THE TECH

VOL. XXXIV. NO. 60.

BOSTON, MASS., MONDAY NOVEMBER 16, 1914.

PRICE THREE CENTS

BIG TAG DAY FOR ATHLETICS

Next Friday, from the rising of the sun to the going down of the same all Technology will be wearing Tags. This was the verdict pronounced by the Institute Committee at its last meeting, when it became apparent that the unprecedented wave of interest in athletics this year would make the need of more money imperative. An able and vigorous committee has been appointed to execute the mandate, and none will be spared the honor of being decorated. Math profs, chem profs, pluggers and lab fiends; all will succumb to this great and glorious effort to elevate Technology's teams to the heights of opulence. Immunity from all ills is assured the wearer of a Tag, and the foot and mouth disease campaigners will offer no opposition to those who are "inspected and passed" on Friday the 20th.

Rapid strides have already been made by the committee, and no effort has been spared to make TAG DAY the glowing event of the year. Andy Mac's girls are unanimously in favor of the scheme, and this approbation alone assures success. Several refractory profs who hitherto have deemed it beneath their dignity to wear a Tag are willing to hang them

(Continued on Page Six)

VULCANIZED FIBRE

Chemical Society Talk Next Friday Night.

Mr. Chas. Almy, Jr., Chemical Engineer of the American Vulcanized Fibre Co. of Wilmington, Del., will speak to the Chemical Society at a smoke talk to be held next Friday evening. Mr. Almy will speak on the subject of "Vulcanized Fibre," and promises to bring along a number of samples to illustrate his talk. He is well known as an authority in his line of work, and a most interesting evening is promised. Further details regarding the talk will be announced later.

FENCING IS STARTED

An effort is being made to revive the formerly popular sport of fencing. A meeting has been called next Wednesday at the Union at 5.00 P. M., for those who are interested. At this meeting the possibility of a "Tech" team will be discussed. Arrangements have been made whereby Freshmen can substitute fencing for regular gym work. An instructor will be on hand to help the men.

MR. SAMUEL HUME TO COACH TECH SHOW

Will Speak At Annual Kommer's Dinner—Other Speakers Announced

The Tech Show is to have a new coach. Mr. Samuel Hume has signed a contract to do the entire directing of the production of this year's musical comedy and will start active work here soon after the Kommer's Dinner next Thursday.

WILLIAM HOWARD

Mr. Hume first became interested in dramatics at the University of California. While a freshman there he ran on the varsity track team, winning his C, but to neglect athletics year he began to neglect athletics and played a leading role in burlesque. He became one of the founders of the English Club and for two years took the leading parts in all the Greek Theatre productions. He not only acted plays but wrote them as well. One of these was the Extravaganza produced there in 1908. He was Dramatic Editor of the "Occident" and of the "Daily Californian." He did work of similar nature when he came to Harvard, where he received the degrees of A. B. and A. M. His dramatic experience outside college circles is varied, but it is all of

(Continued on Page Five)

NEXT T. C. A. SPEAKER

The Rev. Paul Revere Frothingham will give the next T. C. A. talk in the Union on Thursday, Nov. 19, at 1.30 p. m. He is one of the Harvard preachers this year and speaks at their Daily Temple meetings. His subject will be announced later.

TECH GETS SECOND IN CROSS COUNTRY RACE

Maine Wins Out By Small Margin—Cook Finishes First For M. I. T.

In the closest race ever seen in a New England Intercollegiate cross country run Maine took first place Saturday morning with a score of 66 points, just nosing out Technology which scored 69. Dartmouth took third with 74 points while the order of the others was Massachusetts Agricultural, Williams, Colby, Brown, Worcester Polytech and Amherst.

Tech showed one of the best balanced teams in the race, finishing the fifth man in twentieth place, but the three Maine stars, Preti, Bell and Dempsey, all of whom finished among the first seven, won the race for their school.

Cook was the first Tech man in taking fourth place, after running a strong race all the way. Tech would undoubtedly have taken first place had Brown been in good condition, but he has been sick for several days and was unable to show his best. Three hundred yards from the finish he was even with Preti, but was taken sick and passed by seven other men. In his condition he gave a fine exhibition of gameness in finishing at all.

The course was hard, fairly level all the way. At the start the Dartmouth team went off fast, and ran well bunched all through the race, their five scoring men finishing between tenth and twenty-third place.

