## H. L. WOOD CAPTAIN OF SOPHOMORE TUG OF WAR

Team Provisionally Announced Friday—Counter Yet To Be Chosen.

Last Wednesday the strength tests for the Sophomore Tug-of-War team were taken and Friday the team was provisionally announced. This choice is only tentative and in view of the fact that it may be necessary to make changes the management wishes that those men who have been coming out continue to do so. A man who was not picked the first time may still have a chance and, in addition, more material will be available with which to practice. A counter is yet to be chosen from the men who have been practising. Exceptionally fine spirit has been shown by both last year's men and the new men, and the man-

## TRACK COMPETITION

Entries For Second Assistant Manager Closed Saturday.

Brown, M. L. Smith, C. D. Burton, S. W. Fletcher, White, F. C. Layng and W. T. Bigger have handed in their names as candidates for second assistant track manager. The entries closed Saturday and the competition for the place will continue between the men mentioned until spring. A cut may, however, be made before then. It is essential that all candidates keep up in their studies as there have been times in the past when scholarship has decided the final appointment.

The successful candidate will be chosen for the office of assistant manager in his sophomore year, and, in his junior year, he is elected manager. The manager is a member of the Athletic Association and is entitled to an aTa or a T according to the quality of his work.

## MORE CHEERS WANTED

Freshman Meeting In Huntington Hall Wednesday.

Temporary Chairman Loomis of the Freshman class desires all cheer leaders to meet him in the Union at four o'clock Tuesday. More cheers are wanted. A mass meeting will be held Wednesday noon in Huntington hall.

## M. I. T. A. A. MEETING

The next regular meeting of the M. I. T. A. A. will be held tomorrow at five o'clock in 8 Eng. C. All members are requested to make a special effort to be present, as the consideration of the new constitution will be taken up.

## SHOW COMPETITION FOR SOPHOMORES

Business Manager Carpenter To Meet Candidates This Afternoon.

The only competition in the Tech Show management which is open to Sophomores starts this afternoon. C. C. Carpenter, '16, Business Manager, will be in the Show Office at five o'clock to meet the candidates, and to explain the work of his department.

Two men will finally be chosen, and these will act as First Assistants during the remainder of the year. There is no contest in the Junior year, but one of the assistants becomes Business Manager and the other Treasurer. Both are then eligible for the position of General Manager.

Previous connection with the Show is not at all necessary. The single requirement is that the candidate be a member of the class of 1917. Manager Carpenter will be glad to explain the details of the competition to any man interested, whether he enters or not.

## SHOW BOOKS DUE

The final date upon which the librettos may be submitted for consideration in the competition for this year's Tech Show is five o'clock this afternoon. Although this date is about a month later than the one set for last year's book, it is hoped to have the selection made in time to announce the successful author at the Kommer's dinner in November.

Lyrics submitted with the book itself will receive first consideration when the choice of songs is made later in the year.

## TWENTY-FIVE YEARS AGO

Technology had a registration of 891 including 28 co-eds and 6 post-graduates. The course in Sanitary Engineering, which was started that year, began with 7 students.

Brown was defeated by a score of 48 to 0 at football. This was considered a great victory, since the Institute had lost every game previous to this.

Technique '91 offered a reward of five dollars for the best six "grinds" on classroom happenings.

Professor Tyler assumed his duties as Secretary of the Faculty.

## ADVISORY COUNCIL

There will be a meeting of the Advisory Council on Athletics tomorrow evening, at 7.45, at the Technology Club.

## FIELD DAY TICKETS

Non-Contestants Can Obtain Them Either In Rogers Or At The Union.

Today at one o'clock the admission and reserved seat tickets for Field Day will be put on sale. They can be obtained in Rogers Building or at the Union. Ticket sellers will be at these places every day until Field Day from one to two and from four to five. The general admission tickets are fifty cents, while the reserved seats, including admission, cost seventy-five cents.

## SOPHOMORE TRIALS

Relay Team Chosen For Field Day.

The Sophomore relay team was picked at the trials last Friday. The following men made places: L. Cady, W. B. Colleary, C. M. Dean, J. W. Doon, R. C. Erb, P. E. Hulburd, H. J. Quilhot, C. E. Ross, B. F. Ryan, W. A. Sullivan and H. B. Gardiner. M. C. Brock, K. H. Day and G. W. Donovan are to run trials today for the twelfth place on the team. One of them will run for 1917 on Field Day and the other two will be substitutes. O'Hara will unfortunately be unable to compete on account of the death of his brother.

The times of the trials were fair, although not as fast as was expected, and the results show that beating the Freshmen next Friday will not be as easy as predicted. This means that the school will see a good race between the classes.

