

THE TECH

VOL. XXXIV. NO. 32.

BOSTON, MASS., MONDAY, MAY 11, 1914.

PRICE TWO CENTS

FUSSER'S FINISH

To the Editors of THE TECH:

I would recommend to you that FUSSEY'S FINISH be placed on sale Wednesday noon if you can so arrange it. My pursuers seem to have gained quite a little information regarding my identity during the last few days and I think that this affair should reach a speedy conclusion so as to allow shaky undergraduates to study now and then and also so that summer won't find me minus my royalty.

The crew races, which were staged Saturday afternoon were pretty good although not very close. While watching them I noticed a well known member of the English department. I followed him a little ways down Commonwealth Avenue but soon he was lost in the shuffle. I don't think he is the one who has been confusing me with the advance agent for Yish-kabibble.

By the way I saw the genial stage manager of "A Royal Johnnie" going west pass Major Parry Keller east-bound, in front of the Thorndike about ten p. m. Saturday evening. Dave seemed to be too preoccupied to notice Parry. A little beyond Copley Square Dave met Walt Rivers and still farther on he met Harold Worthington of Yish-kabibble fame. Dave and Worthington were both encumbered but the others were just out for a little stroll.

I hear from certain quarters that Chollie Fiske and Percy Werlich have been putting their heads together and that they have reached the conclusion that to secure the royalty they need only to arrest Eastie Weaver. They believe, so I am told, that Eastie's solemn look around the Union is due to Watchful Wallie. Maybe it is due to me but of course they should remember that there is always something yellow about me while Eastie isn't partial to this hue.

In Saturday's issue I see a long account of how the Tech records are in danger. I have pondered quite a while as to whether these optimistic statements may be charged to Manager Thomas or Captain Guething or whether your track editor is to blame. However on the whole I guess they are pretty well justified since the recent track victories.

And now in closing let me remind your readers that buffalo nickels and Lincoln pennies can be secured at Handy Mack's or Dayes' Hairy. Also these must be in by tomorrow night to Eddie Pung.

Yours with a howl,

Watchful Wallie

EXAM SCHEDULE

There will be a special issue of THE TECH on Wednesday at twelve o'clock, in which will be published the provisional Final Examination Schedule.

The question of raising the athletic association dues at Penn and thus giving members a free ticket to all home games would make it possible for a Penn student to see a football game for 13 1-2 cents.

CREWS ROW RACES SATURDAY AFTERNOON

Juniors, Freshmen, and Sophomore Seconds Win by Several Lengths' Margin.

With a fair crowd watching the finish from the Harvard bridge the class crews rowed the first races to settle the class championship Saturday afternoon. In the first contest, the Freshmen proved too strong for the Sophomore four, leading at the finish by about four lengths. The Freshmen got their lead early in the race and held their position in spite of the hard struggle of the 1916 men to come up. The Sophomore boat did not show the good form of the Freshmen and the waves from the leading boat caused much splashing.

The Juniors made easy work of the Seniors in the second race. Hitting up a good 34 stroke at the Cottage Farm bridge the Junior four jumped a three-length lead before the race was a third over and after that had only to hold their position. The Seniors seemed to be in a much worse

(Continued on Page Four)

CHEMICAL SOCIETY

Banquet To Be Held Tomorrow Evening.

The attention of members of Chemical Society is called once more to the annual banquet to be held tomorrow evening at the Copley Square Hotel. There will be two prominent speakers, Mr. Marble and Dr. Carmichel. The former is the president of the North Eastern Section of the American Chemical Society, and Dr. Carmichel is a prominent consulting engineer.

At the banquet the new shingles will be given out to all those who hand their names to the officers by noon today.

MR. RITCHIE TO SPEAK

Mr. John Ritchie, Jr., who is to speak on "Nooks and Corners in the Old Bay State" before the Boston Scientific Society, 585 Boylston street tomorrow evening at eight o'clock, invites Tech men who are interested to hear his talk. He will tell of ramblings through the hill towns of Massachusetts, largely west of the Connecticut. The lecture gives a view of the state that illustrates the watchword, "See Massachusetts first."

TAG SALE A SUCCESS

The members of the Boat Club are very grateful to the student body for the generous support of the tag sale. Nearly six hundred tags were sold.

TRACK MEN SATISFY COACH AT B. A. A. MEET

Peaslee Runs 440 in Fast Time—Cook Beats Atwater in 1-2 Mile Run.