(Continued on Page Two)

CHESS TEAM WINS

Brown Is Defeated By Big Score After A Hard Match.

On Friday evening the Technology chess team defeated the Brown team by a score of 5 to 1. Dean, Kenigsberg and Neumann obtained advantages early in the game and kept them to the end. Woodbridge, after losing a valuable piece in the opening, finally checkmated his opponent by a brilliant series of moves. Jones of Technology defeated Lucas of Brown only after a four-hour match.

The summary of the match is as follows: D. E. Woodbridge, Tech, defeated J. P. Palmer, Brown; P. F. Jones, Tech, defeated B. L. Lucas, Brown; C. Dean, Tech, defeated H. L. Cohen, Brown; A. Kenigsberg, Tech, defeated H. D. Levine, Brown; G. D. Houtmann, Brown, defeated G. A. Saladrigas, Tech; E. H. Neumann, Tech, defeated J. O. Fuller, Brown. Score: Technology 5, Brown 1.

CROSS COUNTRY TEAM HOLDS OPEN HOUSE

Entertainment Is Given At Union To Members Of Visiting Teams.

Last Friday evening the Technology Cross Country Team introduced a new feature into the gatherings of the New England association, when it held a reception at the Union for the visiting teams. Runners from Maine, Brown, Williams, Amherst and Dartmouth were the guests of the evening.

(Continued on Page Four)

SUMMER CAMP REUNION

Dinner In Union Tomorrow Evening.

The reunion of the men who were at the summer camp last year will take place tomorrow evening. Dinner will be served at 6.30 in the Union, after which the men will adjourn to Rooms A and B. Tickets may still be obtained from any of the committee, which consists of R. H. White, '16, W. Farthing, '16, and T. A. McSweeney, '16.

The program which is being prepared by the committee is very interesting. Various ones who were at the camp will relate some of the incidents which occurred last summer. Rusty White will tell how he and Mase and Mike caught the bear; Dip McClure will sing again, "Just plant a watermelon on my grave"; and Lillian's first and only expert on feminine charms, will be present to answer all questions on love and sentiment.

Minstrel songs sung at the camp are to be sung again. According to the spirit shown already by the camp fellows, the affair is to be a great success. An example of this spirit was shown on Tech Night when a number of them had a little reunion at the theatre. Those in charge desire that every camp man be present on Tuesday evening.

CALENDAR

Monday, Nov. 16, 1914.

5.00—Cosmopolitan Club Meeting. 8 Eng. C.

Tuesday, Nov. 17.

IN CHARGE OF THIS ISSUE.

Editor: J. M. DeBell, '17.
Associate: E. W. Rounds, '17.
Assistant: G. L. Hall, '18.

The intermediate reports of scholarship which the faculty sends to underclassmen are designed to give them a hint as to the character of their work before it is too late to alter it. They afford a timely reminder of the high standard of work demanded by the Institute. Many are inclined to overestimate their weight and to give up hope of raising the final mark; others take the opposite view, regarding an unfavorable report as a "scare," and trusting to pull through without improvement. The wise underclassman takes them for what they are, namely, a correct gauge of work done with reference to work required.

The unfortunate circumstance through which last Saturday's meet was lost is universally agreed to be no fault of the man directly concerned, who showed an exhibition of pluck such as is seldom seen nowadays. Misfortunes will happen, whether-or-no, and if one does his best under the circumstances, the victory is his in the truest sense.

While there is nothing to prevent a man from running for two separate offices in the same election as in the case of the present freshman nominations, it would seem to be rather poor policy. Personal advantage, in the concentration of votes, should induce the men concerned to withdraw one nomination or the other.

DECEMBER NUMBER OF MONTHLY NOW ON SALE

Contains Field Day Pictures And Article On Red Flag Legislation.

The December issue of the Technology Monthly and Harvard Engineering Journal went on sale today. This number contains several Field Day pictures and some humorous "Scenes About Copley Square" by K. H. Day, '17.

The reading matter includes "The Fourth Dimension," by Professor Wilson; "Effect of the War on the Textile Industry," "Problems of a Contractor," short stories, editorial on the red flag legislation which has recently raised some interesting questions among the colleges and secondary schools of New England.

