ANNUAL BANQUET OF CHEMICAL SOCIETY
J. R. Marble and Dr. Carmichael Were the Speakers of the Evening.

The Chemical Society held its annual banquet last evening at the Copley Square Hotel. The two prominent speakers who entertained the gathering were J. Russell Marble and Dr. Henry Carmichael. Mr. Marble, the President of the Northeastern Section of the American Chemical Society, gave a short talk on "The Chemist Making for Success in Life." Dr. Carmichael, who was formerly Professor of Chemistry at Bowdoin College, is now a prominent local consulting engineer, spoke on "Reminiscences of "German Student Life" and also on "Chemical Fakes."

The elections for the following year were announced at the dinner. The results were as follows: President, Theodore F. Spear, ’15; Vice-President, Ellsworth R. Casselman, ’15; Secretary, Donald B. Webster, ’16; Treasurer, Henry J. Lucey, ’15; Registrar, Donald F. Pollard, ’15, and L. R. O. Hougenet, ’16, were elected on the Program Committee.

FRESHMAN BASEBALL
Team To Leave for Newton One-fifteen Tomorrow.

The Freshman Baseball team will go to Newton tomorrow, meeting at 1:15 at the corner of Boylston and Clarendon Streets. The Freshmen will endeavor to avenge the terrible defeat of the Sophomores the first of the season by Newton. 1917 has reached its stride as was shown by its victory over 1916 last Thursday and may be expected to give a good account of itself. The lineup will probably be the same as began the Soph game. Cadry or Heidenson is slated to pitch.

The following men will make the trip: Bell, Simpson, McQuaid, Story, Cadry, Stevens, Gardner, Attils, McLaughlin, Kendal, Farnsworth, Gardner, Atkins, McAdam, Topham, Gargan, Henderson, Lowengard, Sada.

SOPHOMORE BASEBALL
1916 Team Will Play Wellesley High School Saturday.

Saturday the Sophomore baseball team will go to Wellesley to play the fast Wellesley High School team. Since the last defeat by the Freshmen, the Sophomores have put in some hard practice sessions and they expect to make a good showing. The lineup will probably be the same as in last year’s game with Lovejoy pitching and Gustain behind the bat.

Publication of Final Provisional Exam Schedule in Noon Issue

Last Exercise for Seniors May 23—All Others Report Until May 26—Exams May 25 to June 6

In a special issue of THE TECH, which will appear this noon, the provisional final examination schedule will be given in full.

The exam schedule at this time is provisional only, and is subject to change and correction by bulletin. All students will be held responsible for such changes.

SAMPLE OF PORTFOLIO TO BE READY FRIDAY
Seniors Must Pay Subscriptions Before Obtaining Their Portfolios.

The 1914 Senior Portfolio will probably be out a week from this Friday. A sample of the complete book will be placed on exhibition day after tomorrow. The book is about the same size as last year’s but the binding is very different in appearance. It is a new departure but in order to be kept a secret until the sample is ready. This edition is entirely unique. There are 384 pictures, which constitutes a record for Senior Portfolios by a large margin. The pictures are to be half tones. No attempt having been made at a sepia effect. Eight pictures will occupy each page on the left and on the opposite page will be the usual histories containing records of the careers of each man. The remainder of each subscription must be paid before the portfolio can be obtained.

CABOT MEDAL AWARDS MADE BY TECHNOLOGY
Pres. Maclaurin Will Present Awards to Outstanding Men.

The Faculty Committee has made the award of the Cabot Medals for the year for improvement in physical condition. The Medals are to be given to Fay 8.

MECHANICALS TO MEET
Noted Engineers Will Speak at Engineers’ Club.

The American Society of Mechanical Engineers will have its May meeting tonight at 8:00 o’clock in the Engineers Club on the corner of Commonwealth avenue and Arlington street. All members of the M. I. T. student body are invited to come and take part in the discussion. The meeting will be in the assembly hall, which is entered from Arlington street.

The subject to be considered is boiler room practice. Among the noted engineers to speak is C. H. Mannix, a graduate of Ammonpolis. He will introduce the subject with an account of developments as observed by him during a half century of experience. Mr. Geo. H. Dinan, chief engineer of the American Gas & Oil Co., will also give his experiences.

THE TECH

To the Editor of THE TECH:

Yesterday noon when I made the drawings for the first copies of my masterpiece the first envelope that was not credited with a stamp enclosed to Major Briggs' address contained a remarkably interesting and witty letter bearing the signature of MAJOR FRANK H. BRIGGS and to him belongs the first copy of FUSSEL'S FINISH. My earnest hope is that your great congregation of facts and fiction, as my friend, Bill, called it, will not cause Major as much worry as it will most of the dear readers of your newspaper. The names of the winners of the other nineteen copies as well as that of the lucky man, who collected five Lincoln penknives for the twenty-first copy, may be obtained at THE TECH office.

Yours until mid-years,

P.S.—My secretary has just informed me that there was no nickel in the envelope. I have credited the one cent stamp enclosed to Major Briggs' credit and I will kindly forward a copy of the sculpture of everlasting phialato I will send him the first copy of FUSSEL'S FINISH and also return his stamp. W. W.

Yale expects a victory at the Stadium in Saturday's track meet.

OLD ARCHIMEDES

Once said that if you gave him place to put his fulcrum and a lever long enough he could move the world. Some little mover Archimedes was. Eh, what.

Getting down to more modern times, or brass tacks, we are some little movers ourselves.

If you have anything movable and want it moved we'll do it.
