TAG DAY RAPIDLY APPROACHING

The spirit of TAG DAY has been caught by the students at large, judging from the enthusiastic evolutions of co-operation and support the event will be a resounding success. The committee has been swamped with offers from fresh men who are willing to gratefully cut free hand and peddle TAGS for the Cause. The M.I.T. Juniors' Union has unanimously resolved to cast off their dusty dusty dusters to elect Monday's and unpatriotic students who feel the sudden effects of the business depression. "Stew" Colton has agreed to increase the bichloride in the fish cakes of would-be evaders. The Wheel and Axle Cop at the corner of Boylston and Clarendon has been supplied with several thousand with which to impose fines upon selfish students who find it necessary to hold on to their coats.

NEW COACH TO SPEAK

Preparations for the Kommers' Dinner tomorrow night are practically completed. This is the first Tech Show event of the year and those in charge declare that there is every indication that it will be a pronounced success.

The only thing that prevents Manager Lord from making the list of speakers a record one is the war in Europe. It was at first thought possible to have all the leading characters of "A Royal Johnnie" on hand.

(Continued on Page Three)

MUSICAL CLUBS GIVE YEAR'S FIRST CONCERT

The Combined Musical Clubs gave their first concert of the season last evening in the Franklin Square House. The audience was enthusiastic over the work of the Clubs. The list of the evening was the Hawaiian trio, composed of McNelis, Wells and King. They were obliged to give several encores. The Glee Club Quartet and H. G. Mann, who gave some readings, were both well received numbers. The concert was followed by a dance. The program follows:

(Continued on Page Six)

CIVIL ENGINEERS

Trip To Fort Andrew Friday—Talk Next Week.

Members of the Civil Engineering Society will make a trip to Fort Andrew Friday afternoon. The party will meet at Long Wharf at two o'clock, taking a government boat to the Fort. Lieutenant Fiske will show the company over the grounds, and it is expected that there will be a dress parade in honor of the party. All members of the Society who intend to go on this trip should sign up with Thomas, Tobey or Hastie. The steamer will return to the city at 5.30.

On Friday evening, November 21st, a meeting of the Society will be held in the Union, when Rev. Dr. Towers of Gloucester will speak on "What We Owe to Germany." The Society invites all students to attend.

FRESHMAN NOMINATIONS

The list of freshman nominations published in last Monday's issue remains the same with the addition of two more candidates: William Ryan for President and A. R. Evans for Treasurer. Ballots will be mailed to the members of the class this afternoon. They are due at the Cage before Wednesday, November 24, at 5 p.m. Any who do not receive ballots by mail may procure them at the Cage after Friday noon. Those who have not paid their class dues may do so at the Cage when they turn in their votes.

PARKINSON AND HILLER AS SIMPSON AND THE PRINCESS ELAINE IN "A ROYAL JOHNNIE"

T. C. A. TALK

The next T. C. A. talk will be given in the Union tomorrow at one thirty by the Rev. Paul Revere Frostingham of the Arlington Street Church. The subject will be "The Object of Education."

GYM TEAM PRACTICE

Today and tomorrow the Gym Team will meet in the gymnasium at five o'clock for practice.

BUSINESS EXPERIENCE

Men who wish to obtain business experience may consult the Advertising Manager of The Tech in the upper office any day between five and six o'clock. The advertising department at present consists of only three men and the Advertising Manager. Besides offering the opportunity of gaining a position in his business staff, The Tech pays a commission on all new ads obtained.

KOMMER'S DINNER--TOMORROW NIGHT--6.30

Assistant: J. E. F. Hewins, '16.

The Kommunas Dinner officially opens the year's work of one of Technology's most important activities: the one, in fact, which does the most toward supporting the athletic teams of which we are so proud. This year, more than any hereafter, is one in which athletics are likely to be keen financial backing. For this reason, if for no other, Tech Show deserves hearty support this year than it has ever received before. Let us all boast for the Show is general and for the Kommunas Dinner in particular.

We have been coolly informed by a member of the freshman class that we omitted from the list published Monday the name of a nominee for class treasurer. The name is not included in the official list of the Ball Committee, which is the final authority in such matters. Anyone having a complaint to make should, of course, submit it through the proper channels, and in doing so, be careful not to give Tech false information for publication.

CHAUNCY HALL CLUB
The first meeting of the Chauncy Hall Club will take place at the Union Friday at 1:30. Mr. Keat will be there to give the talk.

Y. M. C. A. FORUM
Next Sunday afternoon the Y. M. C. A. Forum will be addressed by Reverend George Hedges, D. D., Dean of the Episcopal Theological School, on "Why Should We Give Thanks?" Miss Barbara Stratton, soprano, and the Association Orchestra will furnish a musical program. The Tech men are welcome to attend.

Indoor Season Opens
Meeting For All Men Interested Monday Night.

The first meeting of the Indoor Track season will be held next Monday night at five o'clock in room 11, Eng. B. Freshmen, who have any idea of substituting track work for Gym this winter are expected by the Track Department to attend. The names of all freshmen present will be taken and these men will be excused from one hour of Gym during the week. Coach Randy will explain to the freshmen the advantages of replacing Gym work by taking track.

