THE TECH last evening received a five-dollar bill in a mysterious letter accompanying a request that we publish the above sentence. For reasons best known to ourselves we present it to our readers.—Ed.

ARCHITECTS TO DINE

R. A. Cram and G. F. Swain
Speakers at Banquet Friday.

The Thirty-second Annual Architectural Dinner will be held at 6.30 p. m. Friday, May 8th, at the Copley Square Hotel. A number of the Alumni of the Technology Architectural department will be present and the joint committee of the Architectural and Architectural Engineering Societies feel that the affair will thus be made better than ever before. Ralph Adams Cram and George Fillmore Swain, '77, will be the principal speakers of the evening.

Tickets may be secured from D. des Granges, F. Whitten, Jr., S. H. Harper and E. S. Couch. Many drawings have been submitted in the contest for the design to be used on the menu cards.

CLASSES IN FOUNDRY WORK TO TAKE TRIP

Will Visit Plant of Walker
Pratt Manufacturing Co.
Today.

A trip to Watertown will be taken this afternoon and also one tomorrow by the sections in Foundry Work. The plant of the Walker Pratt Manufacturing Co. will be visited and the men will have a good chance to see an up-to-date foundry under business conditions. To reach the plant the men will take a car at Park Street by way of the Cambridge Subway to Harvard Square, where they will transfer to a Newton-Watertown car at the lower level. The party will leave the car at Dexter street.

The trip this afternoon takes the place of the regular class, so that all men are obliged to be present. The party is to meet at the foundry office at 1.45 p. m. The same will be true of the trip tomorrow afternoon.

MUSICAL CLUBS' DINNER POSTPONED

Will Be Held Next Wednesday—
G. R. Duryea Elected
Secretary.

At a meeting of the executive committee of the M. I. T. Musical Clubs yesterday, it was decided to hold the annual dinner next Wednesday, May 13th, at 6.30. This step was taken to make possible the attendance of many men who could not have come tonight. It was also decided to hold the annual business meeting next Friday afternoon at five o'clock, in the Union, instead of before the banquet, as has previously been done. Positively no one who is absent from this meeting without good excuse will be allowed to attend the banquet.

During the meeting the resignation of C. G. Norton from the office of secretary was accepted, and G. R. Duryea was elected to fill his place.

RADIO SOCIETY

Officers for Ensuing Year To Be
Elected.

A special meeting of the Radio Society will take place tomorrow, in room 11, Engineering B., at 4.20 p. m. The meeting is called for the purpose of nominating and electing the following officers: President, Vice-President, Secretary, Treasurer and Board of Directors. Written ballots will be taken, and it is desired that all members attend.

A regular meeting will also be held during the following week at which Mr. Harold J. Powers will speak.

ILLUSTRATED TALK

At a meeting of the Appalachian Mountain Club this evening in Huntington Hall an illustrated talk will be given by Mr. Edmund A. Whitman of Cambridge. The subject will be "Yellowstone Park." Mr. Whitman recently made a trip through the Park accompanied by his family and entered by way of Jackson's Hole. The pictures to be shown were taken on this trip.

C. E. BALLOTS DUE

The members of the Civil Engineering Society must have their ballots at the Cage by 4.30 today as any turned in after this time will not be accepted. The results of the elections will be announced at the banquet Thursday evening.

M. E. MEETING DRAWS LARGE AUDIENCE

Seven Hundred Students Attend
Illustrated Lecture On
Auto Construction.

Approximately seven hundred students attended the lecture illustrated with moving pictures which was given before the Mechanical Engineering Society yesterday afternoon in Huntington Hall. The lecture was given by Mr. Harry J. DeBear of the Maxwell Automobile Company. The meeting was open to everyone and men from all courses were present.

The whole process of auto manufacturing was made very realistic. The testing of springs and shafts was shown to very good advantage. Hardness tests were made by dropping a steel ball on the metal and noting the height to which it bounced. There were several views of the chemical laboratory where the steel is tested for sulphur, phosphorus carbon and other constituents. The boring of the cylinders with multiple drills, crank turning, milling, and the balancing and weighing of the moving parts were illustrated, and assemblies of the various parts of the auto such as transmission, motor, frame and body were shown separately. There were also many pictures of general interest to engineers, among which were those of drop forging and cold pressing.

Perhaps the most interesting films shown were those depicting the testing of the finished cars. The cars were shown bumping over the test road at the plant, and the men in the audience showed no desire to be in the position of the driver. However, every appearance on the screen of the "little lady," who was trying to induce papa to spoil a perfectly good check in favor of the Maxwell Company brought a round of applause, and at the close when her success was assured, the audience was completely satisfied.

COSMOPOLITAN CLUB

Annual Dinner Will Be Held at
Union Saturday Evening.

