VOL. XXXIV. NO. 37.

BOSTON, MASS., FRIDAY, MAY 22, 1914.

PRICE TWO CENTS

FINAL MEETING OF INSTITUTE COMMITTEE

Walker Memorial Committee Makes Suggestions for the New Institute.

The last meeting of the Institute Committee was held yesterday afternoon. Vice-president Scully presided. Reports were received from the Finance, Point System, and Walker Memorial Committees. The latter presented a tentative program of space allotments for the various activities. It was suggested that the Walker Memorial Building and the dining room be separated, but connected by an enclosed passageway. Recommendation was made that the athletic field at the new site be placed so that the ground can be used for buildings if the future growth of the Institute makes this necessary. This report was approved by the Institute Committee.

The election of C. Roger Lord as General Manager of Tech Show 1915 was ratified. The following temporary officers of next year's Institute Committee were chosen: President, Frank P. Scully, Executive Committee, G. R. Urquhart and T. A. Spear. Guernsey A. Palmer, former Treasurer of THE TECH, was elected Temporary Adviser of this publication.

TENNIS CHAMPIONSHIP

Trinity Wins Doubles and Amherst Wins Singles.

Trinity won the New England intercollegiate tennis doubles championship yesterday at the Longwood Cricket Club. Edsall and Burgwin of Trinity won from Richards and Rowell of Wesleyan by 8-6, 4-6, 6-4, 6-3. The match was one of the hardest fought during the tournament and it was the team playing of the Trinity pair that won them the match.

Cady of Amherst College won the singles championship, defeating his teammate, Shumway, by scores of 3-6, 5-7, 6-3, 6-2, 6-1.

In the semi-finals Goodwin and Stewart of Tech were defeated by Richards and Rowell of Wesleyan. Webber and Doyle of Dartmouth were beaten by Burgwin and Edsall of Trinity in straight sets.

BASEBALL NOTICE

The Freshman-Sophomore game which was scheduled to be played yesterday afternoon was postponed by the Freshman team and will be played Saturday afternoon at Tech Field.

The Army-Navy football game will be played in Washington, D. C., this year on Saturday, Nov. 28.

PRELIMINARY NEW ENGLAND TRIALS

Technology Expects To Qualify —Large Number in Events.

The preliminaries in the New England trials will be held at the Stadium this afternoon. Trials in the 100, 220, 440 dashes and the 880 yard run. Preliminaries in the high and low hurdles will also be run off and the weeding out of the weight men will be begun. Technology will enter four men in nearly all the events and Captain Guething and Coach Kanaly hope to have a large number qualify for the finals. O'Hara, Wilkins, Loomis and Wilson ought to qualify for the semi-finals on Saturday. In the quarter Capt. Guething and Peaslee are expected to come through without much difficulty. C. T. Guething is about the only man in the half that is expected to do much although Donnelly is showing up well. Huff ought to qualify in the hurdles with a possibility of Sewell or Foster in addition. Fox and Reed in the broad jump and Sullivan, Teeson and Hall in the high jump stand a fair show of making good. Lawrason in the pole vault and Leslie in the shotput are the strongest from here and should qualify.

The outcome of the meet on Saturday is extremely doubtful. The Institute, Dartmouth and Maine will fight it out for the first three places. Dartmouth has several sure first places that makes her rule the favorite but other teams cutting in may upset calculations. The Institute should score points in the following manner from the present outlook: 2nd and 4th in the hundred, 2nd and 4th in the 220, 2nd and 4th in the 440, 4th in the 880, third in the mile, 1st in the 2 mile, 3rd in the 120 high hurdles, 2nd in the high jump, 2nd in the broad jump, 3rd in the pole vault, 3rd shot put. This would make a total of thirty-two points to the In-

(Continued on Page 2.)

RECEIVES DEGREE

The honorary degree of LL. D. was conferred on President Maclaurin at the inauguration exercises at Denison University, Ohio. Five other college presidents were also recipients of the honor. The occasion was the inauguration of Clark Wells Chamberlain, formerly president of Vassar, who is the new president of Denison. The other five, on whom the honorary degrees were conferred are Ernest F. Nichols, of Dartmouth; Mary E. Wooley, of Mount Holyoke; William H. P. Faunce, of Brown; Nicholas M. Butler, of Columbia, and Robert S. Woodward, of the Carnegie Institution, Washington.