## CHEMICAL SOCIETY

Large Number Of Members Hear Good Talks.

Last Friday evening the Chemical Society held its first banquet of the year. All men interested in chemistry were invited to attend and eighty-four availed themselves of the opportunity.

Mr. D. W. Livermore, of the American Woolen Company of Lawrence, Mass., was the speaker of the evening. He spoke of the non-technical side of the chemist's work and his relation to the managerial, buying and selling end of the business.

Professor Talbot and Professor Walker gave short talks. Professor Talbot addressed the new members particularly, telling them of the work of the Chemical Society and its needs.

## PUBLICITY CANDIDATES

All candidates for Assistant Publicity Manager of the Tech Show are to report at the Tech Show office at 1.30 tomorrow.

## CROSS COUNTRY TEAM TO MEET HOLY CROSS

B. A. A. Unable To Meet Tech Saturday—Time Trials Instead.

Owing to the fact that several of the star Unicorn distance men were on the injured list, the B. A. A. cross-country team was unable to meet Tech on Saturday. Instead Coach Kanaly sent the entire squad over the course for a time trial, from the results of which he picked the team to meet Holy Cross Friday.

R. G. Brown took first place in the run, beating out Captain Cook in the last quarter-mile. At the start of the last mile, Brown, Cook and Graff were running together, when the two former started their battle for first place. Both ran neck and neck till within three hundred yards of the finish, where Brown let out a sprint that was too much for Cook, and gradually opened up a lead of forty yards.

The team as a whole looked to be the best balanced which has ever represented the Institute. Five men score in both intercollegiate runs, and in the trials, but twenty-three seconds separated the first man from the fifth, while the seventh man was just forty-six seconds behind the leader.

It has been definitely decided that

One of the most important functions of The Tech as representative organ of the student body is the publication of communications from its constituents on subjects of common interest. We are always glad to publish these letters, but are of course unable to do so unless they fulfil certain requirements. First, they must contain matter of reasonably general interest. Second, they must contain nothing of plainly vicious intent. Third, they must be expressed in English which will not lower the standard of the paper. This year the total number of communications has been small, and a very low percent of them have satisfied the above requirements, particularly the third.

It is impossible that this red-letter year of Technology's history should see a dearth of thought among the students. There must be ideas worth circulating, and we hope more of them will hereafter be brought to light.

## CROSS COUNTRY TRIALS

(Continued from Page One)

The first ten men to finish will run against Holy Cross Friday. It is possible that the first seven will be run in the N. E. I. C. A. A. and I. C. A. A. A. A. meet, although it is expected that Nye and Wilkins, both veterans of last year's team, will be given another time trial. The order of finish

Brown's work on Saturday shows him as a strong contender for individual honors in both N. E. I. C. A. A. and I. C. A. A. A. A. cross-country runs. He ran the last hundred yards as though finishing a quarter-mile.

Frank O'Hara, owing to a death in his family, will be unable to run on Field Day. His loss will be a severe blow to the Sophomore relay prospects.

Cornell has developed a new cross-country star in Windnagle, the former Western distance runner, who took first place in the Harvard-Cornell run, defeating Hoffmire, the intercollegiate two-mile champion.

Cornell must have some team when Speiden, the intercollegiate mile champion cannot finish among the seven scoring members.

Harvey Cohn has developed a strong hill and dale team at Colby, which promises to be Tech's most serious contender at the New England.

Bradley, the Freshman miller from Andover, is running in excellent form and looks like a good bet for first place in the freshman intercollegiate meet at Andover.

## ELECTRICAL SOCIETY

The election of vice-president and treasurer of the Electrical Engineer-Society last Wednesday resulted as follows: Vice-president, C. E. Sifton; Treasurer, W. H. Brackett.

**FIRST SMOKER OF THE TECH A GRAND SUCCESS**

**Thirty-Three Men Hear History Of The Paper by "Ike" Litchfield.**

Thirty-three men gathered in the Union last Friday evening at the first smoker of the year given by The Tech for all its departments. Entertainment was supplied by Howard Mann, '16, reader of the Glee Club; H. B. Hall, mandolinist, and Sidney Clark, '15, at the piano. Mr. I. W. Litchfield, the first Treasurer of The Tech, told informally of some of his adventures in the early history of the Institute, and offered many helpful suggestions for journalistic work. Refreshments were plentiful and varied, the management even furnished ginger ale for those who were in training and could not indulge in the more prevailing beverage.