CROSS COUNTRY

(Continued from Page One)

The team point score is as follows:
Maine—1, 3, 7, 21, 34. Total, 66.
M. I. T.—4, 9, 17, 19, 20. Total, 69.
Dartmouth—10, 11, 14, 16, 23. Total, 74.
M. A. C.—6, 8, 26, 33, 42. Total, 115.
Williams—2, 27, 29, 37, 41. Total, 136.

TENTATIVE LIST OF FRESHMAN NOMINATIONS

Large Number Nominated For All Offices—Several Duplications.

The following list of Freshman Nominations has been received at the Cage, but has not yet been ratified by the Class Treasurer:

For President:

- M. D. Hathaway
- T. P. Kelly
- J. L. Ricketts
- J. W. Clarkson
- O. C. Lorenz

For Vice-President:

- L. F. van Zelm
- Arthur J. Marsh
- W. T. Biggar
- Gardner E. Johnson
- S. G. Wallace
- Lansing McVickar

For Secretary:

- Miss S. Walker
- George R. White
- C. I. Justeim
- D. W. MacArdle

For Treasurer:

- L. B. Van Da Linda
- K. Reid

For Executive Committee:

- M. M. Steiler
- D. C. Goss
- R. A. Wilkins
- W. K. Bruckhauser
- Frank R. Moore
- W. R. Herfurth
- R. F. Grohe
- Julian C. Howe

For Institute Committee:

- Donald G. Bradley
- Dinsmore Ely
- R. W. Harris
- L. Hugo Flett
- G. E. McLaughlin
- R. H. Wells
- L. S. Blodgett
- B. O. Pinkham
- R. H. Cottrell
- Julian T. Leonard
- R. J. McFadden

For M. I. T. A. A.:

- S. W. Fletcher
- R. W. Van Kirk
- Frederick W. White
- J. C. Wooten
- James R. Milliken
- H. W. Barrett
- J. W. Clarkson
- O. C. Lorenz

FRESHMAN TRIALS

Thirty Men Try Out For Cross Country Team.

At the freshman Cross Country trials last Saturday Lippet, McVicker, Campbell, Mumford, Hamilton, Bond and Greeley were chosen for the team, with Leonard and Stevens as substitutes. Thirty men ran in the trials, and all of those who made the team showed their previous experience. Lippet and McVicker were very closely matched.

The team will go to Andover Saturday to compete with Harvard freshmen, Dartmouth freshmen and several preparatory schools. Bradley, the former Andover miler, will be unable to go on account of the I. C. A. A. A. Meet at New Haven.

MEETING OF CHINESE STUDENTS IN UNION

Seven Institutions Represented In Gathering Last Saturday.

A very interesting gathering was held Saturday afternoon in the Union when sixty Chinese students, ten of them girls, were entertained by the Institute Chinese Club, Technology, Harvard, Boston University, Radcliffe, Wellesley, Dana Hall and Bradford Academy were represented. The speakers were Dean Burton and Mr. John Ritchie, Jr.

H. K. Chow, a graduate in Course II, presided at the meeting, and in his introductory remarks stated that the purpose of the meeting was to acquaint the Chinese students with each other.

Dean Burton, the first speaker, told how the foreign students affected the courses in American colleges, saying that the students of today largely shape the student life themselves. He was followed by Mr. Ritchie, who called attention to the fact that Chinese students are here on a two-fold mission: To learn Western knowledge and to bring to the country the discoveries which the Chinese made independently centuries ago.

After one of the Wellesley girls had played some recent piano selections very effectively, J. Z. Zee, Course VI, made some exceedingly clever blackboard caricatures showing the development of Chinese costume. He indicated the fashions of the Ming and Manchu dynasties and the present day. He even went into the future, showing the Chinese woman student of 1925.

Mr. M. Chow entertained the company with lantern slides of autochromes or "colored pictures," which he had taken around Boston and New Hampshire. Refreshments were served.

Boston University was represented by Mr. Tang. Among the ladies present were the Misses Tsang, Wong and Soong from Wellesley, Misses Ling and Yang of Dana Hall, Misses Chow, Thaug and Chang of Bradford Academy and Miss Neu of Radcliffe.

**M. E. SOCIETY TRIP
Three Squads Visit Factories Of Metz Company.**

Three squads of the Mechanical Engineering Society visited the three Metz automobile factories in Waltham last Friday. The party was accompanied by Walter Metz, son of the owner.

