E COMPANY WINS PRIZE DRILL

Roberts and Pollard Get Medals—Dinner Held Saturday Evening.

The Annual Prize Drill of the Cadet Corps was held last Friday evening at 8 o'clock in the South Armory before a fairly large audience. The drill was the last of the college year, and was executed with a snap and vigor which gave evidence of considerable extra work. The company prize was won by Company E, Captain J. A. Tobey, 1915, while C. H. M. Roberts of D Company and E. V. Pollard of A Company carried off the individual honors.

After the drill, the Freshmen snake-danced to Rogers steps, where they burned gloves, caps, and collars. Two enthusiasts fed the flames with their drill trousers. Hearty cheers, led by Tourtellotte, '17, were given for Major Cole, the prize-winners, and 1917.

The program:

1. Regimental Formation.
Adjutant C. R. Gardner, Commanding.
 2. Regimental Review and Drill.
Colonel L. F. Hamilton, Commanding.
 3. Competitive Company Drill.
Co. D.—Capt. F. A. W. Davis.
Co. F.—Capt. G. N. Althouse.
Co. E.—Capt. J. A. Tobey.
 4. Individual Competitive Drill.
First Round, Major T. D. Parsons, Commanding.

FIELD DAY MANAGERS

Call for Candidates Issued by 1917 Executive Board.

The Executive Board of the Freshman Class, in order to get the best material possible, has called a meeting for all the candidates for managers of the various Field Day teams for next year. All these men should meet in Room B in the Union at 1.30 tomorrow. There they will consult with H. L. Wood and Augustus Farnsworth, the 1917 representatives on the M. I. T. A. A. Complete instructions will be given out by these two men.

FINANCE COMMITTEE

The final meeting of the Finance Committee was held last Thursday evening at the Tech Club, when "Pa" Coburn gave a dinner to the members of the Committee. After the dinner, reports were received from every committee except the Officers' Club. Practically all the activities represented were shown to be in good financial condition.

T. F. Spear, '15, was elected Chairman pro tem of the Committee, and G. A. Palmer, '15, was elected Secretary for the coming year.

FRESHMAN CREW WINS CLASS CHAMPIONSHIP

Defeats Juniors on Charles Saturday by 11-2 Lengths.

By defeating the Junior crew by one and a half lengths Saturday afternoon the Freshmen won the class championship of the Institute. The time was 5 minutes, 4 seconds, for the mile course between the Cottage Farms Bridge and the Harvard Bridge. The Sophomores and Seniors were eliminated a week ago, when they were defeated by the crews which rowed Saturday.

The Freshmen, with the wind at their back, got a jump on the Juniors and had about ten yards' lead before the quarter mile mark. The boats kept in these relative positions until the finish.

Next Tuesday afternoon the 1917 crew is scheduled to meet Rindge Technical High, of Cambridge.

CIVILS TAKE TRIP

Climb to the Top of Customs House Tower.

About twenty-five members of the Civil Engineering Society ascended to the top of the new Customs House tower last Saturday afternoon. The party left the Union at 2 p. m. and walked to the building, which is situated at the lower end of State St. The tower when completed will stand five hundred feet above the street. At present it is nearly finished, most of the girders and steel work being in place and about two-thirds of the exterior stone work put on. All of the party climbed to the eighteenth floor, where the iron stairway stopped. Some of the more intrepid continued on to the twenty-third. It was, as one of the fellows said, "a most ungodly, blood-curdling voyage." One even ventured to go clear to the top of the tower. The trip was in charge of J. A. Tobey and H. B. Pickering. It was the last of this year's excursions held under the auspices of the Civil Engineering Society.

M. A. H. S. CLUB

A meeting of the Mechanic Arts High School Club will be held at one o'clock Tuesday in Room 27 Rogers. The discussion will be on the subject of advisory help to entering M. A. H. S. men in the fall. The question of a banquet during Senior Week and various other important matters will be taken up.

TECHNIQUE BOARD

The meeting of the Technique Board scheduled for tomorrow has been postponed until 5 o'clock Thursday. It will be held in 21 Rogers.

TECH'S ENTRIES FOR N. E. I. A. A. MEET

Chances for Winning Meet Very Good—Men Practising on Stadium Track.

Next Friday and Saturday the New England Intercollegiate Athletic Association Track Meet will be held at the Harvard Stadium.

Experts have figured that Tech should carry off many honors and has a good chance to win the meet. The men have been practising and training hard, about twenty of the men taking their meals at the regular training tables at 31 Newbury street. Arrangements have been made with Harvard that the Tech men may practise on the Stadium track and as a consequence they will be perfectly familiar with it on Friday and Saturday.

Seats will be reserved for the Tech cheering section. Tickets for this may be obtained from Manager Thomas at 215 Newbury street. Following is a list of Tech's entries. At least four from each event will be picked to start:

100-yard Dash: Loomis, '16; O'Hara, '17. 220-yard Dash: Wilson, '14; Wilkins, '14; Erb, '17; Zimmele, '14. 440-yard Dash: T. Guething, '14; Peaslee, '14; Thompson, '17; Dean, '16; Loomis, '16; Zimmele, '14. 880-yard Run: C. Guething, '16; T. Guething, '14; Thompson, '17; Donnelly, '17; Brock, '17; Gurney, '15. One Mile Run: Benson, '16; C. Guething, '16; Brown, '16; Donnelly, '17; Graff, '16; Pollard, '15. Two Mile Run: Cook, '15; Benson, '16; Litchfield, '17; Graff, '16; Wall, '15; Nye, '14. 120-

SOPHS WIN GAME

Defeat Wellesley High, Eleven to Seven.