GENERAL MANAGER OF TECH SHOW

Charles Roger Lord Elected Manager of Next Year's Tech Show.

The Institute Committee yesterday afternoon ratified the appointment of Charles Roger Lord of the class of 1916 to the position of general manager of Tech Show 1915. Lord was

CHARLES R. LORD

first assistant in the stage department during his Sophomore year and was then placed at the head of the business department. It was his work as business manager which gave him the position which he now holds. He is a member of Delta Kappa Epsilon, Theta Tau, the Beaver Club, and the Masque.

MINING SOCIETY

The Mining Engineering Society held a special meeting on Wednesday morning at eleven o'clock for the purpose of electing next year's officers. The results of the election were as follows: president, S. L. Willis; vice-president and treasurer, J. S. Macdowell; secretary, K. M. Sully; executive committee, F. S. Small and S. M. Baxter.

COACH KANALY SPEAKS

At the cross-country meeting held yesterday afternoon in 8 Engineering Coach Kanaly outlined the prospects of the team for the big intercollegiate next fall and spoke of the good men other colleges will lose by graduation while Tech's team next year will be practically the same as this year, and gave the twenty men present to understand that Tech would defeat Harvard in these intercollegiate. He also talked of summer training, and in concluding remarked that the prospects of the team for next year were especially bright.

MONTHLY CANDIDATES TO MEET THIS NOON

Editors To Outline Plans for Business and Editorial Departments.

As the nature of the Monthly is such that it is possible to work during the summer months, the Editors have called a meeting to be held at 1.30 in the Technology Monthly office under the stairs in the Union.

The Editors will discuss the nature of short stories that are acceptable to the publication, plans for the coming year and give suggestions that may be helpful to would-be contributors. There are at present but two or three candidates for the position of Editor-in-Chief next year and few unsolicited contributions have been handed in.

The Monthly's forms for the November issue will close on the fifteenth of September which gives plenty of time for those who may have some spare moments during the summer months.

There are several other openings on the Monthly Board, notably those of Asst. Advertising and Asst. Circulation managers. Candidates for these positions are also asked to attend the meeting where they may meet the men in charge of the respective departments. These positions are to be filled by a competition which will last throughout the summer until the twenty-first of September.

The Editors ask for a full attendance that they may have some means of estimating the contributors and candidates for the coming year. Those who cannot attend the meeting may leave a note at the Cage stating the branch in which they are interested and the Editors will communicate with them in the near future.

MILITARY CAMP

All those who are interested in the Camps of Military Instruction to be held this summer, are invited to be present at a meeting to be held in 26 Rogers, today at 1.00 o'clock. Students of the camp at Burlington, Vermont, who desire to take summer courses at the University of Vermont may do so. Arrangements can probably be made to have such work credited on Institute record. Full information may be obtained at the meeting.

CALENDAR

Friday, May 22, 1914.

Preliminary Trials for N. E. I. A. A. Saturday, May 23, 1914.

N. E. I. A. A. 1917 vs. 1916, Baseball. Rife Club Shoot.

CANDIDATES FOR MONTHLY MEET---1.30 TO-DAY.

FRIDAY, MAY 22, 1914.

IN CHARGE OF THIS ISSUE

Editors: E. F. Hewins, H. P. Gray,
A. D. Nute, E. W. Rounds, A. P. Sullivan.

The special interest attaching to the Intercollegiate this Saturday on account of Tech's fighting chance for first place should insure a large crowd of interested students, which will incidentally help toward securing for us the next meet on our own field. The conscientious, consistent work of our athletes has produced a team to be proud of,—a team whose achievements should be witnessed by the entire student body en masse.

It means much to any team to know they have the support of their school, and men who have done so well with only ordinary support should be able to outscore Dartmouth

PRELIMINARY N. E. TRIALS

(Continued from Page 1.)

stitute's credit. Dartmouth with her first places alone is practically sure of forty points without counting the other places.