The operations and machinery seen were very interesting, and showed all stages of automobile manufacture. The men saw electric welding, drop-forging, case hardening, annealing by crude oil and by vaporized gasoline furnaces, galvanizing, compressed air hoisting, tool-making, sheet metal and wood working, motor testing, painting, drying and upholstering operations.

Among the machinery, much of which was special, were automatic gear cutters, automatic valve grinders, milling machines of all types, broaching machines, Norton grinders and various kinds of planers and lathes.

What is a "Scotch Mist"?

A "Scotch Mist" is a Rogers Peet overcoat made from typical Scotch cheviots cleverly constructed so that they may be rainproofed.

Smart, rain or shine, medium and heavy weights.

Regular and Raglan shoulders.

\$28 to \$35.

Young men's suits.

Smart "snappy" models, but always the quality and making that insures a lasting style.

CAMBRIDGE TO GET FIVE SCHOLARSHIPS

Institute Treats City Liberally By Recently Made Rules.

The Cambridge scholarship question has been settled by the set of rules formulated by the Executive Committee November 10. These rules have been communicated to Mayor Good by President Maclaurin and are as follows:

1. The scholarships will be awarded to students of either sex about to enter the first year class at the Institute who are graduates of schools in Cambridge and children of legal residents of that city.

2. Applicants must produce evidence satisfactory to the faculty that they need scholarship aid to enable them to pay the tuition fees at the Institute.

3. The scholarships will be awarded annually on the results of the regular entrance examinations at the Institute held in June of each year. Scholarships will be confined to those students who obtain clear records and reach a standard corresponding in height to that normally required by the Faculty in awarding scholarships to students beyond the first year. The order of merit in the entrance examinations will determine the distribution of scholarships. The maximum number thus granted to students of the first year will be five.

Those to whom scholarships are awarded in the first year will receive scholarships in their second, third and fourth years, provided that they have maintained in the previous year a clear record as high as that normally required by the Faculty in its award of undergraduate scholarships, and that they continue to furnish evidence of need.

4. Those to whom scholarships are awarded on the results of the entrance examinations must enter the Institute at the beginning of the next academic year.

5. Those receiving aid must conform to all the rules of conduct imposed by the Faculty or forfeit their scholarships.

6. The amount of each scholarship will be \$250 and will take the form of remission of tuition fees.

7. Recipients of these Cambridge scholarships who receive State scholarships during the same year will forfeit the Cambridge scholarships to the extent of the aid received from the State.

8. Applications must be made on a form to be obtained from the Registrar and filed at his office during the months of May and June of the year in which the applicant is to enter the Institute.

President Maclaurin added in a personal letter that the Institute cannot, of course, enter into any obligation to maintain these scholarships indefinitely. The full tuition grants are exceedingly liberal, as very few students, however meritorious, receive more than half tuition scholarships.

Chess Club. Union. Four o'clock Wednesday.

CHINESE STUDENTS ARE TEACHING OWN PEOPLE

School In Chinatown Run By Technology And Harvard Men.

A number of the Chinese students at Technology have formed a union with the Harvard Chinese men which is known as the General Welfare Association School. The purpose of this organization is to improve conditions of the working people of Chinatown and around Boston.

As a means to attaining this end, a school has been established in which lectures are given by the Technology and Harvard students on general welfare. These lectures are given on Sunday afternoon from 2 to 5 and include English, Arithmetic and Mandarin, which is the coming language of China. The school is open to all Chinese working people and no tuition is charged. It is conducted in the Dennison House at 73 Tyler Street.

The Association consists of about sixty members, H. Chen, who comes from Canton and is a graduate of Illinois taking graduate work at Technology, is president. There are seven Tech students teaching in the school, among whom are: Y. C. Fok; T. S. Chu, '15; T. C. Mar, '15; S. Zi; L. Lau, '14, and V. F. Lam, '15, representing Courses III, VI and XIII.

The attendance of the school is about thirty. All who are enrolled are much in earnest to learn English and the Association is doing a great deal of good in bettering the condition of the people of its race. The school is now in its sixth year, the five previous years all having been very successful.

OPEN HOUSE

(Continued from Page One)

ning. "Tommie" Huff presided in behalf of the M. I. T. A. A.

Dean Burton spoke in praise of the good sportsmanship evidenced by the meeting. He stated that he was sorry more unfamiliar faces were not present. The Mandolin Club gave several selections. T. C. Hsi, '15, Course III, gave an exhibition of Chinese baseball or shuttlecock, as it is formally designated. Although Hsi pleaded lack of practice the audience was enthusiastic over his performance. The Glee Club sang a selection and followed with the Stein Song, in which the Technology men joined.

