TECH TAKES THIRD PLACE IN N. E. I. C. A. A. MEET IN STADIUM

Cook Stars With Remarkable Performance In Two Mile Event—O'Hara Shows Well In Sprints

Although not coming quite up to expectations, the Institute track team made a good showing in the stadium Saturday against the other New Eng- land colleges, finishing third with 36 points. The team was aided by the fine weather which brought over a bank. Cook, '15, in the two mile. Cook covered the distance in 9 minutes 57 4-5 seconds, only 2 1-2 seconds behind the record of Atwater. Considering the strong wind, this time was a remarkable performance. After laying back for the first two laps, Cook took the lead and was never headed. Saltmarsh of Dartmouth and Pretz of Maine (still in behind Cook) did their best fighting until the last lap, when Cook opened up a notch. Cook won the race by 100 yards. Saltmarsh and Pretz took second and third. The 5000 was won by Nordic of Dartmouth, in 15 minutes 46 seconds. O'Hara took third in the mile, in 4 minutes 34 seconds. Cook turned the first mile in 5 minutes 26 seconds, and fought off Tucker of Dartmouth until the last 220. Here O'Hara overtook him.

The following men qualified for National Rifle Association Medals Saturday afternoon at the Wadsworth Range: Sharpshooters, C. L. Hall, '16, first in 15 shots at 300, 2 inch bullseyes as a best; Second, Charles, '17, first in 15 shots at 400, 4 inch bullseyes as a best; Third, R. E. Marsland, '16, first in 15 shots at 600, 5 inch bullseyes as a best. There were also two other med- al winners, one a Sharpshooter and the other a Rifleman.

Marsland, '16, first in 15 shots at 600, 5 inch bullseyes as a best. There were also two other med- al winners, one a Sharpshooter and the other a Rifleman.

MANAGERS Elected for Field Day teams.

Last Friday, at its last regular meeting of the year, the 1917 Execu- tive Board elected the managers of the various Field Day Teams, Philip L. Hunt of Peabody, Mass., was elect- ed manager for Football, H. B. Gard- ner of Cambridge, Mass., for Track, and A. R. Morton, '17, for Volleyball.

MECHANICS ARTS CLUB

The Mechanics Arts High School Club will hold a dance in the Union this evening at six o'clock. The speak- ers will be Dean Burton and Head- master Fairman of the High School. About twenty students from the school are expected to be present. Before the dinner, the visitors will be shown around the shops by C. L. Hall, '15, President of the Club, and A. R. Morton, '17.

TRACK TEAM PICTURE

The picture of the Track Team will be re-issued at 1:15 at No. 23 Dartmouth's studio. All men who have won a "T" or a "S" must be present.

TECHNICTION COMMITTEE TO MAKE REPORT

Will Probably Present Plan of Cooperation at Meeting This Evening.

The Alumni Committee on cooperation of Tech with the State will make its formal report this evening at the meeting of the Alumni Council, in the Engineers' Club. Governor Walsh has accepted an invitation to be present.

The action of the Committee has been the result of the conference held recently at the State House. Presid- ent Whiting of the Alumni Associa- tion has appointed the Committee to study the question of cooperation, and Governor Walsh called the confer- ence, which was attended by Presi- dent Maclean.

Former U. S. Indian Commissioner Valentine was put at the head of the Committee, and went actively to work. He sent an expert to the In- dian to find out exactly what had been and could be done. The report this evening will be based largely upon the experts' observations, and will probably contain some definite plans of cooperation.

CLASS BASEBALL

Dud Bell's Batslingers Overwhelm Sophomore Huskies.

The question of baseball supremacy was definitely settled last Saturday, when the Freshman defeated the Sophomore at Tech Field by a score of 15 to 5. The game was marked by the heavy hitting of the 1917 team who knocked Lovelock out of the box in the fifth, and by the lack of offi- cials. A Freshman umpired the first six innings, until his services were no longer needed. Score was kept with the aid of a pointed stick.

The score: innings .... 1 2 3 4 5 6

1914 ......... 1 0 1 1 0 1 0 1 0-5

1916 ......... 1 0 1 0 1 0-5

IN CHARGE OF THIS ISSUE

M. B. Lewis, '14
J. M. DeBell, '17

In closing what is probably the most eventful year for the Institute since its founding, it is natural to look backward for a brief survey of what has been accomplished. The realization of a New Technology is the chief event, but no less significant is the attendant revival of interest in the Institute on the part of both students and alumni. Particularly noteworthy is the closer relation in sympathy and mutual understanding as well as in community of interest between the former two bodies.

The tremendously important advancement of the advisory council system is, from an altruistic point of view, markable in view of the difficulties in getting men out and is considered a fine tribute to Coach Frank Kaul's training. Altogether Tech took one first, 1:12.2 seconds, 413 fourths and two fourths.

The summary:

220 Yard Run: Won by C. A. Rice, Maine; F. P. O'Hara, M. I. T., second; C. O. Olson, Dartmouth, third; A. S. Llewellyn, Dartmouth, fourth. Time, 22.8 (equaling record).

(Continued on Page Three)

MAIL FORWARDED

Students desiring to have mail, which is addressed in care of the Institute, forwarded, should fill out a summer address card, which may be obtained at the Cage.

still greater importance. The precise extent of its influence may remain for the future to disclose. Considerable improvement has been made in the curriculum, not only by the addition of important new courses, but by improving, in a careful but unostentatious way, the methods and practices already in existence. The student body has shown a marked awakening as regards activities. This is shown particularly in the establishment of The Technology Monthly, which has demonstrated, particularly by its last issue, its right to rank as one of the best college magazines in the country. The support it deserves is slowly but surely being accorded by the undergraduates as well as the alumni.

The athletic activities have also taken a great bound, as shown by a particularly successful track season, the improved continuance of last year's wrestling triumph, and the placing of the crew on a firm basis. Other advances of scarcely less note, such as the improvement of the advisory council system, are too numerous to mention. On the whole, an excellent beginning has certainly been made toward a fitting start at the New Technology.

Enough "Bull" Durham is sold in a year to roll approximately
32,000,000 cigarettes every day.

“Bull” Durham is dis-
misd from all other tobaccos by
a wonderful, sweet,
meadow flavor and
fragrance, irresistibly attractive and
satisfying. No other tobacco prod-
uct can have this "Bull" Durham
flavor and fragrance. They are produced by a
families—process known only to the manu-
facturers of “Bull” Durham.
Every visitor who approaches Durham, N. C.,
where “Bull” Durham is manufactured, is impressed
with this delightful, distinctive fragrance that envelopes
the whole city. There is nothing else like it in the
whole world.

Genuine
"Bull" Durham
SMOKING TOBACCO
(Enough for forty hand-made cigarettes in each 5-cent sack)

Enough "Bull" Durham is sold in a year to make
approximately 12 BILLION cigarettes—as many as all
brands of ready-made cigarettes in this country com-
bined—and the sales are steadily growing. Proof that
millions of smokers prefer the cigarettes they roll for
themselves from "Bull" Durham, to any ready-made
kind.

Get a sack of "Bull" today and "roll your own" for com-
plete, healthful enjoyment and lasting satisfaction.