Maine according to predictions ought to come out with a score of about twenty-five points. However, nothing is sure until the last event has been run off Saturday afternoon, and calculations may be upset with Technology coming home the winner.

A special section, twenty-three, has been reserved for Technology alumni and undergraduates, and there will be organized cheering.

MAIL FORWARDED

Students desiring to have mail, which is addressed in care of the Institute, forwarded, should fill out a Summer Address Card.

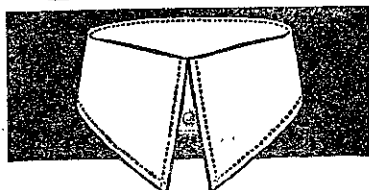

Cards may be obtained at the Cage. Leave the filled out card with the Cage Attendant.

SUPT. BLDGS. & POWER.

if the students will get behind them in voice as well as in spirit.

The report of the Walker Memorial Committee which was endorsed yesterday by the Institute Committee after the customary inadequate discussion, is of such vital importance to the student body that we regret exceedingly that only a very brief notice of it can be given today. As the report in its entirety is too long for publication, a complete summary will be printed in Monday's issue. Each student should study this carefully, and bring forward before it is too late any suggestions he may have. Too many opinions cannot be obtained on this all-important subject.

In speaking to friends of ours

regarding the marvelous success of our Fatima Cigarettes, it always pleases us to tell, how, after making up a smoke of purest and choicest tobacco, we decided to first place them on sale in college towns.

We didn't have to wait many moons. The students' answer was "more!" From college the graduates spread the Fatima news in home towns all over the big map, and today more Fatimas are sold than any other cigarette in America!

Quality will tell! In a plain package—quality all in the tobacco—that's the place in which it counts most!

OLUS
REG. U.S. PAT. OFF.

**Turn Your Shirt Tails
Into Drawers**
What Good Is a Shirt Tail Anyway?

IN OLUS the outside shirt and underdrawers are
one garment. This means that the shirt can't
work out of the trousers, that there are no
shirt tails to bunch in seat, that the drawers "stay
put", to say nothing of the comfort and economy
of saving a garment. OLUS is coat cut,
opens all the way down—closed crotch,
closed back. See illustration.

For golf, tennis and field wear, we recom-
mend the special attached collar OLUS
with regular or short sleeves. Special sizes
for very tall or stout men. All shirt
fabrics, in smart designs, including
silks—\$1.50 to \$10.00.

OLUS one-piece PAJAMAS for lounging,
resting and comfortable sleep. Made on the
same principle as OLUS shirts—coat cut,
closed back, closed crotch. No strings to tighten
or come loose. \$1.50 to \$8.50.

Ask your dealer for OLUS.

SENIOR CLASS DAY

Those men who have signed up for Class Day invitations will be able to get them this noon in the Union.

SENIORS' PICNIC

The Seniors are planning to have a picnic during Senior Week, when the whole class can get together and have a general good time. They will leave at about nine in the morning on the Satellite for Manchester-by-the-Sea, cruising around a bit, and arriving there at noon. Then there will be the dinner, baseball games between the different courses, races, and various other sports. The party will return by boat, getting into Boston about six o'clock.

The Favorite of Your Favorite

TEN chances to one, your favorite ball-player smokes Tuxedo. We have scores of testimonials from the crack men of the crack nines all over the country, saying that they enjoy Tuxedo and recommending it to you.

Also—look around you the next time you pick out that soft seat in the bleachers or grandstand and see how many of your neighbors are packing their pipes with Tuxedo or rolling it into cigarettes.

Size up the men who are smoking and endorsing Tuxedo. They're real men, full of life and the joy of life.

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

Tuxedo is in a class by itself. It has many imitators—but in the pipe it has no equal. It is made of the best selected Burley Tobacco, the finest that Kentucky grows, ripened, cured and aged until it has reached the tiptop of mildness, mellowness and sweetness. Then it is treated by the original "Tuxedo Process" which takes out all the sting so it cannot possibly bite.