The Institute Wrestling Team was represented by matches between Loo and Means in the 125-lb. class, and Rounds and Durkee in the 135-lb. class. Rounds and Durkee also showed some heroic spirit in a blind-folded duel with two rolls of newspapers as weapons.

At nineteen minutes after nine (Union Time) Major Frank H. Briggs delivered an address of three minutes and forty-one seconds' duration (exclusive of pauses for applause) at the reception in honor of the visiting teams of the N. E. I. C. C. A. The speaker wore a light mixed sack suit, black shoes with wide laces and black hosiery. He addressed the

OPEN HOUSE
(Continued from Page Four)

gathering from a point twenty feet south of the north wall of the main room of the Union and seven feet east of the pictures of cast and principals of Tech Show, 1905, "The Chemical Maid." The speaker, with his left limb as support, faced due south, at times turning in a southeasterly direction.

In order that readers may inculcate a trustworthy integration of Major Briggs' speech, it is here presented in upper-case in precise accordance with his draft. Dictionaries may be found in Rogers library (second shelf to the left) or in Bates Hall of the Boston Public Library. The English department may also be consulted.

IT'S ALWAYS AN HONOR TO BE ASKED VOLUNTARILY BY THE UNDERGRADUATES TO MAKE A FEW RAMBLING REMARKS ON WHAT MOST CONCERNS THEM, AND NOT ASK THE MANAGERS TO BE ALLOWED TO ADDRESS THE GANG. IF THEREFORE WHAT I SAY MAY NOT SOUND LIKE THE SPEECH TO BE PUBLISHED IN THE TECH TOMORROW, PLEASE FORBEAR CRITICISM, BUT REMEMBER AS ONE GROWS OLDER THEIR THOUGHTS WORK IMPERCEPTIBLY FROM ONE THEME TO ANOTHER, AND SOMETIMES ONE DIVERGES, DIVERSIFIES AND DRIFTS FROM THE SUBJECT MATTER (SOMETIMES YOU MAY THINK SOME CROSS PROFESSORS DO, EVEN ALTHOUGH THEY MAY BE TYLERS, AND THEREFORE AMONG THE ELECT).

THE IDIOSYNCRASIES OF THE INTERIOR POLICY OF THE PERUVIAN GOVERNMENT AS EXEMPLIFIED IN ITS ATTITUDE TOWARD THE FEELING IN INDIA COINCIDENT TO PATAGONIA'S RELATIONS WITH RUSSIA, HAVE ALMOST A PARALLEL IN THE CONSANGUINITY OF THE UNDERGRADUATES OF M. I. T. OF COURSE WHEN YOU TAKE THE FELLOWS WHO ARE NOT IN THE INSTITUTE, AND THE FELLOWS WHO ARE IN THE INSTITUTE, ON THE OTHER HAND—SEPARATE THEM INTO TWO GRAND DIVISIONS OF INS AND OUTS—THE RATIOCINATION OF THE OUTS AS DISPOSED AGAINST THE CONCATENATION OF THE INS MAKES IT REASONABLY PLAIN TO SEE THAT THE KIND OF FELLOWS WHO DO GO TO THE INSTITUTE IS TOTALLY DIFFERENT FROM THE KIND OF FELLOWS WHO DO NOT GO TO THE INSTITUTE.—BUT (WITH TWO ATHLETIC T'S WHICH IS AN IMPOSSIBILITY) NOTWITHSTANDING, NEVERTHELESS, WITHOUT RECOURSE, BE THAT AS IT MAY, HOWEVER, AND EVEN Q. E. D., THE ATHLETIC SPIRIT OF TECHNOLOGY HAS BEEN SHOWN UP, AND YOU CAN'T IN THE FUTURE ALLOW EITHER CORPORATION OR FACULTY TO REVIEW IT AS SPASMODIC. THERE IS A CONSTANT PROGRESSION IN ACTUAL PARTICIPATION AND MORAL SUPPORT EVERY YEAR AND OF A NORMAL AND HEALTHY GROWTH.