The Cosmopolitan Club will give their annual dinner next Saturday evening at the Union. The election of officers will be held, the nominations having been given out during the first of this week. All the members of the club are requested to be on hand at 6 o'clock, the time the dinner will be served, so that the meeting will be over by at least 7.45. Shingles have been printed for the members of the club and these will be distributed during the meeting.

INSPECTION OF DRILL BY CAPT. SCHINDEL

To Be Held Today at Armory—
Necessary That All
Men Be Present.

The regular annual inspection of the M. I. T. Cadet Corps will be held this afternoon at the South Armory. The inspecting officer is Capt. S. J. B. Schindel of the General Staff of the United States Army. It is expected that a much better showing will be made this year than last.

This year sheets have been distributed among the men, giving descriptions of the principal parts of the rifle, and other general information. All of the men are expected to know the contents of this sheet, as well as to be able to answer any questions concerning drill in general. Since the standing of the Institute in military training will be determined by the report of Capt. Schindel, it has been requested by Major Cole that every man have his uniform and equipment in the best condition possible. Every one is expected to be present and no one will be excused.

CHAUNCY HALL CLUB

Results of Elections Show Close
Vote for Vice-President.

The officers of the Chauncy Hall Club elected for the coming year are: Kenneth M. Sully, president; Harold W. Whiting, vice-president; and Russell H. White, secretary and treasurer. The vote for vice-president was very close between H. W. Whiting and E. L. Kemp, the former winning out by a slight majority.

WEATHER

For Boston and vicinity: Fair, with increasing south to west winds.

CALENDAR

Wednesday, May 6, 1914.

Editors: R. B. Stringfield, '15; H. S. McQuaid, '17.
Associate, R. E. McDonald, '17.

The splendid attendance at the motion-picture talk yesterday is indicative of that wideawake interest that has begun to make itself felt about the 'Stute. Our men seem to be waking up to the realization that Tech is able to give to its students some of the most interesting of talks and the best of speakers, a distinct advantage over institutions less fortunately situated. The Tech man has been subject to the stigma of narrowness only because his studies afford him little time to devote to subjects bearing no direct relation to the doings of the class room. It is certainly encouraging, after the great

BOSTON, MASS

The Columbia Jester, Princeton Tiger, Harvard Lampoon and Yale Record will be allowed a full page in The Independent to disport what The Independent calls the best humor in the country, undergraduate wit.

The University of California has sent personal letters to over 400 high school track managers on the Pacific Coast, urging them to participate in their annual interscholastic meet.

The State College of Washington has granted life passes to all athletic events on its home field to every letter man of the institution.

The students of Ohio State are making strenuous attempts to get the faculty to cease their objections to tardiness at the opening of a class or to dismiss the students at the end of the hour.

The Syracuse Daily Orange is threatened with a premature death at the end of the school year unless the student body insures united support. If this happens the Athletic Governing Board will probably start an independent athletic sheet.

A number of the universities of the middle west are holding their annual May Day celebrations. Historical pageants are being given and in almost every case the program includes an amateur circus on the campus.

Eighteen college track meets are scheduled for Saturday of this week. Among the most prominent of these are Harvard vs. Cornell at Ithaca, Dartmouth vs. Pennsylvania at Philadelphia, and the Yale vs. Princeton at New Haven.

amount of talking that has been done concerning lack of interest, to find the men waking up, and we hope that this spirit of active interest has come to stay.

DON'T forget the address

We make a special effort to win the esteem of Tech men.

Two minutes' walk from all Tech Buildings. Unexcelled facilities; the most fastidious Bowler can enjoy this fascinating and healthful pastime. Alleys reserved and screened for private parties. Come in and enjoy a little fun and exercise between periods.

OLUS

Turn Your Shirt Tails Into Drawers

What Good Is a Shirt Tail Anyway?

IN OLUS the outside shirt and underdrawers are one garment. This means that the shirt can't work out of the trousers, that there are no shirt tails to bunch in seat, that the drawers "stay put", to say nothing of the comfort and economy of saving a garment. OLUS is coat cut, opens all the way down—closed crotch, closed back. See illustration.

For golf, tennis and field wear, we recommend the special attached collar OLUS with regular or short sleeves. Special sizes for very tall or stout men. All shirt fabrics, in smart designs, including silks—\$1.50 to \$10.00.

OLUS one-piece PAJAMAS for lounging, resting and comfortable sleep. Made on the same principle as OLUS Shirts—coat cut, closed back, closed crotch. No strings to tighten or come loose. \$1.50 to \$8.50.

Ask your dealer for OLUS.