At the beginning of the smoker H. E. Lobdell, '17, was elected Guardian of the Keg, to make sure that no man obtained more than seventeen glasses. After this precaution, Mr. Litchfield was introduced to the new men by General Manager Wait, '15. Mr. Litchfield recounted some of the exploits of the famous V. L. Club, of which he was a member, and also described the beginnings of The Tech, which was first a monthly. He enumerated some of the tremendous difficulties that had to be overcome in starting and maintaining such a publication, and then traced its history as it grew larger and was issued more often, up to the time when it took its present stand among Technology activities. He then pointed out some of the characteristics of the ideal reporter, and the ideal college newspaper, and ended by emphasizing the co-operation which must exist between the business and news departments of such a paper.

After several musical numbers, which were heartily encored, and another assault on the fast diminishing supply of refreshments, a general open discussion was held as to how the efficiency of the various departments could be increased. The smoker broke up with the singing of the Stein Song.

**UNIFORMS**

The Contractors will have the uniforms for the Technology Regiment ready for delivery at the Armory from 2.30-4.30 o'clock P. M. on Tuesday and Wednesday, Nov. 3rd and 4th. All who have ordered uniforms must be ready to take them at the time specified. The regiment will begin wearing uniforms immediately afterward and those not in uniform will be held responsible unless they can show that failure to provide themselves was unavoidable. Settlement must be made for uniforms at the time they are delivered by the contractors. Checks will be accepted.

**UNIFORMS**

**TECHNOLOGY FIELD DAY REGULATIONS**

**Rules Governing Contestants Sent Out By Advisory Council.**

The Advisory Council on athletics has issued the following rules and regulations in regard to Field Day. All competitors are expected to familiarize themselves with the requirements.

Points will be counted as follows:  
Football—four (4) points.  
Relay—three (3) points.  
Tug-of-War—two (2) points.

Events will be called as follows:  
Tug-of-War (first trial) . . . . . 2.30 P. M.  
Football (first and second quarters) . . . . . 2.40 P. M.  
Relay race . . . . . 3.15 P. M.  
Tug-of-War (second trial) . . . 3.25 P. M.  
Football (third quarter) . . . 3.30 P. M.  
Tug-of-War (third trial if necessary) . . . . . 3.50

Football (fourth quarter) . . . 3.55 P. M.  
Teams Must Be on Field Five Minutes Before Time Designated.

Substitutes—The names of substitutes eligible for numerals (Football 5, Relay 2, Tug-of-War 2) must be given to the Chairman of the Advisory Council on the Field, not later than 2 p. m. of Field Day.

General—Any direct interference by any coach or spectator may render the side assisted liable to disqualification by the Referee and his judgment shall be final. One coach for each team is allowed in the Tug-of-War event.

The management of the games and all matters connected with the same is vested in the Advisory Council and may be delegated to any sub-committee that it may appoint.

Necessary accessories for the events will be provided by the Advisory Council and all officials shall be appointed by the undergraduate members and chairman of the same.

General Regulations—No one will be admitted without a ticket or badge; officials and marshals will be provided with badges and competitors will receive badges through the managers of their respective teams.

The following rules must be obeyed by all spectators, substitutes, officials and others.

1. During the Football game only the players and officials directly connected with the game shall be allowed on the playing field; substitutes and coaches will not be allowed to approach nearer the side lines than 15 yards and then only on the side of the field opposite the spectators' stand.

2. During the Relay Race, only the Referee and the officials connected with this particular race shall be allowed on the field.

3. During the Tug-of-War trials, only the officials connected therewith shall be allowed upon the field.

4. At no time will anyone be allowed between the field and the spectators in the stand except the marshals who may be particularly detailed to enforce this rule.

Officials will be designated as follows:

Football, yellow badges.  
Relay and Tug-of-War, blue badges.

**FIELD DAY RULES**  
(Continued from Page Three)

Marshals and Managers, scarlet badges.

Press and Gate, white badges.

The Field Day Dinner—To which all participants are invited—this to include officials, managers, competitors and substitutes—will be held at the Union at 6.30 p. m. on the day following Field Day.

**GOVERNING THE EVENTS TECHNOLOGY FIELD DAY.**

Football—The game will start promptly at 2.35 p. m. between eleven (11) men from each class. The game will consist of four periods of fifteen minutes each, with three-minute intervals between first and second and third and fourth periods and fifteen minutes between the second and third periods. Current rules governing Intercollegiate Football Games to apply.

Relay Race—A Relay Race of one mile and one-half shall be run by twelve men, each man to run one-eighth of one mile. The sequence of runners shall be assured by the passing of flags from man to man, each successive runner to start from the mark and not to be behind the line when he receives the flag. The race will be run immediately at the close of the second trial of the Tug-of-War and men must be on field at start of the latter.

Tug of War.—The number of men shall be limited to twenty-five (25) from each class. Each contestant shall pull in a standing position and no artificial aids of any sort shall be employed. The length of each pull shall not exceed three (3) minutes.

