THE TECH Detective Now at Work—Stinger Was Arrested—Reward Offered.

(Live view of the great number of communications and inquiries which our correspondents have submitted in regard to the extraordinary situation created yesterday, when a mysterious stranger shaved and dressed like a sailor. The TECH, without being asked to do so, will submit the following item of the day.)

Late last evening after THE TECH had been sent down to the printer, THE TECH's detective, who was just preparing to sleep, heard a noise on the typewriter desk in the lower office. Becoming aware of a rustling sound as of a highly excited woman throwing her love letters away, he crept softly under the desk and discovered the sheet of paper were bound to be close. The Sophomore, alas, was mistaken. The rustle was practically a new application of the science of chemistry, and the discovery and properties of "woe," the specific which created such a stir, may be obtained from the Public Service Commission.

The Sanskrit inscription he translated in haste on his slide rule. "Ah, yes, Captain and stroke of the Freshman crew, who was captain and stroke of the junior class, has been seen rowing in the afternoon over a mile below the Harvard Bridge. Because of the fact that the first race of the class crew are not different more than three or four seconds, the races are bound to be close. The Sophomore crew has the advantage of last year's work together, but the Freshman crew together have a chance of winning. The Junior crew, which was not in the running last year, has come to the front with a strong crew and is making a strong bid for the first honors. The Sophomore crew is practically a new aggregation with the exception of the stroke, but has developed into a smoothly working machine.

The probable crews are the following: For the Freshman crew, McDonald, who was captain and stroke of the Ridge Technical crew last year, will stroke; Brooks, a Tuxbury Latin man, will row three; Captain Dunn and Toye, both from Ridge Technical, will row two and three, respectively; Commander, formerly of An- dover, will row the freshman crew. The Sophomore crew will be made up of...

COSMOPOLITAN CLUB

Time of Supper Changed—Annual Elections Saturday.

The final list of nominations for officers of the Cosmopolitan Club is now posted in Rogers Building. The election, which will take place at the annual supper to be held next Saturday evening in the Union, will be held at 7:30 p.m. President, Vice-President, Secretary, Treasurer, and Board of Directors, and all members are requested to attend.

PANAMA LECTURE

Tickets at Monthly Office, Cage and Registrar's.

Tickets for the lecture Saturday night have been placed with Mr. Wells, at the information desk in Rogers Building, so that students and faculty members who do not come over by the Union will be able to get tickets. After the lecture the public will be able to get them free. Although the lecture is free, admission will be by ticket only.

The Panama Canal and the Panama-Pacific Exposition will be shown by means of three hundred colored up-to-date slides and discussed by the lecturer, Mr. Leach of San Francisco. The lecture will start promptly at 7 o'clock and will last until between 9 and 9:30.

RADIO SOCIETY

The elections of officers for the coming year will be held today in Engineers B. 4:30—Radio Society Meeting and Elections. 5:20—Baseball. 6:20—C. E. Banquet. 8:00—C. E. Dance.

Chicago is a special meeting in order to nominate and elect the following officers: President, Vice-President, Secretary, Treasurer, and Board of Directors, and all members are requested to attend.

CIVILS TO BANQUET AT COPLEY SQUARE

Public Service Commission Man To Discuss Railroad Situation.

The annual banquet of the Civil Engineering Society will be held this evening at 6:30 at the Copley Square Hotel. This will be the formal meeting of the year and a full attendance is desired. The results of the election will also be announced at this time.

The Committee was fortunate in being able to secure a number of prominent speakers for the occasion. Mr. Desmond Fitzgerald, ex-president of the American Society of Civil Engineers, will be among the speakers. Professor Spofford, of the C. E. department, will talk about the future plans of his department. Mr. George W. Anderson of the Massachusetts Public Service Commission will discuss "The Railroad Situation." Mr. H. M. Grubb of the Massachusetts Railroad Company will talk on "The Conservation of the Water Supply." Tickets may be obtained from the following men: Peabody, Hall, Thomas, Course, Stone, Miller, Luce, and Harris. The price is $1 per plate.

FACULTY NOTICE

By applying at 16 Rogers, Seniors may obtain any papers written by those now in charge of the English Department.

WEATHER

For Boston and Vicinity: Fair today; diminishing northwest winds.

CALENDAR

Thursday, May 7, 1914.

4:00—1914 Baseball Field. 4:20—Radio Society Meeting and Elections. 5:20—Baseball. 6:20—C. E. Banquet. 8:00—C. E. Dance.

7:00—Chem. Soc. Smoker. Union. 8:00—Combined Natural Societies' Dinner. Copley Sq. Hotel.

Saturday, May 9, 1914.

1:00—Rite Club Team leaves for Cambridge, Mass., for the final round in the varsity matches.

3:00—Rite Club Team leaves for Wakefield, North Station.

5:00—Rite Club Team leaves for the C. E. Dance.

5:00—Tennis. 1914. 6:00—Combined Natural Societies' Dinner. Copley Square Hotel.

6:00—The Panama Canal and the Panama-Pacific Exposition will be shown by means of three hundred colored up-to-date slides and discussed by the lecturer, Mr. Leach of San Francisco. The lecture will start promptly at 7 o'clock and will last until between 9 and 9:30.
Barley of the University of Maine from his performance last Saturday is looked upon as the winner of the hammer throw at the New England Intercollegiates. Barley best the Maine State record and the New England Intercollegiate record with a throw of a little over 114 feet.

Technology’s hammer and discus cage will be taken over to the Stadium for the New Englands the 22nd and 23rd of this month. The men of the other colleges will be somewhat handicapped by being obliged to throw from a cage as many of them have never tried it. The cage has a 159-degree opening.

