FRESHMEN TO COMPETE FOR SHOW POSITIONS

Business Department Candidates To Meet Today In Show Office.

At five o'clock today Business Manager C. C. Carpenter of the Tech Show will start a competition which is open to all members of the class of 1916. Unlike the other Freshman competitions, three men will finally be chosen in this one.

The work by which the candidates are to be tested will be explained in detail this afternoon. Manager Carpenter says, however, that among other benefits, it offers a business training which the average student is unable to get.

C. C. CARPENTER, '16.

The successful men, after their names are passed upon by the faculty, are officially appointed Second Assistants in the Business Department, and hold that position for the remainder of the year. Incidentally, they go with the Show on all its trips, and have charge of some of the arrangements. Last year these trips were to Providence, Malden, Northampton and Wellesley.

T. C. A. ELECTION

The T. C. A. will hold a special election Thursday to fill the vacancy caused by the resignation of Profs. C. G. Norton, '16. The candidates for the office are J. A. Ball, '15, of Course VIII and C. H. Durkee, '15, of Course II.

FRESHMAN GYM

As it is after Field Day, the regular schedule of gymnastics classes for freshmen fades into the background. These exercises will be held beginning today at 3 p.m.

TUG-OF-WAR DECIDES--FIELD DAY FOR FRESHMEN

Sophomores Defeated in Football but Win Relay--Freshmen Though Outweighed 10 Pounds Get Tug-of-War After 4 Pulls

The freshmen very appropriately dedicated the new Technology Field Friday afternoon when they at the last minute literally pulled the victory from the sophomores. The Field day was the most exciting day in the annual field day calendar. It was on the last pull of the tug-of-war that the first really serious struggle started. With both teams carrying a 3 to 3 record, the third pull was decided on the last minute. With three points in the favor of the sophomores and four for the freshmen, in the tug-of-war each having won a pull and tied one as well, the winner of the fourth pull was to be awarded the victory of the day. All three teams of each class put up a splendid struggle for the laurels and the victory of the first year men all the more a victory worth winning. The tug-of-war was a genuine game.

In the football game the sophomores kicked off to the freshmen and shortly after, the freshmen were forced to punt to Farnsworth, who carried the ball back twenty yards. After considerable punting by both teams, the freshmen finally carried the ball well within the territory of the sophomores and, after a series of tackles and rushes, fifteen of the freshmen managed to get through the line and scored a touchdown, thus giving the freshmen a lead of twenty points and setting the score 26-0. The only few gains in the favor of the sophomores were made by Poteat here and there. After the ball was recovered on a forward pass from the freshmen's territory, Potetz here put his ball into the field and went for position, thus making the score 26-0. The punt out for position failed.

In the third quarter a continued series of punts by both teams and a rush by Poteat for 25 yards brought the score to 26-7.

In the fourth quarter the game was decided in favor of the freshmen after a series of punts by both teams and a rush by Poteat for 25 yards. This last pull gave the freshmen the victory of the tug-of-war and the annual field day a splendid finish.

No matter how one looks at the results, it is conceded that the freshmen carried the day.

GYM TEAM MEETING

There will be an important meeting of the Gym Team in the Union at 1:30 today. This is to take the place of that which was postponed yesterday. The purpose of the meeting today will be to elect a permanent captain and manager of the team.

The following men must be present: Fiescher, White, Baxter, Rogers, Durfee, Hunt, Silinton, Riba and Mendebob. Any others interested in Gymnastics work are also requested to be present.

FRESHMAN NOMINATIONS

The 1918 nomination papers, signed by ten members of the class and addressed to the 1918 Election Committee, are due at the Cape, on Saturday, November 14, at 5 o'clock. The officers to be filled are President, Vice-President, Secretary, Treasurer, Institute COMMITTEE (two), M. I. T. A. A. (two), and Election Committee (two).

Material for Monthly

The Monthly has issued a call for short stories, preferably on subjects connected with the Institute, but stories of adventure, travel, or scientific interest are also wanted. Any one who is interested in this work and who wish to write or have subjects assigned, are requested to see the Editor in the Monthly office tomorrow, Wednesday or Friday at 5 o'clock. There is also a demand for pictures, photographs, cartoons and caricatures. Freshmen are invited to try out for this work as well as the literary work. Those who are interested are requested to see the Editor or leave a note at the Cage addressed to the Editor, Technology Monthly.

The next issue of the Monthly will be published Monday, November 14th. The forms for the issue following will close November 28th, although matter arranged for ahead of time will be received up to five days later.

TECHNOLOGY WINS FROM HOLY CROSS

Entire Cross Country Team Leads First Holy Cross Man To Tape.