A tape shall be affixed to the center of the rope and fifteen feet on each side of the center tape shall be affixed side tapes.

A center line shall be marked on the ground and fifteen feet on either side of the center line shall be two side lines parallel thereto.

At the start, the rope shall be taut, the center tape over the center line and the competitors outside the side lines.

The start and finish shall be indicated by the firing of a pistol.

The pull shall be won when one team shall have pulled the side tape on the rope of the opposing side over the center line or at the end of three minutes, the team whose side tape is farthest from the center line. The pull must be made within a path not exceeding 15 feet in width.

No competitor shall wear boots or shoes with any projecting nails, springs or points of any kind or make any holes in the ground with his feet or in any other way before the start; or wilfully touch the ground with any part of his person but his feet. The "Anchor" only may pass the rope around his body and may wear a suitable belt.

Each team will be allowed one coach from the same class. He may count and use a megaphone. In the first trial the elder class will take the easterly end of the rope; in the second trial, the westerly end; in case of a third trial, the choice will be tossed for and the manager of the younger class shall call.

**NEWBURYPORT LOSES TO FRESHMAN TEAM**

Johnson Takes Ball From Twenty Yard Line, Making Only Goal Of Game.

The Freshman Football Team defeated Newburyport High School 6 to 0, at Newburyport, Saturday afternoon, in a well played game. Johnson scored for the Freshmen in the first period of the game, taking the ball from the twenty-yard line, and skirting left end, for the only touch-down of the game. Having gotten the lead, 1918 held it for the remainder of the game, the play being about even although Newburyport played more on the defensive. Newburyport twice took the ball to within ten yards of the visitor's goal line, but was kept from scoring both times by their inability to overcome the strong defence they met there. It was necessary for Newburyport to defend themselves three times, within the shadow of their own goal, and only by hard playing were they able to keep their opponents from another goal. The lineup was as follows:

M. I. T. '18 Newburyport  
 Gleason, le.....re, S. Stevens

**TEN YEARS AGO**

The Committees of the Technology and Harvard Corporations were considering the possibility of an alliance between the two institutions. The plan proposed contemplated a division of the educational field with the idea of "eliminating competition to the mutual advantage of both."

About forty instructors and assistants met in 11 Engineering B to form what was officially called the "Instructors Club of the Institute of Technology."

Tonight is the anniversary of the "Tech Riot." After the customary Republican parade before presidential elections, about 800 Technology students gathered on Rogers steps to cheer for "Teddy" and the other candidates. The police, believing the peace of the city menaced, charged the crowd using night sticks freely and over a dozen men were injured so badly that it was necessary to have a surgeon called to dress their wounds. As a result of the hearings the Board of Police, on the second of January, reduced one captain, a lieutenant and three sergeants to lower rank and fined four sergeants thirty days' pay.

**FRESHMAN RELAY TEAM PICKED LAST FRIDAY**

Times Made Were Very Gratifying—O. C. Lorenz Elected Captain.

The men who will represent the Freshmen in the relay race next Friday have now all been chosen. Friday afternoon the trials for a few of those who did not run the day before were held. Ford and Smythe captured the two remaining places on the team. Merrick and Van Kirk took the substitute positions. O. C. Lorenz has been elected to captain the team.

There will be a very important practice for all Freshmen relay men at the Field today at four o'clock. Captain Lorenz wishes that all men who were out for the team, whether they made it or not, be on hand at this practice.

Coach Kanaly is pleased with the results of the final trials. He thinks the times made by the men are very gratifying and with another week of practice the team will be able to make a very creditable showing against the Sophomores. He joins Captain Lorenz in urging the members of the Freshman class to come out to the Field this week and see what their relay team is doing.

The final selection of the men is as follows: O. C. Lorenz, C. L. Justheim, S. S. Kwan, W. F. McDonald, H. R. Mumford, M. M. Read, J. M. Avery, R. S. Coward, S. M. Boyd, K. L. Ford, R. B. Smythe, D. A. Merrick and R. W. Van Kirk.

**FIELD DAY RULES**  
 (Continued from Page Four)

Any protest in connection with the above rules must be filed with the Chairman of the Advisory Council not later than the Monday preceding Field Day.

It has been established in past years, that special students shall be rated with the class with which they take the greatest number of hours, according to the tabular view.

**SOPHS TUG OF WAR**  
 (Continued from Page One)

agement wishes to thank all those who have come out.

All men on the squad were allowed to vote for the captain. Two ballots were necessary for a choice and H. L. Wood, who managed last year's team, was chosen. S. C. Dunning is manager this year. It is understood that it was difficult to make even the provisional choice of the team because of the excellency of the material available and the management is sure, from the work of the men who have been out, that a fine team will result.