It has been erroneously stated that Leslie’s record in the shot made at Bowdoin was 42 feet and one inch. The correct distance 42 feet, one and one-fourth inches.

Last Saturday’s track meets offered plenty of opportunity to get a line on the possible individual winners in the New Englands and the big Intercollegiates.

Several men in the dual meets showed up well in the hundred, some of them covering the distance in ten flat.

Tech can feel confident that two of the teams that are entered in the New Englands are considerably below her standard.

Brown was the big surprise of the Holy Cross meet, doing the mile in 4:37. With a little more regular training he will be able to make Benson hustle some to beat him.

Cook can now look ahead and set his eyes on the New England two-mile record that was set at Awater last year.

Tech can feel confident that two of the teams that are entered in the New Englands are considerably below her standard.

Museum Lecture

Professor Henry L. Seaver of the English Department of the Institute, will speak at the Museum of Fine Arts, Sunday, May 10th, at 3:15 p.m., in the gallery of early American paintings. His subject will be “A Portrait of Washington.”

REGIMENT IS FOUND VERY SATISFACTORY

Inspected by Captain Schindel—Men May Get Chance To Enlist.

Yesterday afternoon, from 3 to 5, the Regiment was inspected by Capt. S. J. B. Schindel, of the General Staff of the army. The inspection was of the regular manuals, extended order work and firing. Capt. Schindel said after the drill, "The battalion is much better than it was last year; it showed decided improvement. All in all, the work was very creditably performed. Such drill gives the United States a fact that application is for some particular branch only.

SOPHOMORES MEET FRESHMEN TODAY
Interclass Baseball Game To Be Held This afternoon.

At 4 o'clock this afternoon the first and second year baseball teams will play at the Field their second game for the supremacy of the lower classes. The Sophomores won the first game of the series by the score of eight to six. Since then they have lost to Powder Point, eight to two. Several shifts in their lineup will probably result in a lack of team play this afternoon.

The Freshmen have not played any games but have been practicing regularly and may be expected to do some heavy hitting. If the Sophomores win today they should have obtained their numericals for the first time, as they lost last year. If the Freshmen win, a third game will be necessary to decide the championship, which will be played on the twenty-first of this month.

The teams will probably line up as follows:

1917
Bell, f .............. c, Gushing
Kendall, e ....... b, Smigielski
McQuaid, 2b ........ 1b Potent
Cady, f ................ c f, Demerret
Stevens, 2b .......... 2b, Tagley
Gardiner, as .... 1 f Ross
Atkins, r f ............ c f, Krigger
Kimpton, gr .......... lb Poteat
Henderson, p ........... 1b Holfingm

Tickets for the game are on sale by members of both teams for twenty-five cents.

TRACK NOTICE.
The dual meet with B. A. A. will be held at the Field, Saturday, at 3 p. m. Owing to the fact that this announcement came in late last evening, further details of the meet will be held until tomorrow's issue of THE TECH. All track men are requested to report to Coach Knady at the Field this afternoon. The spring competition for the DuPont cup will close on May 13th.

BIG MYSTERY
(Continued from Page One)

He disguised himself outside the building and sped in cold pursuit with the agility of a deer. He drew nearer and nearer to his prey when suddenly the man dropped a note from his pocket. With this move he plunged into the sacred cavern of the Westminster where none but the elect may go. Disgusted, our hero retreated to the Union. Efforts were made to fill it.

CREW RACES
(Continued from Page One)

up of the championship crew of last year, Berkowitz and Martine, filling the same positions as last year, row stroke and three, respectively; Lessau and Duff exchanged the places held last year and now row at two and bow, respectively.

The Junior crew, which last year had such a hard time to get into form, is now one of the strongest of the class crews. Captain Mumford, Sifton and Sabin, all of last year's men, seem to have a secure position at two. Sommers and Jasinowski, both bow men, are making a strong bid for that position and either may yet fill it.

The Senior crew is a new crew this year with the exception of Short at stroke. He rowed at bow last year. The men who will probably fill the other positions in this boat are: Affel at three, Freeman at two and Tad at bow.

The second Freshman crew is now composed of Beaver, stroke; Hertel, second; Althouse, third; and Tuttle, bow. The second Sophomore crew is Hill, stroke; Fuller, third; Bousquet and Duff exchange the same positions as last year, will probably cox this crew.

FRESHMAN BASEBALL

First Year Men Play Cambridge Latin School Saturday.

The Freshman baseball team will play its third out of town game Saturday when it meets Cambridge Latin School at Cambridge. Poets report the schoolboys have a good team this year and should make their opponent's bats go to work. As yet the Poets have not won a game but they have a good chance to break into the winning column today in playing the Sophomores and to continue it Saturday. In case of a win today the 1917 rules will play with more confidence Saturday.

TECH CATHOLIC CLUB
HAS ANNUAL BANQUET

Newly Elected Officers for the Coming Year Installed—Live Talks.

Last night at the Thordarlie, the Catholic Club held its annual banquet. Interesting talks were given by Frederick W. Manufeld, the State Treasurer, and Jeremiah F. O'Neil, of Technology, who spoke on the relations of the Catholic church to science.

The new officers for the coming year were officially installed. They are as follows: President, C. A. Blodgett, '15; vice-president, J. F. Phelan, secretary and treasurer, A. J. Caffrey, '15. The Executive Committee consists of L. F. Quick, '15; F. J. Lenehan, '16; and J. J. Donnelly, '17.

TECH PLAYS TUFTS
..Next Saturday the tennis team plays a match with Tufts College at Medford. The same team that played last Saturday will probably play.