(Continued on Page Six)

TECH SHOW
(Continued from Page One)

a high standard. Judging from it the Tech Show management feels that it has engaged a man of remarkable ability. He has been associated with Edward Gordon Craig, the son of Ellen Terry, and worked with him in Florence on the preparations for the Moscow production of Hamlet. Later, in London, they worked together on another production for Miss Terry. In the same city he appeared with F. R. Benson at His Majesty's Theatre.

After travelling on the continent he returned to the United States three years ago. He produced the "Winter's Tale" in the Greek Theatre and then came to Harvard for special work of an advanced nature. He there put on his own wordless play, "The Romance of the Rose" at Mr. Baker's experimental theatre (the 47 Workshop) and directed the Delta Upsilon revival "Bury Fair." Recently he arranged a production of "The Midsummer Night's Dream" for the Shakespeare Society of Wellesley College.

Mr. Hume is an interesting talker, and his varied experiences, which include a season spent in a mining camp on the Arctic Circle, gives him plenty to talk about. Manager Lord has asked him to speak at the Kommer's Dinner and believes that his presence will go a long way toward making that affair a success. This is probably the only opportunity that undergraduates other than those who later take an actual part in the Show will have to become acquainted with Mr. Hume.

Other pleasing after-dinner experts will assist in making the event one to be remembered. Dean Burton and Mr. Blackstein will be the principal speakers from the faculty. They have a reputation which they have never failed to live up to.

Representing the Show orchestra, Mr. William Howard will outline the plans for this department. It was Mr. Howard who made last year's orchestra one of the best the Institute has ever had. He is an accomplished violinist, but spends most of his time teaching ensemble music and directing musical productions. For several years he has had charge of all the Boston Municipal Concerts. He expects to start work here very soon after the Dinner.

Still another speaker is Mr. Alexander Macomber, Chairman of the Alumni Advisory Council. When a student here Mr. Macomber was Business Manager and then General Manager of the Show. As he has only been Chairman of the Council a short time he is not known by men now in the Institute. He undoubtedly will have plenty of anecdotes of former shows with which he was connected.

Attendance at the Dinner is not limited to those who expect to come out for the Show later. The management wishes to give every student a chance to hear these men speak as well as to participate in the good time. They feel that this will also serve to make the Show itself more enjoyable when it is seen next April.

PORTRAITS AND GROUPS

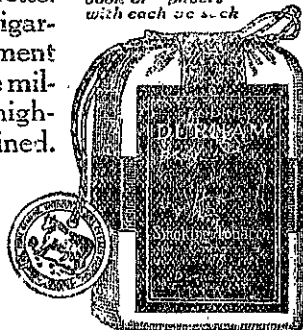

**"Bull" Durham an
 International Favorite**

Men prominent in the social, business and public
 life of many nations find supreme tobacco satisfaction
 in the deliciously fresh, mild cigarettes of unique
 flavor they roll for themselves, to their individual lik-
 ing, from "Bull" Durham tobacco. Their distinguished
 example has made it correct, smart, fashionable to
 "Roll Your Own" upon every occasion.

GENUINE
"BULL" DURHAM
 SMOKING TOBACCO

There is no purer, milder tobacco in the world than
 "Bull" Durham—none other with such a sweet, mel-
 low, irresistible fragrance. This rare, balmy aroma is
 as delicate and elusive as it is distinctive and pleasing,
 and can only be retained and en-
 joyed in the *fresh-rolled* cigarette.
 "Bull" Durham hand-made cigar-
 ettes afford wholesome enjoyment
 and lasting satisfaction to more mil-
 lions of men than all other high-
 grade smoking tobaccos combined.

Ask for FREE
 book of "purses"
 with each 50 pack

FREE An illustrated booklet, show-
 ing how to "Roll Your Own"
 Cigarettes and a Book of cigarette papers,
 will both be mailed to you free, on postal
 request. Address "Bull" Durham, Dur-
 ham, N. C., Room 1298.

TAG DAY
 (Continued from Page One)

from their ears this year to help
 athletics. The feminine contingent of
 the administrative offices have been
 incorporated in the great work, and
 the Bursar's office will have added
 terrors for the unbeliever on Friday.
 No one is to escape.

The nominal price of the Tags is
 ten cents, but generosity will not be
 discouraged. Indeed, it is expected
 that their marginal utility will be so
 great as to render them invaluable
 to their owners.

Remember the day, Friday the 20th,
 and refuse a Tag at your peril.

Summer Camp Reunion tomorrow
 night at eight.