In a race far too one-sided to be interesting, Tech defeated Holy Cross in the cross-country meet at Rhode Island University yesterday, 26.00 to 29.12. Five Tech men finished in the first five places, while only one Holy Cross runner broke the tape. Brown took first place in 26 minutes and 12 seconds, a minute faster than the former record for the course.

The course was mostly rough rock, starting and finishing at Pitson Field. The only uphill work came early in the first half of the race when the weather was cold and head wind.

At the start of the race, the entire Tech squad went to the front with Cook and Brown in the lead, and after the first quarter mile, not a single Tech man was headed by any of the Worcester team. Burke, the first wearer of the Purple to break the tape was over a minute behind Nye, the last Tech man.

Cook, Brown and Benson were in front from the start and stayed well together, Burke opened up a lead of sixty yards on Cook who had the same distance on Benson. The order of finish of the first ten men was as follows:

1. R. G. Brown, M. I. T. . . . . 26.00
6. M. B. Graff, M. I. T. . . . . 27.11
7. W. Harrington, M. I. T. . . . . 27.16
8. C. H. Wilkins, M. I. T. . . . . 27.16

UNUSUAL OPPORTUNITY TO SEE PICTURE PLAYS

Boston Opera Presents High Class Films—Famous Artists Also Engaged.

The trend of the times is indicated by the elevation of the cinematic graph to the realm of art. The moving picture, once considered a low, uninspired form of amusement, with its faculty for workmanship, work, unconventional dramatic effects, inertial settings and generally low appeal, has run the course of public condemnation, toleration and final acceptance, until now it has reached a point where it is looked on as a great power for the advancement of the art and the humanistic in the artistic and educational world.

In Boston and all the other large American cities, within the past year expensive productions of film dramas have been shown in the finest theaters and before the most exciting audiences. However, the latest and greatest honor accorded this new enterprise is a place on the program at the Boston Opera House, the hand- somest and most splendidly equipped theater in America. Under its new policy this magnificent playhouse is fast becoming one of the most popular theaters in Boston.

So great has been the success of the last film shown, "Julius Caesar," that it will be retained during the coming week. A masterpiece from a dozen related topics. RECEPTION TO GRADUATE STUDENTS

Dr. William Cunningham Chief
Speaker—A Large Number
Attend

The reception Wednesday evening
by the President and Faculty to the
graduate students at the Institute,
was a splendid success. About one
hundred and seventy-five of the post
graduates attended, each one being
laged so that all might become ac-
quainted.

After the first introductions, the
company assembled in Huntington
Hall and the speeches were made.
President MacLachlan told of the
method of treating the graduate
students at the Institute. That all
should have the same treatment no
matter what their advantages in cul-
ture or education was an essential in
an institution based on broad
principles as Technology, he de-
scribed. He then introduced the chief
speaker of the evening, Dr. William
Cunningham, D. D., F. R. A.

In his address on "The Industrial
Revolution," the labor
problem which now confronts us has
no precedent in History to help in
its solution, he said. The Unions,
however, can be seen that the workman
gets justice, but only if they do noth-
ing which will harm their cause in
the future.

Then Professor Sedgwick told of the
advantages for graduate study
now as compared with forty years
ago.

He was followed by the president
of the Alumni Association, who in-
vited all present to regard Tech as
their Alma Mater even though coming
from other colleges.

Refreshments were then served in
the Library and an enjoyable eve-
ning spent in getting acquainted.

SWIMMING TEAM

Jecting in Room A of Union at
Five O’Clock Today.

All men who intend to come out for
the swimming team will meet in
Room A in the Union at 5 P. M.
Monday, Nov. 9th. This meeting
will be held for the purpose of obtaining
the names of the men who are out for
the team and to outline the plans for
the future. Any freshmen who come
out and are retained, will be excused
from Gym work.

Practice swims will be held at the
Y. M. C. A. Pool three times a week
two consecutive weeks. At the
end of this time trials will take place
and the cuts will be made. In order
to make use of the Y. M. C. A. Pool,
each man will have to become a pay-
ning member of the T. C. A., which
entails an expenditure of one dollar.
He will also have to pay a fee of ten
cents each time he swims. If
the team becomes a success and ob-
tains the recognition of the M. I. T.
A. A. this amount will, in all prob-
ability, be refunded to those making the
team.

Manager W. L. Graves urges all the
men who intend to attend the previous
meeting to be present this afternoon,
as well as all other men who are in-
terested.

