A new position, that of Stage Director, has been created in the Stage Department of Tech Show and Russell H. White, ’16, has been appointed to the office for the coming year.

CHESS CLUB

Meets Brown Friday Night—Other Matches Arranged.

Friday evening, November 13, at 7 o’clock, the Technology Chess Team will meet Brown in the Union. A match has been arranged with Harvard and matches with Amherst, Williams and the Boston Chess Club are under consideration. The men to represent Technology on Friday will be P. F. Jones, ’16; C. Davis, ’17; B. H. Nourmand, ’16; A. Amsden, ’17; D. E. Woodbridge, ’16; G. A. Salisbury, ’16.

INSTITUTE COMMITTEE

There will be an Institute Committee meeting in 8 Eng. C at 6 tomorrow. The business will include the reporting of four standing committees: Calendar, Union, Point System and Bulletin Board. It will also be decided whether the Tech Monthly will have a representative on the Institute Committee.

CIVIL ENGINEERING SOCIETY MEETING

Tech and Harvard Societies To Hold Joint Meeting Tonight In Pierce Hall.

Tonight at 8 p.m., in Room 126, Pierce Hall, Cambridge, will be held the first of several proposed joint meetings between the Civil Engineering Societies of Tech and Harvard. Moving pictures will show the manufacture of Portland Cement, starting at the quarry and carrying it through until it is loaded on the cars ready for shipment. The film is 3000 feet long and takes about three hours to run off. An experienced representative of the company will be on hand to explain all the details.

Maps showing the quickest way to reach the home of Mr. Pierce, President of the company, and the nearest electric railways will be distributed. After the show, refreshments will be served.

SHOW COMPETITION

Business Department Candidates Hold Meeting.

At five last Monday C. C. Carpen- ter called a meeting of all candidates for the position of Business Manager of Tech Show. This competition is open to all freshmen, and three men will be selected, with the approval of the Faculty, who will act as assistant managers, accompanying the show on all of its trips and assisting in making the arrangements. Five men reported at the meeting, and the work for the next few weeks was outlined and tickets for the Kammers’ dinner distributed for sale.

COMMUNICATION

Has anyone ever heard of our Technological School at East Machias, Maine? I think that is what Bill Forshing called it in our Minstral Singing program. Well, we all are going to have "a camp meetin'" at the Union, Nov. 17, 1914.

Dinner starts at 6:30. Tickets are on sale and can be procured from any one of the Summer Camp Committee. See the casual visitor. Immediately as the seating capacity of the Union is limited to fifty hundred. Save your voices for songs and stories. See the next issue of the Tech. More official news then.

One of The Bunch.

COMMUNICATION.

Next Saturday the N. E. I. C. A. Cross Country championships are to be held at Franklin Park, and it is quite essential that Technology, as the host college of the meet, show her hospitality to the members of the competing college teams. With this end in view there is to be given in the Union, or Friday evenings, a sort of open house and good fellowship meeting, with the visiting college men as guests, and with our cross country team and Tech men in general as hosts. The Glee and Mandolin clubs will give several numbers; some of the members of the Cosmopolitan Club will entertain with jest, importuned actions; the wrestling team promises two interesting exhibition bouts; and Dean Briggs and Major Martin will probably discourse upon their pet-subjects. The festivities will commence at seven thirty and will continue until ten o'clock. The festivities are open to the general public. The Glee and Mandolin numbers will be held at Franklin Park, and it is expected that a large number of people will attend.

Fall Entries Close Saturday, November Fourteenth

Entries for the Fall competition for the Dupont cup which is given in honor of Thomas Coleman du Pont of the class of 1883, will be close on Saturday. The competition for this cup will be limited to members of the freshmen and Sophomore classes. The competition may select one event from each of the following events.

First—100-yard dash, 200-yard dash, 440-yard dash, 880-yard run, 1 mile run.

Second—Running high jump, pole vault, running broad jump.

Third—Discus throw, shot put (10 lbs.), hammer throw (10 lbs.).

Competition in all three events is to be made on the same day. Scoring will be as per the tables posted in the locker room at the Field. Each competitor will have two sets of scores, one to be made in the Fall, and the other in the Spring. The competitor may select different events in the Spring than those in the Fall, providing that no two events are in the same class.

The name of the competitor having the greatest aggregate number of points in the Fall and Spring meets combined will be inscribed upon the original Dupont cup, kept in the Union.

CIVILS TO MEET

(Continued from Page One)

Membership blanks have been distributed to all Sophomores in Courses I, IV option 2, XL XVI option 3, and these should be filled out and left at the Cage as soon as possible for the Secretary. If through an oversight any Sophomore in the above courses has not received one of these blanks, they may be obtained from the President, Treasurer or Secretary, or at the Cage. Every Sophomore who has left the blank, filled out, at the Cage, is eligible for the end of term tonight's meeting. Members of the E. E. Society are invited also as guests of the C. E. Society. The E. E. Society are invited also as guests of the C. E. Society.

SWIMMING TEAM

The meeting of the candidates last Wednesday afternoon was mainly for the purpose of obtaining a list of the men who are really out for the team. After a few introductory remarks on the prospects of forming a swimming team at Tech, Manager W. L. Graves stated that work would start Wednesday afternoon at that time at the Y. M. C. A. pool. Freshmen who come out for the team are to hand their names in to the manager, and must report at the pool three times a week for half an hour of practice.