Last Saturday the track team had a practice meet with B. A. A. at the field in Brookline. As this meet was merely intended to give the men extra experience no points were scored, and the distances of several of the runs were shortened. Coach Kanaly was pleased at the showing of the men as a whole. The surprise of the meet was Peaslee, '15, who won the quarter mile in a time that is fast enough to place in the New England Championships. Tom Guething did not run in this race on account of a slight injury he received last Thursday. Freddie Cook ran his fast race as usual, beating out Atwater, last year's intercollegiate 2-mile champion, for second place in the 1-2 mile run. Hedlund, the B. A. A. distance man, won this race. The times of the meet were so good that Coach Kanaly wishes to keep them unpublished for the present.

The summary:

100-Yard Dash—Won by O'Hara, M. I. T.; Loomis, M. I. T., second; Connors, B. A. A., third.

(Continued on Page Three)

TECH DEFEATS TUFTS

Takes Every Match at Medford—Tufts Wins Two Sets.

The Tech Tennis Team repeated its stunt of taking every match by defeating Tufts College at Medford Saturday by a score of 6 to 0. Tufts did not take a match and won only two sets. Burritt of Tufts took the second set from Polley and Turner and Murphy of Tufts took a doubles set from Stewart and Goodwin. The summary:

Polley, Tech., defeated Burritt, Tufts, 6-4, 3-6, 6-2.

Goodwin, Tech, defeated Turner, Tufts, 7-5, 6-1.

Woodbridge, Tech, defeated Gifford, Tufts, 6-3, 6-1.

Stewart, Tech, defeated Murphy, Tufts, 6-4, 6-2.

Stewart and Goodwin, Tech, defeated Turner and Murphy, Tufts, 6-0, 1-6, 6-3.

Woodbridge and Polley, Tech, defeated Burritt and Gifford, Tufts, 6-1, 6-0.

BATTALION DRILL

In preparation for the Final Prize Drill Friday evening drill will be held Wednesday from three to five o'clock. The Monday battalion will drill from three to four and the Thursday battalion from four to five.

MR. LICK LECTURES ON PANAMA CANAL

Shows Many Slides of Canal and Panama-Pacific Exposition.

Saturday night in Huntington Hall, before a crowd of about three hundred, Mr. Byron L. Lick of San Francisco delivered a very interesting lecture on the Panama Canal and the Panama-Pacific Exposition.

Mr. Lick opened his lecture with slides of the Panama Canal, showing most of the points of interest along the big ditch. Among the more interesting of these were the steel forms employed in putting the concrete in place, the big gates, the various locks and the latest of the slides, which is yet to be entirely removed. A slide was also shown of the dynamiting of the Gamboa dike, and the consequent meeting of the Atlantic and Pacific.

From the Panama Canal Mr. Lick took his hearers to the Exposition grounds, first conducting them on a sort of Cook's tour over the route to be first pursued before the grounds themselves would come into view. This meant slides of many of the beauty spots of the westward route, including Glacier National Park, the Grand Canyon of Colorado, Shasta, the Yosemite Valley and numerous other points of interest.

Having arrived at the Exposition, the visitors were shown all the plans now on foot and also their origin in the San Francisco Chamber of Commerce. The arrangement of all the buildings, including the Massachusetts building, were shown, and also the plans for the rather startling concessions. Mr. Lick closed the enjoyable lecture by a cordial invitation to all his hearers to attend the Exposition in person and see for themselves the immense project which he could only partly explain.

MUSICAL CLUB MEETING

There will be a very important meeting of the Combined Musical Clubs at 5 o'clock in the Union today for the purpose of electing leaders of each club for the discussion of the new constitution. Any men who are absent will be debarred from the annual banquet next Wednesday evening.

CALENDAR

Monday, May 11, 1914.

1.45—Foundry Section Meets At Foot of Dexter Avenue, Watertown.

5.00—Musical Clubs Meeting. Union.

Tuesday, May 12, 1914.

6.30—Chemical Society Banquet. Copley Square Hotel.

8.00—John Ritchie Talks Before Boston Scientific Society. 585 Boylston Street.

THE TECH

Entered as second-class matter, Sept. 16, 1911, at the postoffice at Boston, Mass., under the act of Congress of March 3, 1879.

Published daily, except Sunday, during the college year by students of the Massachusetts Institute of Technology.

2353—TECH FOUR M10
IN CHARGE OF THIS ISSUE.

M. B. Lewis, '14.
J. M. DeBell, '17.

Several complaints have been heard of late regarding the poor appearance of a few of the posters on our various bulletin boards. It does seem rather a disgrace for a college that stands for good work and efficiency to have the careless and scrawly announcements that occasionally appear. They are particularly conspicuous among the majority of well considered and well executed notices.

The new trophy case is certainly an addition to the Union, though the woodwork might to advantage have been finished to correspond with the rest of the room.

FACULTY NOTICE

By applying at 16 Rogers Seniors may obtain any papers written by them which are now in charge of the English Department.

