crotch, closed back, closed front. See illustration. $39.00 to $10.00.

For golf, tennis and golf wear, we recommend the special attached collar OULUS with regular or short sleeves. Extra length for very tall or stout men.

OULUS one-piece PAJAMAS

for bringing, resting and conversation sleep. Made on the same principle as OULUS shirts—cut off, closed back, closed crotch. No strings to tighten or come loose.

Olus

Ask your dealer for OULUS.

NOTICE

The attention of men holding lockers at the Field is called to the inspection of Major Briggs in another
Men from all courses are invited to attend the lecture in 11 B at 4.30 this afternoon, given by Roger W. Babson, '98, of the Babson Statistical Institute, to the Civil Engineering Society, on "Forecasting Business conditions and The Difference Between a Successful and an Unsuccessful Engineer." The audience is especially invited to hear the forecast of their chances of getting "that job."

Nominations for next year's officers are completed. The ballots which will be distributed Wednesday, should be returned to the Cage on or before May 6th at 4.00 p.m.

The last meeting of the year will be the banquet of the Society at the Copley Square Hotel on the 7th of May at 4.30 p.m. An excellent group of speakers has been secured for the event: Professor C. M. Spofford, who will outline the plans of the C. E. department for the coming year; Mr. Desmond Fitzgerald, who is president of the Am. Soc. of C. E.; Mr. H. F. Eddy of Metcalf and Eddy, and newly elected president of Boston Soc. of C. E., will speak on "The Problems of a Consulting Engineer;" and Mr. Geo. W. Anderson of Mass. Public Service Comm. will present "The Railroad Situation."

Tickets for the dinner may be obtained from officers of the Society at $1.00 each.

COMMUNICATION

To the Editors of THE TECH:

It seems to the writer that it is rather hard on the M. I. T. Cadet Corps to designate their official title as the 126th Massachusetts Reserves. This was started by THE TECH in an article which was meant to be humorous and should have been taken with a grain of salt. The Boston yellow journals, however, after their usual style, printed it as the correct name, and for the last week their readers have been led to believe that the Cadets of Technology were really the 126th Reserves and that they would only be called out after the concert they will be given their train from the North Station for Stoneham tonight. It is to be held in the old armory and will be followed by a dance.

The men who are going out for supper are to take the 5.29 train from the North Station for Stoneham and will be met at the station there. They can obtain their railroad tickets at the upper office in the Union this noon from 1.30 to 2 p.m.

The men who are going out only for the concert are to take the 5.29 trains from the North Station. After the concert they will be given their care and can return to town any time they wish.

The following men have been arranged for:

L. P. Hollander & Co.

HOLY CROSS MEET

(Continued from Page One)
her own way it does not seem as though it would be much use for Holy Cross to send any men to the New England unless she has one or two stars who can pick up a few points. The meet Saturday is not expected to be a runaway for either team, but the odds seem to favor Tech as the team showed up so well at Bowdoin. Following is the list of entries for the match:
100 and 220 yd. dashes—Wilson, Wilkins, O'Hara, Loons, Ebb, Casey, G. Rand.
220 yd. run—T. H. Guething, Pease, Thompson, Dean, Williams, Tink-
mele.
440 yd. run—C. T. Guething, Don-
nelly, Thompson, Brook, Dean, T. H. Guething, Kennedy, Gurney, Pollard.
Mile run—Benson, C. T. Guething,
Brown, Nye, Wall, Litchfield, Allan.
220 yd. hurdle—Huff, Foster, Se-
well.
220 yd. hurdles—Huff, Foster, Se-
well, Atwood.
High jump—Teeson, Hall, Sullivan,
Gosby, Doon, Childs.
Broad jump—Fox, C. Reed, Atlan-
touly, Casey, Norse, Gosby, Doon, Se-
well, G. Reid.
Pole vault—Lawrason tied for Ist
place, Marshall, Spillman, W. A.
Wood, Doon, W. C. Wood, Farns-
do.
Shots put—Leslie, Miller, Conway,
Seymour, Stevens, Finkham, Beach, Fox.
The performances of the team are as follows:
Sprints—Wilson 2nd in 220 in N.
E. I. C. A. meet last spring; 1st in 100 and 220 in Bowdoin meet last Saturday. Wilkins 3d in 150 in N. E. I. C. A. meet. Spri
nted for the N. E. I. C. A. meet.
Mile run—Benson, C. T. Guething,
Brown, Nye, Wall, Litchfield, Allan.
120 yd. hurdle—Huff, Foster, Se-
well.
220 yd. hurdles—Huff, Foster, Se-
well, Atwood.
CHEM. SMOKER
Prof. Wilson Speaks on Fourth Dimension Tomorrow.

Following out its policy of securing for the Society a number of abstrac-
tions of a non-chemical nature, the Program Committee of the Chemi-
ical Society has secured for the next meeting Prof. Edwin B. Wilson, of the
Mathematics Department, who will speak on the subject of "The Fourth
Dimension." Prof. Wilson is a graduate of both Harvard and Yale, and is
one of the authorities of the world in this subject, having lectured in
many places in America and Europe. The meet-
ing will be held in the Union tomor-
row evening at 7:30, p.m. Smokes and
refrachments will be served.
The election of next year's officers will be an
ounced and the present president will formally turn over his office, at
the same time giving a retrospect of the
year.

TENNIS TOURNAMENT
Entries for the spring tennis tour-
nament will be open until 4
o'clock tonight and then the draw-
ings will be made and the list post-
ed on Wednesday. A large number
of men intend to enter. Please for
the meet with Holy Cross to be held
at the field on Saturday at the same
time as the Tech-Holy Cross track
meet is being held at the Field every
day.
The Daily Illini announces that "Safety First" will be the watchword
and motto of the University of Illi-
nois in the future.