**CATHOLIC CLUB
BANQUET TONIGHT**

**Result of Election of Officers
Will Be Announced
This Evening.**

Final arrangements have now been completed for the Catholic Club banquet tonight. As speakers there have been secured State Treasurer Frederick W. Mansfield and Mr. Jeremiah O'Neil of the Mechanical Engineering department. As is the custom, the result of elections of officers will also be announced after the dinner.

Since this is the last meeting of the year, all members are urged to attend. The banquet is to be held at the Hotel Thorndike and will begin sharply at 6.30. Tickets may be obtained from J. J. Hickey, J. F. Phelan, J. A. Gargan or from any officer of the club. The price is \$1.50 per plate.

SUMMER CAMP

The bulletin announcing the courses to be given at Summer Camp 1914 appeared yesterday afternoon.

CADET OFFICERS

A group picture of all the commissioned officers of the M. I. T. Cadets at Notman's today at 1.15. The men are requested to appear in full dress uniform with sabers included.

**SATURDAY'S LECTURE
TICKETS TO BE FREE**

**Students and Their Friends Will
Have First Chance For
Tickets.**

The Monthly wishes to emphasize the fact that the tickets for Saturday night's illustrated lecture are free, and can be obtained either at the Cage or at the Monthly office. Tickets will be held for the students and their friends until Thursday noon, after which the general public will be allowed to secure them. It is suggested that students obtain their tickets before that time, as outsiders have shown considerable interest in the lecture already.

The lecture will be in the nature of a travelogue, taking the audience through the Canal and out on the Pacific side. A brief series of pictures showing the Oriental countries to be affected by the changes in trade routes due to the opening of the Canal, and their natural relation to San Francisco, will be shown. The lecturer will also present and explain the complete layout and arrangement of the Exposition. All of the slides are up to date, many of them never having been shown before. The lecturer is Mr. Byron L. Lick, one of the best known speakers on the Pacific Coast.

As the lecture starts at eight o'clock and is given at Huntington Hall, those attending the Cosmopolitan Club dinner will have time to hear it. Admission will be by ticket only.

Velvet
**THE
SMOOTHEST
TOBACCO**

Like the Lawford stroke, the more you try it the more fascinating is Velvet, the tobacco. The best leaf aged over 2 years—time is the only process. Tobacco matured in this fashion is rare—it's too smooth to irritate or "bite." It's a pleasure to carry such a smoke as Velvet in your pocket—it's extremely companionable! You need it! At your dealers.

**CHEMISTS TO HEAR
PROF. TALBOT**

"Chemotherapy" the Subject at
Last Smoker of the Year.

The last smoker of the Chemical
Society for this year will be held to-
morrow evening in the Union. The
talk is to be given by Prof. Henry
P. Talbot, '85, head of the Chemistry
Department of the Institute.

Prof. Talbot's subject is "Chemo-
therapy," a subject of which the av-
erage chemist knows nothing, and is
expected to prove interesting as well
as instructive. Chemotherapy deals
with the practical application of
chemistry in the prevention and cure
of disease, and is the science used
by the medical research laboratories
of the manufacturing drug companies
to find new remedies and cures. Dr.
Talbot will explain and discuss their
methods, and will take up particular-
ly the discovery and properties of the
specific "606."

The meeting will be at 7.30 p. m.
and anyone interested in the subject
is invited to attend.

FACULTY NOTICE

TOURNAMENT DRAWINGS

Tennis Matches in First Round
Posted in the Union.

As was announced in THE TECH
yesterday, the drawings for the an-
nual Spring Tournament have been
posted on the bulletin board in the
Union.

The drawings for the doubles are
as follows: Hastie, '14, and Alt-
house, '17, vs. Fay, '14, and Hurl-
butt, '15; Woodbridge, '16, and Neu-
man, '15, vs. Richardson, '16, and
Stewart, '16; Futterer, '17, and At-
water, '17, vs. Curtiss, '16, and Gaus,
'16; Warren, '15, and Polley, '17, vs.
White, '16, and McDaniel, '16.

The drawings for the singles are:
Easter, '15, vs. Kendall, '17; Basch,
'17, vs. Carr, '16; Althouse, '17, vs.
Curtis, '16; Batchelder, '17, vs. Wood-
bridge, '16; Smith, '17, vs. Fay, '14;
Eberhard, '14, vs. Hastie, '14; War-
ren, '14, vs. Atwater, '17; Lowengard,
'17, vs. Polley, '17. The following
men drew byes: Hubbard, '17; Fut-
terer, '17; Low, '17; Platt, '17; White,
'16; Couch, '17; Stone, '16; and
Stewart, '16.

In arranging for playing of the
matches the lower classmen are re-
quested to look up men in higher
classes, and if the men are in the
same class, the man whose name
comes last in alphabetical order is
to look up the man whose name pre-
cedes his.