ATHLETIC ASSOCIATION
HOLDS MEETING

Important Amendments Made
To Present Constitution
-Offices Filled.

At a meeting of the M. I. T. A. Tuesday it was voted that the Assistant Manager of the Track Team have complete charge of Field Day with the six team managers as assistants. A ballot for Treasurer resulted in the unanimous election of George R. Urquhart, '25. Kirkland H. Day was elected Secretary of the Association. F. V. du Pont was permanently elected Assistant Manager of the Track Team. The Association voted to recognize the Swimming and Gymnasium Teams, and approved the budget of the Hockey Team. A preliminary report of Field Day finances showed a balance of $604.26, an exceptionally fine showing. At this point the meeting was adjourned to Tuesday, Nov. 17, at 5 o'clock.

The following amendments to the constitution were made:

Art. 2, Sec. 1. The membership of this Association shall consist of two members elected from and by each class, the managers and captains of all Institute teams, and the Treasurer and Secretary of the Association.

Art. 3, Sec. 2. The officers of the Association shall be a President, who shall be elected from the Senior class, and a Vice-president, who shall be elected from the Junior class, a Treasurer, and a Secretary, neither of whom, previous to their election, need be members of the Association. They shall be elected at the first meeting of the Association by a majority vote, and shall hold office for one year.

Art. 4, Sec. 3. Strike out entirely.

Amendments to the By-Laws were made as follows:

Art. 1, Sec. 2. The duties of the Treasurer shall be, on the first Tuesday of each month, during the athletic seasons, to demand, audit, and record an itemized account of all receipts and disbursements of each manager of Institute teams, and at the close of each season to demand and sign a final report of each manager for publication. He shall have control of all monies received from any source and by all departments of Institute athletics, and shall keep separate accounts for each department, and pay out such moneys as he may direct to the Treasurer. He shall record the budget of each team as approved by the Institute Committee.

Sec. 4. The Secretary shall keep an accurate account of all proceedings of the Association, and shall issue notice of meetings. He shall act as assistant to the Treasurer.

Art. 5. All payments of money to teams shall be made only by the Treasurer of the Athletic Association. Applications for money for teams must be submitted, in the form of statements, in detail, of probable expenses. The Treasurer, F. V. du Pont, shall be authorized to make advances to the respective managers of the Athletic Association. This application, if approved by the Association, shall be forwarded.

ARMY CAPTAIN HERE
FOR AERODYNAMICS

Finds Technology Only School
In Country Equipped
For Research.

Concerning the state of the new course in aerodynamics at the Institute, it is interesting to note that one of the students recently enrolled at Technology is Captain V. E. Clark of Urbansown, Pennsylvania, who has come here to obtain the benefit of special postgraduate work in aerodynamics.

Captain Clark is a graduate of Annapolis who has been transferred to the army and is attached to the Aviation Section of the Signal Corps. He has been for six months at the flying school at San Diego, and has become skilled in the management of aeroplanes, having been up to a height of a mile or more.

Technology is the only college in the country fitted for scientific investigation of practical matters in aerodynamics. The new course, which has been open only this term, is beginning auspiciously, according to Lieutenant Hunsaker, who has charge of the instruction. Besides Captain Clark, M. S. Chow, one of the M. I. T. graduates in Naval Architecture, is making the study of the subject leading to the degree Master of Science.

Institute teams, and the Treasurer shall be, on the first Tuesday, Nov. 17, at 5 o'clock.

H. Day was elected Secretary of the Association. He shall have control of all moneys received from any source and by all departments of Institute athletics, and shall keep separate accounts for each department, and pay out such moneys as he may direct to the Treasurer. He shall record the budget of each team as approved by the Institute Committee.

HYGIENE SCHOOL
School For Health Officers Only
One In The United States.

In statistics of the co-operative school for Health Officers, recently given out, Professor George C. Whipple notes that the course in Rural Hygiene has drawn one or two students from the Far West for the reason that no other institution has offered studies in this exceedingly important branch of public health work. With reference to an item spread over the country that women are refused admission to the courses for Health Officers, Professor W. T. Sedgwick says that at the beginning it was found that certain of the students given in the Harvard Medical School are not open to women, but it was quickly arranged that this work might be taken in some other Institution, and that with this supplied in some such way women have for a year been eligible to study in the Co-operative School.

CHAUNCEY HALL CLUB
The first annual meeting of the Chauncy Hall Club, scheduled for Friday evening, will be postponed, out of courtesy to the New England Country teams, who are to be entertained at the Union on the same evening. The Contractors will have the uniforms for the Technology Regiment ready for delivery at the Armory forms for the Technology Regiment contractors. Checks will be accepted. The outlook for Technology is unusually promising. The team which showed up so well in the I. C. A. A. A. run last year is scarcely changed, and its qualities were displayed to good advantage in the recent dual meet with Holy Cross. It is apparently the strongest team that will enter the meet, and the men are confident of a victory.

This afternoon at 4.45 the annual
mile handicap will be run off at the
new Field. It was not scheduled for
Saturday as the long distance men
were resting from the Holy Cross
meet which took place the day be-
fore. Plenty of excitement will be
afforded by this race, as many of
Technology's best runners are ex-
pected to compete. New men, how-
ever, should not fail to come out,
as the event is open to all. Generous handicaps are given. Last
year M. Brock, then a freshman, won
the event and looks like a strong
man in today's race. Well, Bence,
Brown, Cook and Graph are dan-
gerous, although the handicaps giv-
en to the new men will even up the chances.