SOPHOMORES TAKE
FALL HANDICAP MEET

Place In All But Quarter Mile
Freshmen Beat Out Juniors

The sophomores won the annual
Fall Handicap meet last Saturday after-
noon, placing in everything but the
quarter mile run. The freshmen cap-
tured second place, just defeating the
runners by one point, while the seniors
came in third place, gaining points only
in the hurdles and the high jump. Huff
was the individual star, as he took
firsts, although Sullivan and
Sewall each did credit to their class.
As the mile and two mile had been
postponed on account of the Holy
Cross meet last Friday, the half mile
was the feature of the day. Gagnon,
with a handicap of 35 yards ran a beau-
tiful race, and by a burst of
speed at the finish, broke away from
the pack and crossed the tape a win-
ner.

The summary:

100 yd. dash—Won by Reid '17 (handicap 3 yds.); Wallace '18 (7 yds.), 2nd; Sullivan '17 (scratch); Wallace '18 (15 yds.), 3rd; Quilliot '17 (4 yds.) 4th. Time 11 sec.

FIELD DAY
(Continued from Page One)

Gleason went through seventeen in seconds and finally scored a touchdown and kicked the goal. Seventeen made a desperate try to score further and it possible to overcome the lead of the freshmen, but was unsuccessful, the final score being in the favor of the freshmen, 14 to 6. In the second year's game were Bird and Potet on the sophomore team. Potet was the whole strength of the backfield, making gain after gain through the freshman line. Bell at left end put up a wonderfully fast game and got by the interference and down on the pivot time after time. Gleason and Clarkson did fine work for the freshmen.

THE RELAY.

Next to the freshman tug-of-war, the greatest surprise of Field Day was the remarkable show of force made by the relay team. At the beginning of the season the material could not have been less promising. Even the men who had had some previous experience in running had not developed to any great extent, yet, with this serious drawback, Coach Kanaly formed a team which in the first year had defeated the sophomores but for the misfortune which occurred.

The freshmen started off strong, looked like winners. Coward and Hamilton opened up a lead of ten yards on their men. Boyd, '17, closed up to within two yards of Munford while McDonald, '18, and Ross, '17, held even. Justhein, '18, got off the mark too fast and McDonald, in trying to pass the baton, fell. Colley, '17, opened a lead of forty yards which Sullivan, the sophomore captain, held until the end. The time for the mile and a half, four minutes fifty-six and fifty-seventh seconds, is five and four-fifths seconds slower than the record set by 1916.

Below is the order of runners:

TECH NIGHT AT THE SHUBERT THEATER

Great Enthusiasm Reigns At Performance Of The Pardoo Show.

The Shubert theater last Friday evening was a riot of confetti, good streamers and good fellowship at the annual Tech Night, when three-quarters of the student body turned out to see The Pardoo Show of 1914. The affair was a complete success; the show itself was well staged and contained several good musical numbers; the cheering was hearty and spontaneous, and the singing between the acts was much better than it has been in previous years.

After the usual preliminary show of confetti, the freshmen in the balcony opened the ceremonies with a running class cheer. Various other cheers were then given, culminating in 75-10-77-37 yell at the stage by M. B. Dalton, '15; A. H. Waitt, '15; and J. A. Tobey, '16.

The first act was unfortunately marred by the throwing of streamers on the stage and runway, so the chorus did not come out on the runway as usual. The act of war, however, very good. Monroe and Fisher, the comedians, kept the audience in laughter, and Marilynn Miller was enthusiastically applauded. The transatlantic flier scene was remarkably realistic.

During the intermission, more cheers were given, culminating in the song of 'The Stein Song was sung. The second act went off uninterrupted, as the men returned from throwing more streamers on the stage. The distribution of miniature footballs was one of the greatest hits in this act.

Sullivan (Capt.) .... Avery

For the tug-of-war teams at the last minute was given the opportunity of deciding which class was to win Field Day. Already they had pulled ship and boat in two weeks to attempt to decide this event. In the first trial, victory had come suddenly and unexpectedly to the freshmen. At the second pull, the sophomores had used the necessary snap and won quickly, although under terrific strain. The score now stood in favor of the first year men; the tug-of-war was to decide. With the winning of the last pull would go the victory of Field Day.

For what seemed an age, the officials adjusted the plumb line, but at last the report of the plumb announced that the struggle was on. The rope shifted back and forth inches at a time. Now it favored the sophomores, now the freshmen. Once the second year men had led a foot. But this proved to be the high water mark of their efforts for slowly, then faster and faster, the rope began to move toward the freshman flag. An instant later the crack of the gun announced that all was over.

The class of 1918 had won the tug-of-war.