Peaslee is tearing off the quarter in fast time, and he will be right with Guething at the finish in the New Englands. His finish on Saturday was the feature of the meet.

Bill Barron, Harvard's track captain, made good in the sprints at the Cornell meet. His time of 21 2-5 is only 1-5 of a second slower than the world's record for the furlong.

Huff will be up against a strong man when he meets Braun of Dartmouth in both the high and low hurdles at the New Englands. Braun topped the high sticks in 15 4-5 at Pennsylvania Saturday.

Wenz of Colby, last year the national interscholastic two-mile champion, who was expected by many to win the event at the New Englands, was defeated by Dunphy of Holy Cross in 10:14 on Saturday.

Olson, Dartmouth's sprint star, pulled a tendon in the hundred at Pennsylvania and will probably be out of the New Englands. As Tech is strong in the sprints, it will help our score as well as lowering Dartmouth's.

Hedlund's sprint was too much for Cook Saturday, but the B. A. A. man was forced to his limit in order to win.

Sullivan is coming into form on his jumps, and as all the New England colleges are weak in this event, he should score in the intercollegiates.

Fifteen teams are entered in the Fraternity Baseball league at Penn.

A Mere Veneer for a UNION SUIT

OLUS

Simplicity—the Secret of OLUS Superiority

THE first layer of comfort is your underwear. It's an unbroken, smooth-setting layer if it's an OLUS Loose-Fitting Coat Cu Union Suit with closed back and permanently closed crotch, protecting the body at every point. Only one thickness of cloth anywhere. Made in sixteen plain and fancy woven fabrics, also plain and mesh knitted. Price \$1.00 to \$3.00.

OLUS one-piece PAJAMA is made on the same principle as the OLUS Union Suit—coat cut, closed crotch, closed back, and only one layer of material anywhere.

Being one-piece, there is no working-up, sliding-down annoyance—no string nuisance because OLUS PAJAMAS have no strings to tighten or come loose. \$1.50 to \$3.50. When you buy Underwear or Pajamas, think of OLUS. Insist on OLUS. At your dealer. Important Booklet on Request.

To Dealers—Your Wholesale Distributor Carries OLUS.

High Jump—Won by Barwise, B. A. A.; Sullivan, M. I. T., second; Whalen, B. A. A., third.

Why is it always twenty minutes to four in the Union? Because the clock can't go.

**COSMOPOLITAN CLUB
HOLDS MEETING**

Alfaro Elected President—Few Changes in Administration of the Club.

A fairly large number attended the annual supper of the Cosmopolitan Club, which was held in the Union last Saturday evening. During the evening various matters concerning the future management of the Club were discussed. The executive committee advocated a reduction in dues, as the Club has a surplus of over \$100, but this project was finally turned down.

Two new offices, those of Business Manager and Associate Editor for the national magazine of the United Cosmopolitan Clubs of the United States, were formed.

Neat shingles were given out, after which S. E. Clark, '15, was elected an American member. At the conclusion of the meeting, the election of officers for next year took place, the following men being elected.

President, Rafael Alfaro, '16; First Vice-President, T. C. Hsi, '15; Second Vice-President, V. M. Checa, '17; Secretary, Rudolf Beaver, '15; Counselors, Dean Burton, Mr. Joseph Blachstein and A. H. Waitt, '15; Business Manager, H. K. Chow, '14; Associate Editor, E. E. Sarti, '16; American Representative, Stewart Keith, '16; Latin-American Representative, G. A. Saladrigas, '16.

INTERCLASS RACES
 (Continued from Page One)

condition. They splashed and feath-
 ered badly and were slow on the
 catch. At the end of the mile the
 upper classmen were between four
 and five boat lengths in the rear of
 the Juniors.

The third event, the race between
 the Freshman and Sophomore sec-
 onds, was a walk away for the Soph-
 omores. The Freshmen were all used
 up before the race was half over. At
 the half-mile mark they lost their
 stroke and lost a whole length in
 addition to the four lengths that they
 were already behind before they were
 straightened out again. On the last
 quarter mile the Freshmen picked up
 and rowed the last three hundred
 yards in good form, going under the
 bridge five lengths behind the Sopho-
 mores.

Next Saturday the winning Fresh-
 men and Juniors will meet for the
 class championship. The times made
 Saturday were about even, so a fine
 contest is expected when these two
 crews fight it out.

FOUNDRY TRIP

Members of the Monday class in
 Foundry will visit the Walker Pratt
 oundry at Watertown this afternoon,
 meeting at the plant at 1.45 p. m.

To reach the plant, take subway
 trains from Park St. station to Har-
 vard Square, and change there for a
 Newton-Watertown car, at lower level,
 and get off at Dexter Avenue. The
 running time from Park Street is 25
 minutes.

THESES