COMMUNICATION
To the Editor of The Tech,

The fact that O. C. Lorenz was nominated as a candidate for two offices was due to a misunderstanding on the part of those who nominated him and was not in any way his fault. Lorenz is running for President only. The nomination committee was not advised of this in time to prevent the publication of both nominations.

Yours respectfully.
K. REID, '14.

Race To Be Held This Saturday—Freshmen From Five Colleges Entered.

Saturday afternoon the freshmen cross-country team will go to Andover to compete in the annual run over the course there. Freshmen from Harvard, Dartmouth, Penn State and Colby have entered teams, while the varsity teams of Worcester Academy and Andover will also compete. The course is 3 3-4 miles, for the most part level and with good footing. The only difficult place is a hill about a mile from the start. Last year Colby won the meet, but it is doubtful if she can repeat her performance this year. As for the chances of Technology winning this year, Coach Kennedy says that he is unable to give any opinion, because most of the training has been at the New Field, the condition of which is hard to compare with that of the Old. The Technology freshmen placed fifth last year, and from the time trials, they were a little faster than the team representing 1918.

The following seven men will compete for Tech: Liepelt, McVicker, Campbell, Mumford, Hamilton, Bond and Greeley. The first five men to finish for each team will score, Bradley will be unable to run on account of the I. C. A. A. A. meet at New Haven, and his loss will be keenly felt by the team.

HOCKEY TEAM MEETING

Season's Schedule Includes Yale, Harvard and West Point.

There will be a meeting of all candidates for the Hockey Team in 25 Hogan at 1:15 on Thursday, when the women's team, who last year the course season will be outlined. It is hoped that money may be obtained from the Management Association to pay for the services of a coach, in which case Mr. Ralph Whitten will probably be selected. At present games have been played with Dartmouth, Cornell, Columbia and Springfield Training School. The management is also endeavoring to arrange a game in New York with either Princeton or the St. Nicholas High Team. This year, by a new ruling of the Athletic Association, it will be possible for men making the team to win their 7's in a certain percent of the college games played this winter.

The Arena will open soon after December first and practice will start then. The competition for Assistant Manager will start at this time and will continue until about the twentieth of December.

Business Experience may be obtained. Call at the Upper Office of The Tech at five o'clock any day this week.

Advertising Candidates for The Tech. Upper Office. Five to six any day this week.

MEN'S Clothing and Furnishings that combine the conservative, refined style of a gentleman with absolute authoritative style.

HONESTLY--WHAT'S YOUR OPINION?

You know we may be biased, and perhaps stubborn—but can't help it—in our firm conviction—that Dress Garments—should above all others, any way—be especially designed and made for the individual. Studies adduces and growing fancies never did—not now—and never will supply the requisites to this end.

Our $50.00 Full Dress Suit has been accepted as the standard by the best dressed gentlemen of New England for many years.

COMPANY OF COLLEGE MEN TO BE FORMED

Study Of Machine Gun To Be Taken Up With Massa- chusetts Infantry

This evening at eight o’clock, the Cambridge Armoury, there will be a meeting of all Technology and Harvard undergraduates interested in joining a machine gun company to be formed in connection with the Eighth Massachusetts Infantry. The Cambridge Armoury is on Massachu- setts Avenue, just beyond River Bank Court and the new Technology build- ings.

This company will not be put through the ordinary drill routine, but will be given actual practice with the new Besb-Mercolet rapid fire gun. Col. P. A. Graves and Captain F. J. Burcham will outline the plans for the organization and work of the company which is to consist of only college men. Capt. Burcham and Lieut. W. W. Austin of the Massa- chusetts State Regiment, who have been officially detailed to this com- pany, and Lieut. William Renwich of the Harvard Law School will teach the technical operation of the weapon.

The organization has been authorized by the War Department which has decided to add one such company to every regiment of the National Guard, and if there should be a war, these companies would play an important part.

DECEMBER MONTHLY OUT

Issue Delayed By Press Accident
—Articles Of Interest.

The December issue of the Tech- nology Monthly and Harvard Engi- neering Journal will be placed on sale this noon. Owing to an acci- dent to the presses, the entire issue had to be reprinted. The first edi- tion was held up at the presses, and the second during the afternoon.

ELECTRICAL SOCIETY

On Monday afternoon, November 22nd, the Electrical Engineering Society will visit the International En- gineering Works at Framingham. This plant makes the well known Robb Fire Tube Boiler. The mem- bers of the Mechanical Engineering Society and Civil Engineering Soc- iety are invited. The Society re- quests that the men sign up in Low- ell Corridor as soon as possible as the number in the party is limited. Further announcement as to the ex- act time and place of starting will be determined later.

The Cosmopolitan Club Dance will meet next Friday night at 7.45 in 31 Engineering A. The talk, which will be given by Mr. Charles Almy, Jr., chemical engineer of the American Vulcanized Rubber Company of Wilmington, Delaware, will be interesting as vulcanized fiber is every day assuming greater importance as a substitute for rubber and other plastics. Samples of vulcanized rubber will be exhibited to illustrate its properties and uses. All men taking chemical courses are invited by the Society to attend.