Saturday afternoon the Sophomore Baseball Team defeated the Wellesley High on Hunnewell Field by a score of 11 to 7. For seven innings the game was close and interesting, but in the eighth the Sophs solved Curry's delivery and scored six runs. The game was featured by heavy hitting, thirteen doubles being made. The score:

Innings	1	2	3	4	5	6	7	8	9	R	H	E
Tech '16	0	1	0	2	0	0	2	6	0	11	13	2
Welles.	0	0	3	1	0	1	0	0	2	7	9	1

Batteries—Smart and Murdough; Curry, Kuhlwein and Currier.

NOTICE TO FUSSERS

In answer to a number of questions asked by people who were unable to find the widely advertised FUSSER'S FINISH in our special issue of last week, THE TECH desires to announce that FUSSER'S FINISH was the examination schedule.

SENIOR WEEK PROGRAMS ISSUED

Letters Sent Out Today—Class To Hold Picnic—Low Assessment.

The 1914 Class Day Committee has sent each Senior a letter containing the Senior Week Program, notices of general interest, and statistics blanks. The program is as follows:

Class Dinner at Copley Square Hotel, Thursday, June 4.

Class Picnic, Friday, June 5.

Baccalaureate Sermon in Trinity Church, Sunday, June 7.

Class Day Exercises in Huntington Hall, Monday, June 8.

Senior Reception and Dance at Hotel Somerset, Monday, June 8.

Several other events are to be arranged by the Faculty of Alumni, and more details will be announced later. The assessment this year is only \$6.50, the lowest of any recent years.

MONTHLY ISSUE IS OUT

Name Has Been Changed—Harvard a Contributor.

The June issue of the Technology Monthly is on sale today throughout the Institute. The name under which it will appear is The Technology and Harvard Engineering Journal but this name will be changed again after the merger of the two Engineering Schools has been completed.

The design of the cover of this issue has been done by Miss Elizabeth C. Pattee, '16. The important articles have been contributed by Mr. Jasper Whiting, '89, and Professor James Knox Taylor who is the head of the Architectural Department. There will also appear several technical engineering articles, one by Professor Laws of the Electrical Department, and another by Dr. Dawes, a graduate of the Institute and at present an instructor at Harvard. Mr. Whipple of Harvard will also contribute.

There are more illustrations than usual in this issue and the general nature of the magazine is somewhat changed.

Beta Pi. Technology is unique in having no honorary scholastic societies,—indeed their absence seems a necessary consequence of the spirit of the school. An attempt to separate out and honor a chosen few on the basis of scholastic attainments cannot be well received by those to whom an education is its own reward, while recognition of the fact that it takes more than C's and P's to make an engineer shows the fruitlessness of trying to render so cut-and-dried a verdict upon an undergraduate's real worth.

Rolling His Own

America is the land of self-made men. It is characteristic of Americans to rely on their own efforts—to do things for *themselves*. The millions of "Bull" Durham smokers are of this energetic, self-reliant, American type in all walks of life. These men like to *make their own cigarettes*, to their liking, from ripe, mellow, "Bull" Durham tobacco—prefer these cigarettes, made by their own hands, to any ready-made kind they can buy.

GENUINE
"BULL" DURHAM
 SMOKING TOBACCO

(Enough for forty hand-made cigarettes in each 5-cent sack)

Particularly notice the unique and pleasant aroma of "Bull" Durham. It is as distinctive to "Bull" Durham as the cocked hat is to Napoleon.

The "Bull" Durham aroma is produced by a secret process known only to the makers of this tobacco. You get this delightful fragrance only in "Bull" Durham.

FREE An Illustrated Booklet, showing how to "Roll Your Own," and a Book of cigarette papers, will both be mailed free, to any address in U. S. on postal request. Address "Bull" Durham, Durham, N. C.

Peabody and Campbell, Harvard, beat Harris and Futterer, Tech, 6-3, 3-6, 6-2.

SUMMER CAMP

Military Instruction Will Be Given at Burlington, Vt.

The War Department has decided to hold summer camps this summer as it did last. They were started last summer as an experiment and proved a great success. These camps are intended for the training of college students in military science and tactics. The object is to have a number of men, who have had military training, who may be commissioned as officers in case their services should be needed. Regular army officers have charge of the work and several companies of the regular troops are

detailed to assist in the demonstrations.

The camp in the northeast section will be held at Burlington, Vermont. Camp lasts for five weeks, beginning July 6, and lasting until Aug. 7. The necessary expenses are for board, \$3.50 per week, uniform and railroad fare to and from camp.

Last year the camp was held at Gettysburg and the men who attended not only received a good military training but also had a fine vacation at a small expense.

FACULTY NOTICE

The English Department has authority from the Faculty to substitute for the Condition Examination in June for the making up of F in First Term, First Year English, special work in composition to be done under the supervision of the Department; also to substitute for the Condition Examination given in September for the making up of F in Second Term,

First Year English, the repeating of the last nine weeks of the work of the first term.
